SENATOR TELLER'S LATEST TALK

A Nephew of Leland Stanford Turns up in Idaho - Married to Salt Himself.

Associated Press.

Denver, July 19.—The panic in this city was resumed this morning with renewed vigor, and as a result the Old German National bank, with a reputation for stability of twenty years' standing, the equally reputable State National, and extremely strong Peoples' National, failed this morning. All night depositors stood in line in front of the German National, and by 9 o'clock there was a long sea of faces stretching down the street. At the opposite corner, where the State National has so long done business, was also a crowd of anxious depositors. Here people were relieved of doubts, when at 9 o'clock a notice was posted on the doors that the bank would not open, owing to the lack of ready cash. At the German National, just before opening time, a notice was posted on the window stating that the doors would be closed temporarily. This notice caused a distressing scene. Men and women down the long line, broke out in tears and wailing. A run on all the remaining banks in the city was renewed. Reliable people, however, say there will be no more suspensions. Bank Examiner Adams this morning took charge of the Union National, Commercial National, National Bank of Commerce, State National and German National banks. A number of minor commercial concerns went under today. The run on the Denver National is over, with plenty of money still in sight. The same is true of the City and all the other unfailed banks. Business men are beginning to breathe more freely.

Washington, July 19.—The comptroller of currency has been advised that the Hutchinson National Bank of Hutchinson, Kan., has failed.

Topeka, Kan., July 19.—The state bank commissioner has been informed of the failure of the State Bank of Parker, and Woodson's State Bank, of Yates Center. Both were small concerns.

Washington, July 19.—The comptroller of currency is informed of the failure of the Bozeman National Bank, of Bozeman, Mont.

Brooklyn, July 19.—The large carpet house of Hardenburg & Co. has assigned.

CALIFORNIA BANK RE-OPENS.

Pomona, Cal., July 19.—The People's Bank re-opened this morning with plenty of coin. Only \$4 was drawn out the first hour. Depositors are liberal.

FLURRY IN NEW YORK STOCKS.

New York, July 19.—Stocks opened better and an advance of $\frac{1}{8}$ to $\frac{3}{8}$ immediately took place, but later the improvement was partially lost. Toward 11 o'clock the selling exhausted itself, and the market began to mend. The break is credited to liquidation for the account of prominent bull operators. Then London stopped selling and a rally took place.

Another reaction occurred after 11 o'clock. At noon speculation was feverish.

Stocks closed steadier, the bears being inactive. Prices were higher.

LONDON STOCKS ADVANCE.

London, July 19.—Stocks opened unchanged, and declined, then they advanced sharply on large buying orders. Stocks closed fairly steady, but undecided.

SENATOR TELLER'S VIEWS.

Denver, July 19.—Senator Teller, in an interview upon the financial situation in this city, says: "There is no one reason to which the trouble can be charged. It is partly due to silver, but more to the general depression affecting the entire country. The bank failures yesterday were unwarranted, and were directly chargeable to the people who became frightened and panic stricken at a shadow. There's nothing less fair than to blame all our ills to silver. It would be much better to blame some of it to the silver speeches." Teller expressed the belief that the Sherman law will be repealed, but not without a substitute of greater benefit to silver.

MAKING A PEACE

New York, July 19.—The Columbian Liberty Bell committee sent from Troy all the articles received that could not be fused into the Columbian Liberty bell, to Deree & Company, plow man-

ufacturers, Moine, Ill., who volunteered to make a Columbian peace-plow without cost to the committee. The liberty bell committee now desire wood of great historical interest for the wood part of the plow.

FROM THE EXPOSITION.

Chicago, July 19.—It has been unofficially decided by the local directory not to return to the national government the \$1,828,129 derived from the sale of souvenir coins. The majority of the directors consider their action in voting to rescind the ruling for Sunday opening and the return of the appropriation all that is necessary in the matter. The large statue of Columbus, that stood before the main portal of the cold storage building has been donated by its owner, W. H. Mullins, of Salem, Ohio, to be erected upon a suitable pedestal to mark the graves of the dead firemen.

FAIR PASSES STOLEN.

Chicago, July 19.—The weather continues clear and cool, with a comforting breeze from the lake. The Brazilian building, one of the handsomest of the foreign structures on the grounds, was dedicated today. Owing to the fact being discovered that several thousand single admission paper passes to the World's Fair had been stolen from the management this morning, the management cancelled all these passes, and will get out a new lot. A number of people presenting stolen passes have been arrested.

GENTLEMAN JIM DOWNED.

