HE PASSED FROM LIFE'S STAGE

The Career of America's Great Tragedian Is Closed.

THE END MARKED BY SUFFERING

In the Presence of Loving Relatives and Friends, Edwin Booth's Troubles Are Ended.

Associated Press. New York, June 6.—America's great tragedian, Edwin Booth, who, has been hovering on the verge of the shadow of death so many weeks, passed away at 1:15 this morning in his apartments in the Player's Club. The decline in his physical condition had been very perceptible for several days, and, as long ago as Saturday night all hope of saving his life was given up. All day today his condition grew steadily worse, and at 7 last evening Dr. St. Clair Smith was hastily summoned to the club. After a brief examination of the dying man, Dr. Smith prepared a bulletin, which was posted in the hallway, to the effect that it was doubtful if Mr. Booth survived the night. There was nothing that could be done except for the anxious watchers to sit by the bedside until the fitful spark of life was finally extinguished. At ten o'clock another change was noted, and Dr. Smith was again summoned. He did what he could to ease the dying moments of Mr. Booth, who although completely unconscious, appeared to suffer greatly, it being apparently extremely difficult for him to breathe. The restless motions of his hands ceased, and his life finally passed away. When the breath had died to an almost imperceptible flutter, at the bedside were the actor's daughter and her husband, Mr. Crossman, Booth's brother-in-law, Mr. Magouille; William Bigham, an intimate friend, and Charles Farrill.

THE ANTI-TRUST CONVENTION

The Donnelly-Weaver Element Is Slightly Out-Voted.

A CONVENTION OF BUTTERS

General Weaver Elected President of the Sore-head Populist Faction—Speeches by Donnelly and Others.

Associated Press. Chicago, June 6.—When Governor Nelson of Minnesota called the constitutional convention to order today it was expected that the first fight of the session would begin, for it was generally known that Donnelly, or the radical faction had been beaten in the committee of resolutions, and would carry the fight to the floor of the convention. Chairman Rosewater of the committee on resolutions no sooner read the preamble than Mr. Donnelly moved as a substitute, a demand for the government purchase of the anthracite coal lands. Henry D. Loyd of Chicago wanted the bituminous lands also purchased, and the fight on those two amendments wasted two hours, after which Rosewater moved the previous question and the committee report carried. The fight was kept up all day, however, by the extremists, but they were out-voted at every turn. Resolutions were adopted which set forth at length the rights of the trust system as at present maintained, and calls upon the convention to create a permanent association to be known as the Anti-trust Association of the United States, consisting of three representatives from each state and territory. The resolutions declare that over capitalization of corporate property is largely responsible for the breaking down of credits and the financial distress now prevailing. The resolutions were not radical enough to suit the Donnelly-Weaver element, and they gave notice of another meeting at the Palmer House tonight. Before the close of the central hall meeting, J. M. Quinn, of Butte, Mont., a miner, offered a free coinage resolution which passed by a small majority. The bolters to the number of thirty, representing thirteen states, organized at the Palmer House tonight. They were all populists. General Weaver of Iowa was elected chairman. Ignatius Donnelly and others made speeches.

THE WHEAT MARKET

Chicago, June 6.—There was a better feeling in wheat at the opening this morning, with good investment buying by strong houses, who evidently think the bottom has been reached. July opened at 66 1/2c, and advanced to 67 1/2c. The selling movement then started, which carried the price down to the lowest point yet reached, 65 3/4c, but quickly recovered to 67 1/2c-1/4c.

YESTERDAY'S FAILURES

A Number of "Old and Very Reliable Institutions Go Under."

Chicago, June 6.—In spite of the fact that the Illinois Trust & Savings Bank remained open till 3 o'clock this morning to give the anxious depositors a chance to draw their funds, a new line began to form before 8 o'clock this morning, and at 10 the usual hour for opening, between 1200 and 1500 people were waiting at the doors with their savings books. The bank is considered absolutely sound. The assets are figured up at over \$80,000,000, and its stockholders are estimated to be worth in the aggregate fully \$150,000,000. At the other savings banks the runs which began yesterday seem to have increased in size. During the time when the run on the Illinois Trust and Savings Bank was hottest this afternoon, Philip D. Armour, the millionaire packer, sent out some of his clerks to bring in to his office a hundred or more of the most excited depositors, mostly women. To these Mr. Armour made a brief speech, assuring them that the bank was all right, and adding that Armour & Company will guarantee to each of them the full amount of their deposits. "If any of you are not satisfied with this, let him speak up, and I will give you your money," he said. Two women asked for the amount of their deposits, and were immediately paid in full, while the remainder went away satisfied.

