#### ADLAI STEVENSON IN OREGON

##### Governor Penoyer Welcomes the Vice-President

##### AND MAKES HIM A LITTLE SPEECH

##### Sylvester's Latest Bid for National Prominence—Portland's Hospitality is Well Bestowed.

Associated Press.

Salem, Or., July 25.—Vice President Stevenson and party arrived here early this morning, and notwithstanding that the hour was early a large crowd of people gathered at the depot. In welcoming the vice president, Governor Penoyer, said:—"No fairer land upon earth exists by the sun light of heaven than our own Oregon; and yet, with all our resources, many of our industries are a standstill, and hundreds of our laboring men are without employment and their families without bread. This condition affairs is the legitimate result of the departure from the financial policy of our fathers, which was made two years ago, and which still exists. The simple repeal of the Sherman law, thus leaving our financial system on gold basis by the great political party which elected you to next the highest office in the gift of the people, which has gained control of the legislature and executive branches of government, and which pledged itself to the people in its last national platform to secure, without discriminating against either metal, the coinage and use of both gold and silver as the standard money of the country, would be most a flagrant breach of good faith, which all honorable men would scorn, and which would justly subject the party perpetrating it to the unmeasured contempt of the nation and the world. The people of Oregon here beg you to aid in carrying out the written pledge of your party, by the restoration of the former financial policy of the government, which would result in a return of prosperity, the revival of industries and the employment of the vast army of the unemployed."

The vice president, after expressing gratefulness for the welcome, said: "In response to the words of the distinguished executive of this state, I can only say that to the best of my abilities, I will endeavor to cooperate with those who, regardless of party, have in view the best interests of the common people of the land."

The vice presidential party was met here by Mayor Mason, of Portland, and the city officials who had come up to escort the party to Portland.

#### HE IS IN PORTLAND.

Portland, July 25.—Vice President Stevenson and party arrived here at 7:30 this morning. Owing to the early hour, and the fact that the party would remain here all day, the crowd at the depot to meet the vice president was not a very large one. The train was greeted with a salute of nineteen guns as it pulled into the depot. Carriages were in waiting for the party, who were at once driven to the Hotel Port land where breakfast was had. At nine o'clock the party were driven over the city.

At noon the vice president reviewed a procession composed of the police and fire departments, the Grand Army post, First Regiment National Guard, and Troop E, United States cavalry. Mayor Mason then delivered an address of welcome, to which the vice president fittingly responded.

#### ADLAI IS MIFFED.

Portland, July 25.—The vice president did not go aboard the United States steamer Monterey this afternoon according to program, because the mariners did not appear in the parade to day.

#### FOUND A THOUSAND DOLLARS.

Baker City, Or., July 25.—D. H. Crouter, and family, who occupy the residence of Judge D. B. Schofield, yesterday found a number of tin cans on a joist in the cellar, under the house, and among them was one containing fifty \$20 gold pieces. The money belongs to Judge Schofield, who now resides at Grant's Pass. Before leaving this city, about one year since, he claimed he was \$4,000 short; this discovery accounts for part of it. Of late years the old gentleman has been quite feeble, and his memory poor. He has been apprized of the find.

#### A LABOR CLASH.

San Pedro Cal., July 25.—The union and non union sailors had it hot and heavy here today with the result that three non union men were brutally and shamefully kicked and beaten by the mob of union men. Trouble commenced late last night, when the entire non union crew of the steamer Cosmopolis were arrested for the alleged beating

of a union man. The case was tried today amid great excitement. Attorney Savage called the non union shipping agent, Davis a liar and dashed a glass into his face; Davis retaliated by hitting Savage in the face. The usual gang of union men then rushed into the arena and knocked Davis down, but did no further damage. The Cosmopolis' crew were dismissed, and the union men, chagrined, set upon them outside the court house, rendering three non union men nearly unrecognizable by kicking them in the face. The police again arrested the non union men and dragged them bruised and bleeding to jail.

#### THE BERING SEA SQUABBLE.

Washington, July 25.—A rumor reached Washington, this evening, that the arbitrators in the Bering sea controversy had decided in favor of the United States. No confirmation or denial of the report could be had here tonight. It is learned that some officials of the state department did not leave the building until after seven o'clock, which may or may not be of significance. Little credence is given to the story.

