Olaf Anstensen, a native of Norway, took out first citizenship papers yesterday.

The Rev. Wm. S. Short will hold service at the Skipanon school house, Monday evening, the 27th, at half past seven.

A son was born to the wife of W. S. Kinney, manager of the Clatsop mill, yesterday. Mother and child are both doing well.

City Attorney Curtis and E. Z. Ferguson completed the work of measuring and numbering the houses in Uppertown yesterday.

The Clatsop Mill box factory is now running on full time, and is turning out 3,000 and 4,000 boxes a day for the canned fruit trade in California.

A stiff northeast wind set in last night, stirring up quite a sea in the river and making it necessary for vessels at the wharves to run out extra lines.

Dr. Prentice telegraphs that he cannot be in Astoria on October 28th, as previously announced, and has been compelled to indefinitely postpone the date of his visit.

Persons indebted to the estate of the late Louis Wilson or to the firm of Wilson & Fisher are requested to make immediate settlement at the office of J. Q. A. Bowley.

Wm. Scott and Frank Hubbard, who engaged in a fistfight on First street early yesterday morning, were fined \$10 each by Police Judge Jewett yesterday on charges of battery.

Jimmy Morrison, a young boy, was caught masquerading on Third street last evening by an officer. He was given a severe lecture and allowed to go home and change his clothing.

Capt. Tatton, of the steamer R. P. Elmore, has notified the customs officers at this point that all the Chinese landed from his vessel on Thursday last came from Alaska and in consequence no proceedings will be had.

Thomas Lindville, Capt. Wherley and a number of other friends of Col. E. C. Hughes, who is in Idaho, enjoyed a rare game feast last evening. Colonel Hughes seated down a lot of sage hens, prairie chickens, etc., from Idaho.

The famous musician Liberati, who with his immense band, closed tonight at the grand exposition, will be here on the 7th or 8th of November, the exact date not yet being decided upon, and make the opera house ring with his music.

Fitzgerald & Co. have opened a market on Olney street near the Telephone dock, where they will keep eggs, poultry, canned meats, fish and game in season. They have the best facilities for supplying their customers from fresh stock.

The horse attached to the Parker house omnibus ran away yesterday morning from the front of the hotel and shook the vehicle up badly. In turning the corner of First and Main streets a telegraph pole was encountered and the horse stopped.

The case of A. T. Brakke arrested for embezzlement, particularly in connection with the case of the telephone company, has appeared in THE ASTORIAN, was dismissed in the justice's court last evening, the prosecuting witness failing to appear. It is understood that Brakke refunded the money he was accused of appropriating.

Sturgeon fishing is very lively on the Columbia, especially near Skamokawa, where large numbers of these huge fish are brought in, weighing from 100 to 600 pounds each. On every trip up, the telephone takes from 50 to 200 sturgeon up to Waterford, where they are cut and packed and thence shipped to the East.

Manager Sharpstein of the electric motor line, received word yesterday that a missing profile map, of great importance to the company had been found in Portland. The absence of the map, was the cause of some delay in the beginning of work, but its recovery, the manager says, will make construction all plain sailing now, and within the next few days Mr. Schurz, the agent of the Edison Electric Construction Co., which has the contract to put in the road will have a large crew of men at work. In the meantime the graders who have been at work on the hill will be kept at it.

Attention, Sir Knights.

THE SQUAW BRIDE OF MAU WAI
 A High Chinese-Indian Wedding Celebrated in Chinatown.
 THEY CAME FROM FAR ALASKA.

There was a high old time in a Chinese tenement house on Second street between Benton and Lafayette streets last evening, the occasion being the celebration of a marriage between a Chinese and an Alaska Indian woman. Following the ceremony, which was performed by Rev. Dr. Garner, of this city, the Pagan and his squaw bride together with a host of Chinese friends gathered around a banquet table laden with sharks fins, birds-nests soup and other delicacies dear to the Pagan heart. A cheap brand of wine was also liberally dispensed. Several Chinese romancers, who had some and sang solos to the accompaniment of Chinese fiddles and tom-toms. The bride was the center of attraction and as the groom looked upon her portly body and gazed at her brown and greasy face he appeared supremely happy. The uniting of Mau Wai and Miss Annie Johnson in accordance with the customs of the church was simply to legally seal a union that has existed between the couple for many months past. Mau is by occupation a cook and all last season was employed at Ft. Wrangle. It was while in that far western place that he met his present wife. She was in the habit of coming around the back door of the kitchen and in true Indian fashion asking for a cold potato and scraps of victuals. Annie never went hungry. She lived on the best kitchen scraps and also won the affections of Mau. They came to an agreement in short order and went to living together as man and wife.

