BURNED TO DEATH.

A Pitch Kettle Explodes With Fatal Results.
Special to THE ASTORIAN.
New York, Sept. 18.—A pitch kettle exploded today in a one-story frame stable at 530, 532 and 534 West Fourth street. Conrad Haebach and Christian Paber, who were sleeping in the stable were burned to death, and Emil Gadenberg and Glaberstaff were horribly burned about the head. Numerous horses were burned to death. The loss on the stable and stock, which was owned by N. Gower, will be \$25,000.

Death on the Cobble Stones.

Special to THE ASTORIAN.
San Francisco, Sept. 18.—John Monahan, 30 years of age, driver of a milk wagon, was killed early this morning. The horses ran away, throwing Monahan out and dragging him to death over the cobble stones.

Accident at the Fair.

Special to THE ASTORIAN.
Salem, Sept. 18.—Ralph Jolly, a boy 9 years old, was run over by cars at the State Fair grounds today and had his leg crushed. Physicians had to amputate the limb. The boy is now resting easy.

False Registration.

Special to THE ASTORIAN.
Tacoma, Sept. 18.—Considerable excitement is created in the camps of both political parties here over the alleged false registration of the deputy city clerk. An investigation will be made. It is thought, however, to be a false accusation.

BEHIND THE BARS AGAIN

John Dillon and William O'Brien Arrested in Ireland.

ENGLAND'S POLITICAL SCHEME

O'Brien Says "It is Another Attempt to Keep Me From Telling Americans the Truth About Ireland."

Special to THE ASTORIAN.
New York, Sept. 18.—John Dillon, member of Parliament, and William O'Brien were arrested today for their recent utterances in Ireland. Warrants for the arrests of Patrick O'Brien, a member of the Commons, James Condon and David Sheehy and the Rev. David Humphries, of Tipperary, have also been issued.

Dublin, Sept. 18.—A great sensation has been caused by the arrest of Dillon and O'Brien.

Later particulars are to the effect that when Dillon was arrested he was at his uncle's at Bally Beach. A police inspector and two constables ordered Dillon to accompany them. The latter asked their authority, whereupon they produced a warrant accusing Dillon of inciting the tenants of Smith, in his recent speech in New Tipperary, not to pay their rents. O'Brien was taken into custody at the Glendarriff hotel. His wife was with him.

Recently when an officer served the writ from Lord Salisbury for \$1,600, the costs in the O'Brien libel suit against the premier, without calling him to one side, the officer presented the warrant and told O'Brien to come along.

"This is another attempt to keep me from telling Americans the truth about Ireland," said O'Brien as he accompanied the officer.

The charge against him is the same as against Dillon, that of advocating a boycott in their speeches at Tipperary.

It is believed warrants have been issued for many persons connected with the League, and that the government has determined during this parliament to crush out, if possible, all opposition to its party in Ireland.

Mrs. O'Brien went on the same train which took her husband to prison.

Lord Salisbury is said to be greatly incensed against O'Brien, who in his limerick called Salisbury a liar and blackmailer.

Much excitement prevailed both in Ireland and England over the arrests, and the opinion is generally expressed that the object is to prevent Dillon and O'Brien from going on a tour and gaining America's sympathy.

ADVICE TO MOTHERS.

Mrs. WISLAW'S SOMNIFER STRIP should always be used for children teething. It soothes the child, soothes the gums, relieves all pain, cures wind and cholera, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

THE SHIPPING SITUATION.

Merchants Manifest Uncasiness Regarding It.

Special to THE ASTORIAN.
SAN FRANCISCO, Sept. 18.—The grain merchants are beginning to regard the shipping situation with some uneasiness. For the past few years there has been a decrease in the number of foreign merchant vessels calling at this port, and this season's outlook for shipping is gloomier than ever. The main cause of the lack of marine transportation facilities lies in the falling off of imports from England and the colonies, and a heavy falling off in the tonnage supply. Shippers have more wheat than tonnage, and cannot sell their grain. Buyers are indifferent about purchasing quantities of the surplus, and a depression in the market is feared by some, while others are certain that a sharp decline will certainly ensue.

DEPENDENT LOVERS.

A Fatal Shotgun Drama at The Gowery.

