

The Daily Morning Astorian.

EXCLUSIVE TELEGRAPHIC PRESS REPORT.

VOL. XL. NO. 194.

ASTORIA, OREGON, FRIDAY MORNING, AUGUST 25, 1893.

PRICE, FIVE CENTS.

If You Want

To save money, don't miss the great reduction sale now going on at C. H. Cooper's.

If You Want

To buy goods at less than wholesale cost, go to C. H. Cooper's.

If You Want

To trade to advantage and save from \$5 to \$10 on a suit of clothes, go to C. H. Cooper's.

If You Are Hard Up

And short of cash, the little you have will go farthest at C. H. Cooper's.

If You Want

First-class goods in clothing, furnishing goods, hats, caps, shoes, etc., go to C. H. Cooper.

Midsummer Sale

Now going on.

C. H. COOPER.

CALIFORNIA WINE HOUSE,

FINE WINES AND LIQUORS

I have made arrangements for supplying any brand of wines in quantities to suit at lowest cash figures. The trade and families supplied. All orders delivered free in Astoria.

A. W. UTZINGER,
Main Street, Astoria, Oregon.

ASTOR HOUSE, Astoria, Oregon.

J. G. ROSS, Prop'r.

Rates \$1 and \$1.25 per day. Good accommodations. Clean beds a specialty. You are invited to call. Free bus meets all steamboats.

Still in the Front!

FOR SILVER SIDE FISHING

MARSHALL'S - TWINE

SWEPT BY A CYCLONE

Terrible Storms Raging Along the Eastern Coast.

WRECK AND RUIN EVERYWHERE

Sixty-Three Telegraph Lines Torn Down and Fifty Western Union Cables Demolished in a Few Hours.

Associated Press.

New York, August 24.—The West Indian cyclone which swept over this part of the Atlantic coast last night and this morning on its way to the New England coast, left its mark over the whole region around New York, with a sweep of over 1,000 miles. The rainfall, measuring 3.82 inches during twelve hours, is the severest that has ever been recorded by the local signal service. Many ships are waiting outside for the wind to subside. Through the dragging of anchors of escaping ships in the bay and North river, more than fifty cables of the Western Union Telegraph Company were torn and are now lying useless on the bottom of the river. The ravages of the storm are no less severe on land. Of the 75 wires to Washington, only 13 remain standing. Railroad travel has been seriously interrupted. The summer resorts have suffered severely from the high seas. In Brooklyn nearly every street in the city was covered with debris from the trees. The police report at least ten houses unroofed. During the height of the storm a policeman found the body of a dead man lying in a peddler's wagon on Whipple street. The wagon was filled with water and the man was floating around in it.

In New Jersey the storm was most severely felt and reports of damage more or less serious are coming in. The streets at Elizabethport are partly under water to a depth of two and three feet and people are floating about on rafts to get to work.

From the coast the news is particularly vague. The surf was high during the fury of the gales, and stories from out at sea are yet to be told.

Boston, Aug. 24.—The storm which did such great damage in the vicinity of New York last night, was felt in all its fury along the New England coast as well. New Haven, Hartford, and other points in Connecticut report it as the worst storm known in many years with much minor damage to property and shipping. At New Haven the damage to the harbor was very great and the oyster beds suffered especially. They are thought to be banked completely in mud and may prove a total loss, in which case the pecuniary damage will be very great, amounting to many thousands of dollars.

As the day wore on the arriving craft brought a story of the storm's work at sea, and it proved a terrible supplement to its ravages on land. The fishing schooner Empire State, with a crew of ten men and the Ella M. Johnson with a crew of eight, went down last night off Manassas on the Jersey coast, and all on board were lost. These two vessels were in the company with the Chocrus last night when the storm struck them, and after beating around all night in some of the worst weather ever known off the coast, and with the loss of her captain and first mate, the Chocrus reached port today. The steamer Eggleston Abbey from Cardiff put in for repairs this afternoon. The captain reports picking up George Upton of Portland, Maine to day before yesterday, he being the sole survivor of a crew of six of the fishing schooner Mary Lizzie which foundered August 21st. The fishing schooner John Penney, is in tonight with two of her crew badly injured from the terrific pounding they received. The captain reports seeing a man clinging to wreckage some distance off, but the storm was so furious that they were unable to render assistance. From Long Branch tonight it is learned that it will be some time before that resort recovers from the effects of the storm. From the West End Hotel to the Normandy, not a single bathing house is left intact. The most of them were swept out to sea, while others were washed right upon the beach. Other resorts along the coast suffered severely. Telegraphic communication is cut off for the first time since the great blizzard. It is impossible yet to give anything like an idea of the amount of damage done along the coast in general.