A MURDEROUS HIGHBINDER

Los Angeles, Cal., June 6.—A horrible tragedy was enacted in Chinatown this morning. Quan Ah Moon, a high-binder, run a dirk knife eight inches long, through a woman named Sue How, and shot Wong Ah Sip twice through the lungs. The woman is dead, and the man is not expected to live many hours. Sue How was a pretty Chinese girl. Wong Ah Sip heard her scream as he walked by Moon, and when he attempted to save her Moon drew a revolver and fatally shot him. Quan Ah Moon has not been discovered by the police.

TREATY PROCLAIMED

Washington, June 6.—The Russian extradition treaty, which has been the subject of negotiation between the two contracting parties for more than six years, and which has been amended again and again, and was threatened with defeat in its final stages, has at last been formally proclaimed, and will henceforth be a law of the land until it is superseded by another treaty.

CURRENCY MOVING WESTWARD

New York, June 6.—At the sub-treasury it is stated that the movement of currency to the interior is on a very large scale. Today \$1,000,000 in small notes was exchanged by the banks for large bills and shipped to Chicago, Cincinnati, Milwaukee and other western points. There are indications of still heavier movements.

DR. BRIGGS HEARD FROM. A Significant Letter Published in a New York Daily.

DR. BRIGGS HEARD FROM

New York, June 6.—The World in the morning will say: The first accepted expression of Briggs since he was suspended for hobby by the general assembly of the church is a letter which will be published in tomorrow's New York Evangelist. In the letter Briggs no one could feel obliged to retire from the Presbyterian church on account of the decision of the assembly. He says the minority of the church has vitiated the constitution. Let this synod of New York assert its constitutional rights against the general assembly, which has so greatly encroached upon them. Let every presbytery and synod which would maintain the graded system of courts which has, until the present day, been the pride of Presbyterianism overture the next assembly in the interests of orderly procedure. Let the constitutionalists in every presbytery take to their duty and overcome those ministers who have out-voted them during recent years by scheming, planning and working together for a predetermined purpose. It is high time all broad-minded men should organize and work together for their own sake, as well as for the honor of Presbyterianism.

EULALIE IN CHICAGO

The Spanish Princess Received a Cordial Welcome to the City.

CHICAGO, JUNE 6.—Eulalie, the modest little princess of the Spanish royal house, is in Chicago. As she disembarked at Union depot in Canal street, Mayor Harrison received her as one of Chicago's World Fair guests, and extended to her the hospitality of the city. When presented to the princess Mayor Harrison, like a true gentleman, kissed her hand. The party was escorted by two troops of United States cavalry to the Palmer house, here, as at the depot, there was a large and enthusiastic crowd waiting, and the princess was greeted by loud cheers. The committee on ceremonies at the World's Fair held a lengthy session today and arranged an elaborate program for the reception of the Infanta on Thursday. She was today presented with a pass, good for herself and suit, to the fair, handsomely engraved on a gold plate. The weather today was beautiful, and about 70,000 people visited the World's Fair.

THE LINO TYPE IN LOS ANGELES

The first type-bar, or line of type, ever turned out in California by the improved Mergenthaler Linotype machine, was cast in the office of the Los Angeles Times at 5 o'clock last night by Mr. P. W. Parker, of Oregon, who, at our request, has come all the way to this city for the purpose of putting these marvelous machines into operation.

The first of the seven linotypes which are now being installed in our composing room is already in running order, and the other six will be in place very soon, when the Times will take pleasure in inviting the public to witness an exhibition of one of the triumphs of the age—a mechanical and intellectual triumph fit to crown the mighty achievements of time, and to appropriately celebrate its fin de siecle.