With the close of the season in Alaska a few weeks ago, Mau and his dusky companion took passage on the steamer Mexico for this city and arrived here last week, taking up their abode in the Chinese quarter. An ugly story preceded the arrival of the couple, being telegraphed from Port Townsend. It was to the effect that Mau had battered his companion on the trip down and reaped a golden harvest. This story is denied by Mau and his friends.

ANOTHER STORM AT SEA.
 Rough Weather Will Prevail Off This Coast.

Signal Officer Grover will hoist the yellow flag again this morning to warn mariners of another tempest at sea off the Oregon coast. Last evening the signal officer received the following weather bulletin from the head office in San Francisco:

"SAN FRANCISCO, Oct. 24, 1930.
 "7 p. m. Storm central at sea off the Oregon coast, moving east, northeast, westerly; shifting to easterly, stationery and again to westerly; stationary, followed by higher temperature, rain, with thick weather and dangerous gales along the north Pacific coast for forty-eight hours from Saturday morning."

SALMON RUN.
 The Silver Salmon Exhausted and the Scowitz Pat is an Apparance.

Mr. Myers' fishermen will not leave for Hood's canal before November 1. The cause for this is on account of their equipment, which is in need of repair. The silver salmon are about exhausted, and the scowitz have taken their place. Mr. Myers is now under the impression that he can fill all the cans he has at present, and a large number more, which he is now thinking of ordering since the new run commenced. From the present outlook of the situation he will undoubtedly pick considerable more than what he anticipated. During the past few days the fishermen have brought in from 4,000 to 6,000 pounds daily, and Mr. Myers was compelled to place several men at work.

In speaking of the salmon, Mr. Myers stated that they are the largest that have been seen or caught since 1898, and it seems as though this species of salmon only put in their appearance every ten years. In the year 1870 his men succeeded in capturing some of the largest salmon that have ever been in the market. He was unable to account for this peculiarity.

The runs this season have all been spotty, but the present run, which so far has proved successful, will undoubtedly continue until the end of the season—Seattle Times, 21.

A DELAYED LETTER.
 An Invitation That Reached This City Too Late.

By reason of a delayed letter, or rather, the irregular mail service between this city and Portland, Astoria Division of the Knights of Pythias, Uniform Rank, was unable to have a representative at the ceremonies attendant on the institution of Ivanhoe Division, No. 8, Uniform Rank, which occurred last evening. A letter of invitation, dated October 21, reached here only yesterday morning, and then it was too late to send a representative. Telegraphic regrets, however, were sent by Captain Trenchard as follows:

"Invitation received too late. Astoria division wishes success to Ivanhoe division."

The formal letter of invitation from Ivanhoe division is as follows:

PORTLAND, Oct. 21, 1930.
 Captain Curtis Trenchard,
 Astoria, Or.
 Knightly Sir and Bro: I am instructed by the committee of arrangements to extend a cordial invitation to Astoria Division, I. O. U. E., to be present at the institution of Ivanhoe Division, No. 8, and the banquet on Friday evening, the 24th, at 7:30 p. m., institution at the Arion hall; banquet at the 8th hall. Hoping to see a representative from Astoria. Yours in F. C. and R.
 JOHN BOVAT.

MARINE NEWS AND NOTES.
 The steamer Columbia is scheduled to sail for San Francisco this morning.

The schooner Letitia is loading lumber at the Clatsop mill for San Francisco.

The steamer Gen. Miles arrived yesterday from Shoalwater bay and left for the river after a short stop.

The schooner John F. Miller will sail from San Francisco for this port in a few days to load lumber at the Clatsop mills in this city.

The ship City of Philadelphia concluded lighting between 800 and 900 tons of freight yesterday and will go up the river as soon as she can get a tow.

The British ship City of Carlisle arrived off the bar last evening and a pilot was put aboard. She will come up the river to-day. The vessel is from Australia, and, it is thought, has a cargo of coal.

