There is every reason to be satisfied with the present status of the railroad question, thoroughly satisfactory evidence of Mr. Remington's ability to control the necessary capital, under certain conditions, having been placed by him before the members of the subsidiary company. Not alone has this been done, but the reason for past delays is now understood, and it is acknowledged that under the circumstances, the fault cannot be traced to Mr. Remington. His present requests are most moderate, and as Astorians have in the past displayed commendable enterprise and public spirit in coming forward with their land subscriptions, it is now safe to say that they will again lend their aid to the project and help it toward success as far as lies in their power. Today the subscribers to the original subsidy will be waited upon by a committee of property-owners, who will request their signatures to an agreement to authorize the trustees to enter into a new contract with Mr. Remington or his assigns, and every subscriber should look upon the matter in a business way and place no stumbling-block in the road that leads to prosperity.

There is absolutely no excuse for the financial inaction of the administration. The people of the country regardless of politics are ready and willing to support the administration in any proper effort for the relief of the financial stringency. The views of Senator Quay might be profitably adopted. He said recently: "There should be no politics in this matter. It is purely a question of business, and should be settled on business principles."

The brightest man slips up occasionally. For instance, Murat Halstead, in outlining a financial policy for the present administration and congress, says currency issues of State Banks upon the security of silver should be authorized. Authorized by who? Neither the administration nor congress has an iota of authority over state banks.

That eminent democratic editor, Clark Howell of Georgia, says: "Mr. Cleveland's cabinet is Mr. Cleveland." This is not very complimentary to Mr. Cleveland, but it is strictly true.

One member of the cabinet—Secretary Oresham—draws a pension of \$30 a month, notwithstanding his \$8,000 salary.

A free ballot would give the south an industrial prosperity that it can never hope for without.

McKinley and McKinleyism are good enough for Ohio Republicans.

SKETCH OF COLONEL AINSWORTH
He is a native of Vermont and was appointed an assistant surgeon in the army from civil life in 1874, and his first duty was at West Point. Subsequently he had service at Fort Vancouver, Wash.; Sitka, Alaska; Fort Yuma and Camp Grant, Arizona, and in the field with the Eighth Infantry in the Department of California. The

assignments were between 1874 and 1886, in which latter year he was transferred to duty at San Antonio, Texas. He remained on duty at various posts in that state and vicinity until October, 1885, when he was assigned to duty as recorder of the medical board in New York City, which position he held when summoned to Washington, December, 1886.

His first connection with his present duties dates from that time. The demand for the settlement of pension claims was then at its height, and an investigation showed that the calls for information from the hospital records of the army were about 40,000 cases in arrears. Mr. Ainsworth was then secretary of war. He determined to find someone who possessed sufficient executive ability to bring these records up to date if possible, and he applied to the surgeon general of the army for such a man. The surgeon general recommended Captain Ainsworth, and he was selected and assigned to duty in the office of the surgeon general at Washington, and placed in charge of the record and pension division. Soon after he had informed himself of the character of the work assigned him, he conceived the idea of solving the existing difficulties by the application of the "card index system," at that time in general use in libraries.

Right Rev. H. A. Preus, president of the synod for the Norwegian Evangelical Lutheran church of America, has resigned from the chair. He was elected president or first bishop of the synod in 1882, and has held his office 31 years. He was born in Christianstad, Norway, on the 16th of June, 1856, and is now 38 years old. He was one of the first Norwegian Lutheran priests coming to this country in the diaspora, and he has by the help of the Lord, worked well in his long ministry. The other bishops of the synod are: For the Minnesota district, Right Rev. B. Harestad, who has had a vacation for two years on account of the building and organizing of the Pacific Lutheran University at Tacoma, Wash., which will be a treasure for the coast. In his absence, Right Rev. K. Bjorge, of Red Wing, Minn., is constituted bishop of the Minnesota district. Oregon belongs to this diocese; for the Iowa district, Right Rev. V. Koren, of Decorah, Iowa, who visited this coast last summer, and for the Eastern district (all the country east of the Mississippi) Right Rev. O. Tuole, of Chicago. It is hoped that this synod will organize two new dioceses, an Atlantic district and a Pacific district.

THAT TERRIBLE SCOURGE.

Fever and ague, and its congeners, bilious remittent, besides affections of the stomach, liver and bowels, produced by malarial air and water, are both eradicated and prevented by the use of Hostetter's Stomach Bitters, a purely vegetable elixir, indorsed by physicians and more extensively used as a remedy for the above class of disorders, as well as for many others, than any medicine of the age. A languid circulation, a torpid state of the liver, a want of vital stamina, are conditions peculiarly favorable to malarial diseases. They are, however, surely remedied by the great preventative, which, by invigorating the system and endowing it with regularity as well as vigor, provides it with a resisting power which enables it to withstand disorders, not only of a malarial type, but a host of others to which feeble and ill regulated systems are subject. The Bitters are a safe as well as searching eradicator, and have widely superseded that dangerous drug, quinine, which palliates but does not eradicate malaria.

