THE NEW YORK STOCK MARKET.
 The Bulls Boost 'em Up and the Bears Pull 'em Down.
A DAY OF FLUCTUATION
 Special by THE UNITED PRESS.
 New York, Nov. 24.—Stocks showed irregular changes from Saturday this morning, though generally for fractions, with a loss of 3/8 in sugar refineries. The market developed considerable weakness. Sugar dropped 3/8, Rock Island 1/4 and Northern Pacific 1/4. The sales of securities under the rule for the account of Broker Brandon, whose suspension was announced last week, made materially lower the prices for Jersey Central, Oregon Improvement and others. Jersey Central dropped from 102 to 99 1/2, and others more. In some cases the general list was inclined to rally, but these losses checked the tendency and the pressure increased toward the end of the hour, the market being very active and weak at the lowest prices.
 After 11 o'clock the effect of the sales under the rule and the Brandon suspension passed away and prices began to recover slowly, while the amount of business done showed a material falling market.
PUYALLUP RESERVATION.
Tacoma Wants it Opened To White Settlers.
 Special to THE ASTORIAN.
 TACOMA, Nov. 24.—The Evening News, editorially urges the opening of the Puyallup Indian reservation to white settlers, claiming that it will increase the wealth of the city and add thousands of people to their population. This reservation is just directly on to the city limits, being thickly built up to the very edge. The paper urges the citizens to hold a mass meeting and urge the matter, providing the chamber of commerce do not take some action.
BEAD IN THE WOODS.
Body of a Supposed Robber Found Near Tacoma
 Special to THE ASTORIAN.
 TACOMA, Nov. 24.—Congressman Carr informed the sheriff to-day that the body of a man had been found in the woods near the Zoo gardens, about half a mile outside of the city limits. No inquest has been held yet, but it is supposed to be one of the men who attacked the proprietors of the Road House, about a quarter of a mile from the Zoo gardens. These men now deny having any such shooting scrape, but acknowledged it when first interviewed.
A Heavy Failure.
 Special to THE ASTORIAN.
 PITTSBURG, Nov. 24.—Thomas Fawcett & Sons, one of the largest coal oil firms in this city, assigned this morning. The liabilities are estimated at \$400,000, and a member of the firm says the assets will exceed this amount by \$150,000. The failure is attributed to a long-continued depression of the river coal trade.

DR. PRENTICE
WILL ARRIVE SUNDAY MORNING NOVEMBER 23.
 Eye, Head and Nervous Diseases, At Occident Hotel, Astoria, For a Few Days.
FREE
 Dr. Prentice Will Cure the First Case Of Cross-Eyes and Epileptic Fits Free On the Day of His Arrival in Astoria.
 Those Who Wish to Have the Doctor Treat Them Should Call Early, or They May Lose the Opportunity.
 A man well known in this community writes the following interesting letter: "I was chopping a stump four weeks ago, when a flying chip struck me in the eye; for a short time I was entirely blind. Then partial sight returned again. I nurtured hope and continued to treat it at home, until ten days ago, when I began to abandon hope of ever seeing perfectly again, unless something more than ordinary was done. I then consulted two of the leading Oculists of Portland, who told me one eye would have to be cut out to save the other. It did not exactly suit me to have my eye cut out, and so I sought other counsel. I went to Dr. Prentice, the oculist, then at Portland, and he laughed at the idea of his being necessary to cut my eye out; I joined in the laugh, for it was on my side. I have been free from pain since the first day's visit to Dr. Prentice, and improved steadily, and am now entirely well again. I feel safe in saying that Dr. Prentice cannot cure a case, he will always say so. THOS. H. FOSS, Gray's River, Wash."
 A Touching Scene Witnessed by a Portland Gentleman.
 One week ago we received an invitation to witness a delicate surgical operation on an eye. The patient was the 17-year-old daughter of Harrison Hay. For three years she had been blind in both eyes with a cataract, and was obliged to grope her way about in total darkness. The patient, without taking chloroform, submitted to the following operation: she was now ready for the surgical part of the work, and we stood in breathless anxiety as Dr. Prentice placed the point of his knife at the side of the eyelid, carefully touched the point of the cornea, then the blade entered the eye; we saw it pass through the eye in front of the pupil and then come out at the opposite side. It was then drawn upward, and a cut made of about one-third of the circumference of the ball. Another instrument was then passed in back of the pupil, and almost on the instant the girl said: "Oh, Dr. Prentice I can see you." This was spoken in tones well calculated to bring tears to one's eyes. From the time the knife touched the eye until the patient could see, it was just one minute. She was closed and bandaged.
 In just one week after the operation she came into our office and was able to read our paper. She also wrote a letter home, saying: "Dear parents, I can see and am happy."
 Mr. Jerome W. Campbell, General Superintendent of the Willamette Bridge Railway Co., saw this operation.
A LETTER
 From a Patient Who Was Cured By Dr. Prentice.
 PORTLAND, Or., Oct. 7, 1890.
 To the Suffering: For five years I have suffered with sleeplessness, nervous debility, irritation at the base of the brain, and a terrible kidney disease. I had tried so many remedies that I had no good thing left. At last I gave up all hope of ever being a well man again. I tried many prescriptions that were said to be good, and all failed. There were many times during the past few years that I was obliged to lay off from work from two weeks to three months at a time. Ladies were running down in health very rapidly, and was alarmed. I contemplated leaving this part of the country and trying to see if I could not get relief elsewhere. I must say that my faith in doctors was about gone; but something led me to visit Dr. Prentice at the Occident hotel. I crowded in with the others and waited my turn. He examined me, told me where my trouble was, and said he could cure it without medicine. I can't say that I really believed him, but something in his manner led me to trust him. He gave me no medicine at all, yet from the day of my first visit I began to improve rapidly. I now sleep as sound as a child. My memory is greatly improved. My kidney disease and brain irritation are entirely well, my appetite splendid, and I now enjoy life and perfect health. Any afflicted person wishing to learn about my case will find me at address below.
