Astoria has long felt the need of a pleasure resort convenient to the city, and now that a proposition has been placed before the people it is not unreasonable to suppose that the projector will meet with encouragement.

Many excuses are advanced by jurors asking to be relieved from duty, but the American, usually so fertile of resources, has been fairly outdone by an Englishman who was endowed with a conscience so very sensitive that he objected to be sworn on the ground that "he would not be able to take sufficient interest in the case to arrive at a fair and just judgment."

Several liquor sellers recently established themselves on the ice bridge at the Falls of the Niagara at a point some distance on the American side of the middle of the river, and were arrested by United States Government officers, who were certain that arrest meant conviction.

The failure of the Australian banks to do largely to reckless trading in real estate. The banks lent money freely to people who invested it forthwith in land, expecting to reap large profits therefrom, but the expected rise never came, and the borrowers were unable to pay the banks, which were forced to suspend in consequence.

ducted with so much success since 1865. Henceforth each page will be of the same size as The Astorian. The regular paper will be sixteen pages, but on special days it will be enlarged. The prosperity of this great journal is such that Mr. Childs is able to deliver it in Philadelphia for twelve cents per week.

Farmers should be ready to turn the dry weather to account when it comes. Nature will soon make up for the lost time by generous sunshine. Those who have seen the arid plains of Texas, Dakota and Montana will not find fault with the extra moisture in Clatsop county.

The Cubans have again unfurled the flag of freedom and are in a fair way to rescue from Spanish control, the last remnant of the once imperial domains of Spain. The Spanish government should hasten to grant the Cubans home rule, before it is too late.

By attempting to evade the laws the Chinese immigrants will provoke more stringent legislation. The Canadian Pacific may also suffer if it promotes such incursions as that of the steamer Danube, which is on her way to Portland with 634 Mongolians.

The president was an easy winner in the first round of his four-year contest with the senatorial wing of his party. With a few exceptions every nomination he made was confirmed, although there were several of them that should not have been.

All honor to Chicago! The World's Fair, to which she invites all nations, represents an investment of \$28,000,000, and is the grandest of all the great expositions. The whole West should rejoice at the success which the Garden City has achieved.

It must be highly pleasing to the laboring men who helped to vote the democratic party into power to learn that sugar and coffee, both put upon the free list by republicans, are to be again made to pay duty by the administration tariff bill.

Minister Stevens did right in refusing to remain in Hawaii until his successor was appointed. Hawaii is no place for him to stay after his authority had been usurped by Mr. Blount.

Some populists must have been introduced into the banking business in Australia. At least that is the inference drawn from the frequent and disastrous bank failures over there.

Everybody knows that human bodies are used in dissecting rooms of all the medical colleges, and yet, whenever a body is discovered in transit to the college, a sensation is made out of it.

Had Wayne MacVeagh been nominated to a big position his civil service reform society would probably have been less caustic in its criticisms of the president.

One of Attorney-General Olney's friends says the proper way to pronounce his name is "Onney." Some people are calling him "Ornery."

Hon. William R. Morrison, (Horizontal Bill) and President Cleveland are miles apart on the tariff question.

YOU SHOULD READ THIS. The popularity of the Union Pacific is best determined by the superior service it accords to the traveling public in maintaining its two daily through trains to Omaha, St. Paul, Chicago and points east, thoroughly equipped with all the latest appliances for the comfort and safety of its patrons besides shortening the distance materially with its fast trains.

Patronize the Northern Pacific railroad if you are going East. Low rates of fare, through tickets, baggage checked to destination. All purchasers of second class tickets can stop over at Portland. Rates of fare same as from Portland.

TOO OFTEN THE CASE. INTERESTING PROOFS. A young society lady, after a round of gaiety, becomes suddenly conscious of an unusual sensation. She has frequent attacks of dizziness, her back aches, and she feels blue and generally run down.

Mothers, look well to your daughters! Daughters, look well to yourselves! Let the first symptom denoting the approach of disease receive your instant attention. Healthy women are the hope of the race, and it is well-nigh criminal to neglect anything which promises relief.

There is hope for all sufferers from Nervous Diseases. Read what follows: Mrs. Jennie C. Davis, a fine artist and an accomplished authoress, of Westfield, Wis., had been subject to headache ever since she could remember. So severe were her attacks as to cause at times temporary delirium.

Six weeks later she writes: "Have read and weeded immoderately of late, but my headaches do not return." Mrs. John B. Miller, of Valparaiso, Ind., was attacked three years ago with turn of life in its worst form. It finally went to her head, and all indications were that it would result either in insanity or softening of the brain.

Recollect that for the cure of all Nervous Diseases there is no remedy which approaches Dr. Miles' Restorative Nerve. It is free from dangerous drugs and opiates. Sold by all druggists, on a positive guarantee, or Dr. Miles Medical Co., Elkhart, Ind.

The sales of Royal Baking Powder during the month of October, 1892, were greater than during any other October in the history of the Company.
