GREAT SMUGGLING CONSPIRACY

Gigantic Conspiracy Unearthed by Special Agents of the Treasury.

THE REMOVALS IN WASHINGTON

Fraudulent Chinese Certificates Manufactured by Wholesaler—Other Removals to Follow.

Associated Press. Washington, D. C., June 20.—The removal of Patrick H. Winston, United States Attorney; Thos. R. Brown, United States Marshal; Andrew Wasson, United States Collector, at Port Townsend; C. J. Mulkey, United States Special Agent, and six special inspectors of customs in the Puget Sound district, all in the state of Washington, and the appointment of their successors, is said to be due to reports made to Secretary Carlisle by special treasury agents Wood and Lewis. These reports were numerous and circumstantial as to detail, and tell the story of one of the most extensive and successful conspiracies ever formed to smuggle Chinese and opium into the United States across the far northwestern boundary. These officials, it is charged by the reports received, have been doing a wholesale business for several years in connection with private parties in Victoria, B. C., in smuggling in Chinese by means of fraudulent certificates, and permitting opium smuggling either by connivance or otherwise. Politics were never entered into, but the immense profit in the business seems to have corrupted many officials. Other removals are yet to come, and the matter in due course of time will find its way into the courts.

L. W. CASE, BANKER.

TRANSACTS A GENERAL BANKING BUSINESS. Drafts drawn available in any part of the U. S. and Europe, and on Hong Kong, China. Office hours—10 A. M. to 5 P. M. 1013 Fellows Building, Astoria, Oregon.

Persons desiring to have matters acted upon by the Council, at any regular meeting must present the same to the Auditor and Clerk, on or before the Friday evening prior to the Tuesday on which the Council holds its regular meeting. Auditor and Police Judge. Board of Pilot Commissioners. THE REGULAR MEETINGS OF THIS BOARD will be held on the first Monday, of each month at 10 a. m. at the office of Robt & Parker. W. L. ROBB, Secy.

GIGANTIC CONSPIRACY UNearthed BY SPECIAL AGENTS OF THE TREASURY.

The Stringency in the Money Market Continues With Bad Results. Eugene, June 20.—The Lane county bank, the oldest financial institution in this county, failed to open its doors this morning, having become crumpled by the stringency of the money market. Hovey, Humphry and Co. have posted a notice that depositors will be paid in full. No statement has yet been made as to the assets and liabilities, but depositors do not seem to have any fears, and many say that if the bank should open this afternoon they would not draw.

The cashier stated in an interview today that the assets, notes and property would amount to nearly three times the liabilities. No attachments have been issued and, probably, there will be none. The bank strongly asserts that it will pay every dollar to the depositors, but in order to realize on their credits at once they would be compelled to go into court and crowd their patrons. This they did not feel disposed to do, and when they failed to secure assistance from Portland and San Francisco banks, they concluded to take plenty of time to it, and let matters shape themselves when the money market should be easier. Some excitement was created on the streets and a run was threatened on the other banks, but they were fully able to pay every demand promptly.

Albany, Or., June 20.—The excitement over the financial flurry has quieted down. The official statement of the suspended bank's condition will show, it is stated, assets sufficient to pay depositors every dollar.

Los Angeles, June 20.—The University Bank and the City Savings Bank closed their doors this morning. The president of the City Bank says that the bank has closed temporarily in order to collect money from its loans and securities. He says depositors will be paid in full. The closing of the University Bank, which is a commercial bank, was a surprise. It has a notice on the door to the effect that depositors will be paid in full.

Washington, June 20.—The comptroller today received Messrs. Newberry and Wood, of the Citizens' National Bank of Spokane, Wash., who wish to make some arrangement for reopening that bank. No agreement satisfactory to Eckles could be made. The bank will either go into voluntary liquidation or a receiver will be appointed.

Nashua, N. H., June 20.—The Colony Manufacturing Company has failed. Liabilities, \$168,000, assets, about half. The company was engaged in the manufacture of woollens.

Chattanooga, Tenn., June 20.—The City Savings bank, as a result of a run, has been forced to suspend. Assets, \$475,000, liabilities, \$225,000. All depositors will be paid in full.

WHIP AND SPUR.