Lockport, N. S., Aug. 24.—The great storm did much damage to shipping in this vicinity, a number of vessels being wrecked. This morning a coal barge and towing vessel were wrecked off Southampton, Long Island. Up to tonight, six men from wrecked vessels were washed ashore out of a crew of 21 men on both vessels. Of the six that came ashore three were beyond resus-

citation. The other 15 are undoubtedly drowned.

FOUR MEN DROWNED.

Asbury Park, N. J., Aug. 24.—The fishing schooner Mary F. Kelly of New York, was wrecked this morning. Four of her crew were drowned.

BRIDGET LEASE ONCE MORE.

Mount Gretna, Pa., Aug. 24.—This was recognized as a big day at the national encampment of the Farmers' Alliance. Conservative estimates place the attendance for today at over 20,000, and this afternoon Mrs. Mary E. Lease of Kansas, addressed an audience of 20,000. She said in part:

"The people of Kansas should never give up fighting for human rights and human liberty until we have indeed and in truth a government of the people for the people, and by the people. When a few men in Boston can cause a suspension of twenty-one banks in a day; when a United States senator can press the button and raise the price of oil 5 per cent; when the Jews of Berlin and Lombard street can control the money of America, it is time to call a halt all along the line. Such crimes have brought about a revolution as much religious as political. Ministers of the gospel should be interested in this revolution for the cause of Jesus Christ and humanity. Ministers who cannot discuss politics of his party in the pulpit had better put his dirty, filthy politics aside; they are not fit for the religion of Jesus Christ. The time has come when politics must be discussed from the pulpit. This is no longer the land of the free and the home of the brave, but the land of the rich and the home of the slave, and I appeal to you to wake before the chains of the money power are riveted on your limbs."

She then appealed to the people to wake up and drive the money changers from our temple of American Liberty, even as Christ did 1800 years ago.

A SCATHING VERDICT.

Portland, Or., Aug. 24.—The coroner's jury today completed the inquest over the remains of Lieutenant C. E. Nelson, of the Oregon National Guard, whose death resulted from a wound received last Saturday in a sham battle. The verdict is as follows:

"We find that the sham battle was ordered by General H. B. Compton, commander of the brigade, who issued the order for the battle in the face of protests made to him by most of the commissioned officers under his command, who believed, and stated to General Compton that it was, in their opinion, unwise and dangerous to hold it. We find that the wound was the result of criminal carelessness on the part of the man who fired the shot. We have failed to establish the identity of the man directly responsible for firing the fatal shot."

TWO FINE RECORDS.

Indianapolis, Aug. 24.—At the international bicycle races today under the auspices of the Zig-Zag Club, Zimmerman won the championship, doing the mile in 2:12 4-5, breaking the world's record of a mile in competition and reducing it by 2 3-4 seconds.

Columbus, Aug. 24.—The world's record for five heats was broken in the free for all trot by Alex and Lord Clinton, the miles being made in 2:12 1-4, 2:10 1-4, 2:10 1-4, and 2:09 3-4.

APPLIED FOR A RECEIVER.

Tacoma, August 24.—J. S. Whitehouse, receiver of the Wapato Park Belt Line Railway Company, today filed a petition for a receiver for the Point Defiance, Tacoma and Edison Railway Company, which operates thirteen miles of street railway. The trouble grew out of a transfer of property made some months ago when the Point Defiance Company was organized. The court deferred action until tomorrow.