The German four-masted bark Renee Rickmers entered at the custom house yesterday. She will finish taking in cargo here and now has on board 16,000 sacks of wheat, valued at \$23,000; and 26,286½ sacks of flour, valued at \$49,943.

The British ship Midley Hall, D. Evans master, arrived in late last evening, 110 days from Rio de Janeiro. She is a vessel of 1772 tons register and is in ballast to load wheat for the United Kingdom. The voyage around the horn was a very tempestuous and lengthy one, the vessel meeting with baffling winds and a series of gales, but met with no mishaps.

As to the Sheriff Boarding Prisoners.

It has been stated by the Salem Statesman that the law in this state governing sheriffs in their charges for boarding prisoners, properly interpreted allowed a sheriff \$5 a week for each of four prisoners, and when the number exceeded four he should be allowed \$3 each for each additional prisoner above four. According to that law he would receive \$20 for four prisoners, \$23 for five, \$26 for six. The section of law governing the case reads as follows:

SECTION 2241. A sheriff shall be entitled to receive \$5 a week for keeping and boarding any person arrested under a civil or criminal process, in the county jail, and a proportionate part thereof for any fraction of a week, provided that, at any time the number of persons confined on criminal process in such jail shall exceed four, then the sheriff shall receive \$3 per week for each prisoner, the section of law governing the case reads as follows:

SECTION 2241. A sheriff shall be entitled to receive \$5 a week for keeping and boarding any person arrested under a civil or criminal process, in the county jail, and a proportionate part thereof for any fraction of a week, provided that, at any time the number of persons confined on criminal process in such jail shall exceed four, then the sheriff shall receive \$3 per week for each prisoner, the section of law governing the case reads as follows:

The ordinary interpretation of English language would seem to make it plain that the sheriff is allowed \$5 for each prisoner when the number does not exceed four, but when it exceeds four he will only get \$3 each for the number he has in custody. For four prisoners he would be allowed \$20 per week, while for five he would only be \$15 per week. Sheriff Smith says that the latter mode of interpretation of the law is the one that is applied to the estimation of his bills, whether it be reasonable or otherwise.

THE CRYSTAL SLIPPER.
 A Gorgeous Spectacular Production
 Wonderfully Attractive.
 CROWDED HOUSES EVERY NIGHT

On Wednesday evening last there opened at the Marquam Grand in Portland, one of the most brilliant and spectacular extravaganzas ever produced in that city, entitled the "Crystal Slipper, or Prince Pettivitt and Little Cinderella." Every evening the vast house is crowded to its utmost capacity, and seats are sold several days in advance. The play is replete with fun, and intensely interesting situations. The ballet and chorus girls are mostly beautiful in face and form, especially when arrayed in dazzling costumes, scanty and unique, and in the ballet many new features are presented.

Miss Louise Montague as the "Princess" is perfection personified in face, form and voice, sharing well the honors with the charming little Miss Ida Mull, as "Cinderella," who is the smallest lady in the entire company, a child in height, but a perfect woman in form, with a beautiful childish face, and a voice of wonderful power and sweetness, making her a great favorite with the audience, adored by the men and beloved by the women.

The transformation scenes are marvels of stage mechanism, especially the closing one which has many of the best scenes in the play. Beautifully and producing at last a veritable vision of enchanted fairyland. To-morrow night it is given for the last time, giving place on Monday evening to the splendid melodrama "The Story," which will hold the boards for a week. Edwin Foy as "Yosemite," the baron's valet, and W. S. Daboll as "Baron de Bonlevard" sustain the comic side of the piece and are exceedingly mirth provoking, and remarkably original in their efforts.

Manager Friedlander has more than delighted his immense audiences with the "Crystal Slipper," and not only Portland, but the entire city for a long distance, many people have come to witness the brilliant piece. Astorians in large numbers have attended. The costumes worn are costly and elaborate, and the mounting of the play is superb. Under the management of a chariot is drawn by four beautiful little ponies, and the team turns around on the stage in regular style. Many features of great interest are introduced, which should be seen to be appreciated.

DR. PRENTICE.
 Eye, Head and Nervous Diseases, At Occident Hotel, Astoria, On Future Date, For a Few Days Only.

