OPERATION OF THE GEARY LAW

Three Test Cases Made in the New York Courts.

MONGOLS ORDERED DEPORTED

Appeal Taken to the Supreme Tribunal—The Chinese Determined to Defeat the Law.

Associated Press.
New York, May 6.—Lee Goe, a laborer, and Pong Yue Ling, a costumer, voluntarily surrendered themselves this morning by the advice of eminent lawyers, in order to test the exclusion act. They were taken into the United States district court, where Judge Brown was sitting prepared to hear two of the cases. The case of Pong Yue Ling was brought before the United States circuit court, Judge Lacombe. The case of Wong Quan was first called. He admitted that he was a laborer, and a resident of the United States when the Geary act became a law, and that he had not applied for a certificate of residence, nor troubled himself at all about it, and that he had no excuse to offer for not doing so. Judge Brown remanded him to the custody of the United States marshal to be deported to China. Lee Goe's case was then called. It differed from Wong Quan's, in as much as his lawyers said he was without necessary certificates through "unavoidable causes," but was not able to prove that it was so. Judge Brown signed the papers for the expulsion of Lee Goe.

The third case was that of Pong Yue Sing, a Chinaman who was taken before Judge Lecombe, who ordered the prisoner deported to China. In all three cases the counsel applied to Judge Lacombe for a writ of habeas corpus which was denied in accordance with a prearranged plan of the counsel on both sides, and the counsel then gave notice of appeal to the Supreme Court of the United States.

BUTCHERS OF HUMAN BEINGS.

Incredible Destruction of Men and Women by Murders.
Dennison, Tex., May 6.—Sensational developments are coming up in the Carlisle-Luttrell case at Sherman. It is said that Luttrell has divulged information concerning the terrible butchery of women here last spring that will probably secure him a reprieve, or possibly pardon in full. The facts of his confession can not be had, but it is said that James M. Brown, John Carlisle and their friends have killed 248 men in order to kill testimony in the murder case against them. Every eyewitness was shadowed and killed sooner or later. All strong circumstantial witnesses were killed by hired murderers, and the officers dared not interfere if they valued their lives.

TROUBLE WITH SAILORS.

Los Angeles, May 6.—At Redondo, last night, union sailors attempted to take non-union sailors off the schooner Halcyon. Captain Price of the Halcyon became aware of the matter and had a considerable number of deputies on board the vessel armed to the teeth. The crew were also armed. The union men appeared 30 strong and demanded that non-union men come ashore. They refused and the union men then endeavored to board the vessel and the crew fired a volley over their heads. Another attempt called forth another volley. The union men then departed.

THE REDONDO TROUBLE.

Los Angeles, May 6.—A report from Redondo shows that three men were killed in the conflict between union and non-union sailors last night on the schooner Halcyon.

POSSIBLE TRAGEDY AVERTED.

Memphis, May 6.—The duel between Colonel W. A. Collier, owner of the Appeal-Avalanche, and D. W. Carrick editor of the Commercial, did not occur as was anticipated, owing to his detention here this afternoon by officers who suspected his intentions. Carrick did not arrive at Holly Springs until an hour after the appointed time for the meeting. Colonel Collier and his party were on board their train, which was about to pull out for Memphis when Carrick arrived on a special. The sheriff and several deputies were at the depot and forcing the arrest, all returned to Memphis. In all probability a meeting will be arranged.

MUST OBEY THE LAWS.

Topeka, Kan., May 6.—Upon a complaint by Mayor Parsons, that the Missouri, Kansas and Texas railroad had removed its general offices to St. Louis, Governor Llewelling telegraphed to the president of the road in New York, calling his attention to the law of Kansas requiring all Kan-

END OF AN EXCITING WEEK

General Belief That the Trouble Has Come to an End.

COALING FIRMS TO RESUME

The Absence of Failures and Encouraging News Yesterday Gives a Quieter Tone to the Markets.

Associated Press.
New York, May 6.—After one of the most exciting weeks in the history of the stock exchange, Wall street today had a breathing spell. The absence of failures, reports that the coaling firms who succumbed to the recent shrinking in prices will shortly resume, and the bank statement, all combined to restore confidence, and led to a material recovery in prices. The movements were by no means regular, but there is nothing strange in this when it is considered that many firms and individuals were disposed to take advantage of rallies in the market to place their affairs in an easier condition. Hence, every time a substantial recovery arrived, a good many long stocks came out and reactions ensued. There was comparatively little excitement, however, and dealings were not much above the average. Industrial stocks showed the largest net gains today.

STOCKS EXCITEMENT COOLED.

New York, May 6.—Speculative excitement cooled during the night and operators came to the stock exchange this morning with steadier nerves after sleeping over the matter. Throughout the first hour business presented a striking contrast with the panicky feeling of yesterday. Dealings were largely than the average, but much smaller than for the past two days, with fluctuations far less violent.

