AT THE NATIONAL CAPITAL

The Sunday Opening Question Not Officially Settled.

MANY OFFICIALS FAVOR IT

The Objections to Consul-General Judd Supposed to Have Been Withdrawn—Gold Reserve Increasing.

Associated Press. Washington, May 13.—The Star has the following: The democratic leaders in congress and the administration are trying to come to an understanding as to the policy of the next congress by which they can avoid the danger of a split in the party on the money question and secure united action on several important questions which will present themselves. It is the present understanding that a compromise proposition to dispose of the silver question by accompanying the repeal of the Sherman law with a repeal of the 10 per cent. on state bank currency which will receive the sanction of the administration, and the men who are fighting against any contraction of the currency will be satisfied to let go of silver if they can get state currency.

It is designed, also, to levy an income tax and it is believed that Cleveland will favor this. Briefly, there are four things which it is the desire of the parties leaders that the coming congress should dispose of as speedily as possible, and it is believed that Cleveland will dwell upon all of them in his first message. They are the repeal of the federal election laws, the levy of an income tax, repeal of the Sherman law and tax of state bank currency and a complete revision of the tariff by making a very decided reduction in duties all long the line.

Washington, May 13.—Assistant Secretary Curtis of the treasury department, who has charge of the World's Fair matters, said today that until the decision of the World's Fair directors to open on Sunday came to him in an official manner, he must decline to express any opinion as to what action, if any, the treasury officials might feel called upon to take in regard to the undelivered balance of the souvenir coin.

Inquiry at the department of justice as to the decision of the board of directors to open the World's Fair grounds on Sundays develops a feeling favorable to it. It is pointed out that the law provides that the government exhibits at the exposition shall be closed on Sunday. Now here it is not made compulsory to close the grounds on which the World's Fair or exposition is being held. Attorney General Olney will not express an opinion. Prominent officials in the department do not hesitate to approve of the action already taken as being within the law, but express hopes that means may be found to open the whole exposition on Sundays.

Washington, May 13.—It is calculated that under the new administration a check is going to be given to the rapid growth of the pension list, even without any legislation. When the pension appropriation bill passed at the last session of congress, it was expected that the amount appropriated would be about fifteen millions short of the expenditures for this fiscal year. It was anticipated that the deficiency in the amount would have to be provided for at the coming session. The average number of original pensions cases passed on each month it is expected, however, will be but about one third what it was under the former administration of the office, and that instead of a deficiency, there will be a surplus of about \$6,000,000.

THE OBJECTIONS TO JUDD.

Washington, May 13.—Max Judd who was appointed consul general to Vienna, has been informed that no confirmation has been received of the report from the Austrian government to the effect that he will not be received in his official capacity at Vienna and from the length of time that has elapsed since his appointment during which no protest has been received it may fairly be presumed that there is no objection contemplated in his place.

GOLD RESERVE INCREASING.

Washington, May 13.—At the close of business today the treasury had on hand \$824,325 free gold, and accepted, but not yet put on the books \$1,176,000, making the free gold balance \$2,000,000 above the \$100,000,000 reserved. The gold came from the West. Among the treasury officials the financial situation is regarded with satisfaction.

FATAL LOCOMOTIVE EXPLOSION.

Reading, Pa., May 13.—Two persons were killed and several seriously injured by the explosion of a locomotive

on the Lebanon Valley railroad at Lebanon today. The names of the killed are as follows: Levi Vocum, engineer, and John Vocum, his nephew, aged fourteen. The injured are William Loudon, a boy, fatally; William Anstath, watchman, fatally injured; the latter's daughter, Annie, aged sixteen, perhaps fatally.

INTERESTING TO CATHOLICS.

Satoli Will Try to Settle the Controversy in the Church. New York, May 13.—Monsignor Satoli, papal delegate, arrived this afternoon from Washington. The arrival of Satoli at Hoboken today was eagerly awaited by church men. The settlement by the apostolic delegate of the bitter controversy between Bishop Wiggins, of the diocese of Newark, and Father Corrigan, of the Church of our Lady of Grace, in favor of the latter, and the subsequent refusal of the bishop to attend a dinner given on Monday by Father Corrigan, in honor of Monsignor Satoli, and the possibility of a reconciliation, or as more probable, a wider breach between the bishop and the priest, made the visit of the delegate a matter of unusual interest to Roman Catholics.

It was stated today by a priest who is closely associated with both Bishop Wiggins and Father Corrigan, that Monsignor Satoli would try to effect a full reconciliation between the prelate and the priest.

