## THEY FEAR A TREMBLOR

### Southerners Scared By Smoke-Emitting Mountains.

#### WILL FLEE FROM THE WRATH.

#### A Repetition of the Great Earthquake That Destroyed Charleston Is Expected.

Special by THE UNITED PRESS.

ASHVILLE, N. C., Sept. 12.—Reports received here from reliable citizens in the neighborhood of Beech creek, a tributary of the Swannee river, twelve miles east of this city, state that for the third time since the Charleston earthquake smoke has for some days been regularly emitted in considerable volumes from the Seven Mountain peak, of the Blue Ridge chain.  
The Blue Ridge chain of peaks has come to be designated as the "Seven Smoking Mountains."  
J. W. Boone, a citizen of Beech creek, in the neighborhood, says that for the past two weeks, each morning about 9 o'clock, vast volumes of black smoke, running to a height of 500 feet, have issued from Rocky Knob, and five other Blue Ridge mountain peaks, which are visible from Beech creek.  
Mr. Boone says that these peaks were first observed to be smoking on October 5th, in the year of the Charleston earthquake. That year the smoking lasted two weeks. It then ceased until last year, when for three weeks, beginning in September, the peaks were again in a state of activity.  
An effort is being made to have Professor C. D. Smith, a geologist of Macon county, and Gen. T. L. Clingman, investigate the matter, as many of the people have become so alarmed they say they will leave the neighborhood.

## TRAINS IN COLLISION.

### A Bad Smashup on the Grand Trunk Line.

Special to THE ASTORIAN.

VICKSBURG, Mich., Sept. 12.—A Chicago and Grand Trunk passenger train ran into a freight train at Schoolcraft at 3 o'clock this afternoon. Two freight cars and the caboose of the freight train were reduced to kindling. The engine of the passenger train, baggage car and smoking car were badly wrecked. Both the engineer and fireman of the passenger train were badly injured, and it is thought the engineer will die. Two brakemen were injured.

## A Minister's Downfall.

Special to THE ASTORIAN.

READING, Pa., Sept. 12.—In court to-day Rev. Martin Luther Fiertrich, who six months ago was pastor of one of the most flourishing reformed churches in Bucks county, was convicted of larceny.

## THE SWISS REVOLUTION.

### Troops Ordered to the Scene of the Disorders.

Special to THE ASTORIAN.

BERNE, Sept. 12.—The revolutionists in the Canton of Ticino have formed a provisional government and convoked a popular assembly, which declares the existing government and the grand council dissolved and orders general elections for next Sunday.  
The insurgents hold Lugano, Mendrisio, Chiasso and Locarno.  
The Bundesrath has called an extra session and ordered federal troops sent to the scene of the disorders.  
The population support the insurgents and the civic guard occupies the telegraph offices, preventing the supporters of the Cantonal government from communicating by telegraph with each other or with the National government.  
Among the rebels arrested is Councilor Oser, the federal commissioner, who received instructions to annul the decision of the provisional government and the vote of the popular assembly.

## TWO BLOCHS.

### They Get Into a Very Bad Scrape in Portland.

Special to THE ASTORIAN.

PORTLAND, Sept. 12.—Julius Bloch and M. M. Bloch are subjects of great notoriety here. The former is charged with the betrayal of Kate Minor and the latter with the ruin of Elizabeth Meekline. The two Blochs are not related. A physician, mixed up in the case, has "skipped" to Victoria, via Seattle. The Meekline girl formerly lived at Corvallis, and came to Portland three years ago, since which time she has been living with Bloch. This afternoon she dictated the following to a reporter:  
M. M. Bloch, Seattle, *Dear Sir*—Do you intend to come back to me? I am dangerously ill. Come back to me; my heart is breaking for you.  
(Signed) ELIZA.  
A warrant will be sworn out for Bloch. With good care the girl will recover.  
The Minor girl to-day instituted suit against her betrayer for \$10,500.

## The First Snow of the Season.

Special to THE ASTORIAN.

HILLOCK, Minn., Sept. 12.—The rain which had been falling since Wednesday night, turned into snow this morning, and farmers are afraid that wheat will sprout in the shock. An inch of snow is reported at one point. Threshing is not over, and much wheat will be lost in the Red river valley.

