FOR SEINE WEB

FOR TRAP WEB

FOR LASTING QUALITIES

IT IS THE BEST

IT IS THE CHEAPEST

GOOD FISHERMEN USE IT

AMERICAN LABOR MAKES IT

30-7 Ply; 40-8 Ply; 30-9 Ply. The staying powers of Marshall's Twine are superior to those of any other ever used on the Columbia river.

### CHINESE IN CALIFORNIA

Deporting Them From Several of the Small Cities.

### WANT TROOPS TO KEEP ORDER

No Violence Shown the Celestials—Just a Hint that They Have Got To Go.

Associated Press. Selma, Cal., Aug. 19.—Last night an unarmed body of laboring men waited on the Chinese restaurants in town and deported the keepers, sending them out of town and using no violence. Today their places of business are closed.

Sacramento, Cal., Aug. 19.—Sheriff Bovier of Bakersfield has telegraphed the governor asking that a company of the Fifth Infantry stationed at Bakersfield be called out to suppress the rising against the Chinese expected tonight.

Pasadena, Cal., Aug. 19.—Governor Markham said tonight in regard to the request for troops to quell the expected anti-Chinese uprising at Bakersfield, that he had been informed there was no immediate necessity for troops. He has notified Judge Conklyn that a local company of the National Guard at Bakersfield can be called out if necessary, but that step must be taken with discretion.

Bakersfield, Cal., Aug. 19.—A large orderly meeting was held here tonight condemning the acts of citizens of Visalia, Tulare, and Fresno, for the manner in which the Chinese have been treated. The men will resort to no violence, but will pass resolutions calling upon the United States district attorney to take action and have the Chinese deported by the government.

Stockton, Cal., Aug. 19.—Stockton's anti-Chinese agitation flattered out tonight as was expected and no demonstration was made. The heads of the labor unions promptly repudiated any connection with the disorderly movement and the mechanics and laborers would not be led into the excitement. Few Chinese are employed here except in the kitchens.

### DISCLAIM KNOWLEDGE OF IT.

Washington, Aug. 19.—Speaking of a movement said to have been inaugurated in St. Louis, of urging all unemployed from the West, to move on to Washington and by means of a tremendous demonstration, force congress to provide relief for the needy classes, Herman Shultz, a prominent member of the local federation of labor, says the Federation of Labor is not at the bottom of the movement. It is the direct result of the agitation of a lot of cranks, socialists and anarchists endeavoring to create trouble.

### LABORING MEN FED.

Fresno, Cal., Aug. 19.—The event of the day in this city was feeding the laboring men at the free labor bureau. Two hundred were served.

### WHY THEY ADJOURNED.

Washington, Aug. 19.—The unexpected decision of the senate to adjourn yesterday is believed to be due to a torpedo thrown into the senate by Butler of South Carolina, yesterday, in the shape of an amendment to the bank circulation bill repealing the state bank tax, thereby alarming senators who desire speedy action on the measure and who feared the amendment might carry and thus cripple the national bank system. They accordingly permitted adjournment.

Washington, Aug. 19.—The silver debate in the house was opened today by McCrery of Kentucky in favor of repeal.

### SHERMAN'S IDEAS.

Washington, Aug. 19.—Senator Sherman in a letter to an Ohio friend, says he thinks it best for congress to move slowly until something effective can be done. The financial situation is gradually becoming better, and the belief is becoming general that all that is wanted is increase in the currency of the national banks and suspension of further purchases of silver. The latter, he does not regard as important, except to dissipate the fears of capitalists that we are coming to a single silver standard.

### THE CRANK PLATFORM.

Sylvan Beach, N. Y., Aug. 19.—The People's party convention this morning adopted a platform reiterating allegiance to the three basic planks of the Omaha platform: a safe and sound flexible national money which shall be full legal tender, with free and unlimited coinage of silver and gold at a ratio of 16 to 1, and an increase in circulating mediums of fifty per cent.

