TO STOCK WARRENDALE HATCHERY.

The Government Blamed for a Short Season at Clackamas Hatchery.

State Fish Commissioner Reed leaves this morning for the Clackamas hatchery to get from 300,000 to 500,000 salmon eggs, which he will take to the branch hatchery at Warrendale this evening.

"The season's catch," said Commissioner Reed to a reporter yesterday, "will not exceed 3,000,000 eggs. Had the dam and rock been put in early in the season, as it should have been, we could have secured 10,000,000 eggs just as well as 3,000,000. The expense would not have been any more.

"The blame lies with the government in not making the appropriation for hatchery repairs in time. The dam should have been built by the 1st of May, whereas we did not get the money until the 1st of July. The entire cost was not over $200, while the loss in fish through this delay can scarcely be estimated. The government's shortsighted policy in not attending to the business in time will prove a serious loss to the state. Moreover, Oregon and Wsshington are now without a government fish commissioner. Commissioner Stone, who was here for a time has gone, and no one has been sent to take his place. If the government cannot afford to give Oregon and Washington a fish commissioner, it might just as well give up the effort in the direction of artificial propagation entirely. The people should demand a government fish commissioner, and there is enough for him to do here too."—*Oregonian*, 22.

MEMORY AND HOPE.

Fond memory holds to our view a bright mirror;
That gives on its surface each pleasure that's gone;
And still as we look we behold them grow clearer,
Until once again we're 'midst scenes that are flown.

O, memory, dearest of all earthly treasures,
How sweet are the draughts that we joyously sup,
Though bitter is sometimes mixed in with our pleasures,
It makes by the contrast the sweeter the cup.

We have parted with friends, aye, perhaps a fond mother
Has left this dark world for a brighter above;
But, Oh, she has left that which time cannot smother,
The dear reccollection, a fond mother's love.

How sweet was our youth when we clung to that mother,
And thought her so near that we never could part;
But one disappointment crowds close on another,
Till griefs overwhelmingly deluge the heart.

But Hope, Oh, the pleasures of Hope, how they lighten
The burden of grief through this dark solitude!
Oh, pleasures of Hope, how divinely they brighten
Our path to that world where no ills can intrude.

FOREST GROVE, Or., March 19.—I have used the OREGON KIDNEY TEA and obtained immediate relief. It is God's blessing to humanity. I take pleasure in recommending it to the afflicted. GRAND PREMIUM OFFER!

A SET OF THE

WORKS OF CHARLES DICKENS,

In Twelve Large Volumes,

Which we Offer with a Year's Subscription to this Paper for a Trifle More than Our Regular Subscription Price.

CHARLES DICKENS.

Wishing to largely increase the circulation of this paper during the next six months, we have made arrangements with a New York publishing house whereby we are enabled to offer as a premium to our subscribers a **Set of the Works of Charles Dickens,** in **Twelve Large and Handsome** Volumes, with a year's subscription to this paper, for a trifle more than our regular subscription price. Our great offer to subscribers eclipses any ever heretofore made. Charles Dickens was the greatest novelist who ever lived. No author before or since his time has won the fame that he achieved, and his works are even more popular to-day than during his lifetime. They abound in wit, humor, pathos, masterly delineation of character, vivid descriptions of places and incidents, thrilling and skillfully wrought plots. Each book is intensely interesting. No home should be without a set of these great and remarkable works. Not to have read them is to be far behind the age in which we live. The set of Dickens' works which we offer as a premium to our subscribers is handsomely printed from entirely new plates, with new type. The twelve volumes contain the following world-famous works, each one of which is published *complete, unchanged, and absolutely unabridged:*

DAVID COPPERFIELD,
MARTIN CHUZZLEWIT,
NICHOLAS NICKELBY,
DOMBEY AND SON,
BLEAK HOUSE,
LITTLE DORRIT,
OUR MUTUAL FRIEND,
PICKWICK PAPERS,
BARNABY RUDGE AND CHRISTMAS STORIES,
OLIVER TWIST AND GREAT EXPECTATIONS,
THE OLD CURIOSITY SHOP AND THE UNCOMMERCIAL TRAVELER,
A TALE OF TWO CITIES, HARD TIMES AND THE MYSTERY OF EDWIN DROOD.

The above are without question the most famous novels that were ever written. For a quarter of a century they have been celebrated in every nook and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the usual high cost of the books preventing people in moderate circumstances from enjoying this luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the extremely low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works.

Our Great Offer to Subscribers to the "Weekly Astorian."

