A Card to the Public.

My attention was this evening called to the following item in the Budget:

It will be a good thing for the town when the old bankrupt stock of Dinmore is gotten rid of, and the whole outfit leaves town. It has been no good from the start. It is about time the people shut down on these outside penny-catch concerns.

In reply to the above, I wish to state that I object, most emphatically, to any blackmailing scheme. Regarding advertising as a business proposition, I shall advertise only where I know it will bring good results. Mr. Dunbar kept quiet from February 23d until March 23d, during which period I advertised in his paper. On the latter date I discontinued my advertisement, having found that the Budget was deficient in circulation, and consequently useless as an advertising medium. Since then I have repeatedly refused the solicitations of his agents for patronage, and thinking to coerce me he now tries the blackmailing method. The following shows for itself:

Astoria, March, 1893.
M. Dinmore Bankrupt Sale.
To the Astoria Budget, Dr. to advertising from February 23d, to March 23d, \$24.

Received payment, Astoria Budget, per L. E. S.

The bargains given at the Dinmore bankrupt sale speak for themselves, and no blackmailing newspaper idiots need apply for advertising patronage.

THE LIBERTY BELL ARRIVES

The Sunday Closing Question Still Unsettled—The Woman's Building Nearing Completion.

Associated Press.
Chicago, April 28.—The button which President Cleveland will touch on Monday to start the machinery arrived today. It is in the shape of a modern telegraph key, of solid gold with an ivory button. It sits on a pyramid of blue and gold plush, on the base of which are the figures "1892-1893" in silver.

The Woman's building will be formally completed tomorrow afternoon by the driving of the gold nail by Mrs. Potter-Palmer in the arch of the assembly room.

At a meeting of the national commissioners this afternoon, the Sunday closing question was dug up and buried again. Commissioner E. V. Tousey, of Minnesota, moved to withdraw from the judiciary committee the resolution of Elbeock, of Iowa, referring the matter of Sunday opening to local directors. Tousey said the matter of opening the gates had been settled once, and he saw no reason for bringing it up again. Elbeock opposed the withdrawal, believing the gates should open if it could be shown that the act of congress was contrary to the laws of Illinois. After considerable discussion, Tousey withdrew the resolution and so the matter disappeared from view once more.

Chicago, April 28.—Amid a blaze of rockets and Roman candles, and welcomed by shout of immense crowds of people, the western journey of the old liberty bell came to an end tonight. The reception at the depot was informal, the only official delegation being a squad of police. The reception, however, had already been accorded the famous relic and the distinguished escort by special committees of the city council and the World's Fair committee on ceremonies, who met the train bearing the bell at the station.

OREGON WILL BE THERE

Chicago, April 28.—Unusual activity was exhibited in the west wing of the horticultural building this morning, where a large force is busily engaged in placing in position the monster fruit exhibit of Oregon. This exhibit will be one of the finest state displays on the grounds. In the center of the space allotted to Oregon a great pyramid, fifty feet long and forty-five feet high, has been built. This pyramid is composed of thirty-two different kinds of woods grown in Oregon, built spiral shape with projecting ledges, upon which will be placed a large and fine variety of preserved fruits. The men had just started the pyramid when a drape pulled up at the door containing a picture to be the background of the Oregon booth. This picture was painted by Stanley and portrays Mount Hood, Oregon.

THE OLD BELL AT INDIANAPOLIS

Indianapolis, April 28.—The Liberty bell arrived here from Cleveland this morning. It was greeted by 12,000 school children, each carrying a flag. After viewing the patriotic relic the children marched with the Philadelphia committee to the capitol, where many thousands of people were assembled. The children sang patriotic songs and ex-President Harrison delivered an address to the children outlining the significance of the event, congratulating his hearers on the growth of patriotism in this country, and predicting an increase in reverence to the flag in coming years.