NEWS OF THE FAIR.

Chicago, May 6.—Today was the first really clear day since the opening of the fair, and the White City at Jackson Park looked more beautiful than at any period before. About 40,000 people were admitted to the grounds during the day. The piano and harp difficulty and the charges against Theodore Thomas continue to be the chief topics of officials of the fair. The special committee will begin work on Monday morning. Commissioner Lannon said should the charges prove true, they will at once call for Thomas' resignation. In this event it is rumored tonight that the position will be offered to Walter Damrosch of New York.

GOOD DAY FOR THE FAIR.

Chicago, May 6.—Things in general had a bright and cheerful look at the World's Fair this morning when the gates opened. The sun was warm and bright upon beautiful palaces, and the work of putting on finishing touches was pushed with redoubled energy. The bright sunshine had the effect of bringing out visitors, and by 10 o'clock this morning the gate keepers said they had admitted more people than during all yesterday.

NAVAL OFFICERS AT THE FAIR.

Chicago, May 6.—The admirals and other naval officers who participated in the naval parade in New York harbor, arrived this morning and were conducted through the world's fair grounds. There was an Indian war dance at the exposition grounds today which attracted much attention.

FAIR CLOSED THIS SUNDAY.

Chicago, May 6.—The gates of the World's Fair will be closed tomorrow. This announcement was made by President Higginbotham this morning. As to what would be done in future he declined to say.

RACING IN SAN FRANCISCO.

San Francisco, May 6.—The races today resulted as follows: Six and a half furlongs: Broadchurch won; Little Tough, second; Vanity, third; time, 1:22 1-2. The five furlong: Sensible, won; Bordeaux, second; Alexis, third; time, 1:04 1-4. Four and one-half furlongs: Elrayo won; Tigress, second; Little Esperanza, third; time, 55 seconds. One mile: Revolver won; Joe-Cotton, second; Broncho, third; time, 1:43 1-4. Four and one-half furlongs: Jim R. second; Jack the Ripper, third; time, 56 seconds. Four and one-half furlongs: Warrayo won; Clarie second; Jim Jell third; time, 56.

RACING FOR THE VISITORS.

New York, May 6.—This was a great day for the foreign Jack Tars now in port. A series of races were sailed between different crews. The result was a great victory for Great Britain, her men winning two out of

RESIGNATION OF ROSECRANS.

Washington, May 6.—Secretary Carlisle today received the resignation of General Rosecrans as register of the treasury to take effect May 31. In tendering his resignation General Rosecrans refers to his impaired physical condition, and encloses a certificate from a physician which states that General Rosecrans is unable to undertake the long journey from California, to Washington, and does not hold out any hope that he will be able to do so in the near future. Secretary Carlisle accepted the resignation this afternoon in a letter in which he expressed regret at the general's continued illness, and hopes that he may soon rally.

SECRETARY CARLISLE TODAY DECIDED TO APPOINT A COMMITTEE OF THREE PROMINENT MEN FAMILIAR WITH THE INTRICACIES OF THE TARIFF LAW AND CUSTOM HOUSE METHODS, TO MAKE A THOROUGH AND COMPLETE INVESTIGATION OF THE CUSTOM HOUSE APPRAISERS' STORES AND NAVAL OFFICE AT THE PORT OF NEW YORK.

PRESIDENTIAL APPOINTMENTS.

Washington, May 6.—The president today appointed Alexander McDonald, of Virginia, minister to Persia; W. S. Jones, of Florida, consul general to Rome; A. S. Jones, of North Carolina, consul general to Shanghai; Stephen Rossell, of Maryland, secretary of legation to China. Postmaster General Bissell appointed A. W. Machon, of Toledo, assistant superintendent of the free delivery system.

AN INSIGNIFICANT REVOLT.

New Orleans, May 6.—A Times-Democrat Key West special says the great revolution in Cuba has simmered down to thirty men with eleven rifles and eleven horses, who took up the cry of "Cuba Libre!" A committee of home rulers went out to them on the 2nd inst., advising them to surrender, and next day they came into Holquin and laid down their arms on conditions offered by the government of Spain. The intense uneasiness over Cuba can be realized from the extensive movements made against thirty men.

STILL REDUCING RATES.

Chicago, May 6.—The Missouri Pacific today gave notice that it would meet the \$37 round trip rate announced by the St. Louis and San Francisco line from St. Louis to Colorado points. This opens the door for another reduction in the rates through the territory of the Western Passenger Association. Strong efforts are being made all around now to patch up the difficulties and put back the rates where they were.

THE REICHSSTAG DISSOLVED.

