TELEGRAPHIC SUMMARY.

A new scheme to land Chinese is reported by the collector of port at San Diego. Joaquin Damocho was murdered at Tehachapi. Two more men are reported to have been killed by Apaches. In Paris M. Toste shot and killed his wife; unfaithfulness was the cause. It is supposed that the wreckage reported seen by the British ship *Noddleburn*, belonged to the British ship *Malaysia*.

IDENTIFYING A WRECK.

The Lost Vessel Supposed to be the "Malaysia."
Special to THE ASTORIAN.
SAN FRANCISCO, Sept. 28.—The British bark *Noddleburn*, which arrived at Astoria on the 19th inst., reported having sighted and picked up some wreckage, evidently belonging to an English ship.

THE FESTIVE APACHE.

Redskins Again Spilling Blood in New Mexico.
Special to THE ASTORIAN.

SILVER CITY, N. M., Sept. 28.—A report reached here this afternoon that two men were killed by Indians yesterday near the Nan ranch, forty miles from this place.

SHOT BY A SPANIARD.

A Saloon Row That Ended in a Murder.
Special to THE ASTORIAN.

TRINIDAD, Sept. 28.—Joaquin Damocho, a Spaniard, was murdered here at an early hour this morning. He had been gambling and drinking heavily all night and had several quarrels before he left the saloon to go to bed.

THE CHINESE STILL COMING.

A New Scheme to Land Them in California.
Special to THE ASTORIAN.

WASHINGTON, Sept. 28.—The collector of the port of San Diego writes to General Cadwalader that a new scheme of smuggling Chinese into California is in vogue in that section. He says: Chinese are landed on the Mexican coast by ocean steamers and from there taken to the California coast by what are generally understood to be fishing vessels, but which are really engaged in the contraband trade.

BETRAYED BY A FRIEND

A Husband Wreaks Vengeance Upon An Unfaithful Wife.

SENSATIONAL CRIME IN PARIS.

A Prominent French Physician Involved—The Murderer's Anguish While in Court.

THE GUILTY ONE.

PARIS, Sept. 28.—The Rue Montmartre was the scene of a crime, which has set the tongues of all Paris loose. M. Toste is the son of a flower-maker and lives in this street. He has been married for some time, and his friend and most frequent visitor is Dr. Leveque.

Some time ago Mme. Toste was very ill and the doctor was called in. He said her case was very serious and required constant watching, and his attention to the sick woman won for him even more than the before-mentioned friendship of her husband.

CURE OF SPINAL WEAKNESS.

E. F. Woolston, Yates, Friends Co., N. Y., writes:
"My wife, five years ago, was confined to her bed with inflammatory rheumatism of the muscles of the back. The doctors thought her case hopeless, and doomed her to be a bedridden invalid. The violent pain kept her awake almost every night. She lost over thirty pounds in weight. To ease her pain I thought I would put on ALLCOCK'S PAIN EXPELLER. I covered her back with them. To my great delight she began to sleep well. The pain very much abated in one week. I then took the plasters off, washed her back, and put on fresh ones. At the end of the second week, she insisted on getting up, and by the third week she was entirely well and able to attend to her household duties."

A GOLDEN OPPORTUNITY

Some Cold Facts for Property Owners to Consider.

A RAILROAD MUST BE BUILT.

An Agent of One of the Transcontinental Lines Will Make a Proposition To-Day.

To-day the people of Astoria will have an opportunity to converse with the representative of one of the powerful transcontinental lines in reference to the construction of a railroad from this city to a connection with the main line. In other words, with a view of having a railroad direct from here to Portland.

WIRES DOWN AGAIN.

It is the same old story. Last evening when but a very small portion of our dispatches had been received, snap went the line and the lightning tied no more for the night. Oh, it requires a vast amount of christian fortitude to endure this so often, and probably that is why editors are such good christians, made so expressly to stand the strain of the business.

COMPOUNDED BUSINESS.

You can see more curious costumes on Broadway than in any other city in the Union, and I know of no place in the world where they attract less attention. You can wear what you please. If you are in white flannel, flaming sash, polka-dot hat and patent leather pumps, it will be just the same as if you wore homespun jeans, a slouched hat and cowhide boots. Nobody will notice you particularly. Or, you may go as a Turk, in loose trousers and fez, or as a Chinaman, with your shirt outside your trousers and wooden shoes; or as a Texas cowboy, with leather leggings, beads on the seams of your trousers and a Mexican sombrero with bangles on the brim. It does not matter. On Broadway everything goes. In any other city a strange or bizarre costume will provoke disagreeable comment, attract a mob of boys, at least excite embarrassing manifestations of surprise and disapproval in some shape; nobody pays any attention to such things on Broadway.—New York Letter.

THE PULPIT AND THE STAGE.

Rev. F. M. Shrout, pastor United Brethren Church, Elletts Point, Kansas, says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 20 lbs. in weight."
Arthur Love, manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence I am confident Dr. King's New Discovery for Consumption beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it." Free trial bottles at J. W. Conn's drug store. Regular sizes 50c and \$1.

VEGETABLE COURTSHIP.

A potato went out on a mash, And sought an onion bed; That's pie for me," observed the squash. And all the beets turned red; "Go away," the onion weeping cried, "Your love I cannot be; The pumpkin is your lawful bride, You cantaloupe with me."

SWINGING ROUND THE CIRCLE.

A remarkable fact has been brought to light by a writer in the Boston Herald, who has been led to delve in the city documents to find an answer to the conundrum: What becomes of Boston's school boys? The writer in looking over the list of school teachers, who draw salaries ranging from \$2,980 to \$4,200, and aggregating \$319,968 yearly, found but five teachers who could claim Boston proper as their birth place. In addition, Dorchester boasted two, and South Boston two. Four of Belgium, Turkey and the Sandwich islands are represented by one each, and the balance, ninety-nine, come from Maine, New Hampshire and Vermont, with a few from other states.

CAKES ARE BAKED BY ELECTRICITY.

A Peculiar Experience.
About ten years ago my health became impaired, and rheumatism set in. My suffering was intense, but Hibbard's Rheumatic Syrup has relieved me entirely of rheumatism, regulated my kidneys and liver, and benefited my whole system. B. W. ROCKWELL, Jackson, Mich.
