### BABY RUTH'S NOSE BROKEN

#### A Little Stranger Pays a Visit to the Family.

#### MOTHER AND BABE ARE WELL

#### The First Time in Our History That a President's Child Has Been Born in the White House.

Associated Press. Washington, Sept. 9.—Mrs. Cleveland gave birth to a baby girl at noon. Mother and child are doing well. It was over an hour after the baby was born, before any one outside the White House was aware of the fact. The affair was kept a close secret until Dr. Bryant was convinced that the mother had undergone the ordeal safely and that the baby was well and sound. Though the press intimated at times that Mrs. Cleveland would become a mother in time, the birth of the baby today was somewhat of a surprise as Mrs. Cleveland was out driving last evening.

The baby was born at noon. From time to time during the morning, the president was quietly advised as to the condition of affairs in the sick-room, and at exactly 12 o'clock, Dr. Bryant summoned him from the reception room and made the important announcement. Something like a shade of disappointment swept across Cleveland's face as the physician told him that the newborn babe was a girl. This is the first time in the history of the republic that the wall of a new-born infant of the president of the United States has been heard within the walls of the White House.

#### THE SILVER QUESTION.

New York, Sept. 9.—Bourke Cochran, the leader of the Cleveland forces in the house, has obtained leave of absence and is resting at his country house at Sands Point. He is nervously exhausted. His condition, however, is not serious.

Washington, Sept. 9.—The fifth week of the extraordinary session of the senate closed today, and so far as outward appearances indicate, that body is no nearer a conclusion upon the question before it than it was the day after Voorhies reported his bill from the finance committee. The senators who oppose the repeal of the Sherman law talk as bravely of continued opposition, though they are hardly so confident of the press upon the voting list as when they were first called together. It is evident from the present at least, they mean to talk indefinitely upon the financial question, with the hope of forcing some conclusion from the president and a majority of the senate.

On the house side of the capitol, but little credence is given to the reports of compromise action in the senate on the repeal bill. It is evidently the plan of the house leaders to prevent at this time, any kindred financial currency legislation which might complicate the situation in the house. They do not propose, however, to allow the house to fold its hands and adjourn from day to day until action is laid on the repeal proposition in the senate. As soon as the bills can be reported from the committee the house will take up the bills to admit the territories of Arizona, New Mexico, and Utah, the bill to repeal the federal election law, and possibly the bankruptcy bill. These measures will keep the house busy until the senate's acts will show the country that something is being done, and at the same time prevent consideration of financial bills that might complicate the fight for repeal in the senate.

Washington, Sept. 9.—President Cleveland absolutely refuses to consent to grant any concessions in the silver fight says the Evening Post. More than this, he will not promise to agree to any recognition of silver, even should the repeal be passed. His position has the renewed confidence of the friends of unconditional repeal who assert that they have unwavering faith in the final passage of the measure. With the understanding that the president stands upon the platform of unconditional repeal or nothing, the senators have settled down for a long siege. In the meantime, the democrats in the senate are concerned for their party, and will make a careful canvass.

#### MORE LYNCHINGS OF NEGROES.

Birmingham, Ala., Sept. 9.—Benj. Jackson, a colored man, was lynched near Quincy last night. About a year ago he and Thomas Woodmeyer, a prominent citizen, quarreled. The fight so frightened Mrs. Woodmeyer who was in a delicate condition, that she died. Jackson swore that he would "fix Woodmeyer." A few days ago the negro threw rat poison into Woodmeyer's well. Three of Woodmeyer's children died from drinking the poisoned water, Woodmeyer himself dying. Thirty neighbors visited the family and drank of the water and many are not expect-

ed to live. Jackson confessed to the crime before being put to death. Four other negroes are thought to have been implicated in the poisoning were caught today and are guarded by an armed mob tonight, while the citizens are searching for the fifth negro. When found, all five will undoubtedly be lynched tonight. The excitement is intense and the lynching is expected to be done before morning.