The platform declares that the present distress is due to a loss of confidence induced by the wall of capital-

ists over the exportation of gold, and urgently demands the construction of public works for the benefit of the unemployed.

### HEAVY CYCLONE IN NEW JERSEY

Somerville, N. J., Aug. 19.—A destructive cyclone accompanied by hail, the like of which has not been known in the history of New Jersey, swept over this section last night, destroying houses and barns, uprooting trees, and laying acres of cornfields low. The path of the cyclone was about half a mile wide and its extent from the Blue Ridge ranges to the Orange mountains, north from here. It traveled about five miles before it seemed to waste its fury. There is not a house in this town of 5000 inhabitants that is not damaged more or less, and the loss on the crops of this section will probably reach hundreds of thousands of dollars.

### A HORRIBLE DEED.

Medford, Wis., Aug. 19.—An atrocious murder was committed at Ferdinstown, a small village west of here, last night. The victim was a fallen woman who lived alone in a shanty about half a mile from the village. When found, her throat was cut, the large arteries being severed and her face was hacked and slashed in a frightful manner. The woman's true name was Konemann, and her home was Schofield, Wisconsin.

### EXPLORING ST. HELENS.

Tacoma, Wash., Aug. 19.—The first successful ascent of the north slope of Mount St. Helens was made on Wednesday last by a party from Tacoma, including Fred Plummer, A. C. Carpenter and Lechl, an Indian. The trip was filled with any dangers and difficulties. St. Helens is an active volcano and a distinct earthquake was felt by the climbers.

### BUSINESS MEN TO MEET.

New York, Aug. 19.—An officer of the board of trade states that a call for a meeting of the business men of the country at Washington for the purpose of demanding immediate and unconditional repeal of the purchasing clause of the Sherman silver act will probably be issued by the board within a few days.

### ALL HAVE BEEN RECOVERED.

Coffax, Aug. 19.—Word was received this morning that all the missing bodies from the wrecked steamer Annie Faxon had been recovered. It is reported that Mohr, one of the deck hands, who escaped injury, was drowned while in bathing this morning at Lewiston.

### A TERRIBLE ACCIDENT.

Spokane, Wash., Aug. 19.—An old sawmill at Fort Bernard street was the scene of a terrible accident today. George H. Maxwell was caught by a revolving shaft and hurled across the room a lifeless mass. Maxwell came here from Little Rock, Arkansas.

In the vicinity of Sweet Home, in Linn county, there lives a female hermit whose history is as peculiar to the world as it is sad to herself. She is over 60 years of age. This old lady comes of good family, and has raised a respectable family of children herself, and the date of her eccentric life began with an event that took place when her children were all grown. Like some other thoughtless parents, they neglected to record the date of births in their family, and, feeling the mistake, she and her husband decided that, for the benefit of their grown children, they would ascertain as nearly as possible their ages. For this purpose they set a day and summoned some of their neighbors whom they had known for years to meet at their home for the purpose of establishing the birth dates of their children. The age of the eldest son was taken into discussion, and on his age the man and wife disagreed. The difference of opinion ripened into enmity and was the cause of separation. The husband moved to a secluded spot and passed the remainder of his days a miserable hermit. He never went out or had any company. Only a few years ago he was found in his cabin after he had been dead several days. The wife had built a house in a remote corner of her son's yard, and is living a similar life. Impressionable and devoid of the milk of human kindness, this strange woman is eking out an existence made miserable by a simple event, and known by few outside her family.

### ANOTHER CUT IN PASSENGER RATES.

Five dollars less over the Union Pacific to Missouri river and intermediate points, effective Sunday, August 20th. Rates to all Eastern points correspondingly reduced. For full information, call at Ticket office, Union Pacific dock.

### G. W. LOUNSBERRY, Agent.

### A CHANCE FOR HARD TIMES.

J. W. Crow is now prepared to sell the handomest grades of Wall Paper in the city at the lowest ruling prices, and guarantee good goods. Give him a call before buying elsewhere. Note the address—24 Third street.

