Georgia was reported as having had snow, and snowballing, and sleighing parties some weeks ago-things unprecedented in that latitude- and the people are grimly jesting about the South being "solid" with ice, and as having lost its distinction of being the "Sunny South." And France too, "La Belle France" has been surprised with such weather as she never expected to see and which she utterly disapproves.

It is strange indeed that Oregon, the Paradise of the Pacific, and Georgia the Fairyland of the South prove recreant to all we have come to believe we had a right to expect of them, and, to steal a little thunder from the dominie, it teaches the mutability of things terrestrial, and It also teaches, to use a modern and prac on the ambient air, whether zephyr like our banner, with the reassur ing motto—"Shall not wool growers and overcoat dealers live as well as other to order, at low prices.

Mothers, look well to your daughters!

Daughters, look well to yourselves! Let the first symptom denoting the ap-proach of disease receive your instant attention. Healthy women are the hope of the race, and it is well-nigh criminal to neglect

anything which promises relief.

There is hope for all sufferers from Nerrous Diseases. Read what follows: Mrs. Jennie C. Davis, a fine artist and an accomplished authoress, of Westfield, Wis., had been subject to headache ever since she could remember. So severe were her attucks as to cause at times temporary delirium. All treatment had failed to relieve her, but safer using Dr. Miles' Restorative Nervine she writes: "My record is to me, at least, satisfactory. No headache, constantly increasing appetite, and a consequent gain in weight of two and a half pounds in just one week."

Six weeks later she writes: "Have read and sewed immoderately of late, but my headaches do not return."

Mrs. John R. Miller, of Valparaiso, Ind. was attacked three years ago with turn of life in its worst form. It finally went to her head, and all indications were that it would result either in insanity or softening of the brain. Her husband thus writes; "It would be impossible for me to attempt a description of her sufferings during all this time. She was treated by our very best local physicians, with but temporary benefit. She has taken four bottles of Dr. Miles' Restorative Nervine, and is cured. She has gained twenty pounds in weight. I tell you, she often blesses you for what you have done for her."

Recollect that for the CURE of all Nerrous Diseases there is no remedy which approaches Dr. Miles' Restorative Nervine. It free from dangerous drugs and opiates. Sold by all druggists, on a positive guarantee, of Dr. Miles Medical Co., Elkhart, Ind.