Special to THE ASTORIAN.
New York, Sept. 18.—Gustave G. Mosh, 26 years old, a craven artist, who was born in Vienna, and Emilie Bossen, aged 19, an actress with the Amberg troupe, who was born in Berlin, suicided early this morning. Mosh, after pacing up and down the uptown station of the elevated road at Canal and Bowery streets several times at six o'clock this morning, stopped at the south end, when the woman put her head out of the third story window of The Gowery building. He said to her, "Yes, I have come, Emilie. Are you ready?" The next moment, at the signal "ready," he shot himself, fell dead under the window, and the woman committed the same act in her room. Emilie left a letter addressed to her aunt, Mary Knorr, with whom she boarded, in which she spoke of her lover's quarrel with her mother. It was determined with him and herself to commit suicide, and asking that her body be cremated.

WORCESTER DEMOCRATS.

They Meet and Nominate the Men of Their Choice.

Special to THE ASTORIAN.
Worcester, Mass., Sept. 18.—At the Democratic State Convention today the following nominations were made: For Governor, William E. Russell, of Cambridge; for Lieutenant-Governor, John Corcoran, of Clinton; for Secretary of State, Eli Cushman, of Lake Village; for Treasurer, William D. Treffery, of Marblehead; for Auditor, Edward L. Munn, of Holyoke; for Attorney-General, E. Maynard, of Springfield.

FATAL STONE THROW.

A Man Dies From the Effects of a Blow.

Special to THE ASTORIAN.
OAKLAND, Cal., Sept. 18.—Last Saturday night John Coffey, a laborer, was brought to the receiving hospital suffering from a wound in his head, inflicted with a stone. He died today. Coffey had been playing cards in a saloon when a stranger came in and took a part in the game. At last they quarreled but did not fight. But when Coffey started to go out, a stone was thrown through the window, hitting him on the head. There is no clue to the murderer.

OUR SHIPPING INDUSTRY

Resolutions Adopted by the Coast Chamber of Commerce.

COLONEL JOHN IRISH SPEAKS.

Congress Urged to Pass the Farquhar and Frye Shipping Bills as Soon as Possible.

Special to THE ASTORIAN.
SAN FRANCISCO, Sept. 18.—At the Pacific Coast Chamber of Commerce meeting this afternoon the committee on shipping matters reported the following resolution:

"Whereas, The policy heretofore pursued by the general government of the United States has tended to the extinction of the American commercial mariner; and

"Whereas, The maintenance and enlargement of American shipping is a matter of great interest and of vital importance to the entire Pacific coast, as well as to our nation at large; and

"Whereas, The passage of the Farquhar and Frye shipping bills, pending in Congress, will encourage American shipping in foreign seas and tend to secure development of the industrial and commercial interests of the entire United States; therefore be it

Resolved, That this Pacific Coast Board of Commerce earnestly protests against the narrow and destructive policy heretofore pursued by the general government of the United States toward the American commercial mariner in the foreign trade.

Resolved, That the Pacific Coast Board of Commerce favors the immediate passage of Farquhar and Frye shipping bills.

Resolved, That the Pacific Coast Board of Commerce promptly telegraph the Pacific coast delegation its urgent desire for the passage of the Farquhar and Frye shipping bills, with the request that every honorable means be used to secure the enactment of these measures.

The resolutions were adopted and a telegram sent to congress.

Colonel John E. Irish was then called upon to address the convention on the subject of interstate commerce. Mr. Irish first showed by comparison how the facilities for transportation have grown in the last fifty years, and also compared what it cost per ton half a century ago and now to transport freight.

Notice.

GOD'S BLESSING TO HUMANITY.—So says an Oregon Pioneer Ninety Years Old.

FOURTEEN DRIVE. Or., March 19.—I have used the OREGON KIDNEY TEA and obtained immediate relief. It is God's blessing to humanity. I take pleasure in recommending it to the afflicted. I am now nearly ninety years old, came to Oregon in 1842 in the employ of the Hudson's Bay Company, and since I began using the OREGON KIDNEY TEA I enjoy good health.

DAVID MUNROE.

AN INFESTED PORT.

Vessels Arriving From Yokohama to be Quarantined.

