Through the efforts of Dr. August Kinney and others interested in property along the line, the old military road from Upper Astoria to the Walluski ferry has been opened up and is now passable for horseback travel. This trail has the advantage of being a good trail in winter when the county road to the Walluski would be impassable.

It is said that tobacco leaves in that section attain a length of three or four feet, so there seems to be nothing to hinder the residents there from eating big sweet potatoes and smoking long eigans, if they wish.

W. B. Marye, of Jewell, was in the city yesterday. He found the road from Jewell to Olney in a very bad state. The travel over the road since the recent rains has rendered some of it almost bottomless. The roads need a ditch along each side to carry the water off that runs from the hillsides, and culverts to carry the water from the ditches under the road, so that it will not stand upon or run over the road bed. There should be some mossey and intelligent labor spent upon the roads after they are made to keep them in repair and passable.

Emil Thompson, one of the men sent to Tillamook to lay the cable from the rock to the mainland, arrived in this city yesterday, coming by Seaside, which place he reached in a skiff. Mr. Thompson was seen at the Central notel last evening, and explained that in readiness as far as possible for the laying of the line, but could do nothing further until the Manzanila, the lighthouse tender, re-turned from Puget sound. He had been on the rock for a month and got tired of waiting for the sleamer, and as he needed some supplies, he decided to risk a trip ashore in the skiff in which one of the light-keepers was nearly drowned a few weeks ago. The trip was a perilons one. The sea was light. running high, but Thompson made it in safety, but he got very wet.

BRAKKE'S BAD BREAKS.

The hearing of the case of embezzlement against A. T. Brakke, was again continued last evening until this afternoon. The rancher whose money the accused secured is very anxious to recover his coin as it represents his savings for upwards of a year and was laid away for the purpose of bringing his family to this city from Denmark. Friends of the accused raised the money to make good Brakke's defi-ciency and yesterday it looked as if the case would be settled without further

dition to having a narrow escape from being tried for defrauding Uncle Sam. It appears that Johnson gave Brakke \$25 to procure an internal revenue li-cense for him, and went on doing business. One day a government in-spector dropped in on Johnson and the latter had to go to Portland, and it was only after showing himself to have been innocent in the matter that

he was let off on the payment of the amount of the license It is also said that August Daniel-son is out \$20 through the accused. He gave Brakke \$20 to pay Robb & Parker a premium on an insurance policy. Brakke got the policy and the premium was charged up to Dan-ielson, and it was only on presentation ielson, and it was only on presentation of the bill that the matter came to

However, the opportunity to meet for mutual improve-ment should be such a pleasant duty that no compulsion should be necessary to secure the attendance of all the teachers in the county. The pro-gram usually consists of addresses, es-says and exercises by teachers spe-cially designated for the different sub-jects to be considered, the whole mak-ing an entertainment that is interesting and instructive, not only to the teachers, but to parents and patrons of the school and all others interested in educational work. For the purpose of educational work. For the purpose of preparing a program for the coming institute in this county and making it of the most practical benefit, Superintendent of Schools Shively has appointed the following committee from the following named school districts:

PRACTICAL TESTS. an Astonishing Offer-Some of th Replies.

The San Francisco papers of recent date ontained the following offer: "As an evidence of the ability of Joy's Vegetable Sarsaparilla to prevent sick headaches, we will give to the first twelve responsible persons who will apply at our office a bottle free if they will agree that after they have been cured that they will admit the fact over their signatures."

This offer so startlingly asserted the efficiency of the remedy that many accepted. and the letters of the parties, nearly all of whom responded, are probably the most

those received:—

I have been subject to bilious headaches and constipation for several years past; in ...ct, have been compelled to take a physic every other night or else I would have a headache and sull, mean feeling. I have taken that bottle of Joy's Vegetable Sarsparilla, and have derived great benefit from it, and intend continuing it. After my own experience I can heartily advise those troubled with billionsness and constipation to try it. Yours, CHAS. E. ELKINGTON, 125 Locust Avenue, San Francisco.
