BOYES IS RENOMINATED

The Old Iowa Democratic Warhorse Again in the Fight.

HIS NAME RECEIVED WITH CHEERS

The Convention Meets, Adopts a Platform and Prepares for the Greatest Struggle in the State's History.

Associated Press.

Des Moines, Iowa, Aug. 23.—The democratic state convention assembled here today. Henry Vollmer of Davenport, was chosen temporary chairman. After the committees had been announced the convention adjourned to 2 p. m. The renomination of Boyes is certain. Governor Boyes said this morning that his letter declining to run a third time was sincere, but that he was willing to subordinate his wishes to the wishes of the democratic party. The committee on resolutions insures conservative silver utterances. Henry Stivers, a member of the committee from the 9th District, and a radical and free silver man, was elected over his free silver opponents of Des Moines. In the 8th District, P. O. Stuart, the free silver candidate was defeated. On taking the chair, Vollmer said: We live, it is true, under a democratic administration, both state and national, but both in the state and in the nation we are cursed by republican laws. Let us not forget, nor permit the people to forget that we still have the "blessed McKinley bill," that latest but most developed offshoot of the poisonous plant protection. Let us not forget, especially, that that cowardly makeshift, denounced by the national platform last year, the Sherman bill, discredited now by its own author, still stands upon our statute books. Our party is even held responsible for the condition of the treasury of the United States. Yet four years ago it went out of power leaving a surplus of \$100,000,000. Both the McKinley and Sherman bills have got to go, and the people will sustain us in the good work. In this state we are still blessed with a set of blue laws, that suggest the ignorant intolerance of the dark ages rather than the broad minded liberalism of these latter days of the nineteenth century.

Governor Boyes was renominated by acclamation amid tremendous applause. Lieutenant Governor Bestow also received the renomination. At this point the report of the committee on platform was read and adopted. The resolution declared confidence in the administration of President Cleveland. The present unfortunate financial stringency is laid at the door of the republican administration and congress is urged to give the country early relief. The Sherman act is denounced as a cowardly makeshift. The resolution also demands the immediate repeal of the purchasing clause of that act. In the interest of true temperance the resolution favors a carefully guarded license tax law which shall provide for the issuance of licenses by the vote of the people of the different districts of the state. "As a partial reparation for the unjust confiscation of private property caused by the prohibitory law," says the resolution, "we favor such legislation as will issue permits to the manufacturers of spirituous, vinous, and malt liquors within the state thereby giving to our own people at least equal rights in this respect with manufacturers of other states."

The nominating then continued. John Clegg of Mason City, was nominated for judge of the supreme court; ex-Congressman Tom Brown of Council Bluffs, for railroad commissioner, and J. B. Knoepfer was renominated for state superintendent of public instruction. Before the adjournment of the convention John P. Irish of California, who has just returned from Washington, made a vigorous speech in favor of the repeal of the Sherman law. "It is the duty of every democrat," said he, "to sustain the administration. The democrats must sweep from the statute books every line of the legislation passed by the republican party for expediency and self power."

ADJOURNMENT OF CONGRESS.

Washington, August 23.—Chairman Wilson, of the committee on ways and means, today said: "The committee will probably prepare a general tariff bill in accordance with the declaration of the Chicago platform. I think it quite probable that congress will adjourn about the middle of September."

WHITE CITY WILL BE SOLD.

World's Fair Grounds, Aug. 23.—Today was West Virginia and Delaware Day. Delaware furnished the peaches and West Virginia the punch. After the exposition is over the buildings will be sold at auction. About the

only things for future use in them are iron and steel arches and the timbers. It is thought that not more than a million dollars will be realized from the auction.

INDEPENDENCE ITEMS.

Independence, Or., Aug. 23.—This afternoon the government snag boat stopped on the rapids just above the town and set a blast in a huge snag in the river. A farmer named Johnson came driving along the bank when the blast exploded he was about three hundred feet away. A piece of timber a foot thick and twelve feet long struck his wagon, badly wrecking it, and scaring his team so that they ran away. It was a narrow escape.

ALLOMBY WILL LOAD SALMON.

Portland, Aug. 23.—The bark Alloby which arrived in on Tuesday, goes on the engaged list, but rumor has her with an outward salmon charter instead of wheat. About 20,000 cases of salmon are held at Astoria for foreign account and it is understood that the Alloby will take it aboard. Her freight rate is reported to be 35 shillings.

THE INQUEST NOT CONCLUDED.

Portland Aug. 23.—The coroner's inquest over the body of Lieutenant Nelson who was killed in the sham battle Saturday, was adjourned this evening until tomorrow when additional testimony will be taken. The testimony thus far shows that Brigadier General Compton was the only brigade officer who favored the sham battle.

Washington, Aug. 23.—The reports that the Chinese government has sent an ultimatum to the United States with regard to the Chinese exclusion act is pronounced at the state department to be without foundation.

PEFFER'S SCHEME DISCUSSED

Senator Hill Astonishes Everybody by Coming to Its Support.

WAVERING IN THE SENATE

The Lee Mantle Case Decided Again & the New Senator but Afterwards Left Open to More Argument.

Associated Press.

Washington, Aug. 23.—In the senate today the resolution offered by Pfeffer of Kansas, as to the violation of the law by the National banks in declining to pay depositors' checks in currency, was taken up and a motion to refer it to a committee on finance, (made by Hoar, republican, of Mass.) gave rise to a long and somewhat exciting discussion. Gorman pointed out that the adoption of a resolution would be a notice to the comptroller of the currency who would immediately proceed to enforce the law and thereby necessitate the closing of the banks and cause utter ruin to the country. The cause of Pfeffer was sustained by Senator Hill who broke away from the leadership of Gorman and Voorhees and in direct opposition to the position taken by them, made several speeches which showed division in the ranks. Hill plainly took a position which indicates that he has opinions and views of his own not to be moulded by those who have been considered leaders of the democratic side in the senate. Hill undertook to draft some modifications of the resolution, but before he had completed them the morning hour had expired and the resolution went over without action. The report of the committee on privileges and election in favoring the seating of Lee Mantle as senator from Montana, was taken up. Arguments against the adoption of the report and the admission of Mantle were made by Gallinger and Platt. Turpie and Chandler replied to some of Platt's points and Pasco replied to Chandler. Hawley argued in favor of the resolution. The debate was closed by Hoar in favor of the majority report. Then at 5:15 a vote was taken on the substitute offered by Vance, declaring Mantle was not entitled to a seat. The vote resulted; Yeas, 35; Nays, 50. The substitute was agreed to. The following is the vote in detail: Yeas—Messrs. Berry Blackburn, Caffer, Coke, Cullom, Dixon, Faulkner, Gallinger, Geppre, Gibson, Gray, Harris, Kyle, Lindsay, McMillan, McPherson, Manderson, Mills, Mitchell, (Oregon) Mitchell, (Wisconsin) Murphy, Palmer, Pasco, Pfeffer, Platt, Proctor, Ransom, Smith, Stockbridge, Vance, Vest, Vilas, Washburn, White, (California) and White, (Iowa), Total, 35.

Manderson who had changed his vote from nay to yea in order to make a motion to reconsider, made that motion. A motion to lay the motion to reconsider on the table was made by Vance, but without action on it, the senate adjourned till tomorrow, leaving the Lee Mantle case still open.
