WAR IN PROSPECT.
"War" says Rev. Dr. Malthus, "is the safety-valve of the human race," for the very simple reason that the race increases in geometrical ratio while the ground can only be made to produce food in an increase of arithmetical ratio.

They never fail.
J. N. Harris, 3 Fulton Market, New York City, says:
"I have been using Brandreth's Pills for the last fifteen years. There is nothing equal to them as Blood Purifiers and Liver Regulators. But I wish to state how remarkably they cure rheumatism, and how easily; I was affected by rheumatism in the legs. My business (wholesale fish dealing) naturally leads me to damp places. I could not walk, and at night I suffered fearfully; I tried Balsams, Sarsaparilla and all kinds of tinctures, but they did me no good and I was afraid of being a cripple. I finally commenced using Brandreth's Pills. I took two every night for ten nights, then I began to improve. I continued taking them for forty days and I got entirely well. Now, whenever sick, I take Brandreth's Pills. They never fail."

Highest of all in Leavening Power.—Latest U. S. Gov't Report.
That a soldier should be buried and his name be "carved upon a little wooden headstone" is a mingling of pathos and Boyle-Rochester, which demonstrates the writer's disregard of physical quantities or the paucity of the English language.

This chronic agitator's yawn about the city water fell under a Kentucky visitor's observation, yesterday. The

stranger didn't say much, but what he did say was pointed, and to the effect that water wasn't worth kicking up a fuss about anyhow, and that the yawper was no judge of the fluid. The K. V. knew his man.

There must certainly be a lack of enterprise among the young men of Hawser County, Va., when they stand quietly by and allow Mormon Elders to gather up the young ladies of that community for export to Utah.

It would be a relief to the situation if the salmon should institute a July run on the banks and take more copious nips over the bar.

CAN'T SOLVE IT.
Editor Astorian:
Sir—Will you kindly have Professor Wright tackle the following proposition, and print the answer in your Sunday edition, and oblige, Many Readers:

"If a bloated, drunken, bee-guzzling, unprincipled, blackmailing alleged editor's girth be 5 feet, 5 and 1-2 inches, how far is it from his conscience to his memory of a decent action done?"

It cannot be solved. The adipose part of the problem may be all right, but the other provisions are all wrong. The editor, so graphically described, never had a conscience, and was never known to do a decent or honorable deed. Give us something easy.

DIED.

Roysky.—On Saturday, July 22d, 1893, John Abram, infant son of John Roysky, aged four months and nine days. Funeral today, July 23d, at 2 p. m., from the residence, 1936, B. street, near the Occident cannery. Interment at Greenwood cemetery.

THEY NEVER FAIL.

STRICKEN DEAD.

A recent New York dispatch reads:
"James C. H., a fine looking and apparently healthy man, was observed to stagger while walking on Fifth Avenue this afternoon, and after taking one or two certain steps fell to the sidewalk. When picked up he was dead. A physician examined the body and pronounced heart disease the cause of death. A peculiarly sad feature of the case is that Mr. H. was on his way to Maine, to settle in the home of his boyhood. He had passed the previous ten years in the western mining country, and had amassed a fortune. IF YOU have any of the symptoms given in the following testimonials you should lose no time in seeking relief.
From John L. Roberts, Slatington, Pa.:
"I have suffered with palpitation, irregular pulse, fainting and smothering spells, pain in shoulders, side, and arms for over forty years. For twelve years have been treated without avail by prominent physicians in my neighborhood and in New York. Growing constantly worse, smothering spells followed one another, so my life was often in danger and I needed constant care. As my son had been cured by Dr. Miles' New Heart Cure, he sent me three bottles. The first dose gave me relief. I was completely cured. Although a fifty-five years old I feel twenty years younger. I claim my cure to be almost a miracle."
Here is a letter from Mrs. John Kolges, of Cleveland, O.:
"I had been troubled with my heart and stomach for years, but for sixteen months had been confined to my bed. I had four of the best doctors in the city, but none of them could benefit the weakness of my heart. I also had dropsy and rheumatism. I never took medicine that relieved me at once as Dr. Miles' New Heart Cure does. I am much stronger. My appetite is splendid. I gain strength with every dose. I have gained more in six weeks from your treatment than in sixteen months from all the doctors."
"Dr. Miles' New Cure for the Heart is sold on a positive guarantee by all druggists. It is safe, effective, agreeable, and does cure."
Dr. Miles Medical Co., Elkhart, Ind.

Those who have a
Good Digestion
have little sympathy for the dyspeptic. They can eat everything that comes along. While they can eat rich food without fear of the dyspeptic's bad experiences, they nevertheless greatly appreciate a delicate flavor in their pastry.
Cottolene
when used as a shortening, always produces the finest flavored pastry, which is entirely free from the many objections which the use of lard always produces. Test its value by one trial.

THERE IS HOPE

For every one who has blood trouble, no matter in what shape or how long standing, provided some of the vital organs have been so far impaired as to render a cure impossible, Dr. S. S. Swift, by exposing the poison from the blood, and displacing same time is a tonic to the whole system. If you had your case may be, there is hope.

FOR YOU.
Cured a case of most malignant type of chronic blood trouble, for which I had used various other remedies without effect. My weight increased, my health improved in every way. I consider this the best tonic I ever used.