THE PRESIDENT IN CHICAGO

Pittsburg, April 28.—It was 11:35 tonight when the train bearing President Cleveland and his cabinet pulled in on the way to Chicago. The party had not yet retired, but the president was worn out with the exertions of the past few days and refused to show himself. At all points along the road crowds had assembled to see the train, but there was no demonstration. There were three more sections of the train, on which were the army and navy officers, distinguished foreigners, Gov. Worts and staff, of New Jersey, and members of the press.

PLANNING FOR THE FUTURE

New York, April 28.—Now that the Columbian naval review has been officially completed there naturally a considerable amount of speculation has been started as to what is to be done with the several ships of the United States fleet from Washington today made out this skeleton program and is strongly impressed that it would be carried out in nearly the manner in which he outlined it. The San Francisco and Charleston to go back to the Pacific station, the Baltimore and Bennington to go to China; the Newark (flag ship), Atlanta and Concord to form the new European squadron; the Chicago (flag ship) and Yorktown to go to Brazil or South Atlantic stations and the Philadelphia (flag ship), Maintonmah, Kearsage, Detroit, Vesevius and Cushing to go to the North Atlantic squadron. The Dolphin will take the place of the wrecked Dispatch as a yacht for the president and the secretary of the navy.

NEW YORK'S MONSTER PARADE.
New York, April 28.—The Columbus exercises today consisted of a monster parade down Broadway. The line was made up of sailors and marines from the war vessels. Governor Flower rode at the head of the procession. The foreigners occupied positions between the United States sailors and marines and the national guards of New York and Massachusetts.

COLUMBUS' DESCENDANT ILL.

Harrisburg, April 28.—Duke De Veragua passed through here this afternoon on his way to Chicago. On the way he had an attack of heart failure.

OFF FOR THE FAIR.

New York, April 28.—President Cleveland and the members of his cabinet left over the Pennsylvania road at 12:15 p. m. for Chicago.

THE FINANCIAL SITUATION.

Washington, April 28.—Offers of gold in exchange for legal tender notes are still being received at the treasury department. The aggregate runs into hundreds of thousands during the past week. Reports from New York indicate that very little if any gold will go tomorrow, and this in connection with the low rate of exchange, is accepted by the treasury officials as a most encouraging fact, and an indication that if the gold tide is not actually turned, it has been stemmed for the present.

There is still considerable talk of an extra session for the consideration of the financial question. The consensus of opinion seems to be that an extra session will be convened about the first of September, but called no more for the consideration of the financial question than the readjustment of the tariff.

SENATOR CHANDLER'S POSITION.

Washington, April 28.—Senator Chandler has some positive views on financial and other questions of the day. "I can state the position I take," said the senator, "in a single proposition, and that is that the secretary of the treasury ought to use the hundred millions of reserve if it becomes necessary, and not issue any bonds until he is obliged to. That large fund was made to be used; that is what it is there for, and it should be called upon before any other steps are taken. The law requires national banks to retain ten per cent of their earnings for a surplus to be used as an emergency, and why should not the government resort to the same policy? I am afraid that gold will soon go to a premium, and the country be forced to a silver basis.

When asked what effect the financial situation would have upon the calling of an extra session, Mr. Chandler replied that that question could best be answered by the party now in power. "The question of an extra session," he continued, "depend entirely upon the present administration; whether it is broad and large in its contemplation of public affairs, or small and inadequate; whether it shall inaugurate a policy of hauling down the flag, or whether it shall prove strong and courageous. If it is strong and has the courage for which some people give it credit, Mr. Cleveland will call an extra session and seek the repeal of the law of 1890. Whether congress will or will not follow the advice of the president in this matter, he can at least place the responsibility upon it. In my opinion Mr. Cleveland will surely go to ruin if he permits gold to go to a premium rather than call an extra session of congress."

CHINESE ACTORS COMING.

Tacoma, April 28.—The Northern Pacific steamship Victoria arrived today from China, and Japan, having made the remarkably fast time of twelve days and thirty-one minutes from Yokohama. She brought 364 Chinese, 213 of whom are actors en route to the World's Fair. The Chinese will be inspected tomorrow.

