A Bold Attempt to Wreck the Oregon Express Train.

A revolt occurred in the leper sattle- NO ONE SEVERELY INJURED.

The Engine and Baggage Car Derailed -Narrow Escape of the Passenger Coaches-

Special by The UNITED PRESS

SACRAMENTO, Aug 30 .- A bold attempt was made last night to wreck IN ONE HUNDRED FATHOUS. the Oregon express train, No. 16, due to arrive here from the north at 3:40 o'clock this morning, at Copeland, just to the north of Vina, in Tehama

county The train was moving along at a good rate, when the switch leading off for a siding was encountered. The switch was set properly and the train Short Line Co. for \$15,000 damages for the loss of an arm.

Several men were killed and nine Several men were killed and nine frame part of an appliance known as frame, part of an appliance known as a "frog." The engine struck this and immediately left the track, going over According to the story of the captain on its side. The rails turned under

> No one injured beyond some bruises and a shaking up. The train was carrying a full load of passengers, most of whom were asleep at the

There is little doubt but the obstruction was placed on the track with a design to wreck the train. A wrecking train was sent out from here this morning to the scene of the derailment, and a temporary track

WHITE HOUSE ROOMS.

WARREN & WRIGHT. There Are Forty-Four, of All Sizes And Shapes in the Mansion.

A count of the rooms, private and public, in the White House, establishes the fact that they number forty-four Tonsorial Parlors the fact that they number to the fact that they number in all, including parlors, reception rooms, library, bedrooms, and accomposition for the help, or just one modations for the help, or just one room for every state in the American union. Of these apartments not more I have leased the premises formerly oc-cupied by George D. Jones, No. 641 Third street, where I will in future be found ready to serve my customers. rison became mistress of the execu- 18th by the United States deputy coltive mansion she has been untring in her efforts to make the private portion of the house comfortable as well as habitable. After concluding the mansion of the house comfortable as well as habitable. After concluding the mansion she has been untring in her efforts to make the private in distress the day previous. Captain house can be operated by electricity without trouble, danger or great expense.

A plan has been devised by which a distinguished people have been single sewing machine in a private house can be operated by electricity without trouble, danger or great expense.

Seven were killed to the distinguished people have been devised by which a distinguished people have been wheeled out over the bounding billows, must cease hoping for further pense. JACOBS & PLIMNER, AUSTIN -:- HOUSE ing work upstairs in the bedrooms, ing work upstairs in the bedrooms, in the bedrooms in the customs regulated the customs regu hardly fit for occupancy, being damp and foul-smelling. Before leaving for lector went aboard and took posses-Cape May she was gratified by the sion of about a quart of port wine, all advent of a party of workmen, who there was on board, though the vessel proceeded to tear up the kitchen floor is entitled to five gallons. When this proceeded to tear up the kitchen floor and other portions of the basement to make necessary improvements. At that time walking on the floor of the White House kitchen was very much like treading upon a bed of sponge, and a vigorous application of pick and shovel revealed the cause. At the base were about two feet of sand, and over this a thin layer of sand, and over this a thin layer of cement. Next came a wooden floor.

Is entitled to five gallons. When this case was brought before the court it to make process is said to be bundles in a cylinder, and so arranged in bundles in a cylinder, and so are arranged in cement. Next came a wooden floor, officers went through her. The cap-and nailed to this were at least a tain and crew were taken ashore and dozen different layers of oil-cloth. confined in an old castle, where they When Mrs. Harrison returns she will were kept for three weeks. find that the floor of the kitcnen has been entirely renewed, in concrete and cement, covered with cream and terra cotta tiling, placed in alternate mosaics. A creamy tinted tile dado will extend all around the side walls

Were kept for three weeks.

The authorities took away the skins, sails, all the vessels and findings. The grounding caused her to leak badly, which was partly stopped and she was then overhauled.

The seal skins seized had been will extend all around the side walls to a height of five and a half feet, and taken thirty miles from any shore in even the window seats will be laid in the same colored material. Another good effect of this overhauling has on Behring sea and had simply gone been to show that the recent war of into port in distress. The man who extermination waged against rats by made the seizure was a new official difference in the width of a spark ferrets has been most successful, for The captain said if a vessel could be taken when it was running at full there is not a rodent to be found within the walls of the executive mansion. While engaged in the room of Steward Philip McKim, which is immediately beneath the blue parlor of the main floor, it was observed that the ceiling sagged a little, and the presence of a down to visit his wife at the seashore few people in this historic apartment recently had a very narrow escapwould cause the floor to bend in from causing what, to put it mildly, toward the center. Several times last would have been talk. His wife was winter during receptions at the White boarding at the Blank house. It House this tendency was noted in the blue parlor, and it was especially the case when a crowd was in the center of the appartment near the blue plush divans in the rear of the receiving party. Col. Ernst has had a stout beam placed under the floor, and it is supported. On arriving there he asked, as a mat-

The discovery by the inhabitants of a locality hitherto unvisited by the pestilent scourge of fever and ague, that it exists in their very midst, is decidedly startling. Such discoveries are made at every season, in every part of the Union. Subsequently, when it is ascertained, as it invariably is at such times, through the valuable experience of some one who has been benefitted and cured, that Hostetter's Stomach Bitters is a thoroughly efficacious eradicator of the malarial poison, and a means of fortifying the system against it, a feeling of more security and tranquility reigns throughout the whole neighborhood. Besides the febrile forms of malarial disease, dumb ague and ague cake are removed by the potent action of the Bitters, to which science also gives its sanction as a remedy for rheumatism, dyspepia, constipation, liver compilaint, debility, kidney troubles, and all diseases impairing the organs of digestion and assimilation. Startling Discovery.
