VOL. XXXV. NO. 83.

ASTORIA, OREGON, MONDAY, SEPTEMBER 22, 1890.

PRICE FIVE CENTS

## TELEGRAPHIC SUMMARY.

News from the national capital.  
Fatal railroad collision in Chicago.  
A millionaire suicides in Michigan.  
Fatal railroad collision in Missouri.  
Apache Indians murder two white men.

The New York Central train wreckers confess.

Michael Davitt's paper meets with great success.

Northern negroes demand the seating of Langston.

A Cleveland, Ohio, farmer swindled out of \$5,000.

Ten Turks drowned in Arkansas during a rain storm.

Messenger boys arrested in San Francisco for swindling.

The Senate to finish consideration on Senator Everts' bill.

Transporting the natives of New Hebrides for slavery.

A man drowned while trying to swim the Willamette at Portland.

News regarding the relations of the Southern Pacific and Union Pacific roads.

## SWINDLED BY SHARPPERS.

A Farmer Loans \$5,000 on a Satchel Filled with Wood.

CLEVELAND, Sept. 21.—Henry Burris, a wealthy quaker farmer, living near Smithfield, Jefferson county, was swindled out of \$5,000 by sharpers to-day. They went to his house and offered to buy his farm. They left him a satchel filled, as he supposed, with money amounting to about \$15,000, the sharpers said. A few days later they met Burris at Smithfield and asked a loan of \$5,000. Thinking the money in the satchel ample security, Burris made the loan, and the sharpers disappeared. The satchel was filled with paper and pieces of wood.

## Death by a Collision.

SPECIAL TO THE ASTORIAN.

LAPLATA, Md., Sept. 21.—Two Santa Fe freight trains collided near here last evening. Brakeman (Gills) was instantly killed and one of the engines and his fireman were dangerously injured. Both engines were demolished and four cars were thrown into the ditch.

Additional Telegraph on Fourth Page.

## A DISASTROUS COLLISION

### The Sad Fate Which a Party of Excursionists Met.

#### FOUR PERSONS KILLED OUTRIGHT

#### Five Others Seriously Injured—The Accident the Result of Criminal Negligence.

SPECIAL BY THE UNITED PRESS.

CHICAGO, Sept. 21.—Four persons were killed, two are dying and five are seriously wounded, as the result of somebody's carelessness at Douglas Park station. This evening shortly after 7 o'clock a train of the Illinois Central railway stopped at Kenzie avenue. It was the last of four sections which were taking home a crowd of excursionists, who had gone out to Addison to enjoy themselves. At Clyde the train was switched onto the Burlington track and at Douglas Park station it came to a stop. As it backed toward the west the Downer Grove express, of the Burlington road, came thundering along, and before the brakes could be set, or an alarm given, the pilot of the Burlington engine went crashing into the rear coach of the other train. The car was a light suburban one. The one behind and the one ahead of it were regular passenger coaches, and a great deal heavier. When the Burlington train struck the rear coach of the other train it rose from the tracks and plowed over the tender box in its way for ten feet. It was completely telescoped as though it was an egg shell, and human beings in its way were ground to death or cruelly injured.

Four persons were instantly killed, and seven others were injured, two of whom will die. Many others were slightly hurt, and all aboard the picnic train and the Burlington passengers were thrown from their seats and severely shaken up.

The following is a list of the killed and injured: Killed—Lillie Diner, eighteen years old; Martha Diner, twenty years old, a sister of Lillie; two unknown men, one apparently

eighteen and the other twenty-three years of age. Fatally wounded—Minnie Pilgrim, 22 years old, both legs broken and some internal injuries; Otto Schaff, 18 years old, body bruised, not expected to live. Injured: Louis Orphrey, leg broken; Albert Berger, foot crushed; Henry Newman, face crushed; Tillie Burke, collar bone broke and internal injuries; Fred A. Swick, left leg crushed.

Had the Burlington train been running at a high rate of speed every person in the car would have met with instant death.

Citizens carried most of the killed and wounded into the little depot before the police arrived.

No sooner had the accident happened than the conductor of the Illinois Central uncoupled the telescoped cars, and with the rest of the train drove into Chicago. The police at once sent word to the central station ordering the arrest of all train hands.

