Mr. Gladstone's home rule bill is in a critical condition. It has to pass the third reading of the house and it is whole before the house. The bill has manifest imperfections. There has been opposition to various clauses, and all have been put through under bitter protest and sharp misgivings. The majoritles through the whole struggle have been of Irish members-that is, outside Ireland there has been a constant preponderance against Mr. Gladstone's great measure. Several dangerous matters have been compromised by putting off action for Years, The most heated questions have been sledded over. The English are espectally excited against the financial arrangements by which it is claimed the kingdom at large assumes an undue share of the pecuniary burdens of Ireland; and the opposition to Ireland having a legislature of her own for her matters, and eighty members in the imperial parliament to vote on local affairs of Wales; Scotland, and England, is of the most intense character. ngainst the bill, Holding that it is inal, of Mr. Gladstone's adherents are wavering, it will be seen that the mall majority with which the Grand Old Man is at work has been almost if not altogether melted away. It is hardly too much to say that home rule s, at this stage, a failure; for even if the measure passes the third reading ate by a dozeen majority the lords will, with the approbation of England, throw it out, and on appeal to the country the defeat of Mr. Gindstone is decidedly probable.

The Chinese question seems to be settling itself in an unlooked-for manner on this coast, and the Mongolians seem at last to be on the move. the great reform movement brought about the "change" so urgently demanded last fall. So far no violence is reported, the Celestials simply being crowded out. The unemployed white men met in a great body, at Fresno and paraded the streets, denouncing the Chinese. Violence would have followed had not wiser counsels prevalled. Then the vineyard owners met, and agreed to discharge the Yellow men

of a great evil; but the Chinamen are not entirely responsible for white men being out of jobs in this country at present. The folly of the white voter has done more to make empty places than the substitution of Asiatic for American labor. The real "Chinaman" that is cheapening the American workman is the mugwump and his laws,

The cholera has appeared in Berlin in in a colony of Polish workingmen. The German capital was preserved from a visit of the pestilence last year by her incomparable cleanliness, and there will be no alarm now. The great city is in districts, arranged to facilitate hours ending at 5 p. m., yesterday, drainage, Instead of making a sewer of the little river that runs through Berlin, and which, if treated in the ornulsance, the sewage is driven by force pumps to immense fields of sand a few miles distant, and these are fertilized, while the city is purified. We shall see whether this is not sufficient to prevent the Asiatic pestilence, now happily, no longer a mystery, from

America's Great Danger

AN ENGLISH COMMENTARY.

Said an eminent English scientist recently: The danger that confronts the great American people to day is not the possible adop-tion of a wrong financial policy for the nation, or the spread of socialism, or the increase of corruption among public men. All these are bad enough, to be sure, but they are as nothing compared to the terrible national disease—I had almost said national crime-of overwork. The mad rush for wealth is set at a killing pace, and thousands fall by the way every year.

You are likely to be one of the victims! How do we know? Because it is the exception to find a man or woman of adult age in perfect health, Nervous Disorders are spreading with fearful rapidity. Among the symptoms, are—Backache, Bilionaness, Cold Hands and Feet, Dizziness, Hot Flashes, Fluttering Sensation, Fainting, Headache, Hysteria, Irritability of the Heart, Melancholy, Failing Memory, Palpitation, Rheumaism, Short Breath, Sleeplessness, Nervous Dysnopsia, Sevent Dability Wits etc. vous Dyspepsia, Sexual Debility, Fits, etc. Rev. C. A. Cannora, pastor First Baptist Church, Yellow Springs, O., writes as follows: "I have used Dr. Miles' Restorative Nervine for the past six months. I find it acts like plasters made.