San Francisco, June 20.—The result of today's racing was as follows: Four and one-half furlongs—Lottie D. Monte Carlo, Gypsy Girl. Time, 55 1-2. Five furlongs—Darmel, Normandie, Happy Band. Time, 1:03 3-4. Six furlongs—Morton, Huguonot, North. Time, 1:16 1-4. Six furlongs—Joe, Winters, Vanity, Lucy. Time, 1:15 1-2. One mile—Charger, Red Cloud, Currency. Time, 1:43 1-2.

RACING AT VANCOUVER.

Vancouver, Wash., June 20.—The first day's races were well attended. The track was in good condition, and the weather fine. The following is the summary: Two-year-old trot and pace—Alwood, Primrose second, Addie R. Third. Best time, 2:40. Trotting, 2:25 class—Panflora first, Walter second, What Ho third. Time, 2:25 1-2. Trotting, three-minute-class—Hammerack first, Fred Sherman second, Plato third. Time, 2:29 1-2. BOOTH'S WILL FILED. New York, June 20.—The will of Edwin Thomas Booth, the actor, was filed today. It leaves the bulk of his property to his daughter. The value of his personal estate is estimated at \$40,000. GONE TO BUZZARD'S BAY. Washington, June 20.—Mrs. Cleveland, Ruth and the servants left for Buzzard's Bay this morning for the summer. The president did not go. WARM WEATHER IN GERMANY. Berlin, June 20.—The heat is intense, and the fields and woods are dry. There have been several forest fires near the city.

A FAMOUS MURDER TRIAL ENDS

The Case Against Lizzie Borden Results in a Verdict of Acquittal.

SENSATIONAL SCENE IN COURT

Popularity of the Verdict Evidenced by Its Reception—Loud and Unrestrained Cheering. Associated Press. New Bedford, June 20.—The prosecution finished summing up this morning in the Borden murder case. The defendant was given an opportunity to speak. She said: "I am innocent, but I will leave my case in your hands and with my counsel." Justice Dewey then charged the jury. He defined the different degrees of murder, and stated that the presumption of innocence was increased by defendant's character. There must be a real and operative motive. New Bedford, June 20.—After being out one hour and twenty minutes, the jury acquitted Lizzie Borden of murder.

When the verdict was announced, all the dignity and decorum of the court vanished. A cheer went up which might have been heard half a mile away, and there was no attempt to check it. Miss Borden's head went down upon the rail in front of her and the tears came. Mr. Jennings was almost crying, while Mr. Adams seemed incapable of speech. As soon as possible the room was cleared, and when the spectators had finally gone, Miss Borden was taken to the room of the justices and allowed to recover her composure with only the eyes of friends upon her, and the caresses of devoted admirers. At the expiration of an hour she was placed in a carriage and driven to the station, where she took the train for Fall River, her home no longer, probably, but still the only objective point she has for the immediate present.

FATAL RAILROAD ACCIDENT.

New York, June 20.—A train on the Long Island Railroad, on which were about one thousand persons returning from the Sheepshead Bay races, was derailed this evening in the tunnel a short distance from Parkville. Two persons were killed outright; two died soon after being removed to the hospital, and about a hundred others were injured, many so seriously that they will not recover. The killed are Patrick Daly, court officer of New York City; H. S. Pringle of New York, died in the hospital; Henry Spink, police court marshal, New York; and Robert Cutting, a policeman in New York. Later—R. J. McConigle, Fritz D. Johnson and John Binlay, died in Seney hospital. The train without doubt was derailed by a misplaced switch. It stood there open after the accident in mute evidence. At first two cars remained on the track. It is declared that the switch was shut when these passed over, but jolted loose and allowed the other part of the train to be derailed. As the train drew near the tunnel it suddenly gave a jerk and jolted. The engine and first two cars ran along bumping and reeling to the very mouth of the tunnel. Then they broke loose and carried through the tunnel. The other part of the train was pulled apart, dragging itself half-way through the tunnel. The people jumped from the train and fell upon the embankment, to be bruised and cut by the car.

HILL'S BIG KNIFE.

The Great Northern After the Scalp of Union Pacific. Chicago, June 20.—The Great Northern put a knife into the transcontinental rates again today by announcing a rate of \$51. first-class and \$33. second-class, from St. Paul to San Francisco. This includes berth and meals on the steamer from Seattle to San Francisco. This will drag the Union Pacific into the fight unless that road is prepared to sacrifice its Portland business. The Atchison today announced that it would put into effect at once a round trip rate of one and one-third fare from Texas points to Chicago and return.

HE IS NON-COMMITTAL.

