THE DEMOCRATIC CHIEFS

Cleveland Will Not Let Hill Capture The Senatorship.

A BRITISHER TALKS TARIFF.

Senat'r Sherman Draws a Doleful Picture of the Result of A Democratic Rule.

Special by THE UNITED PRESS.
ALBANY, N. Y., Nov. 14.—Governor Hill is not going to have his own way in regard to the United States senatorship.

Er-President Cleveland's friends say that Hill must be opposed. His victory, whether he selects himself or one of his friends for the senatorship, would be a disadvantage to Cleveland.

A movement has been started in the western part of the state that seems to name Wilson N. Bissell, one of Cleveland's law partners at the time he was elected governor.

A BARONET TALKS.
The New Tariff Bill From a British Standpoint.

LONDON, Nov. 14.—In a speech to his constituents at Leeds last night on the United States tariff question, Sir Lionel Playfair, after giving a tariff history said the promoters of the tariff sought to prove that the measure was necessary in order to equalize the difference between the higher wages in the United States and the lower wages in Europe; but the argument would not bear examination.

"There is," said the speaker, "no connection as a whole. Wages in America have already been reduced under high tariff and there seems to be no tendency to raise them. Wages are the highest in unprotected industries and lowest in protected ones."

Sir Lionel cited a host of statistics to show that the consumer always paid extra duty. He entered upon a lengthy discussion on the effects of the new tariff bill, contending that they would be disastrous to agriculture and farmers will find that while the foreign markets were driving, the necessity was increasing in price.

SHERMAN'S VIEW.
What Mr. Sherman Says of The Election Results.

WASHINGTON, Nov. 14.—Senator Sherman, in an interview to-day said: "The most serious result of the recent elections will be in the hardening of the tariff and the consequent effect on the financial policy of the incoming house of representatives. All sorts of financial schemes of the wildest character will be proposed, and they will make the country and several million business enterprises that were on the point of being executed."

"The first effect is a panic in New York and an eager desire of every prudent man to realize on all doubtful securities. The tariff act of Senator Bruce. The occupants of the car were the ex-president, Dan. Lamont and Congressman Springer of Illinois. The guests at the banquet mostly left the city early this morning.

ALMOST AN EYE WITNESS.
Incidents of the Fearful Railroad Accident of Wednesday Night.

Robert Cowan, stage carpenter of the "Hearts of Oak" company, was with his company at Salem last Wednesday night, and immediately on hearing of the terrible railroad disaster he went to the scene of the wreck. A representative of THE ASTORIAN met him last evening at the theater, and heard his statement. Mr. Cowan said that the scene presented was almost heartrending, wounded passengers were scattered all about, many of them so badly injured as to be almost helpless, while moans, sobs, tears and groans from the injured and from their accompanying friends who were hurled, filled the air, and touched with pity the heart of every listener.

Mr. Cowan remained on the spot until 4 o'clock Thursday morning, and accompanied the wounded who were taken to Salem. Large fires were built near the wreck that the willing helpers could see to render the desired assistance to the suffering passengers, and this in contrast to the darkness of the surroundings away from the radius of the light, formed a wild, weird scene which will never be effaced from the minds of the spectators. He thinks the accident was caused by the old and decayed timbers of the bridge, for the heavy structure dropped down with the train on it, leaving the cars standing on the track, some twelve or fifteen feet below the level of the trestle. It was a night of horror, as almost every person on the ill-fated train was more or less injured.

Worse Than Leprosy
is Catarrh, and there is but one preparation that does cure that disease, and that is the California Positive and Negative Electric Lintment. Sold by J. W. Conn, it also cures neuralgia, rheumatism, headache, sprains, burns and all pain. Try it and tell your neighbor where to get it.

THE REV. GEO. H. THAYER, of Bourbon, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE."

THE GREAT MARE "SUNOL."

She Falls to Lower Her Record on a San Francisco Track.

Special to THE ASTORIAN.
SAN FRANCISCO, Nov. 14.—The event of the day at the Bay district track to-day was an attempt by the trotting mare "Sunol" to beat her record of 2:10 1/4.

