THUESDAY. OCTOBER 9, 18

Africa eluding the officers of several counties in Alabama, many of whom have some of his lead in their bodies, Bube Burrows, the notorious outlaw and train robber has been killed. The destroyer of the Corps, or at the Book Stores and other business places, dispatch says the outlaw's death has caused much excitement. Instead of CHRIS. EVENSON. excitement, great rejoicing should be indulged in, for Burrows was superior to Jessie James, in that he was more blood thirsty.

EDITORIAL comment on the railroad situation as correctly and comprehensively expressed in the long article on the first page is comparatively unnecessary. The account is so fully and clearly given that every reader Board by the Day, Week or Month can form his opinion as to the prospect of a successful result. All the directors are unanimous in their expressions of satisfaction, and knowing all the facts in the case, THE ASTO- WATER St., Opp. Fourd & Stokes RIAN feels justified in saying that the situation of affairs is exceedingly hopeful.

GOULD and Huntington, the railroad magnates, express opinions that the Canadian Pacific railway is cutting into the business of America's transcontinental lines to a considerable extent and Mr. Huntington thinks that the trade of Portland with the Orient will be badly handicapped. It may be that the Southern Pacific president is right, but with a railroad connecting Astoria with either the Union or Central Pacific transcontinental systems, and a cific transcontinental systems, and a line of transpacific steamers direct. I have leased the premises formerly oc-cupied by George D. Jones, No. 644 Third street, where I will in future be found ready from this port, Oregon would have nothing to fear in regard to the trade with China, and it is dollars to apples that a large portion of the trade that now goes to San Francisco would come to this city.

## SCROFULA

Is that impurity of the blood which produces unsightly lumps or swellings on the glands of the neck; causes painful running sores on the arms, legs, or feet; developes niecrs in the eyes, ears, or nose, often causing Liminess or deafness; is the origin of pingles, cancerous growths, or the many ether manifestations usually ascribed to "lamors;" and fastening upon the lungs, gumes consumption, and death. Being the most ancient, it is the most general of all diseases or affections, for very few per ous are culticly free from it.

## How Can CURED

It taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, office when other medicines have failed, has preven itself to be a potent and peculfor medicine for this disease. Some of these cures are really wonderful. If you safer from scrofula or impure blood, be more to by Hood's Sarsaparilla.

Larry spring my wife and children have been troubled with perofula, sores breaking out on them in various places. My little boy, three years old, has been a terrible sufferer. Last spring he was one was of seres from head to feet. I was colord to use Hood's Sarsaparilla, and we have affinkenit. The result is that all have seen sured of the scrofula, tay little boy entirely free from sores, and all four by children look bright and healthy." E. P. Avinteron, Passale City, N. J.
