But it would hardly be second annual congress of the Oregon fair to make the front owners pay all State Secular Union, which will conthis interest. It should be shared by Martin Foard's residence on West of the city. Just south of that part of the city. Just south of that is the nearly completed fine residence of G. W. PROGRESS. A Card From Ed. Wright.

To the Honorable, the County Court of Oregon for the County of Clatsop:
You will take notice that the bridge across the Fishhawk creek, which was put in by Carnahan and Morrison near Jeweil postoffice, is in a dangerous condition, and that the public demand would justify the county in ordering it repaired immediately.

The above statement is a lie from beginning to end. I have not entered the office of A. A. Cleveland since the day of the trial of Michell, and during my three years work on the news-papers of this city, have never copied an item from the records of either justice, police, county or circuit courts without first obtaining permission to do so. The insignificant item which Mr. Cleveland seems desirous of enlarging into mammoth proportions, was given to me by a party convers-ant with the facts. No promise of secrecy was exacted, and had Mr. Cleveland came to me like a gentle-man and asked for the source of my information I might have told him, but clothed in the dignity of his one horse court, he would not bend to ask "It is a fact," that Hood's Sarsaparilla into print with his tale of woe. Cuticura Remedies.

I am going to tell you of the extraordinary cure your Cuticura Remedies performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers accompanied with teching. I would scratch every bight until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In veln did I consult all the doctors in the county, but without sid. After giving up all hopes of recovery, I happened to see an advertisement in the newscaper about your Cuticura Remediate relief. I began to notice that the scaly cruptions gradually dropped off and disappeared one by one, until I had been fully cured. I had the disease thirteen months before I began taking the REMEDIES, and in four or five weeks was entirely cured. My disease was ezeum and psoriasis. I know of a great many who have taken the REMEDIES, and thank me for the knowledge of them, especially mothers who have babes with scaly cruptions on their heads and bodies. I cannot express my thanks to you. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as clear as a baby's.