### MINES ALL OVER THE WORLD

Kansas Strikes Are Quickly Drawing to a Close.

### SOUTH WALES IS STUBBORN

Welsh Miners Tend to Stop Men From Working in the Mines and to Close Them Down.

Associated Press. Pittsburg, August 19.—The miners' strike in the coal fields of Southern Kansas is virtually ended, the striking miners of the Santa Fe company having agreed to the propositions made by the management. The Missouri Pacific and other mines are also to begin operations.

Berlin, August 19.—The Kaiserstuhl coal pit at Dortmund, Westphalia, was today the scene of a terrible accident. An explosion of fire damp occurred in the pit, killing fifty persons and injuring many others.

London, August 19.—The situation of South Wales owing to the coal strike is not improved. Great military and police precautions have been taken to protect the collieries and the working miners. The police are guarding the collieries, of which less than twenty out of twenty-four are now working. The collieries are chiefly in the Ebbw-valle district, and the strikers announce that they intend marching there on Monday, 50,000 strong to stop the working. It is estimated that the men have already lost \$15,000,000 in wages while the output of the collieries has fallen off. In the Midlands where nearly half a million miners are striking, a more peaceful situation prevails.

New York, Aug. 19.—The meeting and parade of the unemployed Hebrews here tonight passed off without any disturbance whatever.

An evening paper says the discharge of a number of men at the Havemeyer sugar refinery at Williamsburg this afternoon brought the fact that about 2300 men have been laid off during the week. There is now a probability that the entire force of 3000 men will be laid off on Monday next. It is also reported that the Havemeyer refinery at Green Point is employing about as many hands as the Williamsburg establishment and it will be closed.

### MISSING SINCE MAY.

McMinnville, Or., Aug. 19.—Henry Loy of Williams, has not been seen since May last. His cabin was found unoccupied, gun, clothing, and cooking utensils undisturbed, watch detached from the chain and missing. Loy was a gunsmith, a young man of 30, and unmarried. About forty men will organize a searching party at Sheridan tomorrow to search the mountains in the vicinity of his cabin.

### A NOVEL SCHEME.

New York, Aug. 19.—The City Bank of Buffalo has devised a new scheme for temporary relief of the financial stringency. Briefly stated, the plan is for the City Bank to issue a New York draft in uniform sums of \$1, \$5, \$5, and \$10, payable to bearer and let them be presented from hand to hand as cash till it becomes convenient to redeem them in government currency.

### ANOTHER PORTLAND SWINDLER.

Portland, Aug. 19.—A warrant has been issued for the arrest of John L. Ayer, manager of the New England Loan and Investment Company. The charges are that Ayer hypothecated eleven thousand dollars worth of the company's stock to his own account. Ayer, it will be remembered, figured in this city about two years ago in local politics.

### STOLEN POLL BOOKS.

Indianapolis, Ind., Aug. 19.—The poll books of nine precincts of the Sixth ward, check book, cash book, and private memoranda were stolen from the committee room of the republican city committee about midnight last night. There is great indignation on the part of republicans.

### FATAL CHUTE ACCIDENT.

Tacoma, Wash., Aug. 19.—A coal chute gave way at the North Pacific coal bunkers this afternoon, precipitating eight men into the water. All were rescued except John Grady, a longshoreman. His body has not been recovered.

### THE BANK STATEMENT.

New York, Aug. 19.—Following is the bank statement: Reserves, \$4,490,000; loans decreased, \$5,255,000; specie increased, \$4,728,000; deposits, \$1,901,000. The banks are now \$12,045,000 below the rule.

### SUSPENSION OF PENSIONS.

Washington, Aug. 19.—Late Deputy Commissioner of Pensions Lincoln,

who is a candidate for commander-in-chief of the Grand Army of the Republic, is authority for the statement that an effort will soon be made in the courts to declare a suspension of pensions granted under the act of June 27th, 1890.

