EIGHT OF THE GAMBIERS ARRESTED

Christensen, Dourell, Grosbauer, and Some Others Brought up to Tune With a Bound Turn.

Last night another home thrust was made at the gamblers of Swilltown and their friends. It was as sudden and as unexpected as the first bombshell exploded at the city council meeting the night before, and has taken the city one step nearer to the culmination of the wishes of the prohibition people sincere and otherwise.

At midnight last night, Prosecuting Belcher, Koser, Thompson and Van Attorney Curtis, accompanied by con-Tassel. The next number was a selecstable Oberg and deputies of Judge tion of Spanish airs by Messrs, Bona-Cleveland's court, visited Swilltown armed with warrants for the arrest of several notorious gamblers and dive entitled "What's in a name?" Here are some of the "opinions" of the gentlemen arrested, as expressed in the Evening Bucket some days ago on the license question:

Kenney was caught dealing craps in Grosbauer's saloon. Listen to Grosbauer's "opinion:"

"Am opposed to special legislation. Do not think it would be just to men of small means.'

Listen to Christensen's "opinion" "It would be a hard stroke to most of the saloons. It would not lessen sambling, and the city would not derive as much benefit from it as it does now, simply because several houses would have to give up business, and the city would be out \$400 for every one that suspended."

Listen to Pete Dourell's "opinion:" "Am opposed to licensing gambling, No possible good could come from it. It will work a hardship on all but perhaps one or two who can afford to pay for a license."

On being taken before Judge Cleveland at 2 o'clock this Thursday morning, all the parties arrested were ordered to produce bail to the amount of \$50 for their appearance at 3 o'clock this afternoon. All but two Chinamen ble to find the and the latter were placed in the county joil for the night.

Washington, April 5 .- The banquet tendered to Congressman James G. Maguire, of California, by the Washington Single Tax Club tonight, at the National Hotel, was attended by 250 people. Lovers of the T-rpsichorean art asembled in force last evening at Armory Hall, the occasion being the hop given by Uniform Rank Knights of sthias. Long before the hour arrived with ladies and their escorts, all of whom enjoyed the opportunity of witnessing the finest exhibition ever made by Knights in this state. Shortly after the drill dancing commenced and continued till a late hour. Utzinger's orchestra furnished the music, which with a floor in very good condition, made the hours pass swiftly. The hall was tastefully decorated and altogether the affair reflected great credit on the Uniform Rank, and especially on the members of the committee of arrangements.

The programs, which were printed in this city, were marvels of neatness and beauty.

The effect of this cool, rainy weather, says B. S. Pague in his monthly report just issued, has been to rotard the growth of vegetation and the progress of farming operations. There has been but a very slight appreciable development in vegetation during the week. The grass has a start in growth, the wheat is rooted and starting well, and fruit buds are showing color. In southern Benton county, in parts of Douglas, Josephine, and Jackson counties, the almond and early verieties of peach are in full bloom, but fruit in general is

very backward. It is a very favorable sign, however, for a successful yield, when the buds are late in opening in the spring, for then they are carried past the possible frosty and rainy pefor the drill, the room was well filled riod about April 15 to 25th. Stock is picking up, and obtaining better range food, owing to the growth of grass. In low places early sown fall wheat is showing color, indicating possible injurious results from the continued wet weather. Hops are backward, but rapid growth is expected when they do begin to grow. The hop acreage has generally been increased. Currant and gooseberry bushes are in bloom in favored localities. Oak leaves are usually shown on the trees by April 1st In Southern Oregon, but this year to date there is no sign of leaves yet.
