### LOSS HALF A MILLION

Mobile, Alabama, the Scene of a Destructive Fire.  
**BALES OF BLAZING COTTON.**  
The Flames Fanned by a Gale of Wind—The Firemen Win the Fight After a Hard Battle.  
Special by THE UNITED PRESS.  
MOBILE, Ala., Oct. 26.—A fire started 12:40 o'clock this afternoon and resulted in the most disastrous conflagration that Mobile has had since the war. The fire began in a shingle mill and factory near the river front. A strong wind in the northeast was blowing and the flames soon communicated to Goodman's warehouses, where 900 bales of cotton were stored. Sparks from the cotton were carried by the wind and communicated the flames to Brown's warehouse, thence back to Magnolia street to the Mobile mills and to the wharf front of the Mobile & Birmingham Railroad Company.  
The inflammable character of the material which fed the flames and the gale which was blowing, caused the fire to spread with lightning rapidity and before 2 o'clock it looked as if the fire would spread from end to end of the waterfront of the city. Then the Gulf City mill, with the warehouses which were stored full of cotton oil cake and metal, blazed out. Immediately the flames spread from building to building, until Gage & Lyons' artificial ice factory and Merchants' Press were destroyed. The list of property destroyed includes 6,500 bales of cotton, eleven freight cars, all grain laden, belonging to the Mobile & Ohio Railway Co., five empty box cars of the Mobile and Birmingham road; two wood and coal yards, three cotton compressors, eight cotton warehouses, Gulf City Oil Mill and warehouse, Mobile Flushing and Chemical Works, Gage & Lyons' ice factory, and numerous small business places.  
Five P. M.—The fire department has the fire under control. The loss is estimated at \$500,000.  
**WILL SHE MAKE IT?**  
A Disabled Barge Starts on a Perilous Trip.  
Special to THE ASTORIAN.  
SAN FRANCISCO, Oct. 26.—The barge Ludlow, which while on the way from Port Harford to Seattle with a cargo of bituminous rock, became disabled and put into this port for repairs, left last night for Seattle in tow of the tug Wizard. Half of the cargo had been taken off her and stowed away here, but notwithstanding the fact that she had been considerably lightened, seafaring men are inclined to believe that she will not succeed in reaching her port of destination.  
**THE TELEGRAPHERS.**  
It is Not Improbable a Strike Will Occur.  
Special to THE ASTORIAN.  
New York, Oct. 26.—The Herald prints special dispatches from Chicago, St. Paul and Omaha, stating that the recent discharge of telegraphers by the Western Union at the cities named, for being members of the brotherhood, is assuming a serious phase, and a strike is not unlikely. They want an advance of from fifty to fifty per cent. He offered, however, to take up any specific case and promised a satisfactory investigation. It is believed there will be no further trouble.

