TOLD BY THE SURVIVORS

Full Details of the Loss of the Cruiser "Serpent."

THE BOATS WERE USELESS.

Men Were Washed Overboard in Groups and Dashed to Death Against the Rocks.

Special to THE ASTORIAN.]

CORUNNA, Spain, Nov. 16.—The British man-of-war *Lapping* brought the survivors of her majesty's ship *Serpent* to Corunna to-day. A correspondent of the United Press boarded the vessel and obtained an interview with the fortunate men.
Burton was the name of the first one questioned. He said that the disaster to the *Serpent* occurred at 10:30 o'clock P. M. Monday. The night was a nasty one, but there was no fog. The rock on which the vessel struck was covered by water and couldn't be seen. All on board were below, except the officers of the deck and six watchmen. They all rushed up on feeling the shock, but no panic resulted and the orders of the officers were promptly obeyed. The large boat was soon lowered but almost instantly smashed to pieces among the rocks and the occupants perished. It was useless to lower the other boats and all efforts to throw a cable ashore failing, the situation was a hopeless one. The men were constantly being washed overboard by heavy seas. Burton said that one wave washed twelve men overboard in a group. After an hour of this terrible experience, the captain gave the men leave to abandon the ship and save themselves as they thought best. Burton jumped overboard wearing a life belt, such as all the watchmen had on. He did not see anyone follow him. He swam for the rocks and was there three hours fighting the waves, but finally managed to get to a spot sheltered by rocks where the water was calmer and he was able to swim ashore.

A BATTLE WITH A TYPHOON.

The Barkentine "Modoc" Has a Very Rough Time of It.

SEVERAL VESSELS WENT DOWN.

SAN FRANCISCO, Nov. 16.—Captain Basch of the barkentine *Modoc*, writes from Taku an interesting account of the cruise of the *Modoc*, which met a disastrous typhoon. The cabin and forward house were both full of water and nearly all the sails were gone. By some strange luck the *Modoc* weathered the typhoon when vessels twice her size had been wrecked in it and Capt. Basch, guided his vessel safely to Taku.

THE "CHAMBER OF BLOOD."

Twelve Labor Leaders in Havana Arrested.

HAVANA, Nov. 16.—Twelve well known labor leaders have been arrested here by the government authorities. They were arrested on warrants charging them with conspiracy, and the belief is entertained by the authorities that the men are members of a secret society known as the "Chamber of Blood."

Another Record Broken.

A Foot Racer Beats the World's Best Time for 125 Yards.

CORVALLIS, Wash., Nov. 16.—In a foot race here, M. Gray, of this city, ran 125 yards in 0:13 1/2, breaking the world's record.

Shipping Notes.

SAN FRANCISCO, Nov. 16.—Arrived: steamer *Geo. W. Elder* from Astoria; sailed: steamer *Umatilla* for Victoria.

GOD'S BLESSING TO HUMANITY
—So Says an Oregon Pioneer Ninety Years Old.
FOREST GROVE, Or., March 18.—I have used the OREGON KIDNEY TEA and obtained immediate relief. It is God's blessing to humanity. I take pleasure in recommending it to the afflicted. I am now nearly ninety years old, came to Oregon in 1852 in the employ of the Hudson's Bay Company, and since I began using the OREGON KIDNEY TEA I enjoy good health.

ADVICE TO MOTHERS.

MRS. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

A MOTHER'S CRIME.

She Murders Her Little Child While Insane.

SPECIAL TO THE ASTORIAN.]
TOPEKA, Nov. 16.—Mrs. John Severson last night murdered her 4-year-old child, Annie, by giving her a dose of laudanum.
Mrs. Severson had been insane ever since last winter, when she had an attack of the grippe, and is now in the last stages of consumption.
She confessed the crime to-day, and said she knew she was about to die and as she could not bear to leave her favorite child behind she had determined to send it before her to heaven, where it would meet her when her own death occurred.

A COAL FAMINE.

Special to THE ASTORIAN.]
SERIOUS PRECIPITATION OF TOWNS IN NEBRASKA AND WYOMING.

