A REPLY FROM CARLISE

Some Interesting Facts Concerning U. S. Silver Deposits.

THE BOSTON ORDERED HOME

Her Unsound Condition Is To Be at Once Attended to by the Officials at San Francisco.

Associated Press. Washington, Aug. 18.—Secretary Carlisle sent to the senate today a communication in reply to a resolution requesting certain information concerning the United States redemption treasury notes issued under the Sherman act. During the present month treasury notes issued under the act of July 14th, 1890, amounting to \$714,636, have been redeemed by the government in silver dollars. He added, "In further response to the resolution, I have to say that recently gold coin has been presented at the office of this department and silver dollars asked in exchange therefor, and that the exchange was not made for the reason that all silver dollars in the treasury at the time were required under the provisions of the laws relating to currency to be held in the treasury to cover outstanding silver certificates and treasury notes issued under the act of July 14th, 1890.

Orders were telegraphed today to Captain Barker, commanding the cruiser Philadelphia, at Callao, Peru, to proceed to Honolulu at once to relieve the cruiser Boston which has been ordered to San Francisco to be repaired. For some time the navy department has known that the Boston has been in bad condition and the delay in ordering her home indicates that the condition of affairs in Hawaii was considered so uncertain that the government deemed it wise to protect American interests there by the two vessels.

Washington, Aug. 18.—The vote on the repeal bill will not be reached for some time as there is a disposition on the part of some of the senators to debate the measure for an indefinite time, while the anti-silver senators feel pretty certain that the bill can pass the house, they appear by no means sanguine of the senate. There seems to be a feeling that the bill of Vest, establishing free coinage at the ratio of 20 to 1, will possibly be successful. The two bills would then go to conference and in that stage of the proceedings the senate could without sacrificing its dignity, recede from its position and adopt the bill of the house. It is believed that the members favorable to free coinage, having by that time put themselves on record, would be willing to vote to recede and the straight repeal would go to the president for his sanction.

Washington, Aug. 18.—In the senate today, Voorhees reported from committee on finance a bill to discontinue the purchase of silver bullion and to declare it to be the policy to continue to use both gold and silver as standard money.

The silver debate opened promptly this morning in the house with a speech by Sibley, democrat, of Pennsylvania, in favor of bimetallism and the Johnson inter-convertible bonds proposition.

Vest in the senate on behalf of the minority of the finance committee, presented a substitute for the repeal bill. The substitute fixes the number of grains of standard silver in coins at 464 2/3 grains of pure silver per dollar, and proportionally for half dollars and quarters and dimes. Voorhees gave notice that he would call up the bill and address the senate on Tuesday.

CONFESS THEY ARE BEATEN.

Chicago, Aug. 18.—A Washington special says that the silver men admit now that a repeal vote will pass the house by a large majority, because of the peculiar variety of free coinage views in the matter of ratio, but they hope that the senate will return the bill to the house with certain concessions to silver coinage.

A BLOW FOR FREE SILVER.

Richmond, Va., Aug. 18.—Early this morning the democratic state convention renominated R. Taylor Scott, for attorney general, amid a scene of great confusion. The platform adopted endorsed the money and tariff planks of the national platform. All efforts to secure the introduction of a free coinage plank failed.

TO AROUSE INTEREST.

Boston, Aug. 18.—A committee representing the business men of Boston has suggested to the chamber of commerce that it communicate by telegraph with persons with whom they have business relations, requesting them to correspond without delay with

their senators and representatives, urging the importance of an immediate repeal of the purchase clause of the Sherman law.

TWO FIERCE MILLS.

New York, Aug. 18.—Two matches were pulled off at the Coney Island Athletic Club tonight, both brutal enough to satisfy any of the "sports" present. The first was between Pat Cahill of Jersey City, and Tim Sullivan of New York for a purse of \$1000. Cahill was not in it. Sullivan battered him as he pleased and finally in the third round put him to sleep so effectively with a punch on the point of the jaw that Cahill was not revived for five minutes.

The next match was between John Cattenach of Providence, and Steve O'Donnell of Australia, for twenty rounds or more, for a purse of \$2500, \$500 to go to the loser. This was also a jug-handled affair, Cattenach not being at all a match for the Australian. The latter demonstrated his superiority from the start. In the fourth round Cattenach began to weaken, O'Donnell landed when and where he pleased and sent his opponent down several times in less than a minute. Blood was flowing down Cattenach's chin from his face and he was staggering about in a pitiful manner. The referee attempted out of pity to stop the match, but just then Cattenach revived slightly and rushing past him landed savagely on O'Donnell. The latter then went at Cattenach like an infuriated bull and landed many vicious blows. The gong just saved Cattenach, and Jimmy Carroll then threw up the sponge. Cattenach proved to be a badly damaged man. A physician had to be summoned to fix his face which was in a horribly battered condition.

Sylvan Beach, N. Y., Aug. 18.—The annual convention of the People's party of the state of New York assembled in a small tent on the grounds of the State Farmers' encampment this afternoon and prepared to place a ticket in the field for the November elections, and to prepare a platform. General James B. Weaver and Mrs. Mary E. Lease were present.

DENIES ITS TRUTH.