### SHOT BY A GAMBLER.

An Ex-Alderman of Chicago Killed in a Restaurant.  
Special to THE ASTORIAN.  
CHICAGO, Oct. 26.—Ex-Alderman William P. Whelan was fatally shot at an early hour this morning by George Hathaway, a fair dealer.  
Between 4 and 5:30 o'clock this morning ex-Alderman Whelan sat down to take an early breakfast with Mat Hogan in the latter's restaurant. They had just begun to eat when Hathaway, who was intoxicated came stalking through the room and stopping immediately in front of the table at which Whelan and Hogan were seated made some remarks, apparently offensive, for Whelan sprang to his feet and advanced. Hathaway at once pulled a heavy 41-caliber revolver and fired, the ball going through Whelan's left groin and out at his back and imbedding itself in the wall.  
Whelan was taken to the hospital where he died this afternoon.  
**FIERCE FOREST FIRES.**  
Men Battling With Them in California.  
Special to THE ASTORIAN.  
SAN RAFAEL, Oct. 26.—The forest fires are still making great headway. All the able-bodied men in this section of the country are fighting it. This afternoon they telephoned for more help. The bridge on the county road has been burned and travel over the road is completely blocked. The fire has been burning since 10:30 A. M. and is coming down toward Ross valley.  
**SHE CAPTURED TWO BURGLARS**  
Work of a Plucky Massachusetts Girl With a Revolver.  
ONE OF THE ROBBERS SHOT.  
Special by THE UNITED PRESS.  
LOWELL, Mass., Oct. 26.—Two burglars attempted to rob the residence of John K. Connelly this morning.  
The first person who discovered the robbers was Annie, the 18-year-old daughter of the house. She immediately arose and making her way, took a revolver and proceeded to a room and found one Tobin, a notorious Boston crook in the act of rifling a drawer in Mr. Connelly's desk.  
When Annie entered the room and shouted, "surrender or I will shoot," the burglar sprang upon the girl, who proved equal to the emergency and emptied two chambers of the revolver into him, one of the bullets striking just above the left lung and bringing him to the floor.  
At this point his accomplice, who was on equal terms with her, entered the room to assist his fallen pal, but the plucky girl over him with her weapon and forced him to sit down until he was handed over to the police for safe keeping.  
**BOOHING PORT ANGELES.**  
A Syndicate of Capitalists Behind the Move.  
Special to THE ASTORIAN.  
New York, Oct. 26.—A syndicate of New York capitalists has been formed during the past two weeks to operate in real estate and improvements at Port Angeles, Washington, on the Straits of Fuca. The capital subscribed is \$500,000, but may be increased to \$1,000,000 by the accession of Boston capitalists.  
The parties are said to be acting on information that the Northern Pacific railroad will extend its lines by a branch to Port Angeles and that the naval commission, lately on the Pacific coast, was favorably impressed with the place as a possible location for the new navy yard.  
**A Body Found.**  
Special to THE ASTORIAN.  
LOWELL, Oct. 26.—The body of the missing child of Mrs. Hobbs, the woman who was murdered at South Hempstead, was found to-day in a field a mile distant from the place where its mother's corpse was discovered. The body bore no marks of violence and it is supposed that the child was smothered to death. Its clothing was saturated with water from a grain.

### THE NATIONAL CAPITAL

Department Clerks And Others Going Home to Vote.  
**THE CRUISER "SAN FRANCISCO."**  
Final Payment on the Vessel to be Made Ex-President Cleveland's Friends.  
Special by THE UNITED PRESS.  
WASHINGTON, Oct. 26.—Considerable activity is played in the local political committees here in getting out voters temporarily residing here to vote in the November elections. Many voters in far distant states left here to-night and many others will leave during the week. In the departments there is a feeling of safety, regardless of politics and the democratic and republican clerks alike, in large numbers, have arranged for a leave of absence to go home and vote.  
The local committees, too, are engaged in drumming up voters in those districts and but few men entitled to franchise in Ohio, West Virginia and in Northern New York, will be in Washington on November 4th.  
**BENEVOLENT FRIENDS.**  
Ex-President Cleveland Receives Many Friends.  
Special to THE ASTORIAN.  
WASHINGTON, Oct. 26.—Since his sojourn at the Arlington hotel Grover Cleveland has had very little time to himself. The ex-president's magnetism apparently clings to him as all of his intimate friends, as well as those who are not included in that number have taken advantage of the opportunity to pay their respects. During his first day in Washington Mr. Cleveland was compelled to deny himself to visitors in order to arrange the evening upon which he will, to-morrow, submit an argument before the supreme court of the United States. Since that time he has been almost constantly engaged in receiving friends. Mr. Cleveland has little to say upon the topic of politics.  
**THE "SAN FRANCISCO."**  
Final Payment on the Vessel will be Made This Week.  
Special to THE ASTORIAN.  
WASHINGTON, Oct. 26.—The navy department is busy in adjusting the accounts of the Union Iron Works of San Francisco, for the building of the United States cruiser, San Francisco. The work of allowing advances on horse power and speed, over contract requirements, will be completed next week, when the Union Iron Works will receive its final payment, amounting to over \$100,000.  
**FOR SALE CHEAP.**  
Serious Allegations Against a Newspaper Man.  
Special to THE ASTORIAN.  
CHICAGO, Oct. 26.—A Tribune special from Guthrie, I. T., says: "The Daily Capitol will in the morning publish affidavits from prominent citizens of Guthrie in this territory, among whom are J. C. Kingfisher in this territory, for a year did for \$100 in cash and a number of labor organizations and merchants.  
**TO BE APPEALED.**  
Bankers Identified with a Supreme Court Decision.  
Special by THE UNITED PRESS.  
BISMARCK, N. D., Oct. 26.—The state supreme court has decided that the state banking law is constitutional.  
At a street meeting yesterday of the private bankers it was determined to appeal the case to the supreme court of the United States on the constitutional questions involved.  
**A \$100,000 Fire.**  
Special to THE ASTORIAN.  
YONKOS, N. Y., Oct. 26.—The machine shop, blacksmith shops and a portion of the stock house of a large mill belonging to the Youngstown Rolling Mill Co. were consumed by fire last night. The cause of the fire is unknown. Loss about \$100,000; said to be fully insured.  
**The Way Made Clear.**  
One of the most serious obstacles to success in the way of man is planted right in the middle of the road to health. How to restore and to maintain a regular habit of body and digestion is too often a source of needless and unhappy, of vain inquiry. It is not necessary to invest against drastic purgatives. They who have used them continuously know the consequence. A remedy which unites the action of regulating medicine with the action of a tonic both for those organs, the liver and the stomach, is Hostetter's Stomach Bitters, and receiving daily the indorsement of our fellow countrymen. With this medicinal, though gentle, laxative at hand, it is possible to keep the system in a state of health, productive of changes of temperature and of a naturally healthy, vigorous, and dispassionate, and kidney troubles are remedied and prevented by the Bitters.  
The summer girl has disappeared. The autumn girl is here. And when she gets on the streets The fall girl will appear.  
**A Safe Investment.**  
Is one which is guaranteed to bring satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertisement a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs, Chest, such as Croup, Croup, etc., etc. It is pleasant and agreeable to take, perfectly safe, and can always be depended upon. Trial bottles free at J. W. Conn's drugstore.