OMAHA, Nov. 16.—The lack of transportation facilities, from which the Union Pacific railroad has been suffering since the Liverpool, and the consequent supply of coal in all towns in Wyoming and Nebraska which are dependent on this road that a fuel famine is feared.
The fact that this territory is almost treeless will show the gravity of the situation. Should there be a heavy fall of snow, such as to impede railroad traffic, for even a short time, great suffering would undoubtedly follow.

SLAVIN'S DEFT.

Special to THE ASTORIAN.]
THE BRITISH AUTHORITIES WANT DEFT PAID ON IT.

LONDON, Nov. 16.—The belt, which was imported from New York for presentation to Frank Blavin as the prize of his recent victory over Joe McAllister, is now held by the customs office in Liverpool, until the fees for the duty have been paid on it. The solicitors, who have the case in hand, claim that it is exempt from duty on the ground that it was paid for when it came over for presentation to Blavin and also because it is a trophy. Should, however, the customs still refuse to deliver it, the required duty will be paid.

WIFE AND MONEY GONE.

SPECIAL TO THE ASTORIAN.]
A SENSATIONAL ELOPEMENT CASE IN A KANSAS TOWN.

WICHITA, Kas., Nov. 16.—It was discovered this morning that Robert Hanlon, who has charge of the schools at Arkatlon, ten miles west of this city and Mrs. John Weitzel, wife of an agent for a money loaning company had eloped last night.
The husband of the missing woman returned this morning after a week's absence. He discovered that his residence had been broken into during the night, his valuables stolen, and that his office had also been visited by burglars. The safe was blown open and robbed of about \$10,000 in cash and notes representing \$5,000.

Very few people have any idea of the magnitude of the new steel bridge now being built across the Columbia river, at Vancouver, by the Union Pacific Railway Company.

It will be constructed entirely of steel and will be 6,000 feet from end to end. It will be made wide enough to admit of a double track being laid and will be a two-story structure, similar to the one across the Willamette at Portland, the upper part being built for pedestrians, horses, and motor cars. The bridge will be built ten feet above the highest water ever recorded in the river, and will be forty feet above low-water mark. The draw span will be over 400 feet in length, the opening on either side of the draw span being 200 feet in the clear, which will admit of vessels of any size or almost any kind of tow being taken through with ample room to spare.

Steve Roach, son of the great ship-builder is ready to sell his big plant on the Delaware, if the English syndicate will pay something like \$5,000,000 for it.

It is understood that they have offered \$2,000,000.

Cured of Neuralgia.

LITTLE L. DEBEAN, East View, Westchester Co., N. Y., writes: "I have been a great sufferer with pains in the back of the head, worse than any headache. I could not reach it with internal medicines at all and during the cold weather I have suffered excruciatingly. I finally thought I would try an ALLECOCK'S PASTE, applied to the nape of my neck. In less than half a day the pain entirely ceased."

Dark haired persons have a better chance in the great struggle for existence than those of the opposite complexion, except in contagious diseases, where blondes are comparatively exempt.

Rheumatism Can Be Cured.

Rheumatism has baffled the skill of our best physicians, and to-day more men, women and children are suffering from this terrible disease than ever before. The opinion seems universal that it is incurable, but this is a mistaken idea. Rheumatism can be permanently cured by the use of Hibbard's Rheumatic Syrup and Plasters. For sale by J. W. Conn.

SANGUINE MR. SPRINGER

He Says Cleveland Can, Atlas Like, Carry the Earth.

THE EX-PRESIDENT WILLING.

A Prominent California Claims Blaine as First Choice of Coast Republicans.

Special to THE UNITED PRESS.]

WASHINGTON, Nov. 16.—Representative Springer, of Illinois, who nominated Cleveland in a speech at the Thurman banquet, and who came east with the ex-president, in Senator Brice's private car, reached Washington yesterday. He described to a reporter, with interesting details, the aviation which Cleveland received at every station where the train stopped.
Men, women and children thronged to greet him and hailed him as the next president of the United States. Finally Cleveland, commenting on the heartiness of the congratulation is quoted by Springer as saying: "I would prefer to continue in private life, with complete control of my own time, but if they want me I shall be willing to accept further and regards Mr. Cleveland's nomination as a certainty. "He will be nominated," said Springer, "no matter whether New York wants him or not. He can carry Illinois, Indiana, Wisconsin, Michigan, Iowa and Nebraska, and come near carrying Kansas and Minnesota, and the whole northwest is with us on the tariff reform idea and has come to stay."