## Robbed and Beaten.

Special to THE ASTORIAN.

PORTLAND, Sept. 12.—Early this morning an officer discovered a man named Tibbets on the Astworth dock in an unseemly condition and was covered with blood. He was removed to the hospital. His nose is broken and he was badly beat about the head. Tibbets claims to have been knocked down and robbed of \$50.

## From Hot to Cold.

Special to THE ASTORIAN.

SIoux FALLS, S. D., Sept. 12.—A cold wave struck this section last night, but crops are past injury, excepting corn at Pierre. The change from hot to cold was the most sudden ever known.

## FUNNY COPTIC CORPSES.

### A Milwaukee Millionaire Imports Two Mummies.

#### THEY VANISH ON EXPOSURE.

#### Was the Climate of This Country Responsible or was It a Clever Swindle.

Special by THE UNITED PRESS.

MILWAUKEE, Sept. 12.—Herman Frank is a millionaire resident of Milwaukee of antiquarian taste. In his magnificent home there are Indian relics, a bit of the "Blarney stone," mastodons, and other such things, but Mr. Frank was not happy, so he made a trip a year ago to Egypt to get it. He failed to procure any dried up Pharaohs or Ramesses, however, and came back to Milwaukee disgusted.  
Through a friend of his, who knew Jerry Lynch of San Francisco, while Mr. Frank was doing the Pyramids Mr. Frank successfully negotiated with the American consul at Cairo for the shipment to this country of two specimens of bandaged coptic corpses.  
Frank paid \$2,500 for them, and \$400 duty at the New York Custom House. They arrived yesterday, and in the presence of officers of the public museum, he opened the box which contained the mummies.  
Then Mr. Frank began to remove the cloth that covered the face of one of the mummies.  
The gentlemen present bent over the box as the cloth was being removed. As the last fold was taken away they saw the semblance of a head crumple and decrease in size until nothing but a table-spoonful of impalpable dust met their gaze.  
The covering to the rest of the body was then taken away, and the same transition occurred. The other mummy met with a similar fate.  
The gentlemen are puzzled to know whether the United States climate affected the mummies, or whether some shrewd mummy manufacturer in Egypt sold Mr. Frank a fake.  
Mr. Frank will do his utmost to collect the duty he paid the New York Custom House, as he says there is no show for \$2,500.

## Failures of a Week.

Special to THE ASTORIAN.

SAN FRANCISCO, Sept. 12.—The *Bradstreet Mercantile Agency* reports twenty-three failures for the week ending to-morrow, as compared with eleven for the previous week and nine for corresponding week of 1889.

## ADVICE TO MOTHERS.

MRS. WISLOW'S SMOOTHING SYRUP should always be used for children's clothing. It soothes the child, softens the gums, always kills worms, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

## STOOD UP A STAGE.

### Highwaymen rob the Mails in Southern Oregon.

Special to THE ASTORIAN.

PORTLAND, Sept. 12.—Information reached the city to-day that a stage robbery occurred on the 6th inst. between Blitzer and Diamond, small poston the Burns and Fort Bidwell mail route in Lake county, southern Oregon. The stage was held up by a brace of masked highwaymen who ordered the mail pouch thrown out, at the muzzle of a Winchester. The pouch was cut open and rifled of all the registered letters and packages, and the remaining mail was then destroyed by the robbers, who finally ordered the driver to pass on. Officers will be sent to trace the robbers of whom no clue has yet been obtained. It is not known by the authorities how much money was obtained, but it is believed to be but a small sum. It was the first stage robbery that has occurred in this state for some time.

## SPARKS FROM A FORGE.

### It Causes a Terrific Explosion of Giant Powder.

Special to THE ASTORIAN.

COLUSA, Cal., Sept. 12.—This morning about 7:50 o'clock an explosion of one hundred caps and nineteen sticks of giant powder occurred at the Elgin quicksilver mine, two miles and a half from Blanch springs, in this county. The cause was sparks from a forge falling into the cap box. Alex Davis had his left leg badly torn below the knee. He cannot live. Will Tempore, of Lower Lake, had all of his clothing torn off and was quite severely injured. Judge John H. Moore of San Jose, the principal owner of the mine was slightly injured.  
The explosion shook buildings one-half a mile from the mine, and the report was distinctly heard a distance of four miles.  
LARGE.—Alex Davis has died from his injuries.

