TERRIBLE ACCIDENT IN CHICAGO

A Freight Train Dashes into a Street Car With Deadly Result.

MANY PERSONS WOUNDED

Three Are Killed Outright and Others Expected to Die—Railroad Employes Arrested.

Associated Press.

Chicago, July 17.—Another horrible disaster attributable to streets crossing the grade of railroads occurred this evening. The incoming passenger train on the Grand Trunk road crashed into a crowded street car at Forty-ninth street, killing Charles Perkins, John Dillon and Mrs. Maggie Murphy, and wounding eight others, of whom two will probably die. Forty-ninth street crossing is a network of tracks, and has always been regarded as a dangerous spot. A long freight train going west had just passed, and the tower flagman raised the gates. This was a signal that the way was clear, and the driver of the car started ahead. The passenger train, which was rapidly approaching from the west, struck the street car squarely in the middle, turning it around and hurling it thirty feet from the point where it was struck. Some of the passengers managed to save themselves by jumping. The police arrested the engineer and firemen on the train. The engineer said he did not see the street car until it was on the track, and so close that it was impossible for him to stop. The tower man did not see the passenger train until after the gates were raised and the street car started ahead.

FOR ITS OWN PROTECTION.

The Department Taking Steps to Bring Gold Into the Treasury.

Washington, July 17.—The Star this evening gives publicity to the following statement regarding gold payments from the United States treasury at New York: Considerabl effort is being made by financial agents here to discover the notice behind these payments, but the department is as close-mouthed as a clam. The explanation got through private sources is that the department is trying to take advantage of the scarcity of small and convenient currency for internal business to pinch the banks, as the banks have pinched the government, by steering gold. The banks are greatly in need of small bills for current business transactions and use in the agricultural districts. The theory advanced is that if they cannot get what they neen of this sort of currency by other means they will have to make terms with the treasury, which will involvethe exchanging of gold or gold certificates in large quantities for notes and certificates of small denominations.

FIGHTING FOR SILVER.

Boise, Idaho, July 17.—The following message has been sent to leading citizens in various counties of the state by Governor McConnell:

"Please call a meeting and select delegates to attend the bi-metallic meetings in Chicago August 1st, and in Washington August 7th. The onslaught on silver demands prompt action and earnest co-operation. I will commission whoever you elect. Select as many as will volunteer to go at their own expense."

Tomorrow a call for a state meeting will be issued for August 14th, at Ketchum.

ENGLAND'S WHEAT CROP.

London, July 17.—The Mark Express says: The wheat harvest is well forward in the south of England. The recent rains came too late to help any cereals but saved the oats and benefitted the barley elsewhere. Some excellent judges estimate the yield of wheat will be twenty-eight bushels per acre on 2,000,000 acres. Our estimate for the United Kingdom is 2,100,000 acres, the smallest acreage planted for half a century, with an average yield that will possibly be nearly as low as that of 1886, namely, 2,689 bushels to the hundred acres.

ORDERED TO SIBERIA.

New York, July 17.—It is stated by a superior officer of one of the Russian cruisers now here that the czar has ordered the departure if all vessels to the eastern shores of Siberia. The three ships here will leave a fortnight after the arrival of the cruiser Nicholas the First, which is daily expected.

SCHEMING FOR FREEDOM.

Albany, N. Y., July 17—The Warden at Clinton prison at Dannemoria came down to Albany late this afternoon and related to Governor Flower a brutal scheme of a number of long-term prisoners to gain their freedom, which included the cold-blooded murder of several prison guards. One of the prisoners who was asked to enter into the murderous attempt, refused, and it was through him the prison authorities became aware of the plot. The governor, when he heard of the facts, immediately pardoned the prisoner who had courage and manliness enough to prevent the human slaughter.

TELLER INTERVIEWED.

He Does Not Lay the Present Crisis to the Sherman Law.

Omaha, Neb., July 17.—Senator Teller of Colorado was on his way home today from a visit to the World's Fair. Talking about the silver situation he said the people of Colorado in general do not endorse the dabid frothing of Governot Waite and others. While these remarks have not yet been productive of any great damage, he did not doubt that before long they would be on record in the easter money market, and Colorado will reap the result. At this time the senator had not heard of the failure of the Denver banks. He said the condition out there was bad enough but might be worse.

A MURDERER HANGED.

Baker City, July 17.—F. W. Gallin hanged at Canyon City Friday at 2:40. He implored forgiveness of the whole world, and he fell while uttering a prayer in German. No confession was made on the gollows, but he made a statement the day before confessing the crime. He said Mrs. Shaw beat her husband on the head with a hammer after he had killed him, and assisted in disposing of the body. He stated that Shaw and his wife were quarreling, and he was brought in and Shaw drew a pistol and threatened to kill the pair, when hit Shaw on the head with a hammer, killing him instantly. Gallin was pronounced dead in ten minutes and forty seconds.

