Suicide of a Prominent Real Estate Man in Tacoma—A Fight with Skin Gloves.
SPECIAL BY THE UNITED PRESS.

WITH SKIN GLOVES.
This morning about 2 o'clock, a man at Jeff's restaurant, who had ordered and received a meat pie, was seen paying for it. The waiter purred and calling for the man to stop, Officer Larsen's attention was attracted, and he stopped the man. When the waiter came up and explained the case the man was mad and struck him. Larsen then took the man to the city prison where he gave the name of W. S. Robinson, and on being searched was found to have \$7 in money, and three watches, one in each of the back pockets of his pants. One was a gold watch with gold chain, and one was a silver watch with gold chain. Very likely the two latter were stolen.

A FIERCE STORM IN EUROPE.
Lands Flooded and Many Houses Blown Down.
DISASTERS ON THE WATER.
SPECIAL BY THE UNITED PRESS.
LONDON, Nov. 7.—A heavy storm prevails throughout Great Britain and Ireland and much damage has been done.
The rain is falling incessantly and in many sections the country is flooded. The down-pour is accompanied by a high wind and reports have been received of many houses being roofed. The storm is especially severe off the shore.
Telegrams from various points along the coast state that an enormous sea is running and a number of coasting vessels are wrecked.
Advices from Belfast state that a report has been received there that a yacht had foundered in Belfast slough and its owner, a Scottish nobleman, was drowned.
At Liverpool and vicinity the storm is raging with terrific fury and shows no signs of abatement. The damage will be great.
LONDON, NOV. 7, LATER.—The yacht lost was that of the Viscount Cartelupe and he was drowned. The viscount was a nephew of Lord Sackville, formerly British consul to Washington.
The viscount had climbed into the rigging where he directed the movements of the crew and cheered them on in their exertions to save the vessel. While thus engaged he became numb and a long time was required to retain his hold and was swept into the sea.
For Tavernee's Tomb.
SPECIAL TO THE ASTORIAN.
SAN FRANCISCO, Nov. 7.—The steamer Australia, which sailed to-day for Honolulu, carried a granite column, similar in shape to Octopus's needle, similar in shape to Octopus's needle, similar in shape to Octopus's needle. It is for a monument at the tomb of Tavernee, the artist, who was buried at Honolulu. He was formerly a member of the Bohemian club, and the steamship company will forward the monument without charge to its destination. The column was purchased by the club.

FIRE LOSSES THE CAUSE.
Remarkable Pleinfield.
Mrs. Michael Curran, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use, and after taking ten bottles found herself sound and well, now does her household work and is as well as ever was. Free trial bottles of this great Discovery at J. W. Conn's Drug Store, large bottles, 50c and \$1.

Champion Hurdler.
A. A. Jordan, champion hurdler of America, and holder of the American record for running 120 yards over 3 feet 6 inch hurdles, says: "I have for a great many years used ALLOCO'S PODOB'S PLASTERS, particularly during the training season. I find that if I am affected in back or limbs with any kind of a pain or strain, that ALLOCO'S PODOB'S PLASTERS instantly afford relief. For pains in the body, the result of a severe cold, nothing can be so quickly and effectually remedied as ALLOCO'S PODOB'S PLASTERS. I would certainly recommend the plaster to any athlete who is suffering with soreness or stiffness while in training."

RESULT OF A FACTION
James Russell Lowell on the Republican Defeat.
HOW ILLINOIS WILL STAND.
Twelve Democrats and Eight Republicans Will Go To Congress—A German View.
SPECIAL BY THE UNITED PRESS.
New York, Nov. 7.—A Post's Boston special says: "James Russell Lowell said in a private conversation: 'When parties become factions, it is time for all good men to leave them. I make this distinction: parties represent principles and factions are the instruments of men. At present the republican party is a faction.'"
WHAT A FALLING OFF!
Congressmen that Will Be Missed in Committee Work.
SPECIAL TO THE ASTORIAN.
WASHINGTON, Nov. 7.—In the great change that will come in the next congress the severest loss the republicans will feel is not of a less number of men, but of the quality of the men, by defeat or failure of nomination and the party loses its majority. Of its very best men over half of its committee and the chairmen are gone. Besides McKinley, of the ways and means, and Cannon of the appropriation committees, the republicans will miss Baker of the commerce committee; Conger, of the coinage weights and measures committee; Farquhar, of the merchant marine and fisheries; Perkins, of Indian affairs; Struble of Territories; McCormick, of railways and canals; Butterworth, of patents; Merrill, of invalid pensions; Browne, of revision of laws; Delano, of pensions; Laidlaw, of claims; Chandler, of the war's fair; Mason of the ballot box forgery and Dunnell, of the eleventh census.

DELIGHTFUL SOCIAL DANCE.
Another Fine Party by the Terpsichorean Club.
THE PERSONS IN ATTENDANCE.
One of those select socials which are occasionally given here by the devotees of Terpsichore took place last evening at Liberty hall, and was largely attended by a fashionable company. Several more, however, were prevented from attending, in consequence of a progressive ecchore party at the residence of H. G. Smith.
Amid the many beautiful ladies present were several in very elegant and attractive toilettes, and most of the gentlemen were arrayed in the conventional evening attire, so that it was somewhat of a dressy affair.
The floor was of icy smoothness, and to the entrancing strains of classic music artistically rendered by Geo. H. Parsons' orchestra of Portland, the dancing, of course, on such a floor, and with such glorious music, could not be otherwise than of the most agreeable character. The entertainment was prolonged until one o'clock this morning, there being twenty dances on the program.
Miss Sherman was floor manager and as he fully understands the business it is needless to say he did it well. W. E. Tallent and E. G. Rogers were the committee of arrangements and that the affair was in every way a success proves that they faithfully performed their duty.
Those present were the following:
Mr. and Mrs. O. F. Heilborn, Mr. and Mrs. W. T. Clutter, Mr. and Mrs. P. A. Stokes, Dr. and Mrs. J. A. Fulton, Mr. and Mrs. A. Dunbar, Mr. and Mrs. H. F. Prall, Major and Mrs. E. A. Weed, Mrs. J. F. Ferchen.