SHOT HIS JAW OFF.

Eugene, Or., August 24.—Yesterday morning Charles Gutrie shot his 12-year-old brother, Ivan, while hunting about a mile south of Junction City with a shot gun, the shot taking effect in the right side of the neck and tearing the muscles and flesh from the lower jaw. He was unconscious for twenty-four hours, but is now recovering.

SEIZED ALL THE PROPERTY.

Tacoma, August 24.—Deputy United States Marshal Bridges has returned from Kalama, having seized all the property belonging to Clarence Chambers, the ex-postmaster of Kalama, convicted recently of misappropriating government property.

NOTICE TO STOCKHOLDERS.

The annual meeting of the stockholders of the Odd Fellows Land and Building Association will be held on Thursday, August 24th, at 2 p. m., at Odd Fellows' Hall.

A. J. MEGLER, Secretary.

NOTICE.

Use Zinfandel wine instead of coffee or tea. 50 cents per gallon. Don't forget Pease and apricot brandy, also French Cognac and wine at Alas. Gilbert's.

ANOTHER CHICAGO HOLOCAUST

Over Two Hundred Buildings Destroyed in the Windy City.

HUNDREDS OF PEOPLE HOMELESS

Immense Lumber and Coal Yards Ravaged, and Several Residence Blocks Destroyed.

Associated Press.

Chicago, August 24.—A fire which in extent of territory covered, is the largest known in this city for many years, began in that portion known as South Chicago about 5 o'clock this afternoon, and, before it was brought under control, had destroyed over 200 buildings, mostly frame residence structures occupied by workmen, and rendered many hundreds of people homeless. The fire started in a three-story brick building at the corner of 91st street and Superior avenue, occupied as a residence by Wm. Gilles. It was caused by his daughter, who accidentally upset a lamp while heating a curling iron. From there it grew rapidly in volume, fanned by a gale from the west, and the flames ate their way over block after block of small frame residences, until it reached the lake. Within two hours after it had started the fire had consumed at least five blocks of the great industrial section of the city. Residents of that portion of the city were in a panic second only to the one which characterized the great fire. Before the few engines in the district could make the slightest impression upon the flames, they bounded eastward between 90 and 91st streets in the direction of the lake. House after house went down. Hardly had these structures gone when the fire was seen to be blazing in a dozen places further east, the brands being carried long distances by the furious wind. The assistant marshal in charge of that district, seeing that the utmost efforts of the department were necessary if the greater part of the town was to be saved, notified the chief fire marshal of the condition of affairs, and two engines were started down from the main portion of the city as soon as possible. The largest fire boat, Yosemite, was also hurriedly started on a 12-mile trip to the burning section. Before it had reached the harbor above Chicago, the fire had eaten away five blocks between Superior avenue and the lake, and the Yosemite turned its attention to the immense lumber yards on the river front. By this time additional engines began to pull in from the city and new danger was encountered from the veering of the wind, which started the fire toward a new district. Between the river and the district in which the flames originated, extend immense lumber yards and lumber docks along the Calumet river and harbor. The burned territory is just north of the business centre of South Chicago, and was given up almost exclusively to residences. The fears of the firemen were well founded and before the dozens of engines had made much headway, the immense docks of the Sunday Creek Coal Co. were burning. Over a hundred thousand tons of coal were stored in these bins, and the fire boat brought to bear all its powerful streams in the endeavor to head off the flames. A few minutes later, however, A. B. Beck's lumber yards were seen to be burning, and now the great battle of the firemen with the flames began. They had only by this time succeeded in concentrating a number of engines to begin an impression on the terrific fire. From this time on the forces of the firemen gradually increased, and the flames were gradually brought under control. By 2 o'clock the work of nearly forty engines besides the fireboats had told. Conservative estimates put the aggregate loss in the residence district at \$400,000. The Sunday Creek Coal Company's loss will be \$250,000, and the Peck Lumber Company's, \$200,000.

MEETING OF THE DEPOSITORS.

