County Commissioner R. Carruthers was arrested yesterday at the instance of Street Superintendent Chadwick for petty larceny. The heinous crime consisted in Carruthers' taking two planks from an old pile near his stable and laying them across two bad holes in the road near his property on Third street, temporarily, till he could get them attended to. If Carruthers returns the planks Chadwick will drop the case. It was a childish affair all through, and the charge would never have been brought if the street superintendent had acted with any discretion.

L. May came up yesterday from his new brick yard on Young's river near the mouth of the Walluski with some samples of Clatsop county brick, which can be seen at this office. His first baking, from which these samples were taken, consisted of 35,000 bricks, heated for ten hours and moulded by steam power with the "Acme" special machine. Mr. May says the clay from which the bricks are made is very plentiful in the locality. At his place there is a bed ten acres in extent and thirty feet deep. The only trouble with it is that it is too hard to work by hand. However, it turns out a splendid brick. The specimens left in this office have been handled by several local contractors, who pronounce them excellent in every way. They ring true, and are very even, hard, and heavy.

Neither the captain nor the owner of the schooner Louis Olsen will be responsible for any debt contracted by the crew of said schooner.

WM. OLSEN, Tillamook, Oregon.

The steam sealing schooner Louis Olsen arrived in port last night from Tiso Island, on the Russian side of Bering sea. She has 700 sealskins aboard. Captain Olsen, her owner and captain, the same man who got into trouble for smuggling with another schooner, the Rosie Olsen, in San Francisco some months ago, reports a very eventful trip. On the 6th of July, while going under full head of steam, her boiler plates burst and she had to put into Yokahama for repairs. Two weeks afterwards, with 500 sealskins aboard, she was seized by the Russian man of war Vladimir for being inside the proscribed Russian limit. Olsen was examined by the officers of the warship for several hours, and when the inquiry was over was told to get out of the region with his schooner as fast as he could and never show himself back there again. He reports that none of the catches on the western side of Bering sea are as large as have been stated, and that the Russian war vessels are keeping a sharper lookout this year than ever before. There are more than twice as many on guard as there were last year.

When Governor Penoyer was in Pendleton last spring looking for a site for the new insane asylum, he called on Captain N. B. Humphrey for an opinion. Captain Humphrey said Pendleton was the best and only place for the asylum, and when asked for his reason for his opinion said: "Governor, the people here at the last election gave you 1000 majority; they are here yet." That was a good one on Governor Penoyer. Since then Captain Humphrey had the misfortune to lose a foot in a railroad accident, and by the use of opiates administered by physicians, was rendered insane, and is now confined in the asylum. He has, however, recovered the use of his faculties and is as bright as ever, and the question of his discharge is under consideration. Recently Governor Penoyer submitted to him his article in the Forum on the silver question, for perusal. Captain Humphrey, after reading it, said that it was the worst he ever saw, and inquired if Penoyer was 5 or 6 years of age yet. When Governor Penoyer heard of this opinion he advised the asylum authorities that it would not be well to let Captain Humphrey out under six months yet, and that it might be well to put him in a straight jacket in the meantime. Captain Humphrey's leg is healing up all right, and he will be out in a few days more.—Eugene Guard.

The program for the present week at Utzinger's popular Cosmopolitan Theatre is the best that has yet been presented at this favorite resort. In addition to several new selections by the orchestra, the evening performance will include "The Black Detective," a highly amusing comedy sketch, and "Everything," a side-splitting farce in which Reynolds and Leslie, the talented sketch artists, will participate. This is the last week of several of the performers who have made the Cosmopolitan famous since its inception.
