The United States crulger Olympia, which has been on the Hunter's Point dry dock at San Francisco for the past ten days, will be placed in the bay on Thursday and towed to the Union Iron Works. William E. Gunn of the Iron Works, has been in charge of the 250 workmen who have been doing splendid work on the cruiser since she was placed on the dry dock. In about two weeks the Olympia, it is expected, will be the owner of the boat, make a preliminary trial trip.

A letter received from Liverpool of the date of July 18th, states that Captain Lawrence of the British ship Falls of Garry, which left San Francisco for England six months ago, has been fined ten shillings by a court of justice for violating the dock rules of the nort by smoking a pipe loaded with tobacco aboard the ship while in dock. The news caused a great laugh among British shipmasters in port yesterday. The captain is well known as a genial, jovial, hearty shipmaster and the pipe n question is one presented to him at a reception in San Francisco by Captain John Sloan, the shipping merchant. The dock rules at Liverpool are very strict, and it is believed that the captain must have thought himself in a moment of absent-mindedness, in the port of San Francisco, where smoking is allowed both on board ship and on the dock.