New York, June 20.—In response to a question ex-President Harrison telegraphed the following from Indianapolis: "If I am quoted as having expressed approval of the action of the commissioners in opening the fair on Sunday, or of the decision of the circuit of appeals, it is without authority."

WELCOME RAIN.

Duluth, Minn., June 20.—A welcome rain started to fall here this evening. If it extends over the Mesaba range it will do much to quench the forest fires, which are still raging in the greater portion. The fire extends far up into the Rainy river district, and a man just returned from a trip through the region says the fires rise fifty feet above the tree tops and are still spreading.

ON TRIAL FOR MURDER

A Jury Secured With Difficulty to Try Editor Boyd's Slayer.

POPULARITY OF THE VERDICT EVIDENCED BY ITS RECEPTION—LOUD AND UNRESTRAINED CHEERING.

Seattle, June 20.—The trial of Ursula Juanita Unfog for the murder of Thomas Henderson Boyd, the Olympia editor, in this city on the night of December 2, is now well under way in Judge Hume's department of the superior court. The jury was chosen after the regular panel of two departments had been exhausted and both sides had used all their pre-emptory challenges. Out of twelve men, seven are foreigners, and all but one are married. The defense excused every man who was at all opposed to the belief that crime was committed by persons under the influence of emotional insanity, the outlining of the defense. Coroner Horton was the first witness. He detailed the condition of the body, and the nature of the wounds when he was called to examine it a few minutes after the tragedy. On cross-examination a strong effort was made to draw from him a statement that the position of the body and the direction of the wounds would indicate that Boyd was standing over the woman when the fatal shots were fired, bringing out the other line of defenses expected, that of self defense. On this point the coroner was not definite.

LAMPLIGHTER BEATEN.

Lowlander Wins the Suburban Handicap in Hollow Style. Sheepshead, June 20.—The suburban handicap of 1893 was a most grievous disappointment to the turf-loving public. Lamplighter, who was looked upon as a sure victor, was made to fall from his high pedestal. He was vanquished strictly on his merits, as the race was fairly run from beginning to end. Lowlander, by Lowland Chief, darn, Restless, won the race from end to end. He set the pace almost to himself, and won as he pleased in the fast time of 2:36 3-4. Thrasher second, three-fourths of a length away, while Lamplighter was third, four lengths behind.

A JOB FOR THE FOOL-KILLER.

Albany, Or., June 20.—William Abraham, a well-to-do German farmer living six miles east of this city, was hanged out of \$1,300 yesterday. Two neatly dressed strangers, under pretense of buying his farm, worked the tin box swindle upon him. They induced him to put his money in a tin box along with \$2,000 they agreed to place in it. They then exchanged boxes and gave him a box containing gravel and old papers, which he carefully guarded until he opened it this morning. In the meantime the swindlers had disappeared.

THE VIRGINIA FIRE.

Duluth, June 20.—More accurate reports from the fires in the Memba range indicate greater losses than were at first reported. The loss at Virginia is a million. At other places it will be at least a million. The report of fatalities seems unfounded.

OLNEY'S OPINION ASKED.

Washington, June 20.—Attorney General Olney has been called upon by the treasury department for his opinion of the present status of all the World's Fair appropriations and questions, in view of the decision of the United States court of appeals.

THE COWBOY RACE.

Sioux City, Iowa, June 20.—"Doc" Middleton left here this evening, after resting his horse twenty hours. The animal was still quite lame, but was improving. Middleton says he is doubtful about reaching the Mississippi.

MAKING RAIN.

Rapid City, S. D., June 20.—The dynamite rain-makers experiments are partially successful. There were two showers in the city last night and heavy rains in the neighboring valley. Further tests will be made.

HEAT IN ENGLAND.

London, June 20.—Intense heat prevailed throughout the United Kingdom yesterday. Terrible thunder storms caused much damage in several districts. There were two deaths from sunstroke here.

GOVERNOR STANFORD DEAD.

Menlo Park, Cal., Governor Stanford died at 1:20 o'clock this morning. He passed away peacefully in his sleep at his residence at Palo Alto.

A NARROW ESCAPE.

Port Townsend, June 20.—The British ship Old Kensington, which arrived this evening from San Francisco, narrowly escaped destruction in Barclay Sound, off Vancouver Island, where she drifted in thick weather, and remained seven days drifting around among the rocks and breakers. Her escape from destruction was miraculous, considering the number of vessels wrecked in that vicinity in recent years.
