REBELLION THREATENED

The African Agreement With England Will Cause an Uprising.

FREE THE COUNTRY OF TRAITORS

And Shoot Down the King and His Offending Ministers is the Republican Sentiment.

Special to THE UNITED PRESS.
LISBON, Sept. 17.—Since Roberto read the African agreement with England in parliament yesterday there has been great excitement. There is a feeling that Great Britain is riding roughshod over this country. The Republicans accuse the King of having sold the country to England, and openly incite the people to shoot down the offending cabinet ministers, and free the country of traitors. The turmoil is growing and threatens a most serious disorder. A portion of the military press side with the Republican sheets, and go so far as to encourage an uprising of the army against the young monarch and his cabinet. The city is full of noise and riot. Englishmen are beginning to be mobbed in the streets. No man of British birth is safe if he is seen abroad. The excitement pervades the community that murder may be committed by the infuriated mob, and serious international complications ensue.
THE FIERY ELEMENT.
Capt. Ainsworth's Fine Residence Destroyed.
Special to THE ASTORIAN.]
OAKLAND, Sept. 17.—The residence of Capt. J. C. Ainsworth, the capitalist, at Claremont, about three miles from this city, was burned down this afternoon. The mansion and its contents of rich furnishings, the library and gowns of arts were destroyed. The cause of the fire is at present unknown. The loss is not known, but probably it will not be less than \$50,000. Capt. Ainsworth is well known all over the coast.
STRUCK BY LIGHTNING.
Telephone System Demolished by the Electric Fluid.
Special to THE ASTORIAN.]
NEW YORK, Sept. 17.—The Fleming building in Jersey City, which is occupied by the New York and New Jersey Telephone Co., was struck by lightning and set on fire at 9:20 this morning. Before the flames could be subdued \$2,000 damage was done. All telephone communication with that city and New York is cut off. The employees all escaped.
Work Resumed.
Special to THE ASTORIAN.]
SOUTHAMPTON, Sept. 17.—Work on all docks has been resumed.

TERRIBLE FLOODS.

Four Million People Destitute and Homeless.

Special to THE ASTORIAN.]
SAN FRANCISCO, Sept. 17.—The steamship City of Rio De Janeiro brought the following additional advices from the Orient to-day.
The large stretch of country in the Shantung has been flooded by the Yellow river. Floods are reported from many of the ports. The Tientsin and the district around about are inundated. Thousands are homeless and many lives were lost. In the Province of Chihli there are said to be 4,000,000 people homeless, and in Shantung the misery is greater in Shantung district.
In the province of Canton the people, instigated by Literad, pulled down the mission chapel and raised a great disturbance.
A syndicate of continental financiers are said to have tendered to the Chinese government a loan of 20,000,000 taels for a long term, estimated at from fifteen to twenty years, at a low rate of interest, with the condition of supplying railroad material, and also with the hope of having a hand in the construction of railways about to be built.

REPUBLICANS AT WORK.

They Meet in Convention and Nominate State Tickets.

"GANG" AND "GANG" SMASHERS

The Terms Applied to Two Republican Political Factions—Hot Times in Denver.

Special to THE UNITED PRESS.
DENVER, Sept. 17.—The Republican state convention met here this morning and elected Alexander Gullett, of Pueblo, temporary chairman. A committee on credentials was appointed, and a recess was taken until 2 o'clock. There is a bitter party fight in the Republican party of Colorado, one faction being termed the "gang" and the other the "gang smashers." The former has control of the state and county offices, and are making a strong fight to continue in power, while the other faction are leaving no stone unturned to bust them.
The fight is so bitter in Arapaho county that at the county convention here on Monday the "gang" bolted and held a convention of their own, and the result is that the county has a divided delegation before the state convention.
The same state of affairs exists in several other counties. This will make the work of the committee on credentials very tedious and long, and it is probable that no ticket will be nominated until Friday. Temporary Chairman Gullett is in sympathy with the "gang," and no doubt that faction will control the convention.
Both sides endorse Henry M. Teller for re-election to the United States Senate.
REPUBLICAN CONVENTION.
Nomination of a State Ticket For Connecticut.
Special to THE ASTORIAN.]
NEW HAVEN, Conn., Sept. 17.—The Republican State Convention reconvened this morning and United States Senator Orville H. Platt was elected permanent chairman. Senator Platt addressed the delegates, and referred to Blaine, Reed and Harrison. The mention of Blaine's name created a furor. Reed's name was loudly cheered, and the mention of the President was liberally applauded. Samuel E. Merwin was nominated for governor; George P. McLean for secretary of state; E. Stevens Henry for treasurer; Lyman S. Cullin for comptroller.
Gubernatorial Nominee.
Special to THE ASTORIAN.]
CONCORD, N. H., Sept. 17.—The state Republican convention met this morning. Joshua G. Bellows was elected permanent chairman. The usual committees were appointed. Later, Hiram A. Tuttle was nominated for governor.

THE NOVEMBER SESSION.

Differences of Opinion Regarding the Matter.

