# MEETING OF THE CITY COUNCIL

## A Short Session Last Evening to Transact Pressing Business.

MATTERS CONSIDERED

Contractor Thatcher Will Be Paid for Re moving the Slides on Chenamus Other-Business.

A special meeting of the city council was held last evening, Mayor Crosby presiding, and the other members present being Councilmen Bergman. Welch, Barker, Webber, Langworthy and McGregor.

Auditor Osborn read the call for the meeting, which was as follows: To the Auditor and Judge of the City of Astoria:

Take notice: That a special meeting of the common council of the City of Astoria is hereby called to meet at the council chambers in said city on Saturday evening, June 24th, at the hour of 8 p. m., for the purpose of considering the city surveyor's report of sildes re-moved on Chenamus street by the con-tractor, and the passage of an ordi-nance for the payment of the same, and all matters that may come be-fore the council in relation to the change of Elm street grade.

MAGNUS C. CROSBY, Mayor. Service of the call was acknowledged by Councilmen Barker, Bergman, Mc-Gregor, O'Hara, Langworthy, Webber

and Welch. The first matter to be acted upon was the report of the committee on streets and public ways on the city surveyor's estimate of slides on Chenamus street. The report was as follows: "Would recommend that H. M. Thatcher be paid for work performed at the contract price, 14 cents per yard." The report was adopted.

Under suspension of the rules an ordinance appropriating \$510.98 out of the extension of the Chenamus street fund for the benefit of H

M. Thatcher was passed. Under suspension of the rules an or dinance was also passed, "changing and re-establishing the grade on Elm or Third street, and changing and re-establishing the grade at the crossing of such street and Dickinson avenue, all in the town (now city) of Astoria, as laid out and recorded by John Adair. A resolution was offered by Mr.

Barker as follows: Resolved, That the city surveyor be and is hereby instructed to make an estimate of the probable cost of improving Elm street in Adair's Astoria, the same to be as near the actual cost as possible and to be furnished the council at its next regular meeting.

Mr. Welch claimed that the grade at "The Conflict," D. W. Trullinger, who neville avenue was not established, and that it would be necessary to establish it before the surveyor could make estimates in an intelligent manner. Mr. Barker favored getting an esti-

mate of the actual cost, or as near thereto as possible. He said that many people who had street assessments to pay, found difficulty in raising the every week. The contract for the money, and that difficulty was increased with the increase of money reoutred.

The resolution was then adopted by Dena Thompson, who was encored Mr. Welch moved that the city auditor notify the city surveyor to submit his recommendations for the grades on Bonneville avenue from Fifth street to Elm street. Carried. Adjourned,