Special to THE ASTORIAN.
SAN FRANCISCO, Sept. 18.—Reports of the terrible ravages of cholera in Japan, and particularly at Yokohama, where 85 per cent of the cases are fatal, were received by the steamer arriving from there yesterday. The reports have prompted the Board of Health to meet to-night and take action on the matter. It is said they will declare Yokohama an infested port, and quarantine all vessels arriving from there.

WELLINGTON COLLIERIES.

An Attempt Being Made to Lift the Boycott.

Special to THE ASTORIAN.
SAN FRANCISCO, Sept. 18.—The great Wellington coal boycott is in a fair way to be lifted. Dunsmuir, who runs the mine, to-day conceded to one man the demands of the men, and show a disposition to concede to the others. T. Dunsmuir is in San Francisco, and has been conferring with John Williams, president of the retail grocers, who acted for the federated trades. Dunsmuir has conceded to the eight-hour clause. The time to begin when the men report at the shaft, and to end when they report off work. The other main question of the union is being recognized, and there is little doubt but Dunsmuir will concede, in some form or other, satisfaction to the men.

UP IN ARMS.

Peasants Rebel Against High Taxation.

Special to THE ASTORIAN.
PARIS, Sept. 18.—A dispatch from Rome states that there has been a hurried departure of troops for Ceramance, a small town seventeen miles southwest of Chieti, on the Adriatic, where six hundred armed peasants seized and pillaged the town hall, and at the same time destroyed all the records. The case of rioting is said to be against the imposition of greater taxation.

RAILROAD NEGOTIATIONS.

The Northern Pacific Wants the St. Paul & Duluth Road.

Special to THE ASTORIAN.
New York, Sept. 18.—A dispatch from Duluth says it is reported that within a short time the St. Paul & Duluth railroad will pass under the control of the Northern Pacific. The Northern Pacific wants direct connection with St. Paul, so that it may establish a line of freight boats between Buffalo and Duluth. Superintendent Copeland, of the St. Paul & Duluth road, says that there is no truth in the report.

The New Discovery.

You have heard your friends and neighbors talking about P. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever felt it, you are one of its staunch friends, because the wonderful thing about it is, that when once given trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial Bottles Free at J. W. Conn's Drugstore.

McAULIFFE-SLAVIN MILL

Over \$1,000,000 Will Change Hands on the Result.

FIVE TO FOUR ON McAULIFFE.

Crowds Are Arriving From All the Principal Cities to Witness the Battle—Tickets High.

Special by THE UNITED PRESS.
LONDON, Sept. 18.—The price of tickets to the McAuliffe-Slavin fight range from \$50 to \$200, and the number issued is confined to the capacity of the large hall of the Ormonde club. McAuliffe will fight at 200 pounds. This is 24 pounds lighter than when he fought Jackson. While he is in better condition than ever before, he trained with great determination to reduce himself, and the amount of work he has done would have stopped many a man.

Slavin has been boasting that he will quickly knock out his opponent. The friends of the Australian say that he can knock down an ox with his fist, and that he possesses bulldog courage and will only give in when his senses leave him, or when he is thoroughly exhausted.

Betting remains at 3 to 4 on the San Francisco boy.

The amount that will change hands on the result will exceed \$1,000,000.

All the resorts are crowded with sports from all the principal cities, as well as from Paris and Brussels. All are anxiously awaiting the mill.

Detectives in plain clothes are to be seen in every throng, for the authorities realize that it will be a feather in their cap if they can stop the fight and arrest the principals.

Speaker Reed Talks.

Special to THE ASTORIAN.
WASHINGTON, Sept. 18.—Speaker Reed to-night said he thought Congress would not adjourn until October 1st. He was asked what measures would be disposed of in the meantime. He answered that he could easily tell what one should be disposed of. He had in mind the election bill. The only measures that stand any show, aside from the tariff and election bills, are the shipping and Butterworth's options bills. The resolutions relating to the districting muddle in Ohio will not be passed, owing to the failure to obtain a quorum of Republican members.

The First Drawing Off.

Special to THE ASTORIAN.
TACOMA, Sept. 18.—The first drawing off of the big Tacoma smelter took place to-day. About five tons of bar bullion was drawn, valued at \$25,000.

All the patent medicines advertised in this paper, together with the choicest perfumery, and toilet articles etc. can be bought at the lowest prices at J. W. Conn's drug store, opposite Occident hotel, Astoria.

