The transition from long, lingering and painful siekness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the ageacy whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the Great Alterative and Tonic. If you are troubled with any disease of the Kidneys, Liver or Stomach, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50 c, and \$1 per bottle at J, W. Our Regular Subscription Price.

Wisbing to Jargely increase the circulation of this paper during the next six months, we have made arrangements with a New York publishing housewhereby we are enabled to offer as a premium to our subscribers a Set of the Works of Charles Die ens. in Twelve Large and Handson Volumes, with a year's subscription to this paper, for a trifle more than our regular subscription price. Our great offer to subscribers eclipses any ever heretofore made. Charles Dickens was the greatest novelist who ever lived. No author before or since his time has won the fame that he achieved, and his works are even more popular to-day than dering his lifetime. They abound in wit, humor, pathes, masterly delineation of character, vivid descriptions of places and incidents, thrilling and skillfully wrought plots. Each book is intensely interesting. No home should be without a set of these great and remarkable works. Not to have read them is to be far behind the age in which we offer as a premium to our subscribers is handsomely printed from entirely new plates, with new type. The twelve volumes contain the following world-famous works, each one of which is published complete, unchanged, and absolutely unabridged:

STORIES,
OLIVER TWIST AND GREAT EXPECTATIONS,
THE OLD CURIOSITY SHOP AND THEUNCOMMERCIAL TRAVELER,
A TALE OF TWO CITIES, HARD TIMES AND THE MYSTERY OF EDWIN DROOD.

BARNABY RUDGE AND CHRISTMAS

The above are without question the most famous novels that were ever written. For a quarter of a century they have been celebrated in every nook and corner of the civilized world. Yet there are thousands of homes in America not yet supplied with a set of Dickens, the usual high cost of the books preventing people in moderate circumstances from enjoying this luxury. But now, owing to the use of modern improved printing, folding and stitching machinery, the extremely low price of white paper, and the great competition in the book trade, we are enabled to offer to our subscribers and readers a set of Dickens' works at a price which all can afford to pay. Every home in the land may now be supplied with a set of the great author's works. Our Great Offer to Subscribers to the "Weekly Astorian."