Boston, Aug. 18.—The story of the sensational suit brought in Philadelphia against the four directors of the Northern Pacific for malfeasance in office was shown to day to one of them Edwin H. Abbott, who said it was all rot. It is merely an attempt to influence the proxies at the coming election in October, he said.

ABOUT PORTLAND'S BANKS

All of Them Making Collectious as Quickly as Possible.

KAMM'S CHIEF CLERK VANISHES

He Has Gone Away for Good, Leaving a Considerable Shortage on the Books Unaccounted For.

Associated Press.

Portland, Or., Aug. 18.—The committee from the chamber of commerce appointed a few days ago to examine into the affairs of the suspended national banks in this city today obtained permission from Comptroller Eklise to go ahead. Their securities will be examined and the committee will report a plan which will lead to a speedy resumption of all the banks. All the banks are having good success in making collections, and many depositors are signing agreements to wait a reasonable time for their money. President Dekury of the Portland Savings Bank states that he is willing to put into legal form his guarantee that depositors will be paid in full. The resignation of D. P. Thompson as receiver has not yet been accepted, and it is probable that the court will allow him to remain.

John R. Atwood, confidential clerk and chief bookkeeper for Jacob Kamm, the steamboat magnate, suddenly left Portland about July 1st, without giving his employer any notice or informing his family or friends of his intentions. His accounts are said to be in a bad condition and his shortage may reach \$2500. A portion of this is said to have been obtained by forgery. It is also stated that a woman left with him.

FOUR SOLID BANKS GONE.

Le Mars, Iowa, Aug. 18.—Four banks at this place failed to open their doors this morning. They are the First National, with a capital of \$100,000, the Le Mars National with the same capital, the German American Savings Bank, with \$50,000 capital and the German State Bank, with \$50,000. All have large surplus accounts and have been ranked among the best institutions in the state. They closed because of the impossibility of getting cash. All were in good condition for ordinary times, but withdrawals of cash had been steady and collateral could not be recalled on. The action of the banks was a complete surprise and has caused a panic in town. The officers of the banks say that they will pay every dollar when they can liquidate advantageously.

NEW YORK FINANCES.

New York, Aug. 18.—The clearing house committee used 500,000 additional certificates today. The steamer First Bismark arrived last night with 889,037 pounds of gold. The steamer Campania sails from Liverpool tomorrow with 300,000 ounces of gold and the Ella with 2,300,000 ounces of gold. The premium on currency this morning was three per cent.

AFTER THE STORM.

Dubuque, Iowa, Aug. 18.—Financial circles are quiet today, and but few deposits are being withdrawn.

THEY COULD NOT AGREE.

Vallejo, Cal., Aug. 18.—The naval court of inquiry has been ordered to convene at Mars Island navy yard on the 21st inst., to inquire into the charges preferred by Major Henry A. Bartlett, commandant of the More Island marine barracks against Captain Henry Clay Corcoran, of the United States marine corps, and against Major Henry Bartlett, commandant of the marine barracks preferred by Captain Henry Clay Corcoran. The cause leading to the preferring of the charges against one another is said to be a clash of authority which has resulted in the demoralization of discipline.

AMONG THE UNEMPLOYED.

New York, Aug. 18.—The unemployed principally those concerned in yesterday's demonstration, had a continuous meeting in Golden Rule Hall, Irvington street tonight. Emma the wife of Bergman the anarchist who tried to kill H. C. Frick, in Pittsburgh, made a speech of the most inflammatory nature, telling the men among other things, that if they wanted bread not to suffer, but to go and get it. A committee was appointed to arrange for a monster parade of workmen throughout the working quarters of the city. An anarchist named Hancak made an incendiary address.

ANTI-CHINESE DEMONSTRATION.

Stockton, Cal., Aug. 18.—Considerable excitement was caused here this evening when a meeting of laboring men was held on Hunter square to take up the anti-Chinese movement and run the Chinese out of Stockton.

The officers were apprised of the meeting and were stationed in the crowd to stop any unlawful demonstration, but the uprising ended in a talk of one man and a promise to assemble again tomorrow night and notify the Chinese to leave.

NOTES OF THE FAIR.

Chicago, Aug. 18.—The attendance at the fair is once more encouragingly large, the total being 151,678, of which 122,745 were paid entries. Numerous complaints were made today to the World's Fair officials on account of the savage brutality displayed by the Indians in the Sun Dance last night.

The most interesting event of the day was the international swimming match in the lagoons, taken part in by the natives of all countries. The Dahomians proved themselves the best swimmers, and the final match between the Dahomeyans resulted in the most expert getting a \$20 prize which his white rasher promptly pocketed, as well as a \$20 prize secured by another. The master told the victors that they would be rewarded tonight with a bottle of Chicago beer. The men are slaves from his plantation in Dahomey.

Good people in general were scandalized today when it was learned that a prize fight occurred last night in the stock pavilion on the fair grounds between Patsy McDonald, a young Irishman, and Joe Young, one of the English soldiers at Tattersall's exhibition. Eleven hot rounds were fought, in the last of which McDonald was knocked senseless.

MORTGAGE ON THE SUNSET CO.
