OPIMUM SEIZURE.

An Inspector Lays His Hands on 45 Cans.

Special to THE ASTORIAN.

PORTLAND, Aug. 25.—Inspector Ross made the first seizure of opium under Collector Earhardt's administration yesterday afternoon. The officer had been watching four parties whom he suspected of being in the business, and finally located a cache at the wash-house, on the corner of Fourteenth and R streets, and made a tour of the ground, and becoming convinced he was correct, walked in. At the moment he entered one of the inmates of the house recognized him and rushed out through another doorway with a basket under his arm. The inspector followed him, and overtaking the runaway Chinaman, found the basket to contain 45 tin cans of prepared opium. The drug was taken to the customs house, where it is under lock and key.

One More Strike.

Special to THE ASTORIAN.

CHICAGO, Aug. 25.—The switchmen on the Chicago & Alton road struck today at 10 o'clock. One of its old employees in charge of the yard at Brighton. About forty-five men are out altogether. The passenger trains are moving all right, but freights are tied up.

Under Police Protection.

Special to THE ASTORIAN.

CHICAGO, Aug. 25.—All the switchmen employed by the Chicago & Alton road struck this morning. Upon the request of the officers of the road, Superintendent Marsh detailed a squad of policemen to guard the company's property.

THE CRUISER "CHARLESTON."

She Will Proceed Without Delay to the Hawaiian Islands.

HER MISSION ON THIS COAST.

Special to THE ASTORIAN.

NEW YORK, Aug. 25.—The *Herald's* Washington correspondent telegraphs that both the secretary and acting secretary, positively stated last night that there is no intention of sending the *Charleston* north to co-operate with the *Corwin*. After cooling at Seattle, the secretary says she will go to San Francisco. Then probably proceed with a much delay to the Hawaiian Islands, where, according to Rear Admiral Brown, at present the *Charleston* seems to be needed. There is little doubt that the original purpose in sending the *Charleston* to the Pacific slope was in connection with the Behring sea troubles. This became apparent since the fact that orders for her return were issued just at the time of Lord Salisbury's warning, that the United States would be held responsible for any seizures of British vessels, and from other probabilities that Rear Admiral Brown would not have left the turbulent seas at Honolulu unless his own orders showed that there were urgent reasons elsewhere, and it is quite plain that nothing has transpired on the Pacific coast to warrant her immediate presence there. That she is not going north now is probably because there has been further developments between the two countries on the Behring sea, and from other probabilities that Rear Admiral Brown would not have left the turbulent seas at Honolulu unless his own orders showed that there were urgent reasons elsewhere, and it is quite plain that nothing has transpired on the Pacific coast to warrant her immediate presence there. That she is not going north now is probably because there has been further developments between the two countries on the Behring sea, and from other probabilities that Rear Admiral Brown would not have left the turbulent seas at Honolulu unless his own orders showed that there were urgent reasons elsewhere, and it is quite plain that nothing has transpired on the Pacific coast to warrant her immediate presence there.

CLARA BELLE McDONALD.

Extracted at Last from a Tangle of Law Suits.

Special to THE ASTORIAN.

SAN FRANCISCO, Aug. 25.—Four suits, in which Clara Belle McDonald is plaintiff, were dismissed by the Superior Court today by stipulation. Two of the suits were against Dr. R. H. McDonald, one to recover \$500 damages for alienating her husband's affections, and another was for \$15,000 for false imprisonment. A suit against the sheriff to recover the sum of \$20,000 for the unlawful seizure of jewelry and other personal property, and the fourth was a divorce suit against her husband, which is now pending on appeal in the Supreme Court.

Between the People of Hayti and San Domingo.

Special to THE ASTORIAN.

NEW YORK, Aug. 25.—The trouble which for some time has been brewing between Hayti and San Domingo, it seems, from private advices received here, is about to develop into active warfare. To aggravate the situation the Haytian minister of finance has given orders not to admit any of the products of San Domingo. All these orders have enraged the people of San Domingo that war is imminent.

Salaries of Southern Pacific Employees Raised.

San Francisco August 25.—The Southern Pacific company today, complied with the demands of the conductors and brakemen. Conductors salaries are raised \$25 and brakemen \$10 per month. The salaries of about 2000 men are involved.

A Big Blaze.

SACRAMENTO, Aug. 25.—Yesterday morning a fire started in some unaccountable manner, in a stubble field near La Trobe, a station on the Sacramento and Placerville railroad. Before it was put out it had burned over 600 acres, destroying trees and fences.

Startling Discovery.

The discovery by the inhabitants of a locality hitherto unvisited by the pestiferous scourge of fever and ague, that it exists in the most fertile and beautiful section of the Pacific coast, is a discovery of great importance. It is a discovery that has been made at such times, through the valuable experience of some one who has been benefited and cured, that Hostetter's Stomach Bitters is a thoroughly efficacious eradicator of the malarial poison, and a means of fortifying the system against it, a feeling of more security and tranquility results throughout the whole neighborhood. Besides the febrile forms of malarial disease, dumb ague and ague cake are removed by the potent action of the Bitters, to which science also gives its sanction as a remedy for rheumatism, dyspepsia, constipation, liver complaint, debility, kidney troubles, and all diseases impairing the organs of digestion and assimilation.

WORK OF THE FIRE FIEND

The City of Chicago is Visited by a Disastrous Fire.

THE LOSS HALF A MILLION.

Firemen Have a Miraculous Escape by an Eighth Story Wall Falling With a Crash.

Special to THE UNITED PRESS.

CHICAGO, August 25.—McVicker's theatre, No. 82 Madison street, one of the finest theatres in the city, was practically destroyed by fire this morning. The loss is about \$250,000. The fire started about three o'clock, and at 4:30 was still raging. All the downtown fire departments are playing through the lossment, endeavoring to prevent its spreading to the valuable buildings adjoining. One fireman was fatally injured by the falling wall. Several others are reported injured. The fire which originated in McVicker's theatre building, spreading to the Chicago Tribune building, which is now on fire, and the flames have spread from the rear of McVicker's building across the alley, doing considerable damage, and also to Monroe street. Chapin & Gore's liquor house, and the Bennett hotel are now on fire. The loss will probably approach \$500,000. McVicker's theatre was almost destroyed by fire at 4 o'clock this morning. The west wall of the building, reaching the eighth story in height, came down with a terrific crash into the narrow alley adjoining. John Duffley, fireman at Engine Company No. 7, came down with the debris, landing fairly on his head on a jugged pile of mortar and bricks. He was fearfully mangled and is probably fatally injured. Duffley's comrades on the roof barely escaped with their lives. They heard the wall crack and ran to the center of the roof just as the great mass went down. They subsequently escaped.

Special to THE ASTORIAN.

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the Great Alternative and Tonic. If you are troubled with any disease of the Kidneys, Liver or Stomach, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c and \$1 per bottle at J. W. Conn's Drug Store.

A Physician's Opinion.

Dr. A. M. SPAULDING of Grand Rapids Mich., says: "I prescribe Hibbard's Rheumatic Syrup in my practice, and unhesitatingly recommend it. It operates upon the liver, kidneys and bowels, destroying the poison in the blood and tissues. It is a grand tonic and appetizer, and for a diseased stomach or dyspepsia, has no equal."
