#### · TODAY'S WEATHER.

Portland, Or., May 1 .- For Oregon and Washington; Light rain; slight temperature changes. For Eastern Oregon and Washington, fair weather.

Local weather for the twenty-four hours ending at 5 p. m., yesterday, fur nished by the U. S. department of agri culture, weather bureau:

Maximum temperature. 52 degrees. Minimum temperature, 41 degrees. Precipitation, .11 inch. Total precipitation from July 1st, 1892

to date, 76.12 inches. Excess of precipitation, from July 1st 1892, to date, 6.78 inches,

The New York presbytery has decided that it won't have women deacons. The rights of the women in the churches are these: They shall represent four-fifths of the church-goers and nineteen-twentieths of the attendants at prayer meetings. They shall do all the mission work, contribute all the enthusiasm for Sunday schools, parish labors and church holiday festivals, but they shall have no voice in the executivecouncil, because once on a time St. Paul made a few disparaging remarks about sisters who sought prominence. To those who are not associated with the church there is nothing more surprising than the attitude of the church toward those who are its main supporters.

The proposition of Mr. Nolf, as outlined in another column, seems deserving of encouragement in every possible way. Both the new road and the boat house should be secured, as Astoria would then have not only one first-class and much needed pleasure resort, but also a suburban road that would by its novelty ad entire the city more widely than could be done in many more expensive ways, as the Atlantic coast alone is thus far able to poast of having in success! of operation one of the bleycle railroad system

The proposed administration tariff bill is giving spasms of intense delight to the editors who worship everything that is English. One of them prefaces a commendatory editorial thusly: "As the country grows in population and wealth we are approaching more and more in national legislation to the methods practicel in England." These toadles would welcome a king and a hereditary house of lords.

In view of the known opinions of Secretary Carlisle it would seem that Mr. Cleveland rather overdid the thing with "My emphatic contradiction of the statement that the redemption of any kind of treasury notes except in gold has at any time been determined upon or contemplated by the secretary of the treasury."

Senator Hansbough of North Dacota says: "The men who are buying gold and shipping it out of the country because it is profitable, are making new converts every day to the free coinage of silver."

Twenty-three women were graduated from a single law school on Monday last. Woman's sphere is certainly

#### TOO OFTEN THE CASE INTERESTING PROOFS.

A young society lady, after a round of gayety, becomes suddenly conscious of an un-usual sensation. She has frequent attacks of dizziness, her back aches, and she feels blue and generally run down.

Mothers, look well to your daughters! Daughters, look well to yourselves! Let the first symptom denoting the ap proach of disease receive your instant atten-

tion. Healthy women are the hope of the race, and it is well-nigh criminal to neglect anything which promises relief. There is hope for all sufferers from Nervou

Diseases. Read what follows: Mrs. Jennie C. Davis, a fine artist and an accomplished authoress, of Westfield, Wis., had been subject to headache ever since she could remember. So severe were her attacks as to cause at times temporary delirium. All treatment had failed to relieve her, but after using Dr. Miles' Restorative Nervine she writes: "My record is to me, at least, satisfactory. No headache, constantly increasing appetite, and a consequent gain in weight of two and a half pounds in just one

Six weeks later she writes: "Have read and sewed immoderately of late, but my

Mrs. John R. Miller, of Valparaiso, Ind., was attacked three years ago with turn of life in its worst form. It finally went to her head, and all indications were that it would result either in insanity or softening of the brain. Her husband thus writes; "It would be impossible for me to attempt a description of her sufferings during all this time. was treated by our very best local physicians, with but temporary benefit. She has taken four bottles of Dn. Milles' Restorative NERVINE, and is cured. She has gained twenty pounds in weight. I tell you, she often blesses you for what you have done for

Recollect that for the CURE of all Nervous Diseases there is no remedy which approaches Dr. Miles' Restorative Nervine. It is free from dangerous drugs and opiates. Sold by all druggists, on a positive guarantee, or Dr. Miles Medical Co. Elkhart, Ind.

I have a positive remedy for the above disease, by its use thousands of cases of the worst kind and of long standing have been cured. Indeed, so strong is my faith in its efficacy, that I will send two norman pures, with a VALUABLE TREATISE on this disease to any anterer who will send me their Express and P. O. address. T. A.
