NATURALIZATION. salutary effects. THE SEAL QUESTION.

The difference between this government and Great Union, touching Behring sea is not yet adjusted as will be seen by the correspondence which will soon have been laid before congress. The offer to submit the question to arbitration, as proposed by her majesty's government, has not yet been accepted for the reason that the form of submission proposed is not thought to be calculated to arrive at disregarded by any nation for more than 80 years preceeding the outbreak of the existing trouble. the new ships for the navy has made very satisfactory progress. Since March 4th, 1889, nine new vessels

States and Spain with a peculiar importance. It is not doubted a special portance. It is not doubted a special arrangement in regard to commerce, based on the reciprocity provision of the recent tariff act would operate most beneficially for both governments. This subject is now receiving attention. The revenues of the government from all sources for the fis-above \$450,000,000, have been collected tures\$157,393.71 in excess of those of

THE SILVER QUESTION.

Referring to the Pan-American congress, the president says: "The corvor and continental epoch of the Western hemisphere. Negotiations layer here."

In silver has been observed with regret and the rapid rise in the price economy, based on some responsible and impartial examination and repairs and continental epoch of the Western lation, and the reaction is a part of the report of the secretary of partial examination. The report of the secretary of partial examination and responsible and continental epoch of the Western lation, and the reaction is a part of the report of the secretary of partial examination. hemisphere. Negotiations have been the result of the same cause and part of the recent monetary disturbances. Some months of further trial will gation between the United States and the independent state." be necessary to determine the effect of the recent legislation on silver values, but it is gratifying to know that the increased circulation, secured by the ducts act has exerted and will continue to year. be most beneficial to the influence on

islation in the supposed interest of silver, give us a position of advantage in promoting a safe internationlagree-ment for the free use of silver as a

INCREASE IN MONEY CIRCULATION. The increase of money in circula-tion during the last 19 months has been in the aggregate, \$93,886,814 or about \$1.50 per capita, and of this increase only \$7,100,000 was due to the

meterfering in complaints with de-mands of the Guatemalan author-cent. as compared with the same

COAST DEFENSE. I concur in the recomendations of coast defense works and ordnance plans that have been practically

ELECTION LAWS. The prosecution of violators of the election laws and of offenses against United States officers, and the number of convictions secured will, it is hoped, have a good restraining influence. POSTMASTERS.

There has been several cases where postmasters appointed by me have been subject to violent interference in the discharge of their official duties and to persecution and personal violence. Of these cases several have been dealt with through the department of justice and in some cases the postoffices have been abolished or suspended. I have directed the postmaster-general to pursue this course in all cases where other efforts fail to secure for any postmaster, not himself in fault, an opportunity to peacefully exercise the duties of his office, but such action The Samoan treaty signed last will not supplant the efforts of the year at Berlin by representatives of department of justice in bringing par-

I beg to renew my recommendation that the laws be so amended as to require searching inquiry into all facts of necessity to naturalization before

any certificates are granted. THE LOTTERY SWINDLE. The passage of the act to amend certain sections of the revised stat-utes relating to lotteries approved Sept. 19, has been received with great and deserved popular favor with the postoffice department, and the depart-ment of justice at once entered upon

The New NAVY.

The construction and equipment of the new ships for the navy has made very satisfactory progress. Since March 4th, 1889, nine new vessels held in that market.

Since March 4th, 1889, nine new vessels held in that market. THE TARIFF ISSUE.

In the tariff act wrong was done to the kingdom of Hawaii which I am bound to presume was wholly unintentional. Duties were levied on certain commodities, which are included in the weight of the construction of the other vessels authorized is being pushed both in the government and private yards. DISABILITY PENSIONS.

The following described lest in Ralingdom of Hawaii, without indicating a necessary exception in flavor of this 2; lots 3, 8, 10, 10 to flavor occurs, state of this 2; lots 3, 8, 10, 10 to flavor occurs, state of this 2; lots 3, 8, 10, 10 to flavor occurs, state of this 3; lots 4, 11, 12, 12, 12, 13, 14, 15,

Co. maintains a line of steamers

Co. maintains a line of steamers \$100,000,000 of this excess was in between San Francisco, Sydney and agricultural products. The depression in the prices of agricultural South Wales and New Zealand have products had been greatly relieved and a buoyant, hopeful feeling was beginning to be felt by all our people. ney and Auckland to San Francisco. The contract under which this paythought to be calculated to arrive at a conclusion satisfactory to either party. It is sincerely hoped that before the opening of another sealing season, some arrangement may be effected, which will assure to the United States a property by right the enforcement of the law and already public mails have been largely freed from the fraudulent and demoralizing appeals and literature emanating from the lottery company.

THE NEW NAVY.

These promising influences have been in some degree checked by the surprising and very unfavorable monetary events, which have recently taken place in England. It is gratifying to ket to yar our peoples. refused to renew the contract unless the United States shall pay a more equitable proportion of the sum necessary to hold the service. The trade of the United States

FALSE APPREHENSION. The apprehension that our tariff may again and at once, be subjected to important general changes would undoubtedly add a depressing influence of the most serious character. The general tariff act has only partially June 30, last, were \$11,266,484, while the total imports of merchandise from general tariif act has only partially gone into operation, some of its important provisions being limited to take effect at dates in future. The general provisions of the law have been in force less than sixty days and its permanent effect on trade and for San Francisco, as the American prices still largely stands in conjecture.

The cordial character of our relations with Spain warrant the hope by the continuance of methods of friendly negotiations, that much may be accomplished in the direction of an adjustment of the pending question of an increase of our trade.

The extent and development of our trade with the Island of Cuba invest the commercial relation of the United States and Spain with a peculiar importance. It is not doubted a special