## NEFARIOUS BUSINESS.

### Transporting the Natives of New Hebrides for Slavery.

SPECIAL TO THE ASTORIAN.

SAN FRANCISCO, Sept. 21.—Late advices from the South Sea Islands tell a startling story of the result of labor, or the semi-slave treatment of the island savages. The whole of the islands in the Solomon group in New Hebrides, and in other sections of Polynesia, have been depopulated by the ravages of men employed to seize and transport the natives to the plantations of New Caledonia and the Fiji Islands. Scarcely a vessel arrives here from Australia that does not bring news of the massacre of some white trader or skipper by the natives, who have been gradually driven into desperation by the treatment they have received from the whites. While many of the islands have been depopulated, no less than 10,000 natives have been added to the cheap labor population of New Caledonia, Queensland, the Fiji Islands and New Hebrides.

Thirty or more vessels are engaged in the nefarious traffic, and men are becoming wealthy at the business.

## DEATH BY DROWNING.

### Seven Turks Meet Their Death in a Rain Storm.

SPECIAL TO THE ASTORIAN.

FORT SMITH, Ark., Sept. 21.—During a fierce storm in the Boston mountains a party of ten Turks who were travelling south with a lot of dancing bears, lodged in a creek in the bottom of one of the gulches. A heavy storm caused a torrent in the ravine and seven of the men and all of the bears were drowned.

## Not Only the National Disease, but Many Others.

It is said that dyspepsia is our national malady. Well, BRANDER'S PILLS will cure the national malady.

It is said that constipation is the bane of our sedentary life. Well, BRANDER'S PILLS certainly cure constipation.

It is generally conceded that rheumatism comes from acid stomach and sudden changes of temperature. BRANDER'S PILLS have corrected all this and will do it again.

Chronic diseases are cured by taking two to four of BRANDER'S PILLS every night for a month.

BRANDER'S PILLS are sold in every drug and medicine store, either plain or sugar coated.

## THE S. P. & U. P. ROADS

### The Relations Existing Between the Two Corporations

#### ARE WHOLLY SATISFACTORY.

#### Closer Relations Established Between the Southern Pacific, Missouri Pacific and the Atchafalaya.

SPECIAL BY THE UNITED PRESS.

SAN FRANCISCO, Sept. 21.—It has been reported that a bitter feeling exists between the Southern Pacific and the Union Pacific companies. This report appears to have no foundation whatever. The comparatively recent expressions of Charles Francis Adams, president of the Union Pacific, and of the officials of the Southern Pacific company, as well as the harmony that has always existed, show on the contrary the existence of cordial relations.

Many small differences have naturally arisen, and some have existed for a good while, but the relations now are understood to be wholly satisfactory. One of these differences was in the division of rates on through business, and especially on business to Denver and Montana, on which the Union Pacific demanded and secured a proposition of the whole rate, practically amounting to their own local rate.

It was learned yesterday that not long ago the Union Pacific made concessions in these cases, and a new division was agreed upon, in which the Union Pacific received as its share but little more than a pro rata based on mileage.

A dispatch from Chicago states that the details of a gigantic railroad combination were just coming to light. The deal was said to consist in the establishment of close relations among the Southern Pacific, Missouri Pacific and the Atchafalaya, amounting to an offensive and defensive alliance. And it was further asserted that the three great systems were virtually under one management.

The Southern Pacific officials say that there is no truth in the report.

## The Effects of Mental Exhaustion.

Many men, especially those of the nervous system, are the victims of a daily renewed mental exhaustion. Business avocations, few in office an amount of mental wear and tear very prejudicial to physical health, and the professions, if arduously pursued, are a constant source of brain and nerve tissue. It is one of the most important attributes of Huxley's strength pills, that it compensates for this mental loss of tissue, and that it imparts new energy to the brain and nerves. The rapidity with which it renews weakened mental energy and physical vitality is remarkable, and shows that its invigorating properties are of the highest order. Besides increasing vital stamina, and counteracting the effects of mental exhaustion, this potent medicine cures and prevents fever and acute rheumatism, chronic cystitis and constipation, kidney and uterine weakness and other complaints. Physicians also commend it as a medicated stimulant and remedy.