### IN A GREAT STORM.

A Steamer Has a Rough Trip to San Francisco.  
Special to THE ASTORIAN.  
SAN FRANCISCO, Oct. 26.—The steamer Karluk has arrived from Copper River, Eastern Alaska. She brought down 25,000 cases of salmon, together with sixty Chinese and forty white fishermen.  
The Karluk reports that on October 17th a fierce storm was encountered, which played havoc with the steamer. Huge seas swept over the decks and one strong wave carried away the galley door and did other damage. The gale lasted all night and the next day. The Chinese on board became panic stricken and were kept away from the decks so as not to impede the work of the crew.  
**VIOLENCE IF NECESSARY.**  
Colorado Coal Miners Will Demand More Wages.  
Special to THE ASTORIAN.  
DENVER, Oct. 26.—Advices have just been received here from Lewisville, in the Erie coal district, which indicate that the miners there are on the verge of another general strike. The grievance is low wages and the fact that all the men at the coal groups will lay down their picks Tuesday unless their demands are acceded to. There has been more or less trouble in the district since the past year. Twice they have struck and after a bitter fight failed. They threaten to win their fight this time, even if violence is necessary to accomplish it.  
**REAPING A GOLDEN HARVEST.**  
Slavin and McAniff Just Coining Money in London.  
Special by THE UNITED PRESS.  
NEW YORK, Oct. 26.—The Morning Journal's London correspondent cables that Slavin and McAniff are making more money than they ever did before in their lives. This week they gave three sparring exhibitions in Washington Music hall. Each evening the hall was jammed. Grand opera at a shilling a seat, and last night seats could not be had for less than ten shillings each. Hundreds would have paid more to get in.  
Slavin to-day said that he considered that his boxing tour would keep him in trim. He expects to meet Jackson, but he would rather meet him here than anywhere else. He did not like the idea of going all the way to Australia to fight.  
Slavin laughed heartily at Sullivan's refusal to fight more. He said: "John had great regard for his family connections and thought the stage more respectable and a safer place than the ring. John L. and John Barrymore, he said, were a little too intimate, but then everybody has a right to choose his own clubs."  
**EUROPEAN RETALIATION.**  
The Opinion of a Member of the French Chamber of Deputies.  
Special to THE ASTORIAN.  
PARIS, Oct. 26.—M. DeLozon, a member of the budget committee of the chamber of deputies, said to-day in an interview on a report in circulation that Germany, Austria and Italy were forming a tariff union against the United States, that France could only join such a combination in the event of Great Britain also entering and as this is highly improbable, the scheme would be futile for without England's assent, any tariff union against America would necessarily be incomplete, according to an expression of Prince Bismarck, when sounded a year ago on such an eventuality, blockaded.  
**A PREMIUM TO SUBSCRIBERS.**  
A Liberal Offer to Old and New Subscribers, Either Daily or Weekly.  
Attention is directed to the extraordinary premium offer for THE ASTORIAN which is advertised on the fourth page. A complete set of Dickens works is offered for a year's subscription for \$2.75. A complete unabridged set of Dickens in twelve volumes for 75 cents additional is an extraordinary offer when one considers the extraordinary amount of reading matter this offer includes. Extended to old subscribers who renew their subscriptions, as well as new ones. The Mammoth Encyclopedia is another premium which is offered on the same terms as above. For a description of this rare offer see advertisement on the fourth page. To old subscribers who send \$2 for a new subscriber to the weekly, will be sent twenty-five novels to be selected from a large list to be published very shortly. Or, if the old subscriber sends \$2.75 he will receive the novels and the new subscriber will get either of the premiums above offered which he may select. To those who pay for a year's subscription to THE DAILY MORNING ASTORIAN for one year in advance—\$7 either of the above premiums will be given postage free. Those who prefer, instead of the above premiums, can have a copy of Washington Irving's "Astoria," a beautifully printed book of 698 pages. This book needs no other recommendation than the fact that Washington Irving is the author. This is an unusually good opportunity to get a good newspaper and a good library for very little money. It is worth looking after. Read the advertisement on the fourth page.