### THE FOOTBALL PICNIC.

Yesterday's grand football picnic to Gearhart Park was a splendid success and easily the most enjoyable summer outing of the present year. From start to finish of the proceedings there was not a hitch in the arrangements everything being done in real Astoria Football Club style. At 8:15 in the morning the Dwyer and Electric with a large barge in tow left their wharves for the railway bridge. The boats were loaded with people, and the music of the Fourteenth Regiment Band woke the echoes along the river as the boats went down stream, and made everybody feel cheerful. On arrival at Gearhart Park the party separated into innumerable small gatherings, many going to the tents of friends in the vicinity, others taking long walks through the beautiful woods, and still more making for the beach. The time was spent very pleasantly till lunch, and immediately after that the band again delighted the visitors with several selections in front of the hotel. Sharp at 2 o'clock the bugles sounded the march and everybody in the vicinity, including cottagers, farmers and gardeners went out to look at the football match. In the centre of a rising hill overlooking the ground was the band, and round it was congregated several hundreds of ladies and gentlemen, seated on the beautiful grassy lawns, and eager for the fray to begin. Tullent of the Red and Blues won the toss and decided to kick with the sun. From the kick-off it became apparent that it was a case of win or die. It would be impossible to give any detailed account of the play, suffice it to say that from start to finish it was the most exciting and closely contested game of football that has ever been played in this state. About twenty minutes from the start the Reds scored a goal amid great cheering, and matters remained unchanged until a few seconds before half-time. Then the Black and Gold equalized things and scored a fine goal by some very quick work among the wing forwards. After the usual interval, play was started again, and from the first kick the Gold pushed their opponents close. However, matters were soon changed in this respect and for half an hour there was a dog-dog struggle that caused the audience to grow wild, delighted, and nervous in turns. Luck was with the Golds, however, and fifteen minutes before the whistle was blown they scored their second goal, and won the game, for though the Reds made magnificent efforts to make things equal again they did not score. Most of the pickneys and players went into the surf after the game and spent an hour bathing, the beach presenting a very animated appearance. After supper a majority of the party came up to town again on the special train, tired out and happy.

### NOTES.

Crowds of people from Seaside came up to see the football game.

Frank Gunn, in addition to his arduous unpinning duties, amused himself in the morning by cutting down trees and snoring, under the direction of Surveyor Bell.

Several photographs were obtained of the game, the spectators, and the scenery.

A well known Benedict walked out of the wrong door when leaving the dinner table at Gearhart and got into the kitchen among the nymphs of the institution. He was escorted back and put into the right path by two of them, and was profuse in his apologies. It is hardly hinted, however that he lost his way intentionally—well, never mind.

Bell played a magnificent game from start to finish. Higgins in the forward line for the gold was unbeatable and very fast throughout. Tallent, Gibson and J. Carruthers also deserve special mention for their brilliant field work and unselfish team play. Bradford as a goal-keeper was a decided success. He saved his side half a dozen times.

Weeks bribed the bandmaster to utter a prayer on behalf of the red and blue before the game began.

Pete Grant swimming in the surf yesterday saved a young man from drowning without making any fuss about it. The unfortunate was a novice, and he was thoroughly exhausted when brought back to land.

### EXCURSION TO THE BEACH.

The T. J. Potter will leave the Union Pacific dock, Sunday, August 20th, at 8:30 a. m., for Young's bay, connecting with cars for Gearhart and Clatsop Beach. Round trip \$1.55 by purchasing tickets in the office before going on board the boat.

### G. W. LOUNSBERRY, Agent.

### THE FORCED MORTGAGE SALE.

Of Herman Wise's stock is now in full blast. Everything sacrificed.

### M. WISE, Mortgages.

P. S. All persons indebted to Herman Wise will please settle at once.