FREE.
 Dr. Prentice Will Cure The First Case Of Cross-Eyes and Epileptic Fits - Free On Day of His Arrival in Astoria.

A man well known in this community writes the following interesting letter: "I was chopping a stump four weeks ago, when a flying chip struck me in the eye. At the time I was entirely blind. Then partial sight returned again. I nursed poor and continued to treat it at home, until ten days ago, when I was unable to see anything. Seeing perfectly again, unless something more than ordinary was done, I could have lost the eye. The oculist of Portland advised me to have the eye cut out to save the other. It did not exactly suit me to have my eye cut out, and I went to Dr. Prentice, the oculist, then at Portland, and he laughed at the idea of its being necessary to cut out my eye. I joined in the laugh, for it was on my side. I have been free from pain since the first day, and my vision is now as good as well again. I feel safe in saying that if Dr. Prentice cannot cure a case he will always say so."
 Gray's River, Wash.

A Touching Scene Witnessed By a Portland Gentleman.
 One week ago we received an invitation to witness a delicate surgical operation. The patient was a young girl, 17-year-old daughter of Harrison Hay. For three years she had been blind in both eyes with a cataract, and was obliged to grope her way about in total darkness. The patient, without taking chloroform, submitted to the following operation: She was now ready for the operation. The eye of the work, and was in breathless anxiety as Dr. Prentice placed the point of his knife at the side of the eyeball, carefully touching the point of the cornea, then the blade entered the eye; we saw it pass through the pupil, and then it came out on the other side. It was then drawn upward, and a cut made about one-third of the circumference of the ball. A few minutes later the instrument was passed in back of the pupil, and almost on the instant the girl said: "Oh, Dr. Prentice, I can see you!" This was spoken in tones we had never heard before. She was allowed to see those about her for a moment, then the eye was closed and bandaged.

After the operation she was able to read our paper. She also wrote a letter home, and said: "Dear parents, I can see and am happy."
 Mr. Jerome W. Campbell, General Superintendent of the Willamette Bridge Railway Co., saw this operation.

Another Letter From Judge Carlton.
 SALT LAKE CITY, 1888.
 DEAR DOUGLAS—Before leaving for the East, I wish to express my appreciation of your treatment of my eyes. I have tried for several years to get far-seeing glasses, but I had concluded I could get none that would be of any benefit to me. But after I saw the wonderful benefits of your system, I take pleasure in saying that the glasses furnished by you have restored my vision both for reading and far-seeing to the same condition as if my boyhood had solved to have you furnish me glasses after I witnessed your system on a beautiful young lady of sixteen years, afflicted with a diseased condition of the eyesight. She told me she had never been able to distinguish the faces of her friends, and she said that in her life she saw nothing but a confusion of tops, which were greatly delighted, and inquired with childish simplicity: "Do other people see things like this?" With a view as novel and beautiful as "Eden's rose" appeared to our first parents.

PRACTICAL TESTS.
 An Astonishing Offer—Some of the Replies.
 The San Francisco papers of recent date contained the following offer:—"As an evidence of the ability of Joy's Vegetable Sanitizer to prevent headaches, we will give to the first twelve responsible persons who will apply at our office a bottle free if they will agree that after they have been cured that they will admit the fact of their cure."
 "This offer so startlingly asserted the efficiency of the remedy that many accepted, and the letters of the parties, nearly all of whom responded, are probably the most convincing attestations that any remedy ever received. The following is a sample of those received:—
 "I have been subject to bilious headaches and constipation for several years past; in fact, have been compelled to take a physic every other night or else I would have headache and dull, mean feeling. I have taken that bottle of Joy's Vegetable Sanitizer, and have derived great benefit from it, and intend continuing it. After my own experience I can heartily advise those troubled with biliousness and constipation to try it. Yours, CHAS. E. ELBERTON,
 125 Locust Avenue, San Francisco.

MORTAR-SPOTTED SKIN
 Covered with Scales. Awful Spectacle. Cured in Five Weeks by the Cuticura Remedies.
 I am going to tell you of the extraordinary cure of my skin. I had been afflicted with mortar-spotted skin for many years. My face was covered with scales, and I was unable to see my eyes. I had tried many doctors, but without success. I had heard of Cuticura, and I purchased it. I used it for a few days, and I was cured. I had been afflicted with mortar-spotted skin for many years.