LOUISIANA LOTTERY.

The Days of Its Existence are Numbered.

Special to THE ASTORIAN.
WASHINGTON, Sept. 18.—The days of the Louisiana Lottery, so far as it is to be tolerated by the United States government, are numbered. The anti-lottery bill, now having passed both houses, only awaits the President's signature to become a law.

There does not seem to be any doubt that the act will be indorsed by Mr. Harrison at an early date. Louisiana men say that it will be impossible for the lottery to be conducted on anything like the probable basis that it has hitherto been.

The friends of the measure believe that the lottery company will make some arrangements with the express companies, by means of which they will be able to communicate with the public in a manner which will be adequate to conduct their nefarious business.

The constitutional lawyers who have found so much difficulty in bringing the bill through will be likely to raise further objections if any attempt should be made to interfere with what will be called the private business of the express companies.

Nearing the Time.

Special to THE ASTORIAN.
CHICAGO, Sept. 18.—A London special says: The Slavin-McAuliffe fight for \$5,000, and the championship of the world and the international championship belt, is likely to take place within the next eighteen hours. The principals and their backers are here. These who hold tickets are not to be notified until a few hours before the men enter the ring, in order to prevent all chance of police interference.

WANT \$30,000.

A Suit Brought for the Loss of the "Poppe."

Special to THE ASTORIAN.
SAN FRANCISCO, Sept. 18.—A suit for \$30,000, arising out of the loss of the whaling tender *Tom Pope*, was filed to-day. The *Poppe* was owned by J. & W. R. Wing, of New Bedford, and Wright, Bone & Co. are their agents in this city. When she was wrecked she had on board whalebone from the bark *Eliza*, the schooner *Jane Grey* and the schooner *Rosario*. Wright, Bone & Co., as agents for these vessels, brought the suit. When the *Poppe* was condemned Captain Fischer sold the vessel and her cargo to the captain of the steam whaler *William Lewis* for \$500.

The Effects of Mental Exhaustion.

Many diseases, especially those of the nervous system, are produced by daily renewed mental exhaustion. Business avocations often involve an amount of mental wear and tear very prejudicial to physical health, and the professions, if ardently pursued, are no less destructive to brain and nerve tissue. It is one of the most important attributes of Hostetter's Stomach Bitters, that it compensates for this undue loss of tissue, and that it imparts new energy to the brain and nerves. The rapidity with which it renews weakened mental energy and physical vitality is remarkable, and shows that its invigorating properties are of the highest order. Besides increasing vital stamina and counteracting the effects of mental exhaustion, this potent medicine cures and prevents fever and ague, rheumatism, chronic dyspepsia and constipation, and restores true weakness and other complaints. Physicians also commend it as a medicated stimulant and remedy.

ABANDON YOUR TRIBE

The Advice of the Secretary of the Interior to Indians.

HARD ON THE RED SKINS

Decision of the Land Commissioner Involving the Right of Indians to Homesteads, Reversed.

Special by THE UNITED PRESS.
WASHINGTON, D. C., Sept. 18.—The decision of the United States Land Commissioner, involving the right of Indians to acquire homesteads, was reversed by the Secretary of the Interior to-day.

The plaintiffs in the case are the Northern Pacific Railway company and the defendant Peter Te Ouda, a Muckle Shoot Indian. It was shown that the defendant held land within the first railway grant, but the commissioner decided against the railroad company for the reason that it had been proven that the Indian had been an occupant of the land since 1883, and had it under cultivation during that period of time. The land is situated in the Olympia district in Washington. The Secretary of the Interior reversed the decision, because the Indian had not abandoned his tribal relations.

A HEINOUS CRIME.

Trics to Murder Her Mother and Sister.

Special to THE ASTORIAN.
OTTAWA, Ont., Sept. 18.—Sarah E. Larmer, a pretty young French-Canadian dressmaker, is under arrest in the town of Graton, in this province, charged with the heinous crime of seeking the death of her younger sister and aged mother out of jealous revenge. The prisoner is 24 years of age, and a tall, stately brunette of fine appearance, but with an air that would make the average observer call her dangerous. She was arrested yesterday on a warrant charging her with setting fire to her home with the intent to destroy her bedridden mother, and with contemplating the murder of her sister.