## PRETTY BUT WICKED.

### A Gay Young Wife Comes to Grief in Rhode Island.

Special to THE ASTORIAN.

PROVIDENCE, R. I., Sept. 12.—The indictment of a pretty woman here by the grand jury to-day has been the cause of tremendous excitement in official circles.  
The culprit is Mrs. Lillie Church, the young but dissipated wife of Dr. Church, the fashionable Westminister street dentist. Her habits caused her husband to abandon her over a year ago, since which time she has supported herself.  
Mrs. Church wrote to several hundred prominent men, including millionaires, state and federal officials, governors and congressmen. She stated that she was, saying she wanted means to obtain a divorce from her husband, and would return the obligation.  
She received a host of very incriminating replies, and these she now holds. Some weeks since her source of income was discovered to be thieving from hotels and houses she visited. She was formally indicted to-day and now boldly threatens to expose her correspondents if prosecuted.

## WRECK OF THE "ONEIDA."

### The Great Loss of Life Due to Criminal Carelessness.

#### A HEARTLESS CAPTAIN'S WORK.

#### He and His Crew Left the Chinese to Wash Overboard and Drown—A Night of Horror.

Special by THE UNITED PRESS.

SAN FRANCISCO, Sept. 12.—The schooner *Louis* arrived from Thin Point, Alaska, this morning with 7,500 cases of canned salmon and 250 barrels of fish. Captain White brings further intelligence of the loss of the bark *Oneida*. He asserts that the drowning of the seventy-eight Chinese was due to the criminal negligence of the captain and crew.  
In speaking of the matter, Captain White said: "The night was calm and the sea smooth as glass. When the bark struck the captain and crew got into the boats and pulled about 500 yards away from the vessel.  
From 10 o'clock at night until day-break sailors lay off the bark and listened to the howls and shrieks of the poor frozen devils on board. Many of the Chinese were washed ashore in the water butts. A large number of these were standing on the deck and the Chinese crawled into them only to be caught like rats in a hole when the ship broke in two.  
In the hold of the vessel there were dories enough to have saved every life on board. All that was necessary was to take off the hatch and four men could have launched every dory easily.  
There was plenty of time to do the work as the *Oneida* did not begin to break up for over twelve hours after she struck.  
When daylight came and the sailors saw where land lay they pulled away and left the Chinese to their fate.

## A Substitute Steamer.

Special to THE ASTORIAN.

SAN FRANCISCO, Sept. 12.—The Pacific Coast Steamship Company has decided to send the steamer *Mexico* to take the place of the disabled *Elder*. The *Mexico* will go in command of Capt. Gage, formerly of the *Santa Rosa*, and will probably remain in the Alaskan line for several months.

## Safety From a Pestilential Scourge.

Protection from the disease, not a medicinal agent which merely checks the paroxysms, is the grand desideratum wherever the endemic scourge of malaria prevails. Quinine does not afford this protection. The chief reason why Hostetter's Stomach Bitters has won such immense popularity is that it purifies the system to resist the malarial pest. This it does by bracing and toning the physical organism; regulating and promoting an equal flow and distribution of the animal fluids; and establishing digestion on a sound basis. No. only is fever and ague prevented, but the worst types of the disease are conquered by it. Such is the solid conclusion to be drawn from the overwhelming evidence in its favor. It is equally efficacious in dyspepsia, constipation, liver complaint, general debility and rheumatic complaint, and is a reliable diuretic and purgative.

## CLEVELAND'S RESIDENCE.

### Report That the Ex-President Will go to Massachusetts.

Special to THE ASTORIAN.

BOSTON, Sept. 12.—Democrats generally, and Magwumps in particular, are a flutter over rumors that ex-President Cleveland has decided to abandon New York as a place of residence, and seek a home in Massachusetts.  
Efforts to get something definite from Cleveland himself, have proved unavailing, but those who are near him intimate that with the rank and file of the party in New York, more or less dominated by Hill, he would have much better prospects in 1892 if the plan of the campaign were mapped out among trusted friends in Massachusetts.  
The Democratic party is with him solidly and the Democratic leaders are hopeful of his coming, although Mr. Collins says he should think Cleveland would rather meet him on his own ground and achieve the prestige such a victory would give him.  
If he comes Cleveland will scarcely live in this city, but rather in some convenient suburb. Several excellent opportunities for a business partnership are open to him here.