The event was somewhat of a disappointment as she made a record of only 2:11 1/4, or better by a quarter of a second than "Stamboul's" best time.

Although failing to beat her own record she went off in good shape, making the first eighth in 0:15 1/2, first quarter in 0:32 1/4, passing the half mile pole in 1:04 1/4 and three-quarter pole in 1:37 1/4.

ON THE GALLOWS.
Burchell Explains His Crime at Woodstock, Ontario.

WOODSTOCK, Ont., Nov. 14.—Reginald Burchell was launched into eternity this morning, at 8:27 o'clock, for the murder of a fellow countryman, J. C. Dewell. An autopsy was held in the jail, Dr. Moran doing the operation under orders of Coroner McLaughlin. It was found that the neck was not broken, though several of the ligaments were ruptured. Burchell died of strangulation, as his struggles indicated.

DEATH DEALING DYNAMITE.
Three Laborers Blown to Pieces And Two Injured.

Special to THE ASTORIAN.
ALMA, Ohio, Nov. 14.—By the explosion of dynamite in a stone quarry, this morning, three laborers were blown to pieces and two others were seriously hurt.

Cattle Dealers Scared.
Special to THE ASTORIAN.
LONDON, Nov. 14.—There was much perturbation this week among the cattle dealers who read the *Lancet* and *Journal*. It contained an announcement that American cattle were to be excluded from England on account of the prevalence of pleuro-pneumonia in New Jersey. There was no ground for the announcement as it was based on information received here over two months ago.

DISASTERS ON THE RAILROAD.
Express Trains on the Pennsylvania Line Collide.

TWO KILLED AND MANY HURT
Special by THE UNITED PRESS.
PITTSBURGH, Nov. 14.—The second section of the western express on the Pennsylvania railroad collided with an east bound express train at New Florence, Pa., this morning. The wreck took fire and one Pullman car was burned. Two people were killed and eleven injured. The killed were Henry L. Minot of Boston, and Mrs. S. H. Angell of Washington.

BELLAIR, Ohio, Nov. 14.—A collision occurred on the Baltimore and Ohio road near Scott's station at 4 o'clock this morning between two freight trains. John Watson, an engineer, and James Fleisher and James Barrett, firemen, were killed. Thomas Barner, another employe, cannot recover. Both engines and the cars were completely wrecked.

WILL INVESTIGATE.
A Congressional Committee Will Look into Smuggling.

Special to THE ASTORIAN.
WASHINGTON, Nov. 14.—The joint committee of the senate and house, which was authorized to make a trip to the Pacific coast to investigate violations of the Chinese immigration law will start to-morrow morning.

Representatives Lincol and Stump go to Washington under the chaperage of Deputy Sergeant at Arms, Charles B. Reade. They will be joined at Chicago by Representative Owen, and at Spokane Falls by Senator Squire.

A meeting of the committee will be held at Spokane, thence they will go to Seattle, San Francisco and Los Angeles, and return to Washington, accompanied by a clerk and stenographer and will take testimony.

A Week's Failures.
Special to THE ASTORIAN.
SAN FRANCISCO, Nov. 14.—Bradstreet mercantile agency reports fourteen failures in the Pacific coast states and territories for the week ending to-morrow, as compared with nine for the previous week and eight for the corresponding week of 1889.

Epoch.
The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the Great Alternative and Tonic. If you are troubled with any disease of the Kidneys, Liver or Stomach, long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c and \$1 per bottle at J. W. Conn's Drug store.

Gave Them a Thorough Trial.
Hon. E. A. Moore, Member of Assembly, Richmond county, N. Y., writes: "I have two afflictions which sometimes make life a burden. One is dyspepsia, the other is rheumatism. I gave them a thorough trial for three weeks, taking one or two every night. To my delight, not only was I cured of rheumatism, but dyspepsia, costiveness and biliousness. They did not interfere with my diet or business, and I really think them an incomparable blood purifier and cathartic."

"HACKMETACK," a lasting and fragrant perfume. Price 25 and 50 cents.

REID AND THE RAILROAD

A New Construction Company Incorporated in Portland.

GOOD NEWS, IF IT IS TRUE.