A PRESENT FOR CLEVELAND.

Tacoma, Wash., May 13.—The people's party central club of Pierce county had a largely attended meeting tonight and adopted resolutions strongly condemning President Cleveland for suspending the enforcement of the Geary law, and calling upon congress to take such action by impeachment or otherwise, as shall forever prevent and deter the president or his successors from repeating such an unwarranted deed as they complain of. The resolutions refer to the president's order suspending the law as a "ultra" and compare his action to the dictatorial power exercised by the czar of Russia, and emperor of China. It was resolved that a copy of the resolutions be engrossed and forwarded to the president.

THE BLUES BEATEN.

Boston, May 13.—Notwithstanding the rain the third annual athletic meeting between Harvard and Yale took place on Holmes' Field, Cambridge, this afternoon. The Crimson again triumphed over the Blue, but the result of the game was in doubt until the last few events were run off. Harvard's superior work in the 100-yard dash; 40-yard run; 220-yard hurdles; 200-yard dash; 880-yard run; putting the 16-pound shot; running high jump and running broad jump carried the day for the Crimson. In the fourteen events on the program Harvard scored 67 point to 45 for Yale.

NOT EVICTED YET.

Tacoma, May 13.—The United States troops did not evict Frank Ross and his Indian graders off the reservation. The Indians do not expect to be molested before Thursday. They said they will offer no armed resistance to the troops. Ross has applied to the Commercial Club and the Chamber of Commerce for financial assistance, and those bodies had the matter under advisement. It is reported that Ross is willing to give his interest in the road to the citizens of Tacoma for this assistance, thus assuring them that he has no monopolistic intentions.

GONE TO CANADA.

New York, May 13.—John Welns, grand treasurer of the order of the Germania Relief Fund Sick and Benefit Association, it is said, has disappeared. The officers of the association, which has branches in various states and a membership of 40,000, charges Welns with having taken with him between \$50,000 and \$100,000 of their funds.

INVALIDATES THEIR ELECTION.

Topeka, Kan., May 13.—Under the new election law requiring successful candidates to file sworn statements of their campaign expenses within thirty days after election, many of these have failed to do so and the attorney general says this invalidates their election. Much trouble is expected.

BURNED TO DEATH.

Santa Rosa, Cal., May 13.—The four-year-old daughter of John Hicarty, met with a shocking death on Thursday. The little girl was playing with matches and set fire to her clothing.

DELAYED BY A SANDSTORM.

Portland, Or., May 13.—The Union Pacific trains are delayed east of the Dalles by a sandstorm. It is understood, however, that all trains will get through this afternoon.

A TRAIN WRECKED.

Smithton, Mo., May 13.—The Cotton Belt passenger train was today wrecked by the springing of the rails. The engineer and fireman were killed.

CHICAGO'S GREAT ATTRACTION

The White City Beautifully Decorated Last Night.

THE ATTENDANCE INCREASING

Many Thousands More Than Were at the Centennial for the Corresponding Period.

Associated Press. Chicago, May 13.—Despite the chilly wind and leaden sky the visitors were not frightened from the fair grounds, but came in such herds that at noon, when the wind died away and the sun came out, it was estimated that some 60,000 visitors were on the grounds. A noticeable feature was the number of school children who, taking advantage of the weekly holiday, paid a visit to the fair.

The curiosity aroused as to the comparative attendance at the beginning of the centennial and the present exposition was gratified today by the publication of official figures, which show that the attendance at the World's Fair during the first eleven days was nearly 219,000 greater than at the centennial for the corresponding period.

The White City is transformed to-night into a city of rainbow tints. Plans for the first complete illumination were completed and the spectacle far surpassed anything of the sort ever attempted.

The national commissioners had a lively discussion today on the action of the local directors ordering the fair open on Sundays. When the commissioners met President Higginbotham submitted a report of the action of the local directors. After a dozen or more commissioners had expressed their views the matter was referred to the Columbian exposition, took the first judicial committee.

Charles W. Clingman attorney in the legal steps in Sunday closing this afternoon. He filed a bill in the supreme court praying for an injunction restraining the directory and park commissioners from closing the fair on Sundays. Hearing on the application for an injunction is expected in the early part of next week.

CHILDREN AT THE FAIR.