ADMINISTRATOR'S NOTICE.

In the matter of the estate of Sarah E. Coffman, deceased.
Notice is hereby given that the undersigned has been appointed by the County Court of Clatsop County, Oregon, administrator of the estate of Sarah E. Coffman, deceased.
All persons having claims against said estate will present them to me at my office in Astoria, Oregon, duly authenticated within six months from this date.

W. W. PARKER,
A. R. Ranaga, Attorney for administrator.
Dated at Astoria, Oregon, April 4th, 1893.

YOU SHOULD READ THIS.

The popularity of the Union Pacific is best determined by the superior service it affords to the traveling public in maintaining two daily through trains to Omaha, St. Paul, Chicago and points east, thoroughly equipped with all the latest appliances for the comfort and safety of its patrons besides shortening the distance materially with its fast trains. The present train schedule enables passengers to reach St. Paul seven hours quicker and Chicago twenty-four hours quicker. Omaha and Kansas City and intermediate points, forty hours quicker than any line from the Pacific Northwest.

Patrons of the Northern Pacific railroad if you are going East. Low rates of fare, through tickets, baggage checked to destination. All purchases of second class tickets can stop over at Portland. Rates of fare same as from Portland.

If you have friends in Europe whose passage you wish to prepay to Astoria, call at the Northern Pacific office, telephone 222, and make known your wants. Reduced rates via all the leading steamship lines.

All the patent medicines advertised in this paper, together with the choicest perfumery and toilet articles, etc., can be bought at the lowest prices at J. W. Conn's drug store, opposite Occident Hotel, Astoria.

Handley & Haas, 150 First Street, Portland, have secured the sole agency for the morning paper when they are here.

Heart Failure.

HOW TO AVOID IT.

The epitaph on many a tombstone is "heart failure." No wonder, when we consider the immense strain which is put on that small organ. Marvellous as it is, beating 100,000 times and exerting a force equal to 5,184,000 pounds daily, it has its limit—its endurance often is too severely tested. So common are diseases of the heart—though often for a considerable time without the suspicions of the afflicted person being in the least excited—that it is stated that one person in four has a bad heart! Dr. Franklin Miles, of Elkhart, Ind., has for years made a special study of all diseases of the heart, and his remarkable success has made his name a familiar one in all parts of our land. He has found the most common symptoms of heart disease to be pain, distress or tenderness in the chest, back, stomach, bowels, left shoulder and arm, shortness of breath, smothering spells, fainting, etc.

Mr. George R. Smith, of Barnes, Yates Co., N. Y., writes: "Dr. Miles' New Heart Cure has worked wonderfully on mind and body—I can do a good day's work. I feel ten years younger and take more interest in affairs. I had shortness of breath, palpitation, pain under left shoulder blade, pain around the heart, I could not sleep on my right side. Since I have taken Dr. Miles' New Heart Cure I sleep well, and have no palpitation. It has made me much stronger. I wish you would print this, because I want all to know that Dr. Miles' Heart Cure has done for me."

"For months my wife suffered with palpitation, smothering spells, and was unable to sleep on her left side. She tried several doctors without relief. After taking three bottles, she fully recovered her health. Your medicines do what you claim."—CHAS. CARMICHAEL, Toledo, O.

SWIFT SPECIFIC is totally unlike any other blood medicine. It cures diseases of the blood and skin by removing the poison, and at the same time supplies good blood to the wasted parts. Don't be imposed on by substitutes, which are said to be just as good as it is. No medicine has been so successful in curing blood diseases as this. It has performed as many wonderful cures, or relieved so much suffering.
"My blood was badly poisoned last year, which kept my whole system out of order—diseased and a constant source of suffering, no appetite and no enjoyment of life. Two bottles of Swift Specific brought me right out. There is no better remedy for blood diseases."

THE MOUND-BUILDERS,
THEIR WORKS AND RELICS.
—BY—
REV. STEPHEN D. PEET, Ph. D.,
EDITOR OF AMERICAN ANTIQUARIAN,
Author of Animal Effigies and Emblematic Mounds, etc.
This book treats of the Mound-builders: their occupation, modes of life, religious systems, tribal divisions and early migrations. The work contains descriptions of the earthworks of all classes. The classification of the mounds is made according to their uses, whether as village residences, as defenses, as religious structures, or as sacrificial or burial places. The work contains many illustrations and descriptions of Mound-builders' relics, especially pipes and pottery. The value of the book is that it contains a comprehensive view of the whole field, and gives information about the mounds and relics of all states and districts. It is one of a series which is devoted to pre-historic America, and perhaps would be regarded as the most interesting volume.
The author solicits subscriptions. Orders can be sent to the publishing house, 175 Washburn Avenue, Chicago, or to the author at Avon, Ill.