RED MEN GROWING RESTLESS

Serious Disputes Between the Navajo's and the Settlers.

ONE WHITE MAN MURDERED

Troops Ordered to the Scene of the Disturbance—Friendly Offers By Indians.

Associated Press.
Durango, Col., April 28.—The Navajo outbreak is assuming alarming proportions. The settlers are securing arms and ammunition here to protect themselves. One settler reports that the Mission, Welch's, and other ranches are surrounded and a massacre probable. Governor Waite has received a telegram from Lieutenant Plummer at the agency asking that the state troops be sent to the scene.

Washington, April 28.—Lieutenant Plummer, Acting Indian Agent of the Navajo Agency, New Mexico, reports an uneasy and excited feeling among the Indians. One white has been murdered, and the lieutenant asks that four troops of cavalry and two companies of infantry be sent into that section.

Late this afternoon a telegram from Agent Bartholomew, of the Southern Agency, Colorado, stated that serious complications were arising on the San Juan river between the Navajos and settlers. The Navajos here have surrounded several white families seventy miles southwest of the agency. The Ute chiefs have offered friendly offices to restrain the Navajos. The commissioner of Indian affairs has approved the suggestion that they proceed to the scene with the agent. He has also asked for troops, and General McCook, of the department of Arizona, has been ordered to supply them.

FATAL DRUNKEN QUARREL.

San Francisco, April 28.—Frank Northey, a well known bookmaker, was shot and fatally wounded by Harry Thorn, another bookmaker, in Garcia's saloon, Montgomery street, tonight. The men were friends and were spending the afternoon carousing and drinking. Northey finally became very drunk, and Thorn refused to drink more with him. His friend was angered and a quarrel ensued, in which he threatened to cut Thorn's liver out. The drunken and crazed bookmaker was finally ejected from the saloon, but insisted on returning, still abusing Thorn, who finally shot him in the abdomen. Thorn is in jail, and Northey is in the hospital. Northey was a conspicuous figure in the notorious Sutter-Street railway jury bribery case several years since, and served a term in San Quentin. Several days ago Northey was accused by his bookmaking partner of stealing \$4,000 of the firm's money.

A TRIPLE TRAGEDY.

La Grand, Or., April 28.—Word has just been received here that Edward R. Bunnell, a prominent farmer of Wallowa county, had killed his wife and daughter and then hanged himself. Bunnell was over 60 years of age, and the act is ascribed to domestic troubles, an action for divorce having been commenced by his wife. Bunnell's wife was granted a divorce last week at Enterprise, the grounds of the complaint being cruel and inhuman treatment. They had not been living together for several months. Mrs. Bunnell and her grown daughter lived on a ranch several miles from the husband's home. A neighbor calling at her home yesterday morning, found both women lying on the kitchen floor with bullet holes through their heads. Bunnell's body was found hanging in a well near the house.

CANDIDATES FOR THE GALLOWES.

Oregon City, April 28.—The murderers of the Chinaman killed at Mullino April 10, are known. The deed was committed by James Burns and Theron Mack. They are now in custody and have made a full confession, which is now in the hands of the prosecuting attorney. They planned to rob the Chinaman and expected to accomplish this by threatening to cut off his queue. When they broke open the door of the cabin with a rail, the Chinaman showed fight and they became frightened. Thinking that he was armed, they shot him. Frightened at what they had done, and still afraid of their victim, they shot again. Then, as he was passing from the door, they struck him over the head with a rifle barrel, and ended by shooting him through the head.

STILL ANOTHER ONE CLOSED.

Columbia, Tenn., April 28.—Jim Burke and Sam Massey, negroes, were hanged here this afternoon in the presence of 10,000 people of all colors, sexes and sexes. Burke's crime was the outraging of a white woman near Ambia. Massey was hanged for a murderous assault on the Smith family near Sherman, causing the death of Mrs. Smith,

whom he outraged, and permanently disabling her husband.

SERIOUS STRIKE AVERTED.