#### AN OLD WISCONSIN BANK.

Milwaukee, July 25.—The Wisconsin Marine and Fire Insurance Co.'s bank closed its doors this morning. The Milwaukee people had become imbued with an idea that this old bank was a Gibraltar of finance, and could not credit the report of its closing. Cashier Murphy says the bank had been subjected to a heavy strain and the end was inevitable, but that the bank is not insolvent, and only time is needed to meet every liability. Washington Becker has been appointed receiver. The City of Milwaukee has \$1,000,000 in the bank, and will probably have to temporarily suspend payment.

#### BANK BREAKING BREVITIES.

The Fourth and Merchant's National and the Deposit Bank, all of Louisville Kentucky, suspended, yesterday.

The G. B. Hodgeman, Manufacturing Company, cooperage and bridge timber, and wholesale dealers in lumber have gone into the hands of a receiver.

Ripley & Bronson, Iron merchants of St. Louis Mo, assigned yesterday; liabilities \$150,000; assets, probably, about the same.

A meeting was held in Denver to devise means of taking care of the destitute who number over 5,000.

#### WRECKS IN INDIANAPOLIS.

Indianapolis, July 25.—The Indianapolis National bank, and the Bank of Commerce failed to open their doors this morning. The Indianapolis National was considered one of the strongest banks in the city and was the designated depository of the United States. At eleven a heavy run was begun on the Indiana National.

#### CASHIER COMMITTED SUICIDE.

Washington, July 25.—Comptroller Eckles received a dispatch stating that Cashier Lemox, of the First National Bank, of Vernon, Texas, which failed Saturday, committed suicide by shooting himself this morning.

#### A SABBATHARIAN SUIT.

Chicago, July 25.—Judge Stein, in the state circuit court, has issued a rule against the officials and directors of the fair to show cause why they should not be attached for contempt in disobeying his injunction to keep the exposition open on Sundays. The hearing is set for Thursday.

#### DOINGS IN DISTANT CLIMES

##### Fighting Rebellious Lepers in the Sandwich Isles.

##### FRANCE NOT SO BELLIGERENT

##### Bombardment in Nicaragua—The United States Wins in the Arbitration.

Associated Press.

Honolulu, July 18.—Politics remain virtually as at the last writing. A battle has been fought between the troops of the provincial government and Koolaua, a leper outlaw of Kauai, in which three men were killed. Koolaua escaped with his wife and child over the divide. A reward of \$1,000 had been placed on his head by the government. On July 9th, a steamer arrived from the valley of Kalalau, in Kauai, giving full particulars of a battle fought between the government forces and the leper bandit, who was driven to bay on a mountain side of the valley, where the lepers had taken refuge.

Skirmishers were thrown out on July 4th, and the squad advanced to the head of the horseshoe shaped valley, where a trail was soon discovered leading upward. It was followed 500 feet up the cliff toward a ledge. The troops crawled up the ridge, clinging to vines and tropical growth. Three of the skirmishers were within forty feet of the ledge when two shots were fired simultaneously and Private Anderson was shot through the body, which was recovered next day. On the morning of July 5th, another advance was made, in which Private McCabe, a veteran of the Ninth Rhode Island regiment, was shot and instantly killed by the lepers, and Private Hirschberg was accidentally killed by the discharge of his gun. That day and the next Krupp field guns were dragged up the divide and an attempt was made to shell the leper strong hold. During the day leper spies were sent up and were successful in treachery with the lepers, Koolaua had induced to join him that night, after the firing had ceased, all the lepers had surrendered and were brought into Camp Dole on the beach at the mouth of the valley, except Koolaua, his wife and child. The boy is a leper, but the wife is not.

In the official report sent to Honolulu it was stated that Koolaua would like to escape into the mountains back of the valley. The lepers will be returned to the leper settlement.

#### A WILD ANNOUNCEMENT.

Paris, July 25.—A cabinet council was held today at the conclusion of which a semi official statement was issued to the effect that in conformity with the unanimous vote of the senate and chamber, the government had taken such measures as to safeguard the interests and dignity of France, as were considered from Siam's reply to the French ultimatum to have been rendered necessary.

#### MANAGUA BOMBARDED.

Washington, July 25.—The state department has received a dispatch from Minister Baker, stating that the Nicaraguan revolutionist steamer yesterday bombarded Managua without warning, killing one, and injuring several people.