Smith and Reid in the New Combine —The English Engineer Again Leaves London.

Special by THE UNITED PRESS.
PORTLAND, Nov. 14.—This afternoon articles of incorporation were filed in Portland of the South Coast Construction Company, by J. H. Smith, William Reid and E. T. Johnson, specially for the purpose of completing the unfinished portion of the Astoria & South Coast railroad, both to the Southern Pacific line in Washington county, Oregon, and to Portland via the Northern Pacific company's line near Linton on the Willamette river. The London bondholders, it is said, are to supply the necessary money, the former's cargo consisting of 530 tons and the latter 620 tons. The *Wright* came down from Ukiah in nineteen days, bringing 4,118 cases and 240 barrels of salmon.

The *Wright* is the property of the Alaska Commercial Company, and went up north with orders for the cruiser *Wolcott*. She will be relieved of her charter to the government in a few days.

A New Enterprise.
Special to THE ASTORIAN.
TACOMA, Nov. 14.—E. Purdy, superintendent of the Pacific Naphtha Launch Company, arrived here to-day. He says the company expect to have the works in operation by January first next. They propose to manufacture all the launches for this coast, Japan, China and Australia in Tacoma.

He Entices a Little Boy Away From Boston.
Special to THE ASTORIAN.
BOSTON, Nov. 14.—A bold case of kidnaping occurred about 7 o'clock this morning. At that hour it is claimed that an unknown man enticed Calmer W. Bryant away from the yard of the Children's Mission, No. 277 Fremont street.

Children of the institution say that for the last three or four days a man has been standing around the building and several times asked the Bryant boy to accompany him on a walk or go with him to a certain place, but each time the boy refused.

Mrs. Ellen Bryant, the boy's mother works in a restaurant on Hollis street. She had two children besides Calmer, who was only placed in the institution temporarily, having been there but seven weeks. Mrs. Bryant cannot think of any reason why her boy should be sought for. His father is dead and she has no relatives that she thinks would steal the boy and she knows of no one that answers to the description of the man.

"Hearts of Oak."
Last evening at the opera house the above play was rendered by James H. Heron and his fine company, as well as possible under the circumstances, for the personal baggage of the actors, as well as all the scenery and stage accessories failed to arrive, having been detained in Chicago by the wreck on the Southern Pacific near Salem. Marion Abbott, the leading lady, who plays the part of Chrystal Dennis, was obliged to wear her traveling dress in the whole six acts, since they needed to revive the entire absence of the stage paraphernalia, which goes so far toward making the piece attractive and realistic, seriously marred the effect of the play. The company is a strong one, and every character was well portrayed. Herne, Clarke and Chippendale, as Terry Dennis, Uncle Davy and Owen Garraway, were splendid. Nellie Regan as Tawdry, the servant, furnished the comedy. Her baby, the baby was a model infant, and little Hazel Regan as Little Chrystal won her way to the hearts of all. Many of the scenes were quite affecting and the entire piece is full of interest.

Foolish Martyrs.
There are martyrs and martyrs. Some are wise in the judgment, some are silly in the most imprudent sense. The word imprudent exactly applies to the latter class, since they need to be warned against threatened danger. We commiserate, but we cannot respect them. Among the silliest are those who, in consequence of their being Bitters, a blood depurative more efficient in removing the virus of this complaint from the system than any other remedy, are notified of the general community and the clinical profession, that it is a most valuable remedy for general health. It also remedies biliousness, kidney troubles and malaria.

It is proposed to use electric motors to drive exhibits at the world's fair, and also to include other novelties, both electric railways between the sections.

The Pulpit and the Stage.
Rev. F. M. Shanon, pastor of the United Brethren Church, Bloom, Kansas, says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly affected, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 25 lbs. in weight."

Arthur Love, manager Love's Funny Folks Combination, writes: "After thorough trial and convincing evidence I am confident Dr. King's New Discovery is a positive cure for Catarrh, Diphtheria and Canker-Mouth."

SHILOH'S CATARRH REMEDY—a positive cure for Catarrh, Diphtheria and Canker-Mouth.

For Cure of SPRAINS &