Portland, Or., Aug. 24.—About seven hundred depositors of the Portland Savings Bank had a meeting at the Marquam theater tonight to devise some means of securing their money at the earliest possible time. The com-

mittee appointed at a former meeting submitted a report recommending that a new receiver be appointed to take charge of the affairs of the bank. The report was adopted and ex-Senator H. W. Corbett was named as the choice of the meeting to be recommended to the court as receiver. In case Senator Corbett declines to serve, C. H. Lewis, Theodore R. Wilcox, Henry Fattus, and Fred Wagner, were recommended as being suitable persons from which to choose receivers.

THE MID-WINTER FAIR.

San Francisco, Aug. 24.—At 2 o'clock this afternoon, the first spadeful of earth was turned for the Mid-Winter Fair in Golden Gate Park. Thousands of people were present, business was suspended in town, the schools closed, and the National Guard paraded. A salute was fired by the United States artillery and speeches were made by prominent citizens. The shipping in the harbor, was profusely decorated with bunting, and the afternoon was a general holiday. The \$500,000 guarantee fund has nearly all been subscribed. This afternoon Director-General De Young took the first spadeful of earth, which was put in a silver casket and sold at auction to the highest bidder. Five hundred men commenced work immediately on excavations for a site. The Fair will be opened on January 1st, 1894, and will continue six months, to June 30th.

PAID MONEY FOR THEM.

San Francisco, Aug. 24.—When the first shovelful of earth was taken from the Mid-Winter Fair grounds and was set up at public auction it was knocked down to Roes Bros., a local clothing firm, for \$650. The spade with which the first earth was turned was sold at auction to Davis Bros., of the Golden Rule Bazaar for \$105. Active operations commenced this afternoon.

SERIOUS CHARGE AGAINST HILL.

St Paul, Minn., Aug. 24.—In the fight for \$3,000,000, left by the late Commodore Norman Kittson, the Kittson heirs created another sensation today by filing a statement in the probate court, charging Jas. J. Hill, president of the Great Northern Railway Company, and other members of the St. Paul Trust Company, with purposely delaying the settlement of the famous Farley railway suit, in order to reap large profits by the way of execution fees and large interest on the money of the estate. The heirs make affidavits stating that the execution fees alone amounted to \$41,000. The heirs stated that they believe the Trust Company has, by misuse of the Kittson funds, pocketed not less than \$100,000.

OUR RAPID TRANSITORY EXISTENCE.

It is brief enough without our shortening it by seeking medical aid, when we are somewhat unwell, from sources where it is only obtainable at great risk. Even if the old doctrine were true that violent diseases require violent remedies, it does not follow that drastic purgatives, narcotics, powerful "sedatives" of the nervous system are advisable in cases where slight disorders manifestly call for the use of milder means of recovering, involving no subsequent danger, but equally efficient. Hostetter's Stomach Bitters not only relieves, but ultimately and completely relieves disorders of the stomach, liver, bowels, and nerves. It is a genuine tonic, healthfully stimulates the kidneys, is a thorough alterative, and a most effectual preventive of chills and fever and bilious remittent. The utmost confidence can be reposed in the purity and safety of its medicinal ingredients.

2,225,675.

These figures represent the number of bottles of Dr. King's New Discovery for Consumption, Coughs and Colds, which were sold in the United States from March, 1891, to March, 1892. Two million, two hundred and twenty-eight thousand, six hundred and seventy-two bottles sold in one year, and each and every bottle was sold on guarantee that money would be refunded if satisfactory results did not follow its use. The secret of its success is plain. It never disappoints and can always be depended on as the very best remedy for Coughs and Colds, etc. Price 50c. and \$1.00. At Chas. Rogers, druggists.

Becklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, piles, salt rheum, fever sores, letter, chapped hands, chilblains, sores, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Chas. Rogers, successor to J. C. Dement.

All the patent medicines advertised in this paper, together with the choicest perfumery, and toilet articles etc., can be bought at the lowest prices at J. W. Conn's drug store, opposite Occident hotel, Astoria.

Highest of all in Leavening Power—Latest U. S. Gov't Report.
