TODAY'S WEATHER.

Portland, May 31.—For Oregon and
Washington: Fair weather.

Local weather for the twenty-four
hours ending at 5 p. m., yesterday,
furnished by the U. S. Department of
Agriculture, weather bureau.
Maximum temperature, 59 degrees.
Minimum temperature, 48 degrees.
Precipitation, .11 inch.
Total precipitation from July 1st, 1892
to date, 81.66 inches.
Excess of precipitation from July 1st,
1892, to date, 8.39 inches.

THE SILVER CRAZE.

Senator Wolcott, of Colorado, is lib-
eral, public-spirited, and progress-
ive. But when he deals with the silver ques-
tion he is led into the wildest misstate-
ments. Thus, in a recent article he
says:

"The West believes in the free coin-
age of silver because its people have
been taught, as has the whole civilized
world, outside the money centers, that
the stock of gold in the world is not
sufficient for the needs of the world."

This is a statement of fact on which
we take issue. If gold were becoming
scarcer, its relative value in silver
would increase. Instead of doing so
the gold value of silver has declined
and is declining. The Colorado senator
also says:

"By the inauguration of the free and
unlimited coinage of silver by the
United States, and the coinage of the
bullion now in the treasury, silver
would at once return to its former
value of \$1.29 per ounce."

This is another assumption that is
not warranted. If the United States
treasury were compelled to pay \$1.29
per ounce for silver, that might be for
a time the current value, but people
would then begin to hoard gold and
the value of the white metal would de-
preciate at home and abroad. In like
manner the United States might en-
hance the value of copper by paying an
artificial price for it, but an end would
come to such foolishness before long.
But why should the United States pay
\$1.29 for silver so long as it can buy it
for 83 cents per ounce? Mr. Wolcott
also observes:

"The intensity of feeling existing in
the West in favor of the free coinage
of silver can hardly be comprehended
in the East."

The demand for free coinage may
be strong in Denver, where people have
much silver to unload on the treasury,
but it is not so in Oregon. We observe
also that in all the so-called silver
states, the mine owners, as the public
in general, stipulate for gold coin, in
their contracts.

PERSONAL MENTION.

Miss Polly McKean returned from
Portland yesterday.

Mrs. Graham, of Portland, is a guest
at the Occident Hotel.

Mr. C. N. Scott, of Portland, was a
guest at the Occident yesterday.

State Fish and Game Protector Hol-
ister McGuire was in town yesterday.

Judge C. A. McGuire and S. K. Stan-
ley, of Seaside, were in the city yester-
day.

Mr. S. N. Cooper, of San Francisco,
arrived in this city yesterday and regis-
tered at the Occident.

Messrs. B. C. Lamb and A. P. Wilson
of Tillamook, were among the passen-
gers on the steamer Augusta.

M. M. Ketchum, of Portland, is
among the Occident arrivals. He will
remain in the city several days.

Mr. Gustav Boetzgen and wife left
for the steamer Telephone last night
for Pyran, Montana, where they will
remain during the summer.

Tom Foster, the winner of Saturday's
footrace, and Joe McCann, his trainer,
left yesterday morning for their respec-
tive ranches near Mishawaka.

Facts About
the Weather.

The chief of the weather bureau
directs the publication of the following
data, compiled from the record of ob-
servations for the month of June, tak-
en at his station for a period of nine
years.

It is believed that the facts thus set
forth will prove of interest to the pub-
lic, as well as the special student,
showing as they do the average and
extreme conditions of the more im-
portant meteorological elements and
the range within which such variations
may be expected to keep during any
corresponding month.

Temperature—Mean or normal tem-
perature, 56 degrees. The warmest June
was that of 1889, with an average of
57 degrees. The coldest June was 1887,
with an average of 54 degrees. The
highest temperature during any June
was 91 degrees, on the 21st, 1887. The
lowest temperature during any June
was 44 degrees, on the 27th, 1887, and
the 2d, 1892.

Precipitation, rain and melted snow
—Average for the month, 2.68 inches.
Average number of days with .01 of
an inch or more, 13. The greatest
monthly precipitation was 5.66 inches in
1888. The least monthly precipitation
was .95 inches in 1887. The greatest
amount of precipitation recorded in
any 24 consecutive hours was 1.29 inches
on the 16th, 1885. The greatest
amount of snowfall recorded in 24 con-
secutive hours (record to winter of
1884-5 only) was 0 inches recorded.