Messrs. W. A. Sherman, W. E. Tallent, E. G. Rogers, H. D. Thing, H. W. Sherman, D. M. Moor, C. E. Bam, C. P. Ushur, G. Trullinger, Charles Melrose, C. H. Callender, H. E. Brown, W. Trullinger, J. R. A. Bennett, C. B. Allen, J. H. Trullinger, Dr. J. M. Walker, J. E. Ferguson, A. B. Edee, E. M. Philibean, H. Cribbe, G. F. Prall, T. S. Trullinger, A. G. Allen, F. Knicker, R. E. Hanna, Geo. W. The board visited many available sites in the Puget sound region and at the mouth of the Columbia river. Its report will be submitted to the president in a few days, but will not likely be made public until it is sent to congress.
A French View.
SPECIAL TO THE ASTORIAN.
PARIS, Nov. 7.—The Paris Journal views the democratic victory in America with satisfaction and expresses the hope that America will now adopt a wiser economic policy.
The press generally urges the government to abstain from a policy of prohibition against American goods.

Wm. Timmons, postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that had feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine; made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had new lease on life. Only 50c a bottle, at J. W. Conn's Drug Store."

The light-house tender Manzanita went to Tillamook rock yesterday and loaded a lot of supplies. Captain Richardson reports the crew all well.
The rebuilding of the new pilot schooner San Jose is progressing rapidly, and Captain Brown expects to have the vessel ready for service inside of ten days.

The British four-masted ship Principality, Jones, master, cleared at the custom house yesterday, and will probably sail to-day for Queenstown or Falmouth. She has on board 41,969 sacks of wheat, valued at \$74,832, of which 9,887 sacks, valued at \$18,192, were put on board at this port.
The steamship State of California came to anchor here yesterday, and in four hours behind time from San Francisco. The delay is attributed to head winds and the new fashioned propeller recently put in the steamer. The State met with some heavy weather on her way up the river, and her cargo, coming up the river with a considerable list.
The British ship Parthia, Captain Ward, master, arrived last evening, 132 days from Liverpool, with a general cargo. It required two tugs to bring the vessel up the river. She is deep laden, and will have to lighter much of her freight in order to cross the bars up the river. The Parthia met with the heavy weather and baffling winds of which she is reported by vessels recently arriving.

CRAZED BY LIQUOR.
A Man Terrorizes a Household in Alderbrook.
Sheriff Smith was aroused out of bed shortly before 10 o'clock last night, and called to Alderbrook to subdue a whiskey-crazed man. The man's name is Johnson, and with his family and several lodgers, occupies a house in the rear of the Norwegian church. When the sheriff reached the scene he found Johnson stalking about the halls, armed with a shotgun, and threatening to kill any and everybody, with first choice for the Salvation Army man. Some little persuasion on the part of the officer induced Johnson to give up the shotgun. Following this surrender, Mrs. Johnson, the man's wife, and several of the roomers came out of hiding and begged the sheriff to arrest him. As none of them would make a charge against the man, the officer had to content himself with capturing the gun and returning it to town. An examination showed that both barrels of the weapon were loaded.
Evidently a Thief.
This morning about 2 o'clock, a man at Jeff's restaurant, who had ordered and received a meat pie, was seen paying for it. The waiter purred and calling for the man to stop, Officer Larsen's attention was attracted, and he stopped the man. When the waiter came up and explained the case the man was mad and struck him. A PROMINENT REAL ESTATE MAN BLOWS HIS BRAINS OUT.
SPECIAL TO THE ASTORIAN.

Colonel Smith came to Tacoma about three years ago from Vicksburg, Miss., and engaged in the real estate business. He was at the head of the old established firm of Smith, Root & Jordan. He owned a great deal of American lake and other property and was generally thought to be worth \$200,000 and a handsome residence. Deceased was about 50 years old and leaves a widow and several children. Real estate men and acquaintances generally are astounded at the deed.

A Chicago Fire Insurance Company Makes an Assignment.
SPECIAL TO THE ASTORIAN.
CHICAGO, Nov. 7.—The Mutual Fire Insurance Company of Chicago, has made an assignment for the benefit of its creditors. The liabilities are \$350,000 and the assets \$188,000. The assignment was made in view of the heavy withdrawals of those who had given premium notes, and recent heavy fire losses.
The Spanish have a proverb—demanded es peligroso—"Too much is dangerous." If "bravely is the soul of wit," it means a great deal. Excesses and other imprudences lead to ruin, and thinking the preventive of one tremendous evil—the progenitor of many others—and there are among the follies to which this play saying has direct application. The evil to which we allude is indigestion, to which this play saying has direct application. Hostetter's Stomach Bitters has contributed more than any medicine which science has given to the American people. This invigorating stomachic and corrective is the means not only of restoring a disordered or enfeebled condition of the digestive organs, but of renewing healthy action of the bowels and the liver. Besides this, it counteracts a tendency to rheumatism and kidney complaint, expels and prevents malarial diseases, is a potent restorative of strength which is failing, restores convalescence, and mitigates the infirmities of age.