FAILED TO OPEN.

Denver, Col., July 17.—The People's Savings Bank, the Rocky Mountain Dime and Dollar, and the Colorado Savings Banks, did not open their doors this morning. The assets of the Peoples' are $1,500,000; liabilities, $1,350,000. President Lawrence says the failure will in no way affect the People's National.

President Lawrence of the People's Bank says the bank had about completed arrangements for temporary relief from eastern banks, but the doings of the silver convention here caused them to withdraw all aid.

MORE FAILURES IN KANSAS.

Topeka, July 17.—State Bank Examiner Briendenthals says Hood & Kincaid's Bank at Pleasonton has failed. No statement has as yet been made. It has $80,000 capital stock. The examiner has information of a number of other bank failures, but refuses to make the names public till he gets possession of them.

KANSAS CITY SUSPENSIONS.

Kansas City, July 17.—The Missouri National Bank suspended payment just before noon.

Kansas City, Mo., July 17—The Grand Avenue Bank, a private institution, suspended this morning. Assets $203,000; liabilities $140,000.

Kansas City, July 17.—The comptroller of currency took possession of the Missouri National Bank at noon. No statement has been made. The bank has a paid up capital of a quarter of a million.

SAVED HIM THE TROUBLE.

Smith—I met a man today who told me I looked like you.

Jones (fiercely)—Who was it? If I can find him, I'll knock him down.

Smith (calmly)—Don't trouble yourself. I knocked him down at once.—

PRIDE AND POVERTY.

Quericus—What did he mean by saying that he would have to economize, as there was one more in the family to support?

Cynicus—His daughter has just married an English nobleman.—Truth.

TAKES A BRAVE MAN.

Miss Grotesque—Do you know—te-he—no man ever kissed me.

Calloway—Most men are cowards.—New York Herald.

THE APPROACHING DINNER HOUR.

Is fraught with no pleasant anticipations for the unhappy mortal plagued with dyspepsia. Appetite seldom, discomfort after and between meals, always is his portion. Heartburn and flatulence subsequent to eating, a gnawing at the pit of the stomach before it, are only a few among the woes arising from this truly impish complaint. Sick headache, nervousness, constipation and billiousness are its diabolical offspring. Each and all them are annihilated by Hostetter's Stomach Bitters, which tones the gastric organs and regulaets the liver and the bowels with certainty and promptitude. Chills and fever, kidney trouble, rheumatism and neuralgia are also remedied by this medicine of rare purity and comprehensive uses. Invalids of all kinds are greatly and swiftly benefited by it.

RAILROAD RATES TO BE REDUCED

The Western Passenger Association to Take Action Friday.

JULY BUSINESS FALLING OFF

Material Reductions Contemplated Belief that the Association Will Yield the Points Asked.

Associated Press.

Chicago, July 17.—The western roads are at last ready to come down on the World's Fair rates, and ready to get almost to the bottom. The St. Paul, Northwestern, Atchison and Rock Island today requested Chairman Caldwell, of the Western Passenger Association, to call a meeting for Friday, saying it was desirable that tickets be sold every day good for the passage on the regular trains and good for the return passage from Chicago any day up to and including the final return limit of about thirty days. One way the rates between important terminals are to be based proportionately upon whatever reduction may be made or agreed upon for round-trip rates. The association will consider the establishment of a fare of a one and one-third rate for the round trip for points within 200 miles from Chicago; and aone-fare rate from points over 200 miles from Chicago. There is every prospect that the association will yield these points. The passenger business for July is showing a marked decrease from June, and the roads are beginning to feel uneasy.

MORE INDICTMENTS FOUND.

Portland, Or., July 17.—The United States grand jury before adjourning returned a number of indictments. As the parties indicted have not yet been arrested, their names and offenses are not made public. It is known that William Dunbar and Nat Blum are jointly indicted for illegally landing Chinese. The indictment contains ten counts. More arrests are expected this afternoon.

Later—James Lotan, ex-collector of customs, R. G. Paddock, night inspector during Lotan's administration, and C. B. Cardinell, Lotan's third deputy collector, were arrested this afternoon by the federal authorities. The two former have been indicted for conspiring to land Chinese on fraudulent certificates, and to smuggle opium. Lotan immediately furnished bonds in $2,000, and was released. It is stated that other arrests will be made this afternoon. It is understood that two or three of the indictments are against persons who reside in Astoria.

WARRING RAILROAD COMPANIES.

St. Paul, July 17.—The Passenger department of the Union Pacific has sent out circulars to local offices in this city declaring a boycott against the Great Northern, in so far as a recognition of its tickets is concerned. The Union Pacific requests all connecting lines to dishonor the tickets of the Great Northern bearing its name. The Great Northern will retaliate in a similar manner by refusing to honor Union Pacific tickets.