Clouds and weather—Average num-
ber of clear days, 5. Average number
of partly cloudy days, 9. Average num-
ber of cloudy days, 16.

ing claims against said estate, are
hereby notified to present the same to
me, at the above place, within six
months from the date hereof.

F. L. PARKER,
Administrator of the above estate.

Dated at Astoria, Oregon, this 15th
day of May, 1893.

2,228,672.

These figures represent the number
of bottles of Dr. King's New Discovery
for Consumption, Coughs and Colds,
which were sold in the United States
from March, 1891, to March, 1892. Two
million, two hundred and twenty-eight
thousand, six hundred and seventy-two
bottles sold in one year, and each and
every bottle was sold on guarantee
that money would be refunded if sat-
isfactory results did not follow its use.

The secret of its success is plain. It
never disappoints and can always be
depended on as the very best remedy
for Coughs and Colds, etc. Price 50c.

DO YOU LIKE OYSTERS?

Those who wish to have the finest
Shoalwater Bay oysters or clams by
the quart or pint in jars, can have
them delivered alive and fresh by Hon-
or Fletcher. Orders left at The Astor-
ian office will receive prompt and care-
ful attention from him.

LADIES' TEA.

Is a pleasant drink, which will be
borne by the stomach without nausea
or griping. It acts thoroughly on the
liver, kidneys and reproductive or-
gans. A gentle physic, efficient diu-
retic, and is most useful in scant or
painful menstruation. It aids diges-
tion and reduces corpulence; clears the
complexion, rendering it fair, and re-
storing the natural tone of the skin.
for it removes the bile, which by ac-
cumulation, produces the sallow, mud-
dy complexion, peculiar to the con-
stituted. Sold by all druggists.

Attempt at Suicide.

It Might Have Been Prevented.

[From the Boston Post.]
While the walks in the Public Garden
were crowded yesterday afternoon about
4:30 o'clock, people near the entrance gates
at the corner of Beacon and Charles streets
were horrified to see a man suddenly plunge
a knife repeatedly into his throat and fall to
the ground.

While waiting for a conveyance an officer
questioned the would-be suicide, who was
about 50 years of age, as to his name, address,
and reason for wishing to end his life, but
the man steadfastly refused to give any in-
formation regarding himself. He was taken to
the Massachusetts General Hospital and
surgical attendance given him. Although
weak from loss of blood it is probable he
will recover. About 9 o'clock last night a
hospital attendant got a little information
from him. He said his name was Samuel
D—, and that he came some weeks ago
from New Brunswick. The last few days
his head has felt queer, and he has been wan-
dering about the city, not knowing which way
to turn.

What impelled him to commit his
rash act he was unable to say.

The above is the familiar but terrible
story of the results of mental derangement
caused by overstrain of the nervous system.
People who have dizziness, headache or back-
ache, or who are troubled with melancholy or
dependent feelings, are already well on the
road which leads to insanity and suicide.

Royal Baking Powder.

THE GOVERNMENT TESTS
ESTABLISH ITS ABSOLUTE SUPERIORITY.

(Data from the latest Official U. S. Government Report on Baking
Powders, Department of Agriculture, Bulletin 13, page 599.)

Royal is placed first of the cream of tartar
powders, actual strength, 160.6 cubic inches of
leavening gas per ounce of powder.

Every other powder tested exhibited a much
lower strength than the Royal, the average
being 33 per cent. less.

Every other powder likewise showed the
presence of alum or sulphuric acid.

The claim that this report shows any other powder of su-
perior strength or purity has been denounced as a falsehood
by the Government officers who made the tests.

THE MOUND-BUILDERS.

THEIR WORKS AND RELICS.

—BY—

REV. STEPHEN D. PEET, Ph. D.,

EDITOR OF AMERICAN ANTIQUARIAN,

Author of Animal Edifices and Emblematic
Mounds, etc.

This book treats of the Mound-builders; their
occupation, modes of life, religious systems,
tribal divisions and early migrations.

The work contains descriptions of the earth-
works of all classes. The classification of the
mounds is made according to their uses,
whether as village residences, as defenses, as
religious structures, or as sacrificial or burial
places.

The work contains many illustrations and
descriptions of Mound-builders' relics, es-
pecially pipes and pottery.

The text of the book is that it contains a
comprehensive view of the whole field, and
gives information about the mounds and relics
of all states and districts. It is one of a series
which is devoted to pre-historic America, and
perhaps would be regarded as the most inter-
esting volume.

The author solicits subscriptions. Orders can
be sent to the publishing house, 175 Wabash
avenue, Chicago, or to the author at Avon, Ill.