## ALASKA LAWS.

### The Bill Making Oregon Statutes Applicable.

Special to THE ASTORIAN.

WASHINGTON, Sept. 12.—Inglis's bill to apply the general laws of Oregon, as far as applicable, to the district of Alaska, and to authorize the United States Circuit Court of Oregon to try cases arising in Alaska was to-day sent to the Senate Judiciary Committee, Chairman Platt, of the Territories Committee reporting that his committee did not properly have jurisdiction of the bill. The object of the measure is to secure judicial legislation by the United States Supreme Court of the rights of the United States in Behring sea.

## The Strike in Australia.

Special to THE ASTORIAN.

MELBOURNE, Sept. 12.—Champion, the labor agitator, has gone to Sydney. It is believed the leading strikers have authorized him to negotiate with the employers. The basis of the proposals being that union men will resume work without requiring the dismissal of non-unionists. The strikers' executive committee, however, disclaim Champion. The labor council at Sydney refused to recognize him either as a representative of unionism or a mediator between the men and their employers.  
A manifesto issued by the employers at Sydney expresses regret that the demands of the men are not calculated to facilitate a settlement and urges the strikers to offer more reasonable terms.

## Experience of a Railroad Man.

I had sciatic rheumatism one year. My physician pronounced it incurable. Could get no relief except from morphine. Six bottles of Hibbard's Rheumatic Syrup cured me.  
JOHN N. MAXWELL, Salisbury, N. C.

The above is correct, and Hibbard's Rheumatic Syrup has cured a great many of our customers. SYRUP, WELLS & Co. Wholesale and retail druggists, Salisbury, N. C.

For sale by J. W. Conn.

## SETTLERS UP IN ARMS

### A War Expedition Against the Cheyennes Threatened.

#### SERIOUS TROUBLE IS FEARED

#### The Whites Have Plenty of Ammunition and it is Probable They Will Use it.

Special by THE UNITED PRESS.

SAN FRANCISCO, Sept. 12.—A special from Helena this morning says: Hugh Boyle was killed by Cheyennes. This following on the discharge of the Ferguson murderers, has so incensed the settlers that they declare they will send their women and children to Miles City and start on a war expedition against the Cheyennes.  
Last spring the settlers were virtually without ammunition and arms, but are now well supplied and the prospects are favorable for serious trouble on the reserve and in its vicinity.  
Governor Toole has recommended to the department that the Indians be removed, but without avail.  
News from the agency is anxiously awaited, as there is not only a strong feeling against the Cheyennes, but also against Major Carroll, in charge of the troops there, as the settlers claim he has aided in the escape of the Ferguson murderers from justice.

## ANOTHER MINE HORROR.

### Explosion in the Wilkesbarre Mine—Five Lives Lost.

Special to THE ASTORIAN.

WILKESBARRE, Pa., Sept. 12.—The shaft of the Lehigh and Wilkesbarre Coal Company was the scene of a violent explosion of gas at 2 o'clock this afternoon. Men were at work in the mine clearing up the wreck of the fire of last March and searching for the bodies of eight men, who were killed in an explosion at that time. Full particulars at this hour cannot be obtained.  
Five men are reported killed and several injured. It is reported that the mine is also on fire.

## NERVE-PAINS.

### Cures St. Jacobs' Neuralgia.

Salt Point, N. Y., April 10, 1890.  
I suffered six weeks with neuralgia; a half bottle of St. Jacobs' Oil cured me; no return of pain in three years. Have sold it to many, and have yet to hear of a single case it did not relieve or permanently cure.  
G. JAY ZIMPKIN, Druggist.  
Green Island, N. Y., Feb. 11, 1890.  
I suffered with neuralgia in the head, but found instant relief from the application of St. Jacobs' Oil, which cured me.  
E. P. BELLINGER, Chief of Police.