## ON THE WARPATH.

### Apache Indians Murder Two White Men.

SPECIAL TO THE ASTORIAN.

ALBUQUERQUE, N. M., Sept. 21.—Last night General Carr, in the camp here of the Sixth Cavalry from Fort Wingate, received a telegram from Governor Prince stating that Indians were on the warpath in the Black Range mountains, and that two white men had been killed. No further particulars were received. On receipt of the news General Carr notified the department at Washington, and the commanding officer at Fort Bayard by telegraph, ordering the latter to proceed immediately with a company of soldiers to the scene. The General thinks that "The Kid" and other renegade Apache Indians are responsible for the killing.

## THE "LABOR WORLD."

### Its First Issue Meets with an Astonishing Sale.

SPECIAL TO THE ASTORIAN.

LONDON, Sept. 21.—The first issue of the "Labor World," has met with an astonishing sale, and its declaration of principles and program are hailed with evident satisfaction by certain classes, whose interests Mr. Davitt espouses. These include not merely the laboring men but tenant farmers and small shop keepers. In fact all persons of small means and precarious conditions in life. For this reason the sales of the paper are considerably above that of any previous journal of its kind.

## Ended His Existence.

SPECIAL TO THE ASTORIAN.

GRAND RAPIDS, Mich., Sept. 21.—William D. Gilbert, nephew and heir apparent of T. D. Gilbert, and a millionaire and wealthy man himself, committed suicide yesterday by putting a bullet through his head. His health is thought to have unbalanced his mind. He leaves a wife and three children.

## The First Step.

Perhaps you are run down, can't eat, can't sleep, can't think, can't do anything to your satisfaction, and you wonder what ails you. You should heed the warning, you are taking the first step into Nervous Prostration. You need a Nerve Tonic and in Electric Bitters you will find the exact remedy for restoring your nervous system to its normal, healthy condition. Surprising results follow the use of this great Nerve Tonic and Alternative. Your appetite returns, good digestion is restored, and the Liver and Kidneys resume healthy action. Try a bottle. Price 50c. at J. W. Conn's drug store.

## The people of the state of California were taxed \$2,534,616 to sustain institutions having the care of their insane, during the year 1888.

## Notice.

GOD'S BLESSING TO HUMANITY.—So Says an Oregon Pioneer Ninety Years Old.

FIRST GROUND, Ore., March 19.—I have used the OREGON KIDNEY TEA and obtained immediate relief. It is God's blessing to humanity. I take pleasure in recommending it to the afflicted. I am now nearly ninety years old, came to Oregon in 1842 in the employ of the Hudson's Bay Company, and since I began using the OREGON KIDNEY TEA I enjoy good tea.

DAVID MUNROE.

## THE NATIONAL CAPITOL

### To Finish Consideration of Senator Everts' Bill.

#### THE LANGSTON ELECTION CASE.

#### Republicans Determined to Push It Through and Seat the Colored Gent.

SPECIAL BY THE UNITED PRESS.

WASHINGTON, Sept. 21.—The Senate this week will continue to work on the unfinished program outlined by the Republican caucus, and finish the consideration of Senator Everts' bill for the relief of the Supreme Court, which could come up as unfinished business to-morrow. This and Senator Edmunds' private land claims court bill, which was laid aside temporarily last week, will probably engage the attention of the Senate most of the week, and the bill to transfer the revenue marine from the treasury to the navy department and several labor bills next on the program will be more than enough to keep the Senate busy during the entire week.

The conference reports on the general deficiency bill and the tariff bill, which are likely to come in by the middle of the week, may displace the labor bills until next week. The work of the Senate during the week, the conference reports on the general deficiency bill and the tariff bill, which are likely to come in by the middle of the week, may displace the labor bills until next week.

Republicans in the House have determined that the Langston-Venable contested election case shall be put through this week, and that Langston will be seated before any other business comes before the House. They expected to accomplish it this week, but the balance of the program of the Republican members prevented the action. As it is now almost certain that a sufficient number of the Republican members prevented the action, it is now also certain that a sufficient number of Republican absentees will be present to-morrow, so to break the deadlock. In this event the case will be quickly pushed to a conclusion, if circumstances are favorable, for it will be followed by the contested election case of Miller, Republican, against Elliott.