We will send the **ENTIRE SET OF DICKENS' WORKS,** *in* **TWELVE VOLUMES,** *as above described, all postage prepaid by ourselves, also* **THE WEEKLY ASTORIAN** *for* **ONE YEAR,** *upon receipt of* **$2.75,** *which is only* **75 Cents** *more than the regular subscription price of this paper.* Our readers, therefore, practically get a set of Dickens' works in twelve volumes for only **75 Cents.** This is the grandest premium ever offered. Up to this time a set of Dickens' works has usually been $10.00 or more. Tell all your friends that they can get a set of Dickens' works, in twelve volumes, with a year's subscription to **THE WEEKLY ASTORIAN,** for only **$2.75.** Subscribe now and get this great premium. If your subscription has not yet expired, it will make no difference for it will be extended one year from the date of expiration. We will also give a set of Dickens as above, free and post-paid, to any one sending us a club of three yearly subscribers. Address:

THE MAMMOTH CYCLOPÆDIA,

IN FOUR VOLUMES.

A Great and Wonderful Work,

CONTAINING

2,176 Pages

AND

620 Beautiful Illustrations!

THE MAMMOTH CYCLOPÆDIA has been published to meet the wants of the masses for a universal compendium of knowledge, practical, useful, scientific and general. The work is published complete in four large and handsome volumes, comprising a total of 2,176 pages, and is profusely illustrated with 620 beautiful engravings. Thousands of dollars have been expended to make this the most complete, valuable and useful work for the masses ever published. It is a work for everybody—man, woman and child, in every occupation or walk in life. The substance and practical utility of twenty ordinary volumes are compressed in these four, and so replete is the work with knowledge of every kind, so filled is it with useful hints and helpful suggestions, that we fully believe that in every home to which it shall find its way it will soon come to be regarded as worth its weight in gold. For want of space we can only briefly mention in a small portion of the contents of this great work, as follows:

HISTORY. The MAMMOTH CYCLOPÆDIA contains a complete and authentic history of the great American Civil War, profusely illustrated, with numerous Anecdotes of the Rebellion; a complete History of America, from its discovery by Columbus to the present time; graphic descriptions of famous battles and important events in the history of all nations, chronological history, etc., etc.

BIOGRAPHY. This great work contains the Lives of all the Presidents of the United States, from Washington to Harrison, with portraits and other illustrations, also lives and portraits of Napoleon Bonaparte, Shakespeare, Byron, Wellington, Penn, Benjamin Franklin, Henry Clay, Daniel Webster, and famous statesmen, authors, poets, generals, clergymen, etc., down to the present day.

AGRICULTURE. Valuable hints and useful suggestions to Farmers, treating of field crops, gates and fences, fertilizers, farm implements; livestock raising, including the treatment of diseases of domestic animals; poultry keeping, and how made successful and profitable; bee keeping, dairy farming, etc. The treatment of these subjects is complete and exhaustive, and renders the work of great practical use to farmers and stockmen.

HORTICULTURE. Herein is given the most useful hints to growers of all kinds of vegetables and fruits, as gathered from the experiences of the most successful horticulturists!

ARCHITECTURE. Designs and plans for houses, cottages, barns and other outbuildings, with valuable suggestions to those intending to build.

HOUSEHOLD. This work contains tried and tested recipes for almost every imaginable dish for breakfast, dinner and tea, this department alone being worth more than the price of the cook books sold; almost innumerable hints, helps and suggestions to housekeepers; designs and suggestions for making many beautiful things for the adornment of home, in needle work, embroidery, etc.; hints on floriculture, telling how to be successful with all the various plants; toilet hints, telling how to preserve and beautify the complexion, hands, teeth, hair, etc., etc.

MEDICAL. Many dollars in doctors' bills will be saved annually to every possessor of this book through the valuable information herein contained. It tells how to cure, by simple yet reliable home remedies, available in every household, every disease and ailment that is curable, this department forming a complete medical book, the value of which in any home can hardly be computed in dollars and cents.

INVENTION AND DISCOVERY. Remarkably interesting descriptions of great inventions, including the Steam Engine, the Telegraph, the Printing Press, the Electric Light, the Sewing Machine, the Telephone, the Type Writer, the Type Setting Machine, the Cotton Gin, etc.

THE WORLD'S WONDERS. Graphic descriptions, beautifully illustrated, of the Yellowstone Park, Yosemite Valley, Niagara Falls, the Alps, Venice, Switzerland, Pompeii, Vienna, the Canons of Colorado, Mammoth Cave, Natural Bridge, Watkins Glen, the White Mountains, etc., etc.