CLEARING AWAY THE DEBRIS.

Chicago, July 17.—The work of clearing away the debris from the ruins of the cold storage warehouse will require another week. Meantime the stench of decayed meats and vegetables, and possibly human corpses, is most rank despite liberal disinfectants. The fund for the benefit of the sufferers and families of the dead firemen now amounts to $130,000, and is not yet complete.

RICH FIND OF GOLD.

Baker City, July 17.—A bed of gold was yesterday discovered at the bottom of the 350-foot shaft in the Virtue mine near this city. The water was all pumped out and almost a solid streak of gold, eight inches wide, was revealed. Two miners took out two sacks of ore worth $2,000. One specimen weighing eight pounds contains $800 worth.

PROTECTION FOR AMERICANS.

Washington, July 17.—Telegraphic orders have been sent to Commander Whiting, commanding the United States ship Alliance, at Callao, Peru, to proceed at once to Corinto, the port on the west coast of Nicaragua nearest to Leon, where the revolution is at its height, and protect American interests there. It will take at least a week to make the trip.

THE LATEST FROM NICARAGUA.

Washington, July 17.—Secretary Gresham has received a cable message from Minister Baker, dated Managua, July 13, as follows: "The Nicaraguan president and minister of foreign affairs are still in prison at Leon. At a meeting the cabinet proclaimed Sevalla dictator. A large majority of Nicaraguans support the government."

FALL IN NEW YORK STOCKS.

New York, July 17.—A further advance in sterling exchange to $4:83 1-2 @ $4:85 1-2 and the additional bank failures at Kansas City weakened stocks after midday, and on selling prices in a number of instances touched the lowest price since the current downward movement set in. The market left off quiet, but steady.

WHITE TO RETAIN HIS SEAT.

Chicago, July 17.—By a unanimous vote the national commission indefinitely postponed action in the White-Webster contest for a seat in the commission from Mexico. By this action Mr. White, who was removed by the governor of New Mexico and the removal confirmed by President Cleveland, will retain his seat.

BLATCHFORD'S SUCCESSOR.

New York, July 71.—Congressman Mamger, said this afternoon that President Cleveland had tendered State Supreme Justice Edgar M. Cullen the appointment to the Supreme Court of the United States in place of the late Justice Blatchford.

STEAMER WRECKED.

San Francisco, July 17.—A telegram received here states that the steamer Emily is wrecked and is a total loss at Coos Bay. The steamer Emily is a passenger and freight steamer plying between San Francisco and Coos Bay.

FIRE IN IDAHO.

Boise, Idaho, July 17.—The mercantile establishment of Albert Fouch & Bro., at Parma, was destroyed by fire this morning. The dwelling adjourning was also burned. Loss, $7,000; insurance, $5,000.

TAKEN FOR A BURGLAR.

Chicago, July 17.—Joseph Midoc, of Little Rock, Ark., was fumbling about in Louis Dillon's room at 4 this morning. Dillon, waking suddenly, drew a revolver and shot Midoc dead.

GEORGIA BANK CLOSED.

Washington, July 17.—The comptroller of currency has been informed that the First National Bank of Cedartown, Ga., has closed its doors.

COLLAPSE IN WEST VIRGINIA.

New York, July 17.—The Duplex Street Railway Track Company, incorporated in West Virginia has failed. Liabilities, $150,000.

A COLORED BRUTE LYNCHED.

Pine Bluff, Ark., July 17.—John Cotton, a young negro, was lynched at Cedarsville for attempted rape of a white woman.

NOTABLE DEAD.

South Bend, Ind., July 17.—Rev Thomas F. Walsh, president of Notre Dame university, died this morning.

PLACING HIM.

But one foreign newspaper correspondent has begun to pitch into the institutions of this country as yet. He is the representative of the Sheffield Telegraph, and he expresses the opinion that things are not as they should be over here. However, he is understood at home. When he first decided to come over to see us, he met Ben Folsom, our consul there, and in the loftiest, most patronizing manner remarked:

"I don't know if you have heard it has been decided that I am to go to your exhibition."

"Ah, indeed," said Ben. "What section will you be in?"—Boston Herald.

DOWN GO THE RATES.

The Union Pacific now lead with reduced rates to Eastern points, and their through car arrangements, magnificently equipped Pullman and tourist sleepers, free reclining chair car and fast time, make it the best line to travel. Two trains leave from Portland daily at 8:15 a. m. and 7:30 p. m. The rates are now within reach of all, and everybody should take advantage of them to visit the World's Fair and their friends in the East. Send for rates and schedules of trains, and do not purchase tickets until after consulting G. W. Lounsberry, Agent, Astoria, Or.