## CONTESTANT LANGSTON.

### Northern Negroes Demand That He Be Given a Seat.

SPECIAL TO THE ASTORIAN.

WASHINGTON, Sept. 21.—Langston, the colored contestant, whose case is pending in the House, is playing a high card to compel the Republicans to seat him. His workers have been consolidating the sentiment among the negroes of the north, so that their organs are practically threatening that Langston must be seated or the colored vote will turn the scale against the Republican candidates in many

close districts. Langston raised the race issue in his canvass for Congress, and Mahone claimed that he repelled white votes enough to lose the state to Harrison. The threats of negro papers are having their effect there, and nearly a solid Republican vote will be cast to seat Langston, although his case is one of the weakest that has been reported from the committee.

Republicans maintain to-night that to-morrow there will not only be a quorum, but that Langston will be promptly seated. The seating of Langston is held now to be an absolute practical necessity.

## Drowned in the Attempt.

SPECIAL TO THE ASTORIAN.

PORTLAND, Sept. 21.—Geo. Essall, a laborer in the employ of W. G. Alexander, while attempting to swim the Willamette river this evening, was seized with cramps and was drowned. He was aged 38 years and single. He was a native of New York, and has relatives living in Wisconsin. His body was not recovered.

## A Mile in Thirty Seconds.

A mile in thirty seconds was the rate at which a party of newspaper men were whirled along the Boston Bicycle railway from Gravesend to Coney Island. A single bicycle passenger car was used. The car itself was a double decker, in each deck being six doubled and one single compartment, each compartment being by itself and entered from the side of the car. Each is less in width than half of the standard gauge track, so that two cars can pass each other when they run on opposite rails. The wheels of the car are directly under the center, a double flange grasping the rail. The car is prevented from tipping over by double wheels attached to the top of the car and running one on each side of a continuous beam held up by frame-work on either side of the track. The engine is a bicycle one also. The car is run on the principle of a hoop in motion which the faster it goes the less likely it is to wobble or fall over. Some engineering papers have already declared it is destined to revolutionize the present system of passenger transportation. Boynton says he can carry 1000 passengers at the rate of twenty miles an hour continuously, or 600 passengers at the rate of 100 miles an hour.

## Distinction is what we crave.

The degree is unimportant. If we can't break the bank or run off with a friend's wife, we care for quails on a wager or talk like Sam Jones.

## A Safe Investment.

Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised druggist a bottle of Dr. King's New Discovery for consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc., etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon. Trial bottles free at J. W. Conn's drugstore.

All the patent medicines advertised in this paper, together with the choicest perfumery, and toilet articles etc., can be bought at the lowest prices at J. W. Conn's drug store, opposite Occident hotel, Astoria.

## THE CRIME CONFESSED

### New York Central Train Wreckers Acknowledge Their Guilt.

#### KNIGHT OF LABOR IMPLICATED

#### He Furnished the Conspirators With Money to Leave the Country, After the Wreck.

SPECIAL BY THE UNITED PRESS.

NEW YORK, Sept. 21.—The Sun has a special from Troy saying that full confessions of the men implicated in the recent train wrecking outrage on the New York Central, have been obtained for publication, and that they contain many damaging statements. One of the most interesting features is the implicating of a leader of the Knights of Labor in the strike, Master Workman Edward J. Lee. The conspirators personally furnished them with money to leave the country after they wrecked the express. They describe his conferences with the men who were leaders in the plot. The dispatch also asserts that information regarding the identity of the conspirators came to the railroad people from the upper councils of the Knights, and that since the strike began the railroad company has had in its pay men high in the order, who have constantly furnished information.

## Cause of Rheumatism.

The supreme importance of purifying the blood and restoring the liver and kidneys to healthy action, has been a subject of great study, the results of which have enabled us to present to the afflicted, Eibbards Rheumatic Syrup. By cures unprecedented, it has proven its right to the title of "The Greatest Rheumatic Remedy ever discovered." For sale by J. W. Conn.

An early religious education is not to be despised. I know a Christian housewife who consoles her hot hours over jellies and jams with the catechetical promise, "The Lord Makes preserves and keeps them."

I have known women who would die before they would expose an inch of stocking, but would bare the nidity of their minds without a pang.