Special to THE ASTORIAN.]
WASHINGTON, Sept. 17.—The proposition to have an extra session of Congress called for November, does not meet with much favor among the rank and file of the members of Congress, who are weary with the ten month's session. It is a matter, however, in which the President and party leaders are chiefly concerned, and the rest have to take things as they find them. In November it will be impossible to hold a quorum after the tariff bill is finally disposed of, and a quorum being absent nothing can be done which the Democrats seriously object to. Therefore, the chance of passing several measures, which it is the desire of the majority to act upon before adjournment, will be practically an impossibility. With these crowding into the short session, there will be little chance for action on the election bill.
At a conference held at Senator Teller's house, when the laying aside of the election bill was decided on, it was determined that the President should be requested to call Congress together after the November election. Since then the matter has been talked about quietly. A recess might be regarded as better than an adjournment, but it will be difficult in their present temper to get the House to agree to a recess. If they are called back in November, they have no option.
Mr. McKinley said to-day he had not heard any talk on the subject in the House. As to the probability of the call, however, he said it would depend on how far Congress at this session went toward disposing of the pending questions. He thought it likely that not much would be done this session, after the tariff bill is disposed of.
Lodge said to-day that he thought it likely the President would call an extra session, not only to consider the election bill, but also of other important matters that could not be disposed of at this session.
Many other members agree with Lodge.
McKenna does not think the President will call an extra session.
Socialistic Meeting.
Special to THE ASTORIAN.]

BOSTON, Sept. 17.—The Republican state convention met here to-day. Governor Brackett, Lieutenant Governor Halo and Treasurer Martin were nominated by acclamation.

WORK OF A WIND STORM

The "Queen Victoria" Badly Damaged in a Hurricane.

HAD TO JETTISON THE CARGO.

Her Ventilators Were Stove In, the Cabin Doors and the Foremast House Washed Away.

Special to THE UNITED PRESS.
SAN FRANCISCO, CAL., Sept. 17.—The British ship Queen Victoria from Tacoma, wheat laden for Cork, put into port this morning in distress. She was caught in a hurricane which lasted three days. Her cargo shifted. Six hundred sacks of wheat were jettisoned, and for thirty-six hours the starboard rail was under water.
In talking about the affair Capt. Holmes said: "We sailed from Tacoma on the 3rd of August last with 44,890 sacks of wheat on board. Our destination was Cork, Ireland. We had fine weather up to latitude 18 N., longitude 127 W., (about three hundred miles off shore near Cape Saint Lucas.) Then for three days we had light baffling winds. On the 19th of August the barometer fell and it began to blow a hurricane. It lasted for forty-eight hours, during which the cargo shifted. The vessel lay on her beam ends with her yards in the water. The ventilators were stove in, and the cabin doors were torn away. The forward house was washed overboard, and to make matters worse we had to jettison about 600 bags of grain. On the 22nd of August I put about and made for San Francisco to have the ship surveyed."
FRUIT CROP FAILURE.
An Unprecedented Scarcity in the Ohio Valley.
Special to THE ASTORIAN.]
NEW YORK, Sept. 17.—A special dispatch tells of the failure of the apple crop in the Ohio valley. One Cincinnati firm just paid \$12,000 for the fruit in one orchard in Missouri, while the farm itself was not worth \$5,000 ordinarily. Another firm paid \$9,000 for an apple crop on a farm which was offered last season, crop and all, for \$2,000. This is the worst fruit failure in Ohio for thirty years.

WHOLESALE POISONING.

One Hundred Negroes Eat an Arsenical Dinner.

Special to THE ASTORIAN.]
BIRMINGHAM, Ala., Sept. 17.—One hundred Negroes were poisoned on Sunday last near Colleraine, in Dallas county. Two of them died that day and six died yesterday. The latest news from the neighborhood, is to the effect that many others are dangerously ill, and their deaths are hourly expected. A big revival has been going on for a week at a Negro church near Colleraine, and it was decided to give a dinner on Sunday to all who attended. One course of the dinner consisted of barbecued pork. Specimens examined showed traces of arsenic in large quantities in it. An investigation is being made by the coroner, but so far he has not learned who placed the poison in the meat.
TAMMANY EXECUTIVE.
Special to THE ASTORIAN.]
Special to THE ASTORIAN.]
NEW YORK, Sept. 17.—The Democrats opened the mayoralty campaign this afternoon by a meeting of the Tammany executive committee. Simultaneously the Evening Post prints an analysis of the committee as follows: "This committee, which formulates plans and handles funds, contains one convicted murderer; one convicted felonious assault; one indicted for misdemeanor; four professional gamblers; five former gambling house or dive keepers; four liquor dealers; five former liquor dealers; three sons of liquor dealers; five former pugilists; four former toughs; six members of Tweed gang; seven office-holders; seven former office-holders; two favored city contractors."

DALLES BANK ROBBERY

How the Cunning Burglars Found Access to the Safe.

AN ESTIMATED HAUL OF \$9,500.

The Directors of the Bank Held a Meeting, Replaced the Loss, and Business is Resumed.

Special to THE UNITED PRESS.
PORTLAND, Sept. 17.—The following additional facts have been received here from The Dalles, relative to the bank robbery briefly outlined yesterday:
The Dalles, Sept. 17.—The largest robbery ever known in this city was made public this morning at the First National Bank. The robbery was committed early Tuesday morning and over \$9,500 was secured. The loss was discovered the same morning by Wm. Beall, cashier.
The matter is kept quiet to allow detectives an opportunity to procure a clue, if possible. The vault was tunneled into from below through a concrete pier on which it stands and a small hole drilled in the back corner of the safe. The work showed the professional burglars to be culprits, as it could not have been done by novices, who would have required three weeks to accomplish the job.
The cashier stated he smelled sewer gas for ten days each morning when the safe was opened, but thought nothing of the occurrence. About \$5,000 were left in the safe, which the robbers failed to get. The directors met yesterday and replaced the loss and the bank opened as usual for business. The directors congratulate themselves that the loss is no larger.
Resolutions of Censure.
Special to THE ASTORIAN.]
WASHINGTON, Sept. 17.—A meeting of the House Judiciary Committee to-day was called to consider the resolutions censuring Kennedy for a speech against Quay. The committee decided to report a resolution ordering the printer to produce the old speech from the permanent copy of the records.
