PREPARING FOR EMERGENCIES

Money Coming From New York to Assist Coast Banks.

TRANSFERRED BY TELEGRAPH

An Arrangement That Will Be Mutually Beneficial to the Government and the Banks.

Associated Press.

Washington, June 22.—The extensive shipments of money by telegraph from New York to San Francisco were made today by Director of the United States Treasurer Morgan. The bank failures yesterday on the Pacific coast evidently spurred the banks to increase the supply of ready money to meet any emergency that may arise. This money was transferred in a simple manner. A bank in San Francisco telegraphs its New York correspondent to place in the sub-treasury at New York a given sum of money to its credit, to be sent to the San Francisco bank. The sub-treasury at New York telegraphs the sub-treasury at San Francisco to credit the bank with the given amount of money. The San Francisco bank thus saves express charges, and the government, which receives gold for the money it transfers by telegraph, builds up its gold. It is a mutual arrangement by which both banks and government are benefited.

BANK FAILURES.

The Financial Stringency Causes Various Suspensions.

San Francisco, June 22.—At a meeting of the board of directors of the Pacific Bank tonight it was decided not to open the doors tomorrow. The direct cause of the suspension is a notice from the clearing-house association that the bank's paper would not hereafter be accepted. It has been known for some time that the bank was laboring under financial difficulties, and the announcement from the board does not create much surprise. The Pacific Bank was organized in 1863 by R. H. McDonald, and its present manager is R. H. McDonald. It has a paid-up capital stock of \$1,000,000. It had a nominal reserve of about \$700,000 and deposits of about \$1,500,000. The loans are said to be about \$2,600,000. The failure seems to be altogether due to the recent monetary troubles, and it is expected that the depositors will lose nothing. It is believed that the closing of the doors of the Pacific Bank will result in the suspension of the Peoples' Home Savings Bank, a collateral institution, and practically under the same management.

Santa Ana, Cal., June 22.—The First National Bank and the Commercial Bank of Santa Ana did not open their doors this morning owing to heavy withdrawals and inability to collect fast enough. Both are solvent and have ample assets. It is understood that both the Orange and Tustin banks have closed for a like reason. It is regarded here as a senseless scare.

Pomona, Cal., June 22.—The People's Bank did not open this morning. This notice was posted on the door: "Owing to the existing financial stringency, the board of directors of this bank have decided to temporarily close its doors. Depositors will be paid in full." There is very little excitement. The belief is general that the bank is perfectly solvent.

New Whittom, June 22.—The First National Bank, the oldest bank in the county, closed its doors today at 12 o'clock. Cashier Atkins states that every depositor will be paid in full.

Greenville, Mich., June 22.—The City National Bank has been closed by the bank examiners. No statement has as yet been made.

Ridgeway, Pa., June 22.—The Ridgeway Bank has failed. Assets \$364,000; liabilities, \$216,000.

FAILURES IN OTHER LINES.

Anderson, Ind., June 22.—A receiver was today appointed for the Anderson Iron & Bolt Company. The estimated liabilities are \$36,000; assets, \$30,000.

New York, June 22.—Henry Sheldon & Company, coffee and tea commission merchants and dealers, failed this afternoon. The failure caused great surprise. The liabilities amount to \$290,000 at least.

New York, June 22.—D. McD. White of the Consolidated Stock Exchange, has announced his inability to meet contracts.

Boston, June 22.—Crosby & Noyes, contractors and builders, and Bennett C. Noyes & Company, furniture manufacturers, have made assignments.

UNEASINESS IN NEW YORK.

New York, June 22.—The amount of clearing house certificates issued today was \$2,350,000. This brings the total up to \$4,900,000. A feeling of uneasiness

still prevails in banking circles on account of the Western and Pacific coast banking troubles. All day—the banks and private banking houses here were receiving bad news from California, particularly Los Angeles, together with a demand for currency. Bankers do not, as a rule, place much reliance on the heralded return of gold from Europe. Half a million on its way here is regarded as a drop in the bucket.

EASTERN GLOVE CONTEST.

Coney Island, N. Y., June 22.—The crack bouts scheduled to take place before the Coney Island Athletic club tonight proved a drawing card. George Reynolds and Mike Leonard opened the evening's entertainment, fighting at 120 pounds. Both displayed considerable science, and were glutinous for punishment, which was freely administered. Leonard was the stronger in the ninth, and after opening up a big gash in Reynolds' cheek, pounded him about the ring until he had him out. Billy Vernon, the Haverstraw bric-a-brac, and Billy Ernst next came on the stage. Vernon was knocked out in the ninth round. The final bout of the evening between Jim Daly of Buffalo and Joe Butler of Philadelphia, started at 10:30. It was to be for twenty rounds or more, for \$2,500. The con put Daly to sleep in the sixth round.

TERRIFIC EXPLOSION OF GAS.