Pittsburg, April 28.—The settlement of the miners' strike in Pittsburg district has a national effect. It puts an end to the prospective strike of nearly 30,000 miners in the United States, insures operations against a long and expensive struggle and protects the miners against a possible reduction for if the operators had won, it was their intention to enforce a reduction from last year's wages to compensate for the loss by the strike. With the unsuitable condition of the Pittsburg district, Ohio and Indiana and Southern Illinois could not afford to fight for an advance.

THE RACES.

San Francisco, April 28.—In the half-mile race at the meeting of the Blood Horse Association today Carmale won, Realization, second, Happy Band, third; time, 50 1-4 seconds.

Seven-eighths mile—Steadfast won, Ad P. second, Sidney third; time, 1:02. Five-eighths mile—Montalew won, Chiloon—second, Semle, third; time 1:04 1-4.

One mile—Lottie Mills won, Dineroo second, Almonte third; time, 1:43 3-4. Eleven-sixteenths mile—Joe Cotton won, Crawford second, Sir Reel third; time, 1:09 1-4.

Five furlongs, for two-year-olds—Bonny Jean, colt, won, Fatality second, Jim Lee third; time, 1:01.

SMALL-POX CANARD.

Tacoma, Wash., April 28.—The statement telegraphed from here that the Northern Pacific steamship Mogul had small-pox aboard among her Chinese passengers, thirty-two of whom are now in Chicago, is evidently wholly untrue. The records of the custom house show that the Mogul was given a clean bill of health after a thorough examination, both at Port Townsend and Victoria. Collector Wasson, the Chinese inspector and the officials of the steamship company deny there were any symptoms of small-pox on the steamer while she was here.

THE WAR GOES ON.

Chicago, April 28.—The Denver and Rio Grande gave the Western passenger rates another cut today, announcing round trip rates between Denver and Chicago of \$40. The new reduction will be good over the Rock Island and Burlington lines. It is thought the Atchison will take an active part in the Colorado fight tomorrow, making the rate from Denver to Pueblo and all intermediate points \$1.

AHLWARDT DROWNED.

Berlin, April 28.—Ahlwardt, tenor-tious "Jew-baiter," today received another blow. The sub-committee of the reichstag appointed to examine the documents of the charges of corruption he made against the president and ex-members of the government submitted its report today. The committee finds nothing in the documents to prove the grave charges made by Ahlwardt.

ALL OPPOSITION DISPOSED OF.

Toledo, April 28.—Today the Standard Oil Company gobbled up the only important competitor in the Northwestern Ohio oil field, the Manhattan Oil Company. The pricepaid the latter for lands, wells, lease, pipe lines and stocks is said to be about \$2,000,000.

BANK SUSPENDED.

Melbourne, April 28.—The Standard bank of Australia has suspended pending reconstruction. The authorized capital is one million pounds, reserve and profits, 125,000 pounds. The bank had a high reputation and numerous branches.

STRIKE IN FRANCE.

Paris, April 28.—Eight thousand men employed in the Lacie navy yard struck at Nantes today and marched, shouting and singing, through the streets. Trouble is apprehended and the troops have been confined to their barracks.

ATLANTIC STORMS.

Halifax, April 28.—A terrific storm swept over Prince Edward Island yesterday afternoon. Several vessels went ashore, and a large number of lobster fishers, which were blown out to sea, have undoubtedly perished.

A RECEIVER WANTED.

Toledo, April 28.—The bill asking for the appointment of a receiver for the Toledo, Ann Arbor and North Michigan Railroad, was filed in the United States court this morning.

PERISHED IN THE FLAMES.

Prague, April 28.—A large portion of the town of Kreutzberg, 1,500 inhabitants, was burned today. Seventeen houses were destroyed and six persons burned to death.

A DISTINGUISHED VISITOR.

Portland, April 28.—Prince Roland Bonaparte, the grand-nephew of Napoleon the First, arrived here this morning from San Francisco. The Prince is making a tour of the coast.