### ANOTHER TRAIN ROBBERY

A Heavy Haul Made by Two Cowboy Highwaymen.  
**PULLMAN PASSENGERS SUFFER.**  
Twenty-Five Thousand Dollars in Money Secured—One of the Robbers Captured.  
Special by THE UNITED PRESS.  
ALBUQUERQUE, N. M., Oct. 26.—Early on Friday morning a Santa Fe passenger train was held up and robbed near San Antonio, south of this city.  
Two cowboys entered the Pullman sleeper and after compelling the conductor and porter to fasten the doors, began robbing the passengers.  
After they had gone through three coaches, securing about \$25,000 and several watches, the train started to pull out when the robbers jumped off. One of the men was captured in Socorro last evening and is now in jail. The company has offered \$500 reward for the capture of the others.  
**A COAL MINE FIRED.**  
Work of Miscreants in the Wyoming Coal Fields.  
Special to THE ASTORIAN.  
CHEYENNE, Wyo., Oct. 26.—A mine has been fired and lots of men poisoned at Rock Springs, the big coal camp of the Union Pacific. The company offers a reward of \$1,000 for the apprehension of the incendiaries and is looking for the arsonists. The 3,000 men at the mines are decidedly restless. They work less than half the time owing to lack of cars and the shortage on the motive power.  
The mine fire occurred in last evening and threatened to destroy, is one of the finest properties in the group.  
**A ROTHSCHILD AS A PHOTOGRAPHER.**  
Baron Albert Rothschild of Vienna is an enthusiastic photographer. A short time ago he was in the Tyrol and had found a good point of view, half way up one of the hills rising above the valley of Corvusa di Ampezzo. Accordingly he set to work to arrange his apparatus encoiled in the black velvet covering. When he emerged a fat couple stood before him whose dialect showed them to be well-to-do Berliners. The baron's servants took the photographs to the Aquila Nera hotel, where the baron's autograph on the beautiful portraits standing in bold relief against Monte Cristallo created a sensation.  
If children could have the revamping of the English language it would be a great deal more analogous and consistent than it is. A little girl in a New Haven school, many years ago, was told by the music teacher what was meant by the term "the space below." Then pointing to the space above the staff the teacher asked what that was called, and the pupil replied: "The space below."—Springfield Union.  
**ADVICE TO MOTHERS.**  
Mrs. Winslow's SOOTHING SYRUP should always be used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Price—Five cents a bottle.  
Nine-tenths of the rains sold in this country are grown in California, but all the best goods are sent to New York and boxed and marked as if they came from Spain, to meet the whims of buyers.—Boston Journal.  
**Champion Hardier.**  
A. A. Jordan, champion hurdler of America, and holder of the American record for running 120 yards over 3 feet 6 inch hurdles, says:  
"I have for a great many years used ALCOCK'S PODOB PLASTER, particularly during the training season. I find that if I am affected in back or loins with any kind of a pain or strain, that ALCOCK'S PODOB PLASTER instantly affords relief. For pains in the body, the result of a severe cold, nothing can beat ALCOCK'S PLASTER. I would certainly recommend the plaster to any athlete who is suffering with soreness or stiffness while in training."