SOLID FOR BLAINE.

Special to THE ASTORIAN.]
WHAT CREED HAYMOND SAYS OF CALIFORNIA'S CHOICE.

WASHINGTON, Nov. 16.—Creed Haymond, of California is here and had a visit with the present yesterday. He eulogized Stanford and thinks the coast will be solid for Blaine for president in 1892, in preference to any other man that could be named. He says, however, that Harrison is well liked and his administration has been steadily gaining ground. He is of the opinion that the McKinley bill did not affect California, as the new tariff is regarded as helpful to California's interests.

OUR SHIPS ARE STRONG.

Comment on Naval Circles Over The "Serpent" Disaster.

SPECIAL TO THE ASTORIAN.]
WASHINGTON, Nov. 16.—The wreck of the British cruiser *Serpent* has caused considerable comment among officers of the navy, reflecting credit to some extent, upon the new ships of this government.
The accident is taken as further proof that the smaller ships of the British navy are too light in construction, a fact that has been suspected for some time.
Plans of certain of our new vessels have been based on English designs, but in every case the frames have been strengthened, so that there need be no fear of a repetition of the *Serpent* disaster on this side of the water.

STOLE FROM HIS PARTNER.

A Brokerage Business House Ruined by a Defalcation. Special to THE ASTORIAN.]
NEW YORK, Nov. 16.—It has just been learned that the brokerage firm of Mills, Robinson & Smith, at 95 Broadway, has been ruined on account of a defalcation of \$350,000 by Albert H. Smith Jr., a member of the firm. His pecuniations had continued for a period of six years and were discovered by accident on Saturday by William A. Watson, cashier of the firm. Smith confessed his guilt to his partners and turned over for the firm \$30,000 in cash and real estate, which he had never dollar he possessed in the world.

FELL FROM ALOFT.

A Sailor Killed While Furling Sail in a Storm. Special to THE ASTORIAN.]
SAN FRANCISCO, Nov. 16.—The whaling bark *Northern Light*, which arrived here a few days ago had a thrilling experience on board, which was not made known till to-day. 95 While on her way down she encountered a hurricane, and a sailor named John Kallberg, went aloft to furl a sail. When on the main yard he missed his footing and fell to the deck, bleeding and crushed with flesh. He died instantly and was buried at sea.

Destruction of a Paper Mill in a Wisconsin Town.

APPLINGTON, Wis., Nov. 16.—The mill of the Atlas Paper Company, devoted to the manufacture of sulphite and mechanical wood pulp, was destroyed by fire on Friday night. Loss \$70,000.

BIG FIRE IN BUTTE, MONTANA.

SPECIAL TO THE UNITED PRESS.]
APPLINGTON, Wis., Nov. 16.—The mill of the Atlas Paper Company, devoted to the manufacture of sulphite and mechanical wood pulp, was destroyed by fire on Friday night. Loss \$70,000.

Butte, Mont., Nov. 16.—This city was visited by a disastrous fire early yesterday morning, the first in several months.

The fire broke out in a building on Main street, containing Bricker's harness shop, Lally's paper house and the Kentucky Sample Co., was swept out of existence.
When first discovered the partition between the paper house and sample room was afire and so rapidly did the flames spread that the entire block was a ruin before the department could get them under control. The loss will be \$35,000, partially covered by insurance.

CHICAGO, Nov. 16.—A fire, probably caused by sparks from a passing steamer, totally destroyed the old Globe elevator on the North pier to-day.

The building contained a quantity of grain and merchandise, the greater part of which was consumed. The loss will be \$25,000, partially covered by insurance.

MAKING NEWS AND NOTES.

The steam schooner *Augusta* arrived from Tillamook yesterday.

Heavy
