It Should Be In Every House. J. B. Wilson, 371 Clay street, Sharpburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds; that it cured his wife who was threatened with pneumonia after an attack of a gripe, when various other remedies and several physicians had done her no good.

My wife has been taking Dr. Miles' New Cure for the Heart. She thinks it wonderful. She has not been troubled with pain or smothering spells since using it. We have also used Dr. Miles' Pills, and we find them all they are claimed to be.—GEO. L. FINK, Philadelphia, Pa.

THE OPEN SWITCH.

AN ESTABLISHED SAFEGUARD. Anybody who travels by cars knows what is meant by "an open switch." It is the terror of railroad men, and the dread of the traveler. Its victims—killed, horribly mangled or maimed for life—are numbered by the score each year.

Yet even the dreaded "open switch" is not so widely fatal as in a certain disease, which, without ceasing its activity for an instant, is daily filling hundreds of graves.

What is that terrible ailment? you ask. It is Heart Disease! "But" you reply, confidently, "I haven't any heart disease—my heart is all right." Are you SURE?

Dr. Franklin Miles, of Elkhart, Ind., the distinguished specialist in diseases of the heart and nervous system, states that disorders of the heart are as common as those of the lungs, liver, stomach, bowels or kidneys, though often unsuspected. The reason people are not aware of this important fact is because symptoms of heart disease are not usually recognized as proceeding from this organ, but are attributed to some other source.

"My wife has been taking Dr. Miles' New Cure for the Heart. She thinks it wonderful. She has not been troubled with pain or smothering spells since using it. We have also used Dr. Miles' Pills, and we find them all they are claimed to be.—GEO. L. FINK, Philadelphia, Pa.

CATARRH IN CHILDREN

For over two years my little girl's life was made miserable by a case of Catarrh. The discharge from the nose was large, constant and very offensive. Her eyes became inflamed, the lids swollen and very painful. After trying various remedies, I gave her S.S.S. The first bottle seemed to S.S.S. aggravate the disease, but the symptoms soon abated, and in a short time she was cured. Dr. L. B. RITCHEY, Mackey, Ind.

THE MOUND-BUILDERS,

THEIR WORKS AND RELICS. REV. STEPHEN D. PEET, Ph. D., EDITOR OF AMERICAN ANTIQUARIAN, Author of Animal Edifices and Emblematic Mounds, etc.

This book treats of the Mound-builders; their occupation, modes of life, religious systems, tribal divisions and early migrations. The work contains descriptions of the earthworks of all classes. The classification of the mounds is made according to their uses, whether as village residences, as defenses, as religious structures, or as sacrificial or burial places.

The work contains many illustrations and descriptions of Mound-builders' relics, especially pipes and pottery. The value of the book is that it contains a comprehensive view of the whole field, and gives information about the mounds and relics of all states and districts. It is one of a series which is devoted to pre-historic America, and perhaps would be regarded as the most interesting volume.

The author sells his subscriptions. Orders can be sent to the publishing house, 125 Walnut avenue, Chicago, or to the author at Avon, Ill.
