Mr Morlarty had with him a phonograph, by means of which he delivered an address in Italian congratulating the Pope on the occasion of his BLOUNT IS SEVERELY CENSURED episcopal jubilee. He went on to say that he felt deeply honored in being the bearer of two messages-one from Senator Roar's Resolution on the Roach the late Cardinal Manning and the other from Cardinal Gibbons, Archbishop of Baltimore, who would in their own voices express their devotion to his holiness. He concluded by begging the Pope to speak into the phonograph some expression of love and his blessing, which might be delivered to the Roman Cathelics of America on the occasion of the opening of Chicago Exhibition. He pointed out that if the Pope granted his request, it would be the first time in the history of the Papacy that the voice of the Sovereign which were captured during the Civil Pontiff had been heard in America. Money for Sale! The World's Fair Directors

Have 5,000,000 Souvenir Half Dollar Coins in their treasury, the gift of the American people by Act of Congress. The patriotic and historic features of these Coins and their limited number, compared with the millions who want them-our population is 66,000,000have combined to create so great a demand for these World's Fair Souvenir Coins that they are already quoted at large premiums. Liberal offers from speculators, who wish to absorb them and reap enormous profits, have been rejected for the reason that

### This is the People's Fair--We Are the People's Servants--

and a divided sense of duty confronts us-

We need \$5,000,000 to fully carry out our announced plans, and

We have decided to deal direct with the people---To whom we are directly responsible---among whom an equitable distribution of these National heirlooms should be made.

### The World's Fair Offer to the American People:

That none of our plans for the people's profit be curtailed we must realize from the sale of 5,000,000 Souvenir World's Fair Fiftycent Silver Coins the sum of \$5,000,000. This means \$1.00 for each Coin, a much smaller sum than the people would have to pay for them if purchased through an indirect medium. Every patriotic man, woman and child should endeavor to own and cherish one of these Coins, as they will be valuable in future years—a cherished object of family pride.

Remember that only 5,000,000 Coins must be divided among

66,000,000 people. These Coins could be sold at a high premium to Syndicates, but we have enough confidence in the people to keep the price at a Dollar for each Coin, as this will make us realize \$5,000,000 -the sum needed to open the Fair's gates on the people's broad plan.