Wilkesbarre, Pa., June 22.—At a late hour this evening, while eight men were at work in No. 9 slope of the Susquehanna Coal Company, a terrific explosion of gas took place, which hurled the victims off their feet and scattered them in all directions, killing four men and a boy instantly, and seriously, but not fatally injuring three more. The dead are Abram Walker, married, and who leaves five children; Frank Beale, a 14-year-old boy; John Smith, married, leaves three children; William Short, and an unknown Poleander.

INTIMIDATED BY STRIKERS.

Watertown, N. Y., June 22.—Lumber dealers having docks in Erie county telegraphed Governor Flower demanding military protection for the lumber shaggers. They say the men dare not work, though they have ample help ready. As a result the governor sent a telegram to the sheriff of Erie county, ordering him to summon the citizens of the county to his assistance, or the national guard if necessary.

GRAVES' RELEASE REQUESTED

Denver, June 22.—The attorneys for Dr. Graves today applied to the supreme court for a writ of habeas corpus, and asking that the doctor be set free. The application is based upon the ground that two terms of court have passed since Graves' imprisonment without his being tried.

A MILD BOYCOTT.

Chicago, June 22.—The Methodists will not withdraw their exhibit from the World's Fair. After three hours' discussion this evening a committee was directed to cover up all the exhibits of the church on Sundays. All members of the church are asked to do the same with their individual exhibits.

WANT LOWER RATES.

Topeka, Kas., June 22.—Governor Llewelling of Kansas today sent letters to the governors of South and North Dakota, Oklahoma, Texas, Arkansas, Missouri and Iowa, inviting them to join him in a movement to persuade the railroads to reduce the World's Fair rates.

THE THOMPSON SUNK.

Portland, June 22.—The Union Pacific steamer I. R. Thompson, while going down the river to Astoria today, struck a rock off Mount Coffin and sank in six feet of water. The passengers were safely landed, but the freight was damaged to the amount of \$2,000.

A FATAL BLAZE IN PRESCOTT.

Prescott, Ariz., June 22.—A serious fire occurred this morning at 4 o'clock, resulting in the death of James W. Hill, and a young woman known as Viola Brooks. J. H. Bishop, a wealthy sheep man, and a woman named Josie Martin, received serious injuries.

AMERICAN MINISTER DEAD.

New York, June 22.—News has reached New York by way of England that William D. McCoy of Indiana, United States minister, resident of the Republic of Liberia, West Africa, died at Monrovia, the capital of the country on May 14th.

SOCIALISTS RIOTS.

Vienna, June 22.—Great excitement has been caused at Andriehow by riotous socialists. A mob had full possession of the place for a time. The military finally intervened and some of the rioters were killed and a number wounded.

PRESENTS HIS CREDENTIALS.

London, June 22.—T. F. Hayward, ambassador to Great Britain, presented his credentials to the Queen at Windsor Castle today.

RAILROAD RATES TAKE A TUMBLE

The Great Northern Announces An Other Important Reduction.

MET BY THE NORTHERN PACIFIC

The Western Passenger Association Greatly Encouraged by the Action of June 22nd.

Associated Press.

Chicago, June 22.—The Great Northern today made another cut in trans-continental rates, as follows: From St. Paul, Minneapolis and Duluth to Spokane, Seattle, Tacoma, Vancouver and north Pacific coast points, 35¢, first-class, and 31¢ second-class, to be effective June 25th, and which will apply in both directions. The Northern Pacific has no time in meeting the rates, and will put them in effect on the same date. The Great Northern has also decided to place on sale, commencing July 1st, 399-mile tickets good for one year for \$75. These tickets are to be good over the entire system, the Sioux City and Northern, and over the Canadian Pacific between Neche and Winnipeg. The Western Passenger Association, which is greatly disturbed by the actions of the Great Northern, will on June 27th take suitable action. The opinion prevails among general passenger agents that the Union Pacific will not enter the fight, preferring rather to abandon its Montana business.

CYCLONE IN KANSAS

Houses Are Blown Down and Many Persons Killed.

Perry, Kan., June 22.—A fearfully destructive cyclone passed through Williams town and the adjacent country, half a mile wide and six miles long, accompanied by a downpour of rain at midnight. Ten dead bodies have already been discovered, and it is known that at least five more are killed. The dead are L. E. and Elmer Evans, Mrs. John Hutchinson, Samuel Clara, Sadie, Walter, Eva and William Kincaid, Samuel Stewart, who were all horribly mangled, some of them being torn to pieces. The fatally hurt are Jas. Baker, William Gosport and wife. A number of others are seriously hurt. Complete details are not at hand, but there are probably at least twenty killed, and thirty houses blown down. The latest advices from Perry, Kansas, are to the effect that no more bodies have been found. The storm completely demolished every structure in its path and killed or severely injured every person in its course. Of the injured probably three will die. The old stockhouse on the bluff of Kaw river, formerly occupied by John Brown, the noted abolitionist, was destroyed in this storm.

FAIR MATTERS.