#### MURDERED IN HER OFFICE.

Kansas City, Sept. 9.—A shocking murder was committed today in a prominent office building at Junction, the most prominent location in the business district of this city. Mrs. Jane Wright, better known as "Madame Wright," a well known employment agent, was killed in her office. Her face had been cruelly beaten and her hands and feet securely tied with stout wrapping cord. Deep red imprints of human fingers on her throat, and her discolored face and protruding tongue and eyes, told how the murder had been done. There is no clue to the murderer.

#### COLVILLE RESERVATION.

Washington, Sept. 9.—The Colville reservation in Washington state will probably be opened to settlement early next year. Surveys are now being made on the lands, and allotments will be made to the Indians as soon as the surveys have been examined by the land commissioner and appropriated by the secretary. This reservation contains about 3,000,000 acres.

#### TROUBLE IN NICARAGUA.

Washington, Sept. 9.—Although without any information on the subject, the officials of the government are inclined to believe that some kind of trouble has broken out in Nicaragua. The navy department has decided to send the cruiser Detroit now at the Norfolk navy yard to Nicaragua as soon as she can be prepared for sea.

#### A DISTRESSING ACCIDENT.

Pittsburg, Sept. 9.—During the duel scene between Mercutio and Tybalt in Romeo and Juliet at the Dr. Quenne theater this afternoon, Thomas Keene, a tragedian, accidentally thrust his sword into the left eye of Lawrence Lowell, destroying the sight. Lowell formerly lived in Seattle.

#### MARINE HOSPITAL DESTROYED.

Port Townsend, September 9.—The United States marine hospital was destroyed by fire today. The fire was caused by a defective flue. The loss is \$2,500, with no insurance. The patients were removed to temporary quarters pending the construction of a new building.

#### HE MAY BE STOPPED.

London, Sept. 9.—Charley Mitchell the pugilist, who is upon the point of starting for the United States to meet Jim Corbett, may be prevented from so doing. A woman made an application before a magistrate today for a warrant charging Mitchell with perjury.

#### A FARMER POET GONE.

Union, Or., Sept. 9.—News has just been telegraphed here that E. W. Huffman, a young farmer poet, who left here several weeks ago in charge of a large amount of stock, while in the vicinity of Green river, Wyoming, had mysteriously disappeared.

#### THE EUREKA WRECKED.

Eureka, Cal., Sept. 9.—The scow schooner Eureka, bound for San Francisco was picked up outside the bar last night and brought into the bay. She was loaded with lumber from Oregon and sprung a leak crossing the bar.

#### LIBERTY BELL DEDICATED.

Chicago, Sept. 9.—The new Liberty Bell was formally dedicated at the World's Fair grounds today.

Attorneys in the City of Astoria, in said county within six months from this date, August 6th, 1893.

VICTOR HANSEN.

### WILL OBTAIN A RESPITE

#### The Geary Act to be Continued for Another Year.

#### MARKHAM WRITES TO GRESHAM

#### He Assures the Secretary that He Will Do All in His Power to Preserve Good Order.

Associated Press. Sacramento, Cal., Sept. 9.—Governor Markham has sent a letter to Secretary Gresham today pertaining to the Chinese difficulties. The governor says: "I am pleased to inform you that open hostilities have ceased and, as far as I can learn, good order is restored. I deem it, however, my duty to inform you that an outbreak may occur at any moment unless assurances in some form are given by the authorities at Washington that the laws of the United States regarding the Chinese are to be carried into effect within a reasonable time. The fact that the law has not been enforced by those in authority, furnishes an excuse for those lawlessly inclined to break the laws of our state, and that too with the sanction of many of our citizens. I shall do all I ought to protect these people, but I cannot be held responsible beyond that point."