Berlin, May 6.—The army bill was rejected today in the reichstag by a vote of 210 to 22. The kaiser immediately dissolved the reichstag. The social-democratic members displayed the wildest enthusiasm over the result. Great confusion and uproar prevails in Berlin.

PUNISHMENT FITS THE CRIME.

Chicago, May 6.—Judge Hutchinson today sentenced William Blunt and Ludine, each but fifteen years of age, to forty years in the penitentiary, for the murder of Albert E. Eckroth last December. The boys held Eckroth up late at night, robbed him and then shot him.

BANK SUSPENDED.

Nashville, May 6.—The Capital City National Bank of Nashville, chartered under the state law has gone voluntarily into liquidation. The bank's business and depositors will be paid in full. The stockholders will receive seventy cents on the dollar.

FOREIGN EDITORS FETED.

Chicago, May 6.—The Press Club tendered a large reception tonight to the foreign newspaper men in the city and the festivities in honor of the Duke and Duchess of Veragua were numerous.

FATAL RAILROAD ACCIDENT.

Columbus, O., May 6.—Two sections of a freight train on the Dayton and Michigan collided at Tadmor early this morning, killing five persons. Three wounded have since died.

GUNBOAT PLANS READY.

Washington May 6.—Designs for the gunboats authorized by the last congress have been completed by the bureau of construction. They are to be about one hundred and twenty tons displacement, fitted with triple expansion engines, light of draught and intended for service on the Asiatic station, where they will be able to ascend far up the rivers where American interests have several times been jeopardized in recent years. The government was unable to give them proper protection on account of the great draught of our ships.

LEGAL INHUMANITY.

Portland, May 6.—A Chinaman died on board the steamer Danube last night. He had been sick with typhoid fever ever since the vessel had been in port. Further sickness is expected if the Chinese are confined on ship board much longer. Interpreter Rickards, of San Francisco, arrived this morning to assist Collector Lotan in his investigations.

HARRIS TO HANG TOMORROW.

Sing Sing, May 6.—Arrangements for the execution of Carlisle W. Harris are about completed. It is probable the execution will take place on Monday morning before 11 o'clock. Harris passed a very restless night. He seems to derive pleasure from the prospects of a visit from his parents tomorrow.

CAN'T STOP THEM.

Portland, May 6.—Collector Lotan today landed 108 Chinese from the steamer Danube and rejected 15. John Irving the owner of the Danube, today filed a demurrer to the complaint against the vessel, charging her with carrying more passengers than the law allows. The case will be heard on Thursday.

PRESENTED HIS CREDENTIALS.

Paris, May 26.—Hon. Jas. B. Eustis, American ambassador to France, presented his credentials to President Carnot today.

THE IDEAL HUSBAND.

He is thus described by a bright woman who keeps her eyes open and has a reprehensible habit—her friends say—of "takin notes": "A temperate, moral, intellectual, truthful, energetic, affectionate, thoughtful, forgiving, Christian man, who chooses a wife for her mind and heart rather than her face, and waits until sure he has found the right one. Who neither scolds nor laughs at his wife and never contradicts her in public. Who loves home and children, and has certain means for making an honest, comfortable living. Who is economical, but not stingy, gives his wife a personal attention to do with as she chooses, and unless wealthy, keeps his life insured in her favor. Who understands that women have nerves, enjoy pretty things, and are happier for being petted once in a while—and sometimes oftener." She is an energetic, happy, lovable spinster, unbounded faith in the possibilities of man's nature under proper conditions, and says some wives of her acquaintance have husbands who could easily be developed into paragons if properly "managed."

AN OLD FASHIONED GIRL.

She can peel and boil potatoes, make a salad of tomatoes, but she doesn't know a Latin noun from Greek. And so well she cooks a chicken that your appetite will quicken, but she cannot tell what's modern from antique. She knows how to set a table and make order out of babel, but she doesn't know Euripides from Kant. Once at making pie I caught her—Jove! an expert must have taught her—but she doesn't know true eloquence from rant. She has a firm conviction one ought only to read fiction, and she doesn't care for science, not a bit. And the way she makes her bonnets sure is worth a thousand donnets, but she doesn't yearn for "culture," not a whit. She can make her wraps and dresses till a fellow fast confesses that that's not another maiden half so sweet. She's immersed in home completely, where she keeps all things so neatly, but from Browning not a line can she repeat. Well, in fact, she's just a woman, gentle, lovable and human, and her faults she is quite willing to admit. 'Twere foolish to have tarried, so we went off and got married, and I tell you I am mighty glad of it.

HE PAID THE FIDDLER.

Atlanta Constitution: Colonel, I hear you were a social lion at Washington?" "Yes, sir! loaned three congressmen \$10 apiece and got a chance to pay a senator's hotel bill."