Chicago, June 22.—The splendid bronze group commemorative of the Fort Dearborn massacre of 1812 on the site of this city, the gift of George M. Pullman, was unveiled this afternoon at Lake Shore and Eighteenth street. Ex-President Harrison delivered the oration. General Harrison said in the course of his speech: "I am glad we are beginning to build monuments. All honor to the pioneer. He labored, and we have entered into his labors. We possess the lands he won from the savagery of nature and of the natives. Every community should appropriately mark such historical events as we now commemorate. We should value our possessions of lands and free institutions more highly if we learned that they were bought, not with corruptible things, as gold and silver, but with precious blood, the blood of the brave and innocent. We should after this lesson be more willing to preserve by blood, if need be, that which was bought by blood. There is a teaching and inspiring force in every such structure."

The constantly increasing attendance at the fair is beginning to convince the officials that the fair will not only be a success artistically, but also financially. The attendance from the outside especially is increasing rapidly.

FORECLOSURE INEVITABLE.

Philadelphia, Pa., June 22.—The board of managers of the Philadelphia and Reading railroad today decided to abandon the plan for the rehabilitation of the company because of required assets from the general mortgage bondholders and shareholders not being obtained. An official of the company said after the meeting that foreclosure is now regarded as inevitable.

ARBITRATION FAILS.

Ridgeway, Kan., June 22.—The conference between the committees of employers and striking miners was fruitless. No agreement could be reached,

neither side being willing to make concessions. It is now the policy of the strikers' managers to shut down every mine in Kansas, Missouri, Indian Territory, Arkansas and Colorado. They will carry on the strike in the same peaceful manner that they have pursued heretofore. The leaders are fearful lest the employers import negro labor. In that event they say they cannot be responsible for results.

A SATISFACTORY SHOWING.

Washington, June 22.—There will be no pension deficiency for the current fiscal year, which ends the 30th of June next. That is assured by figures obtained from the treasury department today. They show that the appropriations for pensions for the fiscal year 1892-3 were \$146,735,730. The deficiency for the year 1893 and prior years was \$14,114,884. Total, \$160,850,614. Expended for pensions for the eleven months ended May 31st, \$147,046,368; for June up to today, \$10,330,000. Estimate for the next eight days of June are \$1,000,000. Total \$159,376,368. This will leave the surplus about \$1,000,000, which will be turned into the treasury.

RAISING ITS RANK.

Washington, June 22.—With the appointment of E. Spencer Pratt of Alaska to be consul-general at Singapore was given the first public information that the post had been raised from a consulate to a consulate-general. Singapore is an important post in the British consular service, and is considered a position of honor. For this reason and on account of its great trade it is understood the president decided to raise its rank.

WILL BE APPEALED.

Washington, June 22.—The government is not disposed to accept as final the decision of the United States court at Seattle, Wash., that it has lost entire control of the use of the lands of the Puysallup Indians near Tacoma, Ia. reason of the allotment of lands in severalty, and Attorney General Olney gave instructions to the United States district attorney at Seattle to make an appearance immediately in behalf of the Indian agent.

THE COWBOY RACE.

Port Dodge, Ia., June 22.—"Rattlesnake Fete." John Berry and J. H. Stephens, leaders in the cowboy race, registered here this morning in the order named. The horses were pronounced by the officers of the Human Society to be in good condition.

CASTING A LIBERTY BELL.

Troy, N. Y., June 22.—At 8:15 this evening Miss Eugenia P. Meneley, daughter of Clinton Meneley, let loose a flood of metal at her father's foundry, which when cold will be the Liberty bell of this century.

ELKS ELECT OFFICERS.

Detroit, June 22.—The grand lodge of the order of Elks, elected the following officers today: L. Ashley Appery of Louisville, Exalted Ruler; Allen H. Myers, secretary.

SUICIDE OF A CAPITALIST.

Grand Rapids, June 22.—J. A. E. Mead, one of the most prominent young capitalists in this city, suicided this morning. No cause is known.

UNCLE SAM PAYING DEBTS.

Washington, June 22.—Secretary Carlisle has directed the July interest on 4 per cent bonds to be paid Monday.

TWO WAYS OF PUTTING IT.

A gentleman traveling in France found himself in the same compartment with a lady. He wanted to smoke, and as on French railways there is no objection to smoking, unless the objections come from other occupants of the same carriage, he raised his hat, and in the civil war he asked the lady did she mind the smell of tobacco. "I do not know, sir," she answered. "No one has ever smoked in my presence."

The reply was so good, so princely, as one might say, that it was promptly spread abroad. In the process of spreading it reached the ears of a young ballet dancer, who was so well pleased with it that she determined, the first time chance should be with her, to put on a few airs herself. But, unfortunately, ballet dancers are stupid. However, an occasion presently occurred—a gentleman very civilly inquired did she mind if he smoked.

"I don't know, sir," she answered haughtily. "No one has ever asked me before."—Once a Week.

A German of wealth and education, who has lived in this country for a number of years, says he is convinced that most of the suicides of his countrymen, both on this side of the Atlantic and the other, are caused by adulterants in beer that have a depressing effect upon the nervous system and dispose the subject to melancholy. The use of beer that was chemically pure would, he thinks, produce no such effects.