Chicago, July 19.—Judge McConnell refused to grant an injunction restraining the expositio authorities from removing Corbett from the Midway Plaisance. As the contract between Corbett and the exposition gives the latter the power to remove any show from the Plaisance deemed objectionable. This left the judge no discretion, and he promptly refused the restraining order. This settles the matter and Corbett will have to go.

THE FRENCH DEMANDS.

Paris, July 19.—The Figaro says that the terms of the French ultimatum to Siam, demands that Siam evacuate the left bank of the Mekong river, give guarantees for the faithful performance of treaty obligations, and pay indemnity for outrages on the French. The claim takes in the western bank of the Mekong river, giving France both banks and the entire control of it for most of its length, practically coming to the border of the British territory.

THE SITUATION IN SIAM.

London, July 19.—Latest advices confirm the published statement that France has telegraphed its ultimatum to the Siamese government to be complied with within twenty-four hours.

KEARNEY IS BAILED.

Portland, July 19.—M. Kearney, deputy collector of customs at Astoria, who was indicted by the United States grand jury, on a charge of smuggling, walked into the United States marshal's office today and was released on bail.

AUSTRALIAN BALLOT SYSTEM.

Jacksonville, Fla., July 19.—The Australian ballot system was tried at the first meeting of the state municipal election here yesterday, and worked satisfactorily to all parties. A straight-out democratic ticket was elected.

Buzzard's Bay, July 19.—President Cleveland and party, on board the yacht Onelda, arrived here this afternoon. The president said he was in splendid health and that the rheumatic trouble had entirely disappeared.

EMPHATICALLY DENIED.

New York, July 19.—A story is current here this afternoon that the Northern Pacific is in danger of passing into the hands of a receiver. President Oakes emphatically denied the report.

A BAD MAN BOWLED OVER.

Menaced a Deputy Sheriff and Was Shot Dead.

BOISE'S CHURCH CITY OFFICIALS

Banks and Business Concerns Bursting and Re-arranging Silver in the Coming Season.

Associated Press.

Boise, July 19.—A tragedy occurred at Rexburg on the 17th, in which Frank Sullivan, widely known throughout Idaho was killed. A foot race was held, and some trouble arose over it, in which Sullivan was implicated. Sullivan threatened to kill one of the parties. He was known as a bad man, and it was feared he would carry out his threat; Deputy Sheriff Hopf therefore undertook to disarm him. Sullivan resisted, reaching for his gun, whereupon Hopf shot him dead. After Sullivan was dead it was found he had a pistol grasped in each hand.

The city council at its meeting last night, appointed Joseph P. Chan, chief of police, and C. A. Clark, police magistrate; a clean sweep was made in all the offices and a reform administration inaugurated. The new chief is a deacon in the Presbyterian church, and the new magistrate is a pillar of the Baptist church, and it is understood that the old order of things will be reversed and the disorderly element kept in entire subjection.

A nephew of Leland Stanford has turned up in Owyhee county. He has received notice that he has inherited \$100,000 from his uncle. His name is Leland Stanford. There is a story to the effect that he incurred his uncle's displeasure some years ago by contracting a marriage to which his family objected, and that he has since maintained no communication with his rich relatives.

EUROPEAN SILVER DISTRUST.

New York, July 19.—A New York banking house received a practical illustration this week of the distrust in Europe or American securities, and the fear that this country may go on a silver basis. In its foreign mail it received \$50,000 of United States four per cent bonds. The European owners of which did not care to hold them so long as there was danger that the interest and principal might have to be accepted in silver. It is said there have been other cases of this kind and it was that which had enabled the national banks to secure United States four per cent bonds recently, at a sufficiently low price to warrant taking the money out of circulation against them.

STEVENSON IN SAN FRANCISCO.

San Francisco, July 19.—Vice-President Stevenson and party arrived here this morning.

Vice-President Stevenson during the afternoon made a visit of ceremony to Governor Markham at the Palace Hotel. Later the governor paid a return visit to the vice-president at the Baldwin. He was accompanied by his full staff in uniform. The vice-president was given a public reception at the merchant's pavilion tonight. An immense crowd attended. The distinguished guest was presented by Mayor Ellert with a silver tablet inscribed with the freedom of the city.

WIPED OUT BY FIRE.

Susannah, Cal., July 19.—A disastrous fire occurred here last night, resulting in the destruction of sixty buildings and causing the loss of about \$250,000. The fire started in an out building of the Steward house, and soon consumed the hotel. A wind was blowing at the time and the fire was soon beyond control. Five entire blocks were burned, and with the exception of one restaurant and a store, not a business house was left. The insurance is one-fourth the loss.

NEWSPAPER FAILED.

Mobile, July 19.—The Daily Register, one of the oldest newspapers in the south, has made an assignment. Publication is to be continued under the authority of the court.