Los Angeles, Cal., Sept. 9.—The United States marshal has received orders from United States Attorney General Olney to carry out the Geary act, sixth clause and all. Olney says: "See to it that Chinamen are deported who have been convicted of not having registered." The laundrymen, Chinese vegetable dealers, and cooks have struck, and not one vegetable wagon was seen on the streets this morning. The laundries are shorthanded and collections of money are being taken by Chinamen who notify patrons that no more work will be taken. The hotel keepers have been forced to send wagons into the country to get vegetables. Over three hundred applications for warrants have been made. None will be issued, however, until after the fall is cleared of these Chinamen at present there.

Washington, Sept. 9.—It is probable that the protest of the Chinese government against the rigid enforcement of the Geary exclusion law will be respected, and that legislation may be enacted which will amend the existing law by extending the limit allowed for registration, although in no wise rescinding from the position heretofore assumed by this government as to the constitutionality of the measure. Congressmen Everett of Massachusetts, today introduced a house bill which extends the time of registration from May 5th, 1893, to September 1st, 1894. The effect of this bill, if enacted into law, will be practically to nullify the Geary law until September 1st, 1894, when it will go into effect with all its specifications. Its passage it is thought will restore cordial relations between the United States and China.

#### UPHELD THE DECISION.

Topeka, Kas., Sept. 9.—Governor Lewelling has finally passed upon the finding of the court marshal, before which Colonel Hughes, of the Kansas National Guard was tried some time ago. The governor approves of the findings and fixes the punishment at dishonorable discharge. Colonel Hughes, a republican in politics, was in command of the Colonel refused and the court marshal troops ordered out by the governor to preserve the peace during the legislative squabble. When the republicans secured possession of representative hall, Governor Lewelling ordered Colonel Hughes to drive them out. The result from that refusal.

#### AN INCREASE IN EARNINGS.

New York, Sept. 9.—The net earnings of the Southern Pacific Railroad Company, (Atlantic and Pacific systems) for the first six months of 1893, show an increase of \$313,902 over the same period in 1892.

#### A HORRIBLE ACCIDENT.

Portland, Or., Sept. 9.—Willie Lambers, aged 10 years, was killed in the shop of J. Graham, a contractor, this

morning. He attempted to step over the shafting when his clothes caught in a nut on a wheel. It made twenty revolutions before the machinery was stopped. The body was frightfully crushed and mangled, the right side of the body and skull being crushed, and the lower portion of the body torn out.

#### MARTIAL LAW AT RIO.

Washington, Sept. 9.—Martial law has been declared at Rio de Janeiro, Brazil. It is feared that the city will be bombarded by the revolutionary navy. Word was received at noon by the state department from Minister Thompson at Rio. Secretary Gresham at once communicated the intelligence to the navy department. A consultation was held as to the United States vessels available to be sent to the scene to protect American interests.

#### THE VIGILANT WON.

New York, Sept. 9.—The second series of yacht races to decide which boat shall defend the America cup, was won by the Vigilant today.

Our Seattle lumber correspondent says: "The shipments from Washington by rail for July over the Northern Pacific railway show a heavy decrease compared with those of June. In July 383 cars of lumber and 270 cars of shingles were handled. In June the shipments were: lumber, 654 cars; shingles, 818 cars. The total shipments for the first seven months of 1893, as reported by the Northern Pacific are: lumber, 4,249 cars; shingles, 4,965 cars. Cargo shipments continue to drag, while local business all along the coast is bad. Loggers are shutting down all around the circle. Hemlock bark tannin is among the line of timber products of this state. Two cars of extract have recently been sent from South Bend to Boston. The Seattle Cedar Lumber Company's mill at Ballard has been visited by candidates for the penitentiary. They entered the mill on the night of August 22d, and cut several belts and removed some of the bolts belonging to the shingle machines. The damage done was not large but it caused some delay. The same night Stimson's mill at Ballard was entered but the watchman frightened the two men away before any damage was done except cutting a small belt.—Lumberman."
