Hostilities were suspended for the present with threats of seeing each other later. George Heacock, the 12-year-old son of Mr. E. C. Heacock, of this city died yesterday morning at the home of his parents. He will be buried at Greenwood this afternoon. The funeral service will be held at the family residence at 1 o'clock. L. Sabin & Co., vs. Parker & Hanson, demurrer overruled, judgment for plaintiff. In the matter of the assignment of Elmer Warnstaff, Byron S. Kimball appointed as assignee and bonds fixed at \$5000. A. of this state is growing with astonishing rapidity. Portland has two well-appointed departments and Salem is not far behind. Last evening the association of that city celebrated its first anniversary with an excellent program. During the first year of its existence the Salem branch had an attendance at the rooms of 41,000, 8861 was the attendance at the religious services, 239 in Bible classes, 16,832 visited the gymnasium classes, 2108 baths were taken in the rooms, 978 letters written in the rooms by young men, 15 young men found employment through the employment bureau. A full line of boat sail drilling, row locks and galvanized iron goods just received at Foard & Stokes'. A tramp who left Portland last Thursday, supposing he was going to San Francisco, actually got into the penitentiary for his trouble. He crawled into an empty box car there and was taken to Salem, where that car, with others was sidetracked into the prison walls. Friday morning Mr. Tramp emerged and discovered the end of his rope. After trying to butt his way out he ran up against a guard, who ran him against the warden. The frightened tourist was given his breakfast and a ticket of leave, and departed feeling too good even to take a drink. He said he thought at first he was "in again." Choice California black figs, imported Persian dates, extra table raisins, Smyrna figs at Foard & Stokes'. An order was received by Postmaster Hare yesterday, announcing the fact of the issue of an 8 cent Columbian stamp for registration purposes. The color is magenta red, and the picture is a beautiful engraving of "Columbus Restored to Favor," taken from the original painting by Francesco Jover, which is now in Madrid. Also a lilac colored 5 cent stamp of the ordinary series, showing a three quarter face of General Sherman in military dress from a photograph by Sarony. In addition to these there is a regular series of 1, 2, and 10 cent Columbian stamped envelopes, to be known as the Columbian series. The new issue will be on sale in the local office in a few days. Apparagus, rhabarb and green peas at Foard & Stokes'. D. W. Newell, chief dispatcher of the Richmond and Danville Railroad Company, at Asheville, N. C., writes: "I am looking for a lost man, my

wife's brother, name Rolla W. Stewart, who was in charge of the telephone exchange at your place in August, 1894. The last letter we received from him was dated August 13th, 1894, from Astoria. He was to start on the 18th for San Francisco, Cal., where he was to ship to Australia. Can you make any enquiries of old inhabitants, and the telephone company that will give me any information to work on that could trace him. By doing this you will confer a great favor. E. W. Kuykendall, the undertaker, embalmer and funeral director, has his parlors in the Welch block, No. 718, Water street. Call up telephone No. 7. Captain Howes and Pilot Staples arrived in this morning at 12:35, from their trip to Port Angeles with the Olympic, which was taken there to get a cargo of lumber. They arrived at Port Angeles on Friday morning and returning took a deck load of coal. Captain Howes now claims that the Wallowa is entitled to be classed among the colliers. In our telegraph despatches on Tuesday morning, the tug Wanderer was reported as sighting a derelict off Cape Flattery. It was the Wallowa that sighted the derelict and reported it to the Wanderer which gave the news at Port Townsend. Ryan & Co. 537 Third street, have just received a full line of 1893 patterns in wall paper, and comprising all the latest designs and shades, at the lowest prices. Call and see them. A day or so since, two empty logging cars belonging to Benson Bros., of Cathlamet, which were standing on the track near the camp came thundering down the road at full speed. The noise of rumbling wheels was plainly heard from all parts of the town as the cars attained greater and greater velocity in their two-mile race for the river. The cars were brought to a sudden halt when they struck the tender of an engine which was standing on the West dock, damaging the tender slightly and completely wrecking the cars. The damages were placed by Mr. Benson at \$300. Three small boys were seen out at the camp in the afternoon, and they afterward acknowledged that they had released the brakes. At the speed the cars were traveling when they crossed the county road, any team unfortunate enough to have been in their way would have been destroyed. The loss of life this mischievous accident might have caused cannot be realized. The parents at Cathlamet, in this instance, will probably be called on to pay the damage done. The Columbia yesterday brought up another lot of those Washington navel oranges, and fine Eureka lemons for Foard & Stokes'. They are to be sold cheaper than ever. From 15 cents per dozen up. The Tribune Almanac for 1893 is early in the field, and is one of the best manuals of the kind published in the United States. Between the familiar green covers there are 350 pages containing a voluminous mass of current information on nearly every subject of public concern. So comprehensive is its scope and so thoroughly digested is the work in all its details that it constitutes a reference library by itself. The topical arrangement is developed with such orderliness that the book has the general effect of a series of well-filled alcoves, in which everything is to be found in its right place. At the end there is a carefully elaborated index, which serves the purpose of a complete catalogue of the library. The tables relate to foreign trade, banking, coinage, circulation, pensions, appropriations, army and navy, the new congress, reciprocity, laws of the last session, debt, revenues, postage and similar public interests. Full returns of the presidential election are presented, and there is a multitude of general matters, such as the World's Fair, legal holidays' interest, exemptions, naturalization, athletic and racing records, etc. The Tribune Almanac for 1893 will be sent post-paid to any address upon the receipt of 25 cents.
