TODAY'S WEATHER.

Portland, June 12.—For Oregon and Washington: Occasional showers.

Local weather for the twenty-four hours ending at 5 p. m., yesterday, furnished by the U. S. Department of Agriculture, weather bureau.

THE CHINESE FARCE.

Portland is manifesting a decided affinity for Chinese immigrants. The Danube is a case in point. That steamer arrived at Portland May 18 with 604 Chinese.

There is a marked improvement in financial circles since President Cleveland announced that he will call a special session of congress, early in September.

The hunting down of Sontag and Evans is a positive gain for the entire Pacific slope. So long as these robbers were at large, so long might it be supposed that the spirit which nerved the vigilance committee of old was extinct in California.

Portland is all right. But her people should realize their situation and head off the San Francisco movement. They should see to it that Astoria has a railroad, and that it is connected with Portland.

If San Francisco organizes an exhibition to display the products of the

Pacific slope, Oregon will give it hearty support. But the proposed reproduction on a small scale of the Chicago World's Fair, would not excite much public interest in this state.

PERSONAL MENTION.

Hon. J. G. Megler left for Brookfield yesterday.

Mr. Marshal J. Kinney left for Portland last evening.

Rev. J. F. Huff of Oysterville was in this city yesterday.

It is stated that Mr. Remington is on his way back to this city.

Mr. A. J. Megler, who has been ill for a few days past, was out yesterday.

Mrs. Medina, of Oakland, Cal., is visiting in this city, the guest of her daughter, Mrs. J. C. Jones.

Dr. W. P. Gibbons came in from his Glenwood ranch yesterday, and went up to Portland last evening.

Mrs. Carrie Krager of the Cedar street school left for Portland yesterday morning to visit the schools.

J. D. Hawes, principal of the Cedar street school, left for Portland last night to spend part of his vacation.

Dr. Luke Robinson and son and Dr. Mowhan, who arrived here from San Francisco on Sunday, went up to the river last evening.

Wong Poon and Lum Lap, two genuine Chinese merchants, returned yesterday on the Haytian Republic and received hearty greetings from both American and Chinese friends who knew them of old here.

LADIES' TEA

Is a pleasant drink, which will be borne by the stomach without nausea or griping. It acts thoroughly on the liver, kidneys and reproductive organs.

A TRIED REMEDY FOR BILIOUSNESS.

Those who suffer from disorder or inaction of the liver will never get the upper hand of the unruly organ so long as they use such irrational remedies as blue pill, calomel and podophyllin.

TOO OFTEN THE CASE.

INTERESTING PROOFS.

A young society lady, after a round of gayety, becomes suddenly conscious of an unusual sensation. She has frequent attacks of dizziness, her back aches, and she feels blue and generally run down.

Mothers, look well to your daughters! Daughters, look well to yourselves! Let the first symptom denoting the approach of disease receive your instant attention.

There is hope for all sufferers from Nervous Diseases. Read what follows: Mrs. Jennie C. Davis, a fine artist and an accomplished authoress, of Westfield, Wis., had been subject to headache ever since she could remember.

Six weeks later she writes: "I have read and served immoderately of late, but my headaches do not return."

Mrs. John R. Miller, of Valparaiso, Ind., was attacked three years ago with turn of life in its worst form. It finally went to her head, and all indications were that it would result either in insanity or softening of the brain.

Recollect that for the CURE of all Nervous Diseases there is no remedy which approaches Dr. Miles' Restorative Nerveine. It is free from dangerous drugs and opiates.

THE MOUND-BUILDERS, THEIR WORKS AND RELICS.

Author of Animal Edifices and Emblematic Mounds, etc.

REV. STEPHEN D. PEET, Ph. D.

EDITOR OF AMERICAN ANTIQUARIAN.

This book treats of the Mound-builders; their occupation, modes of life, religious systems, tribal divisions and early migrations.

The work contains many illustrations and descriptions of Mound-builders' relics, especially pipes and pottery.

The value of the book is that it contains a comprehensive view of the whole field, and gives information about the mounds and relics of all states and districts. It is one of a series which is devoted to pre-historic America, and perhaps would be regarded as the most interesting volume.

The author solicits subscriptions. Orders can be sent to the publishing house, 175 Wabash Avenue, Chicago, or to the author at Avon, Ill.
