Another Knights of Pythias Lodge,

On Thursday evening at Silverton, Marion county, Grand Chancellor A. A. Cleveland of this city, instituted Home Lodge, No. 35, Knights of Pythias. Thirty members of the order were present from Salem and assisted in the ceremonies. After the institution, the members of Home Lodge entertained their visitors with a spiendid supper, and made them feel perfectly at home. The grand chancellor expects to institute a new lodge at Scio before returning home. The order in this jurisdition is gaining rapidly, and under his administration it will doubtless have a number more new lodges.

Should Ministers Keep Out of Politics?

A public discussion of the above question will be given Monday evening. December 8th, by two of our abset speakers in Rescue hall under the suspices of the Y. M. C. A. Mr. A. G. The subject of patronizing home industry has been frequently alluded to in these columns, and the following from the San Francisco Grocer and the opinions of THE ASTORIAN, that it is copied entire:

From time to time there have appeared articles in the editorial columns of this journal urging upon dealers in interior cities, towns and hamlets the necessity of fighting against outside competition, and this includes a deal as every merchant of the company avariance well knows. We have any experience well knows. We have shown that the marked tendency in any community to purchase away from home is most detrimental to the growth of that

section.

Every dollar sent out of a town to be put in the drawer of some house a thousand or even a hundred miles away withdraws just so much from circulation in that particular district, and consequently reduces its wealth. A merchant purchases a stock of goods from his jobber, puts it on his shelves and trusts to demand from his neighbors to dispose of the goods at a reasonable profit. The neighbors, however, instead of first making inquiry of him to supply their wants, read the attractive catalogue of a Boston, New York or Chicago house, send on their money and totally ignore the home dealer whose interests are identical with their own.

The steam schooner Louis Olsen, Capt. Johnson, sailed for Tillamook yesterday.

The steam schooner Augusta, Capt. Paul Schroder, started for Tillamook yesterday afternoon.

The steamer Dolphin sailed yesterday for Shoalwater bay, after having been for some time at Portland.

The British ship Ochtertyre, with a partial cargo of flour, came down from Portland yesterday, nearly three days on the way, and after completing her cargo here will sail for the United Kingdom.

dealer whose interests are identical with their one interests are identical with their one interests are identical with their one.

As we have before remarked the consumer buys at home on credit the bare sumer buys at home on credit the bare small margin of profit is secured, and away go the dollars to the manufacturer and there any encouragement in this to the merchant who is expected to do the libur's interior communities that the merchants of one carry the variety which enables them to make selections according to their testes and wisbes. How many of these same people give the merchant any encouragement to carry such goods? Few, indeed.

There is not an enterprising dealer on

THIRTY YEARS' PRACTICE

MR. EDITOR: At the risk of indorsing & proprietary preparation, I have a few words in favor of a new laxative principle. But first, how I came to discover it. A patient asked about taking Joy's Vegetable Sares parilla. As sarsaparillas usually contain mercury or iodides I objected, and asked for the formula, which finding purely regulable. and so mild as to be to my mind almost thert, I consented. Imagine my astonish ment when perfect laxative action was reported. It has two great points. First, being cumulative in the system, being easily carled off by the digestive processes; and second, It is effective with a less quantity of the cathartic principle than has hitherto been attainable. It in this respect ranks as discovery, and approaches the ideal, viz.; the least medicine consistent with the greatest good. It harmonizes natural laxative action and perfect safety, and should interest both the public and the profession. A CITY PHYSICIAN OF THIRTY YEARS' PRACTICE Ban Prancisco Ezaminer, March 10, 1890.

Worse Than Leprosy Is Catarrh, and there is but one preparation that does cure that disease, and that is the California Positive and Negative Electric Liniment. Sud by J. W. Conn. It also cures neuralgia, rheumatism, hesdache, sarains, burns and all pain. Try it and tell your neighbor where to get it.

Fresh Oysters, Eastern Clams At John Rogers' market, opposite C. H. Cooper's, Third street.

Runs high at J. W. Conn's drug store over System Builder, as everybody is using it for Catarrh of the stomach, Dyspepsia, Constipation and Impure Blood, and to build up the system it certainly possesses wonderful merit when all speak so well of it.

AN ECZEMA 17 YEARS.

Cured in 8 Weeks. One of the Greatest Cures Ever Performed by the Cuticura Remedies.

At the age of three months a rash (which afterwards proved to be eczema or salt rheum) made its appearance on my face. Physician after physician was called. None of them did me any good at all, but made me worse. The disease continued unabated; it spread to my arms and legs, till I was laid up entirely, and from continually sitting on the floor on a pillow, my limbs contracted so that I lost all control of them and was utterly helpless. My mother would have to lift me out and into bed. I could get around the house on my hands and feet, but I could not get my clothes on at all,

the house on my hands and feet, but I could not get my clothes on at all, and had to wear a sort of dressing gown. My hair had all matted down or faelen off, and my head, face and ears were one scab. The disease continued in this manner until I was seventeen years old, and one day in January, 1879, I read an account in the Tribune of your CUTICURA REMEDIES. It described my case so exactly that I thought, as a last resort, to give them a trial. When I first applied them I was all raw and bleeding, from scratching myself, but I went asleep almost immediate ly, something I had not done for years, the effect was so soothing. In about two weeks I could stand straight but not walk, I was so weak; but my sores were nearly well. As near as I can judge, the CUTICURA REMEDIES cured me in about six to eight weeks, and up to this date (f. c., from January, 1879, to January, 1887) I have not been sick in any way, or have had the least signs of the disease reappearing on me.
