Long Article Published in the 'Oregonian."

All of the Astoria newspapers sud-denly changed the tone of their edi-torials and news items Thursday. Instead of opposition to William Reid, those papers were loud in their praise of him for having negotiated the sale of Astoria's railroad bonds in London. It seems that after Mr. Huntington abandoned Astoria last May, Mr. Reid, knowing that other companies op-J. O. Hanthern, the well-known with a family living near Kinney's cannery, but that they had neglected their trust and used to send her after of the eastern end of Cedar street.

o'clock, he failed to observe them him in Portland on Tuesday, in whose too late, for the buggy, a two wheeled spondence by letters and cablegrams mother to carry out her intentions of placing the child in St. Helens hall and the petition dismissed. with eminent London financiers, and a contract he had made, duly signed and the running gear knocked out from London for the approval of the Astoria finance commit-On the other side of the fence is a tee, placing \$3,000,000 of Astoria railfall of about twenty feet to the rocks road bonds in London subject to one below, and had not the vehicle broken as it did, Mr. Hanthorn would in all probability have been thrown over and dashed to death or seriously injured.

To the rocks to the rocks to death on the vehicle broken condition—that the engineering of the line as surveyed by Engineers F. E. Habersham and E. E. Cooper be inspected by an eminent engineer appointed to visit Oregon for that purpose, and, that no moneys be advanced until such engineer has examined the engineering and declared it satisfac-As it was he escaped with a shaking pose, and, that no moneys be adva-

> public attention again, and the fact that the property owners do not get together and have them put into shape before winter sets in was condemned. Along by Colonel Taylor's London syndicate's ability, which place and on adjacent steets, the sidewalks are out of repair or there are none, and a person going up the hill has to flounder through dust or mud. The street commissioner and the council financial ability, and the report was committee on streets would endear themselves to a suffering public by having the streets put into condition for the ramy season.
>
> The week to accept the traffic the yellow satisfactory. The bondholders insist for protection the traffic that the Astoria & South Coast Railway be built to a two-fold transcontinental connection both with the Northern and Southern Pacific, and for that reason \$3,000,000 of bonds are necessary to be placed to cover 120 miles of railway to be built.

CONDITIONS OF THE SALE. First—That the London syndicate purchase the \$3,000,000 of bonds at 80 cents on the dollar, along with 40 per cent. of the capital stock of the A. & S.

C. railway; pays \$200,000 in November; also, \$470,000 when fifty miles are com-pleted, and the remainder on the com-pletion of every ten-mile section. Second—That citizens of Astoria raise a subsidy of not less than \$275,-000 to \$300,000, to be transferred to a trustee (an Astoria gentleman) and held in trust, from which is to be paid to the London bondholders, the interest on their bonds for nearly two years from 1890. This subsidy, or guarantee of interest, is not to be paid until the railway has actually reached a connection either with the Southern Pacific or the Northern Pacific, and is of no force or effect unless and until such railroad connection is accomplished In other words, "no cure, no pay.' Astoria pays nothing until she actually

gets the railway.
Third—That certain well-known railroad men and contractors must individually, jointly and severally guarantee bondholders to build the railway, and guarantee that it will be completed to a transcontinental conection in 1892, and shall become liable for the interest on the bonds during the period of construction, in addition to the Astoria citizens' sub-

by virtue of their ownership of 40 per cent. of the capital stock of the railway have a representation on the board of directors at Asteria whenever the first thirty miles are com-

Fifth-That 120 miles of road to Pertland, and also to the Willamette valley from Astoria, be actually owned by the Astoria & South Coast railway, of which thirty miles are to be completed and in running operation this year 1890, and fifty miles additional next year, 1891, from Portland to the coal mines and to the lumber regions, and the remaining forty miles, early in

Sixth-That the resident engineer or inspector appointed by London bondholders supervises the work of construction for eighteen months, and see that the bondholders' moneys are properly distributed only in the actual construction of the road. Seventh—That the Astoria & South Coast railway shall have a double or two-fold transcontinental connec-

tion. First, the main line from As-toria to Portland is to be built to a connection with the Northern Pacific, and when it reaches Columbia river, The latest style of Gents' Boots and Shoes at P. J. GOODMAN & Co.'s.