Chicago, May 13.—In spite of the bad weather there were thousands of school children at the fair today and a large attendance of adults. The action of the local directory in deciding to open the grounds on Sunday, has caused a stir in the national commission. A number of the commissioners were of the opinion that the directory has exceeded its powers.

BANK FAILURES.

Edwardsburg, Mich., May 13.—The doors of the Edwardsburg bank were closed this morning.

Fort Wayne, Ind., May 13.—The Citizens' bank of Monroeville, this county, closed its doors at noon, causing much excitement. It was organized by Dwiggins & Starbuck of the Columbia bank, Chicago, some years ago.

Kissamee, Florida, May 13.—The Kissamee City Bank did not open this morning. The liabilities are about \$50,000 and the assets about \$100,000.

MEETING A RUN.

Milwaukee, May 13.—There was a sharp run on the Plankinton bank today. A crowd of 300 was around the bank before the doors opened, and from the commencement of business till the closing, the tellers were kept paying out money. The savings deposits were refused their money under the rule requiring thirty days notice before the withdrawal of funds. By noon, however, the scare was practically at an end.

MERCANTILE FAILURES.

Duluth, May 13.—The Duluth Roller Mills have assigned. Liabilities \$67,000; assets, estimated at from \$75,000 to \$125,000.

Chicago, May 13.—L. L. Ferris & Co., wholesale dealers in boots and shoes, today confessed judgments aggregating \$50,000. The liabilities are \$170,000; the assets \$225,000.

THEY WON'T BE DENIED.

Port Townsend, May 13.—Information was received by the customs authorities tonight that a British steam yacht had come over from Victoria and landed thirty-two Chinese in the United States, and escaped back to the British side without detection. The revenue steamer and customs inspectors are patrolling the shores but are unable to get any trace of the Chinese. They were part of the Chinese recently refused a landing at Portland.

WOULD PAY NO FINE.

Port Townsend, May 13.—The steamers Cascades and Milton, recently fined \$500 each by the government for carrying an excessive number of pas-

sengers, absconded into British Columbia waters without paying the fines. The vessels plied between Everett and Seattle, and on a recent excursion carried a larger number of passengers than was allowed by law. They were allowed ten days in which to pay the fine.

NEWSPAPER CHANGE.

John W. Mackay Said to Be Interested in the Herald. New York, May 13.—A morning newspaper will tomorrow publish the following: There were reports in circulation last night that the Herald is no longer the sole property of James Gordon Bennett and color is given the report by the fact that for the first time since James Gordon Bennett inherited the editorship and proprietorship of the paper from his father, his name did not appear at the head of the editorial page of the paper. For some months past reports have been in circulation that John W. Mackay of California, the "Bonanza King" advanced large sums of money to Bennett and as security has taken a mortgage on the plant of the Herald. The loans, it is said were advanced to cover the losses in connection with the establishment of the Mackay-Bennett cable, and the losses sustained by the European edition of Bennett's paper.

PORTLAND POLITICS.

Portland, May 13.—Already there are signs of the coming city election to be held June 5th. The democratic primaries will be held this afternoon. There is no contest at the primaries. The different state offices, however, will probably confront the republicans at their primaries next Wednesday. It is currently reported that Joe Simon and Jim Lotan, who are now working in harmony, feel that they have not received proper consideration by the present republican city committee. It is said they have made overtures to the committee, which is now made up in opposition to the two bosses, but the committee appears to be adverse to entering into any agreement with them. They say unless the committee comes to terms they will run a ticket at the primaries and capture the city convention. Lotan and Simon do not care to dictate nominations at the present election, as there is no mayor to elect, but they desire to get control of the next city committee in order to control the election one year from now, which is very important. Under the new charter the mayor is clothed with power to appoint and remove at his pleasure both police and fire commissioners. He will also have other powers which will be the means of controlling nearly all the city patronage.

THE GOSPEL IN POLITICS.

Chicago, May 13.—The prohibition party meets here today to prepare for the beginning of the next presidential campaign at once. The idea is to map out a scheme of state work which, when completed, will be submitted to the state committees for approval. In addition to the usual educational work it will include a series of great gospel temperance meetings in all the large cities.

ANOTHER TRIAL FOR RIPPY.

San Francisco, May 13.—The jury in the case of Wesley C. Rippey, charged with assault with intent to kill John W. Mackay, was discharged this evening being unable to agree. BANK FAILURES UNIMPORTANT.

Washington, May 13.—Comptroller Eckles said today that the bank failures reported from the west do not affect the general situation in the least. He says all his confidential reports from the west are good.
